COMBINED FORM 10-K

This 2019 Annual Report combines the annual reports on Form 10-K for the year ended December 31, 2019 of Hertz Global and Hertz.

Hertz Global owns all shares of the common stock of Hertz through its wholly-owned subsidiary, Rental Car Intermediate Holdings, LLC.

Management operates Hertz Global and Hertz as one enterprise. The management of Hertz Global consists of the same members as the management of Hertz. These individuals are officers of Hertz Global and Hertz and employees of Hertz. The individuals that comprise Hertz Global's board of directors are also the same individuals that make up Hertz's board of directors.

We believe combining the annual reports on Form 10-K of Hertz Global and Hertz into this single report results in the following benefits:

- enhancing investors' understanding of Hertz Global and Hertz by enabling investors to view the business as a whole in the same manner as management views and operates the business;
- eliminating duplicative disclosure and providing a more streamlined and readable presentation since a substantial portion of the disclosures apply to both Hertz Global and Hertz; and
- creating time and cost efficiencies through the preparation of one combined annual report instead of two separate annual reports.

Hertz holds all of the revenue earning vehicles, property, plant and equipment and all other assets, including the ownership interests in consolidated and unconsolidated joint ventures and variable interest entities ("VIEs"). Hertz conducts the operations of the business and is structured as a corporation with no publicly traded equity. Except for net proceeds from public equity issuances by Hertz Global, which are contributed to Hertz, Hertz generates required capital through its operations or through its incurrence of indebtedness.

Hertz Global does not conduct business itself, other than issuing public equity or debt obligations from time to time, and incurring expenses required to operate as a public company. Hertz Global and Hertz have entered into a master loan agreement whereby Hertz Global may borrow from Hertz up to $425 million. Transactions recorded under the master loan agreement are eliminated upon consolidation at the Hertz Global level but not upon consolidation at the Hertz level. Differences between the financial statements of Hertz Global and Hertz are limited to the activity described above and the remaining assets, liabilities, revenues and expenses of Hertz Global and Hertz are the same on their respective financial statements.

Although Hertz is generally the entity that enters into contracts and holds assets and debt, Hertz Global consolidates Hertz for financial statement purposes, therefore, disclosures that relate to activities of Hertz also apply to Hertz Global. In the sections that combine disclosures of Hertz Global and Hertz, this report refers to actions as being actions of the Company, or Hertz Global, which is appropriate because the business is one enterprise and Hertz Global operates the business through Hertz. When appropriate, Hertz Global and Hertz are named specifically for their individual disclosures and any significant differences between the operations and results of Hertz Global and Hertz are separately disclosed and explained.

This report also includes separate Exhibit 31 and 32 certifications for each of Hertz Global and Hertz in order to establish that the Chief Executive Officer and the Chief Financial Officer of each entity have made the requisite certifications and that Hertz Global and Hertz are compliant with Rule 13a-15 or Rule 15d-15 of the Securities Exchange Act of 1934 and 18 U.S.C. §1350.

ITEM 1. BUSINESS

OUR COMPANY

Hertz Holdings was incorporated in Delaware in 2015 to serve as the top-level holding company for Rental Car Intermediate Holdings, LLC, which wholly owns Hertz, our primary operating company. Hertz was incorporated in Delaware in 1967 and is a successor to corporations that have been engaged in the vehicle rental and leasing business since 1918.

We operate our vehicle rental business globally primarily through the Hertz, Dollar and Thrifty brands from approximately 12,400 corporate and franchisee locations in North America, Europe, Latin America, Africa, Asia, Australia, the Caribbean, the Middle East and New Zealand. We are one of the largest worldwide vehicle rental companies and our Hertz brand name is one of the most recognized globally, signifying leadership in quality rental services and products. We have an extensive network of airport and off airport rental locations in the U.S. and in all major European markets. We are also a provider of integrated vehicle leasing and fleet management solutions through our Donlen subsidiary.

OUR BUSINESS SEGMENTS

We have identified three reportable segments, which are organized based on the products and services provided by our operating segments and the geographic areas in which our operating segments conduct business, as follows:

- **U.S. RAC** - Rental of vehicles, as well as sales of value-added services, in the U.S. We maintain a substantial network of company-operated rental locations in the U.S., enabling us to provide consistent quality and service. We also have franchisees and partners that operate rental locations under our brands throughout the U.S;

- **International RAC** - Rental and leasing of vehicles, as well as sales of value-added services, internationally. We maintain a substantial network of company-operated rental locations internationally, a majority of which are in Europe. Our franchisees and partners also operate rental locations in approximately 160 countries and jurisdictions, including many of the countries in which we also have company-operated rental locations; and

- **All Other Operations** - Primarily comprised of our Donlen business, which provides integrated vehicle leasing and fleet management solutions in the U.S. and Canada. Donlen is a provider of these services for commercial fleets and Donlen's fleet management programs provide solutions to reduce fleet operating costs and improve driver productivity and safety. These programs include administration of preventive vehicle maintenance, advisory services and fuel and accident management along with other complementary services. Additionally, Donlen provides specialized consulting and technology expertise that allows us and our customers to model, measure and manage fleet performance more effectively and efficiently. Also included are our other business activities which comprise less than 1% of revenues and expenses of the segment.

In addition to the above reportable segments, we have Corporate operations. We assess performance and allocate resources based upon the financial information for our operating segments.

For further financial information on our segments, see (i) Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations—Results of Operations and Selected Operating Data by Segment" and (ii) Note 17, “Segment Information,” to the Notes to our consolidated financial statements under the caption Item 8, “Financial Statements and Supplementary Data” included in this 2019 Annual Report.
ITEM 1. BUSINESS (Continued)

U.S. and International Rental Car Segments

Brands

Our U.S. and International vehicle rental businesses are primarily operated through three brands — Hertz, Dollar, and Thrifty. We offer multiple brands in order to provide customers a full range of rental services at different price points, levels of service, offerings and products. Each of our brands generally maintains separate airport counters, reservations, marketing and other customer contact activities. We achieve synergies across our brands by, among other things, utilizing a single fleet and fleet management team and combined vehicle maintenance, vehicle cleaning and back office functions, where applicable.

Our top tier brand, Hertz, is one of the most recognized brands in the world offering premium services that define the industry. This is consistent with numerous published best-in-class vehicle rental awards that we have won, including our current ranking of #1 in Customer Satisfaction by J.D. Power, both in the U.S. and internationally, over many years. We go to market under the tagline of “Hertz. We’re here to get you there” which is true to our promise and reputation for quality and customer service. We have a number of innovative offerings, such as Hertz Gold Plus Rewards, Hertz Ultimate Choice and unique vehicles offered through our specialty collections. We continue to maintain our position as a premier provider of vehicle rental services through an intense focus on service, loyalty, quality and product innovation.

Our smart value brand, Dollar, is the choice for financially-focused travelers looking for a dependable car at a price they can afford. The Dollar brand’s main focus is serving the airport vehicle rental market, comprised of family, leisure and small business travelers. Dollar’s tagline of “We never forget whose dollar it is” indicates the brand’s mission to provide a reliable rental experience at a price that works. Dollar operates primarily through company-owned locations in the U.S. and Canada. We also globally license to independent franchisees which operate as a part of the Dollar brand system and have company-owned Dollar locations in certain countries.

Our deep value brand, Thrifty, is the brand for savvy travelers who enjoy the “thrill of the hunt” to find a good deal. The Thrifty brand’s main focus is serving the airport vehicle rental market, comprised of leisure travelers. Thrifty’s tagline “The Absolute Best Car for the Money” indicates the brand’s focus on being the rental company that puts you in control of where you splurge and where you save. Thrifty operates primarily through company-owned locations in the U.S. and Canada. We also globally license to independent franchisees which operate as part of the Thrifty brand system and have company-owned Thrifty locations in certain countries.

Internationally, we also offer our Firefly brand which is a deep value brand for price conscious leisure travelers. We have Firefly locations servicing local area airports in select international leisure markets where other deep value brands have a significant presence.

Operations

Locations

We operate both airport and off airport locations which utilize common vehicle fleets, are supervised by common country, regional and local area management, use many common systems and rely on common vehicle maintenance and administrative centers. Additionally, our airport and off airport locations utilize common marketing activities and have many of the same customers. We regard both types of locations as aspects of a single, unitary, vehicle rental business. Off airport revenues comprised approximately 35% of our worldwide vehicle rental revenues in 2019 and approximately 34% in 2018.
ITEM 1. BUSINESS (Continued)

Airport

We have approximately 1,600 airport rental locations in the U.S. and approximately 2,000 airport rental locations internationally. Our international vehicle rental operations have company-operated locations in Australia, Belgium, Canada, the Czech Republic, France, Germany, Italy, Luxembourg, the Netherlands, New Zealand, Puerto Rico, Slovakia, Spain, the United Kingdom and the U.S. Virgin Islands. We believe that our extensive U.S. and international network of company-operated locations contributes to the consistency of our service, cost control, Vehicle Utilization, competitive pricing and our ability to offer one-way rentals.

For our airport company-operated rental locations, we have obtained concessions or similar leasing agreements or arrangements, granting us the right to conduct a vehicle rental business at the respective airport. Our concessions were obtained from the airports' operators, which are typically governmental bodies or authorities, following either negotiation or bidding for the right to operate a vehicle rental business. The terms of an airport concession typically require us to pay the airport's operator concession fees based upon a specified percentage of the revenues we generate at the airport, subject to a minimum annual guarantee. Under most concessions, we must also pay fixed rent for terminal counters or other leased properties and facilities. Most concessions are for a fixed length of time, while others create operating rights and payment obligations that are terminable at any time.

The terms of our concessions typically do not forbid us from seeking, and in a few instances actually require us to seek, reimbursement from customers for concession fees we pay; however, in certain jurisdictions the law limits or forbids our doing so. Where we are required or permitted to seek such reimbursement, it is our general practice to do so. Certain of our concession agreements may require the consent of the airport's operator in connection with material changes in our ownership. A growing number of larger airports are building consolidated airport vehicle rental facilities to alleviate congestion at the airport. These consolidated rental facilities provide a more common customer experience and may eliminate certain competitive advantages among the brands as competitors operate out of one centralized facility for both customer rental and return operations, share consolidated busing operations and maintain image standards mandated by the airports.

Off Airport

We have approximately 2,600 off airport locations in the U.S. and approximately 6,200 off airport rental locations internationally. Our off airport rental customers include people who prefer to rent vehicles closer to their home or place of work for business or leisure purposes, as well as those needing to travel to or from airports. Our off airport customers also include people who have been referred by, or whose rental costs are being wholly or partially reimbursed by, insurance companies following accidents in which their vehicles were damaged, those expecting to lease vehicles that are not yet available from their leasing companies and replacement renters. In addition, our off airport customers include drivers for our TNC partners, which is further described in “TNC Rentals” below.

When compared to our airport rental locations, an off airport rental location typically uses smaller rental facilities with fewer employees, conducts pick-up and delivery services and serves replacement renters using specialized systems and processes. On average, off airport locations generate fewer transactions per period than airport locations.

Our off airport locations offer us the following benefits:

• Provide customers a more convenient and geographically extensive network of rental locations, thereby creating revenue opportunities from replacement renters, non-airline travel renters and airline travelers with local rental needs;

• Provide a more balanced revenue mix by reducing our reliance on air travel and therefore reducing our exposure to external events that may disrupt airline travel trends;

• Contribute to higher Vehicle Utilization as a result of the longer average rental periods associated with off airport business, compared to those of airport rentals;
ITEM 1. BUSINESS (Continued)

- Insurance replacement rental volume is less seasonal than that of other business and leisure rentals, which permits efficiencies in both vehicle and labor planning; and
- Cross-selling opportunities exist for us to promote off airport rentals among frequent airport Hertz Gold Plus Rewards program renters and, conversely, to promote airport rentals to off airport renters.

Customers and Business Mix

We conduct active sales and marketing programs to attract and retain customers. Our sales force calls on companies and other organizations whose employees and associates need to rent vehicles for business purposes or for replacement rental needs, including insurance and leasing companies, automobile repair companies and vehicle dealers. In addition, our sales force works with membership associations, tour operators, travel companies and other groups whose members, participants and customers rent vehicles for either business or leisure purposes. We advertise our vehicle rental offerings through a variety of traditional media channels, partner publications (e.g., affinity clubs and airline and hotel partners), direct mail and digital marketing. In addition to advertising, we conduct a variety of other forms of marketing and promotion, including travel industry business partnerships and press and public relations activities.

We categorize our vehicle rental business based on the purpose and type of location from which customers rent from us. The following charts set forth the percentages of rental revenues and rental transactions in our U.S. and international operations based on these categories.

Customers who rent from us for “business” purposes include those who require vehicles in connection with commercial activities, including drivers for our TNC Partners and delivery service providers, the activities of governments and other organizations or for temporary vehicle replacement purposes. Most business customers rent vehicles from us on terms that we have negotiated with their employers or other entities with which they are associated, and those terms can differ from the terms on which we rent vehicles to the general public. We have negotiated arrangements relating to vehicle rental with many businesses, governments and other organizations, including most Fortune 500 companies.

Customers who rent from us for “leisure” purposes include not only individual travelers booking vacation travel rentals with us but also people renting to meet other personal needs. Leisure rentals, generally, are longer in duration and generate more revenue per transaction than business rentals. Leisure rentals also include rentals by customers of U.S. and international tour operators, which are usually a part of tour packages that can include air travel and hotel accommodations.
Demand for airport rentals is correlated with airline travel patterns, and transaction volumes generally follow global airline passenger traffic ("enplanement") and Gross Domestic Product ("GDP") trends. Customers often make reservations for airport rentals when they book their flight plans, which make our relationships with travel agents, associations and other partners (e.g., airlines and hotels) a key competitive strategy in generating consistent and recurring revenue streams.

Off airport rentals include insurance replacements, and we have agreements with the referring insurers establishing the relevant rental terms, including the arrangements made for billing and payment. We have identified 188 insurance companies, ranging from local or regional vehicle carriers to large, national companies, as our target insurance replacement market. As of December 31, 2019, we were a preferred or recognized supplier for 124 of these insurance companies and a co-primary for 39 of them.

Customer Service Offerings

At our major airport rental locations, as well as at some smaller airport and off airport locations, customers participating in our Hertz Gold Plus Rewards program are able to rent vehicles in an expedited manner. Participants in our Hertz Gold Plus Rewards program often bypass the rental counter entirely and proceed directly to their vehicle upon arrival at our facility. Participants in our Hertz Gold Plus Rewards program are also eligible to earn Hertz Gold Plus Rewards points that may be redeemed for free rental days or converted to awards of other companies' loyalty programs. Hertz's Gold Plus Rewards program offers three elite membership tiers which provide more frequent renters the opportunity to earn additional reward points and vehicle upgrades. For the year ended December 31, 2019, rentals by Hertz Gold Plus Rewards members accounted for approximately 36% of our worldwide rental transactions. We believe the Hertz Gold Plus Rewards program provides a significant competitive advantage to us, particularly among frequent travelers, and we have targeted such travelers for participation in the program. We offer electronic rental agreements and returns for our Hertz, Dollar and Thrifty customers in the U.S. Simplifying the rental transaction saves customers time and provides greater convenience through access to digitally available rental contracts.

Our Hertz Ultimate Choice program allows customers to choose their vehicle from a range of makes, models and colors available within the zone indicated on their reservation, or they may upgrade at pick-up for a fee by choosing a vehicle from the Premium Upgrade zone. Also, when Hertz Gold Plus Rewards members make a reservation for a midsize car or above, they have access to exclusive vehicles based on their membership tier. The Hertz Ultimate Choice program is offered at 60 U.S. airport locations as of December 31, 2019.

TNC Rentals
We have partnered with certain companies in the TNC market in the U.S. to offer vehicle rentals to their drivers in select U.S. cities. During 2019, we dedicated an average of 43,000 vehicles for use by our TNC Partners. TNC rentals provide for an additional selection of higher mileage, and thus more economical, used vehicles in our retail sales outlets. Drivers for our TNC Partners reserve vehicles online through TNC Partner websites and pick up vehicles from select locations. TNC drivers can extend the vehicle rental on a weekly basis.

Hertz 24/7
We offer a car and van-sharing membership service, referred to as Hertz 24/7, which rents vehicles by the hour and/or by the day, at various locations internationally, primarily in Europe and in Australia under the Flexicar brand. Members reserve vehicles online, then pick up the vehicles at convenient locations using keyless entry, without the need to visit a Hertz rental office. Members are charged an hourly or daily vehicle-rental fee which includes fuel, insurance, 24/7 roadside assistance and in-vehicle customer service. Hertz 24/7 specializes in Business-to-Business-to-Consumer (B2B2C) services working with retail partners to provide vans at their locations, and with corporations providing pool fleets for use by their employees.

Other Customer Service Initiatives
We offer Hertz Fast Lane powered by CLEAR that provides participating Hertz Gold Plus Rewards customers the ability to skip the rental counter and exit the gate by utilizing expedited ID verification using biometrics. We also offer a Mobile Gold Alerts service, available to participating Hertz Gold Plus Rewards customers, through which an SMS text message and/or email with the vehicle information and location is sent approximately 30 minutes prior to arrival, providing the option to choose another vehicle. We offer Hertz e-Return, which allows customers to drop off their vehicle and go at the time of rental return. Additionally, in select locations, customers can bypass the rental line through our ExpressRent Kiosks. Customers can also use cashless toll lanes with our PlatePass offering where the license plate acts as a transponder, and we offer a vehicle-subscription service on a monthly or weekend basis in select locations that provides a flexible, cost-effective alternative to vehicle ownership, with no long-term commitment required, referred to as Hertz My Car and My Hertz Weekend.

Rates
We rent a wide variety of makes and models of vehicles. We rent vehicles on an hourly (in select international markets), daily, weekend, weekly, monthly or multi-month basis, with rental charges computed on a limited or unlimited mileage rate, or on a time rate plus a mileage charge. Our rates vary by brand and at different locations depending on local market conditions and other competitive and cost factors. While vehicles are usually returned to the locations from which they are rented, we also allow one-way rentals from and to certain locations. In addition to vehicle rentals and franchise fees, we generate revenues from reimbursements by customers of airport concession fees, unless the law limits or forbids us from doing so, and vehicle licensing costs, fueling charges, and charges for value-added services such as supplemental equipment (e.g., child seats and ski racks), loss or collision damage waiver, theft protection, liability and personal accident/effects insurance coverage, premium emergency roadside service and satellite radio.

Reservations
We price and accept reservations for our vehicles on a brand-by-brand basis. Reservations are generally for a class of vehicles, although Hertz accepts reservations for specific makes and models of vehicles in our Premium, Prestige and specialty collections. We distribute pricing and content and accept reservations via multiple channels. Direct reservations are accepted at Hertz.com, which has global and local versions in multiple languages. Hertz.com offers a range of products, prices and additional services as well as Hertz Gold Plus Rewards benefits, serving both company-operated and franchise locations. In addition to our website, direct reservations are enabled via our smartphone app, which includes additional connected products and services.
CUSTOMERS MAY ALSO SEEK RESERVATIONS VIA TRAVEL AGENTS OR THIRD-PARTY TRAVEL WEBSITES. IN MANY OF THOSE CASES, THE TRAVEL AGENT OR WEBSITE WILL UTILIZE AN APPLICATION PROGRAMMING INTERFACE (“API”) CONNECTION TO HERTZ OR A THIRD-PARTY OPERATED COMPUTERIZED RESERVATION SYSTEM, ALSO KNOWN AS A GLOBAL DISTRIBUTION SYSTEM (“GDS”) TO CONTACT US AND MAKE THE RESERVATION.

IN MAJOR COUNTRIES, INCLUDING THE U.S. AND ALL OTHER COUNTRIES WITH COMPANY-OPERATED LOCATIONS, CUSTOMERS MAY ALSO RESERVE VEHICLES FOR RENTAL FROM US AND OUR FRANCHISEES WORLDWIDE THROUGH LOCAL, NATIONAL OR TOLL-FREE TELEPHONE CALLS TO OUR RESERVATIONS CENTER, DIRECTLY THROUGH OUR RENTAL LOCATIONS OR, IN THE CASE OF REPLACEMENT RENTALS, THROUGH PROPRIETARY AUTOMATED SYSTEMS SERVING THE INSURANCE INDUSTRY.

**Franchisees**

IN CERTAIN U.S. AND INTERNATIONAL MARKETS, WE HAVE FOUND IT EFFICIENT TO ISSUE LICENSES UNDER FRANCHISE ARRANGEMENTS TO INDEPENDENT FRANCHISEES WHO ARE ENGAGED IN THE VEHICLE RENTAL BUSINESS, TO RENT VEHICLES THAT THEY OWN OR LEASE TO CUSTOMERS, PRIMARILY UNDER OUR HERTZ, DOLLAR OR THRIFTY BRAND. IN CERTAIN MARKETS AND UNDER CERTAIN CIRCUMSTANCES, FRANCHISEES ARE GIVEN THE OPPORTUNITY TO ACQUIRE FRANCHISES FOR MULTIPLE BRANDS.

FRANCHISEES GENERALLY PAY ROYALTIES BASED ON A PERCENTAGE OF THEIR REVENUES AS WELL AS OTHER FEES, AND IN RETURN ARE PROVIDED THE USE OF THE APPLICABLE BRAND NAME, CERTAIN OPERATIONAL SUPPORT AND TRAINING, RESERVATIONS THROUGH OUR RESERVATION CHANNELS, AND OTHER SERVICES. FRANCHISEE ARRANGEMENTS ENABLE US TO OFFER EXPANDED NATIONAL AND INTERNATIONAL SERVICE AND A BROADER ONE-WAY RENTAL PROGRAM. IN ADDITION TO VEHICLE RENTAL, CERTAIN INTERNATIONAL FRANCHISEES ENGAGE IN VEHICLE LEASING, AND THE RENTAL OF CHAUFFEUR-DRIVEN VEHICLES, CAMPER VANS AND MOTORCYCLES.

FRANCHISEES ORDINARILY ARE LIMITED AS TO TRANSFERABILITY WITHOUT OUR CONSENT AND ARE GENERALLY TERMINABLE BY US ONLY FOR CAUSE OR AFTER A FIXED TERM. MANY OF THESE AGREEMENTS ALSO INCLUDE A RIGHT OF FIRST REFUSAL ON THE PART OF THE COMPANY SHOULD A FRANCHISEE RECEIVE A BONA FIDE OFFER TO SELL. FRANCHISEES IN THE U.S. TYPICALLY MAY TERMINATE ON PRIOR NOTICE, GENERALLY BETWEEN 90 AND 180 DAYS. IN EUROPE AND CERTAIN OTHER INTERNATIONAL JURISDICTIONS, FRANCHISEES TYPICALLY DO NOT HAVE EARLY TERMINATION RIGHTS. INITIAL LICENSE FEES OR THE PRICE FOR THE SALE TO A FRANCHISEE OF A COMPANY-OWNED LOCATION MAY BE PAYABLE OVER A TERM OF SEVERAL YEARS. WE CONTINUE TO ISSUE NEW LICENSES AND, FROM TIME TO TIME, PURCHASE FRANCHISED BUSINESSES.

FRANCHISE OPERATIONS, INCLUDING THE PURCHASE AND OWNERSHIP OF VEHICLES, ARE GENERALLY FINANCED INDEPENDENTLY BY THE FRANCHISEES, AND WE DO NOT HAVE AN INVESTMENT INTEREST IN THE FRANCHISEES. FEES FROM FRANCHISEES, INCLUDING INITIAL FRANCHISE FEES, ARE USED TO, AMONG OTHER THINGS, GENERALLY SUPPORT THE COST OF OUR BRAND AWARENESS PROGRAMS, RESERVATIONS SYSTEM, SALES AND MARKETING EFFORTS AND CERTAIN OTHER SERVICES AND ARE APPROXIMATELY 2% OF OUR WORLDWIDE VEHICLE RENTAL REVENUES FOR THE YEAR ENDED DECEMBER 31, 2019.

**Seasonality**

OUR VEHICLE RENTAL OPERATIONS ARE A SEASONAL BUSINESS, WITH DECREASED LEVELS OF BUSINESS IN THE WINTER MONTHS AND HEIGHTENED ACTIVITY DURING SPRING AND SUMMER PEAK (“OUR PEAK SEASON”) FOR THE MAJORITY OF COUNTRIES WHERE WE GENERATE OUR REVENUES. TO ACCOMMODATE INCREASED DEMAND, WE INCREASE OUR AVAILABLE FLEET AND STAFF DURING THE SECOND AND THIRD QUARTERS OF THE YEAR. AS BUSINESS DEMAND DECLINES, VEHICLES AND STAFF ARE DECREASED ACCORDINGLY. CERTAIN OPERATING EXPENSES, INCLUDING REAL ESTATE TAXES, RENT, INSURANCE, UTILITIES, FACILITY-RELATED EXPENSES, THE COSTS OF OPERATING OUR INFORMATION TECHNOLOGY SYSTEMS AND MINIMUM STAFFING COSTS, REMAIN FIXED AND CANNOT BE ADJUSTED FOR SEASONAL DEMAND.
ITEM 1. BUSINESS (Continued)

The following chart sets forth this seasonal effect of our vehicle rental operations by presenting quarterly revenues for each of the years ended December 31, 2019, 2018 and 2017.

![Chart: U.S. and International Rental Car Segments Quarterly % of Annual Worldwide Vehicle Rental Revenues]

**Fleet**

During the year ended December 31, 2019, we operated a peak rental fleet in our U.S. and International Rental Car segments of approximately 567,600 vehicles and 204,000 vehicles, respectively. Purchases of vehicles are financed by active and ongoing global borrowing programs and through cash from operations. The vehicles we purchase are either program vehicles or non-program vehicles. We periodically review the efficiencies of an optimal mix between program and non-program vehicles in our fleet and adjust the ratio of program and non-program vehicles as needed based on contract negotiations, vehicle economics and availability. During the year ended December 31, 2019, our approximate average holding period for a rental vehicle was 18 months in the U.S. and 12 months in our international operations.

Our fleet composition is as follows:

![Diagram: Fleet Composition by Vehicle Manufacturer]

As of December 31, 2019
We maintain vehicle maintenance centers at or near certain airports and in certain urban and off airport areas, which provide maintenance for our fleet. Many of these facilities include sophisticated vehicle diagnostic and repair equipment and are accepted by automobile manufacturers as eligible to perform and receive reimbursement for warranty work. Collision damage and major repairs are generally performed by independent contractors.

**Repurchase Programs**

Program vehicles are purchased under repurchase or guaranteed depreciation programs with vehicle manufacturers wherein the manufacturers agree to repurchase vehicles at a specified price or guarantee the depreciation rate on the vehicles during established repurchase or auction periods, subject to, among other things, certain vehicle condition, mileage and holding period requirements. Repurchase prices under repurchase programs are based on the original cost less a set daily depreciation amount. These repurchase and guaranteed depreciation programs limit our residual risk with respect to vehicles purchased under the programs and allow us to reduce the variability of depreciation expense for each vehicle, however, typically the acquisition cost is higher. Program vehicles generally provide us with flexibility to increase or reduce the size of our fleet based on market demand. When we increase the percentage of program vehicles, the average age of our fleet decreases since the average holding period for program vehicles is shorter than for non-program vehicles.
ITEM 1. BUSINESS (Continued)

Program vehicles as a percentage of all vehicles purchased within each of our U.S. and International Rental Car segments were as follows:

Hertz Car Sales and Rent2Buy

Hertz Car Sales consists of a network of 87 company-operated vehicle sales locations throughout the U.S. dedicated to the sale of used vehicles from our rental fleet consisting of non-program vehicles, as well as program vehicles that become ineligible for manufacturer repurchase or guaranteed depreciation programs. Vehicles disposed of through our retail outlets allow us the opportunity for ancillary vehicle sales revenue, such as warranty, financing and title fees.

We also offer Rent2Buy in 35 states and several European countries, an innovative program designed to sell used rental vehicles. Customers have an opportunity to rent a vehicle from our rental fleet and if the customer purchases the vehicle, the customer is credited with a portion of their rental charges. The purchase transaction is completed through the internet and by mail in those states where permitted.

We also dispose of vehicles through non-retail disposition channels such as auctions, brokered sales, sales to wholesalers and sales to dealers.

During the year ended December 31, 2019, of the vehicles sold in our U.S. vehicle rental operations that were not repurchased by manufacturers, we sold approximately 26% at auction, 38% through dealer direct and 36% at retail locations or through our Rent2Buy program.

During the year ended December 31, 2019, of the vehicles sold in our international vehicle rental operations that were not repurchased by manufacturers, we sold approximately 6% at auction, 85% through dealer direct and 9% at retail locations or through our Rent2Buy program.

Markets and Competition

Competition among vehicle rental industry participants is intense and is primarily based on price, vehicle availability and quality, service, reliability, rental locations, product innovation and competition from online travel agents and vehicle rental brokers. We believe that the prominence and service reputation of the Hertz, Dollar and Thrifty brands, including our current ranking as #1 in Customer Satisfaction by J.D. Power, our extensive worldwide ownership of vehicle rental
ITEM 1. BUSINESS (Continued)

operations and our commitment to innovation and service provide us with a strong competitive advantage. Our principal vehicle rental industry
competitors are Avis Budget Group, Inc. (“ABG”), which currently operates the Avis, Budget, ZipCar and Payless brands, and Enterprise
Holdings, which operates the Enterprise Rent-A-Car Company (“Enterprise”), National Car Rental and Alamo Rent A Car brands. There are
also local and regional vehicle rental companies and transportation network companies which provide ride-hailing services that have some
overlap in customer use cases, largely with respect to short length trips in urban areas.

U.S.

The U.S. represents approximately $32 billion in estimated annual industry revenues for 2019. The average number of vehicles in the U.S.
vehicle rental industry increased 2% in 2019 to about 2.3 million vehicles. U.S. industry Revenue Per Unit Per Month was approximately $1,174
which was an improvement of 3.8% over 2018. Rentals by airline travelers at or near airports (“airport rentals”) are influenced by developments
in the travel industry and particularly in enplanements as well as the GDP. Off airport rental volume is primarily driven by local business use,
such as vehicle repair shops, leisure travel and insurance replacements.

Europe

Europe represents approximately $17 billion in annual industry revenues for 2019. Europe has generally demonstrated a lower historical
reliance on air travel. The European off airport vehicle rental market has been significantly more developed than it is in the U.S. Within Europe,
the largest markets in which we do business are France, Germany, Italy, Spain, and the United Kingdom. Throughout Europe, we do business
through company-operated rental locations and through our partners or franchisees to whom we have licensed use of our brands.

Asia Pacific

Asia Pacific, which includes Australia and New Zealand, represents approximately $17 billion in annual industry revenues for 2019. Within this
region, the largest markets in which we do business are Australia, China, Japan and South Korea. In each of these markets we have company-
operated rental locations or do business through our partners or franchisees to whom we have licensed use of our brands.

Middle East and Africa

The Middle East and Africa represent approximately $4 billion in annual industry revenues for 2019. Within these regions, the largest markets
in which we do business are Saudi Arabia, South Africa and the United Arab Emirates. In each of these markets we do business through our
franchisees to whom we have licensed use of our brands.

Latin America

The Latin America markets represent approximately $4 billion in annual industry revenues for 2019. Within Latin America the largest markets in
which we do business are Argentina, Brazil, Colombia, Panama and Mexico. In each of these markets our Hertz, Dollar and Thrifty brands are
present through our partners or franchisees to whom we have licensed use of the respective brand.

In 2017, we completed the sale of Car Rental Systems do Brasil Locação de Veiculos Ltd., our wholly owned subsidiary located in Brazil (the
“Brazil Operations”), to Localiza Fleet S.A. (“Localiza”). As part of the sale, both companies entered into referral and brand cooperation
agreements to govern their ongoing relationship which have an initial term of twenty years with an option to extend for another twenty years.
The alliance also involves the exchange of knowledge in areas of technology, customer service and operational excellence.

All Other Operations

Primarily consists of our Donlen business which provides integrated vehicle leasing and fleet management solutions for commercial fleets. Our All Other Operations segment generated $672 million in revenues during the year ended December 31, 2019, substantially all of which was attributable to Donlen.

Donlen provides an array of vehicle leasing, financing, telematics, and fleet management services to commercial fleets in the U.S. and Canada. Products offered by Donlen include:

- Vehicle financing, acquisition and remarketing;
- License, title and registration;
- Vehicle maintenance consultation;
- Fuel management;
- Accident management;
- Toll management;
- Telematics-based location, driver performance and scorecard reporting; and
- Lease financing.

Donlen's leased fleet consists primarily of passenger vehicles, cargo vans and light trucks. Vehicles are acquired directly from domestic and foreign manufacturers, as well as dealers. As of December 31, 2019, approximately half of Donlen's leased fleet is 2018 model year or newer.

Donlen's primary product for vehicle and light to medium truck fleets is an open-ended terminal rental adjustment clause ("TRAC") lease. For most customers, the vehicle must be leased for a minimum of twelve months, after which the lease converts to a month-to-month lease allowing the vehicle to be surrendered any time thereafter. Our sale of the vehicle following the termination of the lease may result in a TRAC adjustment, through which the customer is credited or charged with the surplus or loss on the vehicle. Approximately 80% of Donlen's lease portfolio consists of floating-rate leases which allow lease charges to be adjusted based on benchmark indices.

Donlen offers financing solutions for heavier-duty trucks and equipment. Lease financing is provided through syndication arrangements with lending institutions. Donlen originates the leases, acquires the assets, and services the lease throughout the term.

Donlen provides services to leased and non-leased fleets consisting of fuel purchasing and management, preventive vehicle maintenance, repair consultation, toll management and accident management. Additionally, Donlen manages license and title, vehicle registration, and regulatory compliance. Donlen's telematics products provide enhanced visibility and reporting over driver and vehicle performance.

The commercial fleet market is one of the largest segments of the U.S. automotive industry, primarily consisting of vehicles utilized in a sales, service or delivery application. The fleet management industry has experienced significant consolidation over the years and today our principal fleet management competitors in the U.S. and Canada are Element Financial Corporation, Enterprise, Automotive Resources International, LeasePlan Corporation N.V. and Wheels, Inc.

EMPLOYEES

As of December 31, 2019, we employed approximately 38,000 persons, consisting of approximately 29,000 persons in our U.S. operations and approximately 9,000 persons in our international operations. International employees are
ITEM 1. BUSINESS (Continued)

covered by a wide variety of union contracts and governmental regulations affecting, among other things, compensation, job retention rights and pensions. Labor contracts covering the terms of employment of approximately 26% of our workforce in the U.S. (including those in the U.S. territories) are presently in effect under active contracts with local unions, affiliated primarily with the International Brotherhood of Teamsters and the International Association of Machinists. Labor contracts covering almost 55% of these employees will expire during 2020. We have had no material work stoppage as a result of labor problems during the last ten years, and we believe our labor relations to be good. Nevertheless, we may be unable to negotiate new labor contracts on terms advantageous to us, or without labor interruption.

In addition to the employees referred to above, we engage outside services, as is customary in the industry, principally for the non-revenue movement of rental vehicles between rental locations.

CORPORATE RESPONSIBILITY

We believe that managing our businesses ethically and responsibly is critical to our success as well as the right thing to do. As such, our board reviews our corporate social responsibility initiatives and we enacted an executive steering council, comprised of members of our senior management group and leaders within our key functional areas, to enhance our long-term strategy and to assess annual performance against key indicators. We are committed to continuous improvement that encourages sustainable innovation and enhances our business performance in three key areas: people, planet and product.

Our People and Communities

Our employees help drive our progress, innovation and success. As a global company, we have a responsibility to ensure our people are taken care of and thrive in their environment. We are growing our business in a way that is inclusive and supportive to all. Attracting and retaining top talent is more than a measure of our business success; it’s a measure of who we are and what we value. In addition, we engage with our communities, and through our global charitable giving and volunteer program, we are committed to making a positive difference in the areas where we work, live and serve.

Diversity

We foster a diverse and inclusive work environment. Maintaining this diversity begins with a firm commitment to equal opportunity, non-discrimination and anti-harassment. In addition, we adhere to all relevant laws and mandatory reporting requirements.

Employee Benefits

We offer competitive pay and a comprehensive benefits package to permanent employees, including medical and dental plans, paid leave, retirement plans with company contributions and life insurance coverage. In addition, we provide free health screenings and wellness coaching. Our employees also enjoy discounts on car rentals and used car purchases.

Communities

We believe community involvement is critical to operating as a responsible business and we have a long-standing commitment to our communities. That’s why we are committed to creating stronger, healthier places to live and work, whether through corporate philanthropy, employee giving or volunteerism.

The Environment

We are committed to reducing the impact our operations have on the environment and the communities we operate in through sustainable business practices, strategic decision-making, community partnerships and smart investments in future technologies.

Fuel Efficient Fleet

We work to make sustainable mobility a viable, global reality by providing customers and communities with access to fuel-efficient and lower emission vehicles. As car manufacturers offer more electric vehicles ("EVs") and the charging
ITEM 1. BUSINESS (Continued)

infrastructure matures, we are well positioned to offer EVs as influenced by customer demand and other economic factors. During the year ended December 31, 2019, our approximate average holding period for a rental vehicle is 18 months in the U.S. and 12 months in our international operations, which allows us to respond to changing customer preference on an ongoing basis.

We also partner with our corporate customers to create personalized, green travel programs which are aimed at reducing carbon emissions and fuel costs associated with their vehicle rentals, including a program through a leading third party administrator, for related carbon offsets. Additionally, we offer customization of green fleet goals to help our corporate customers reduce fuel costs and expand their employees' use of alternative-fuel vehicles.

Waste Reduction and Recycling

We work to integrate environmental sustainability across our operations, from our car washes to the way we build our rental locations. Resource conservation and waste reduction is at the forefront of that integration. We are committed to waste reduction across our global footprint. Recycling efforts include, but are not limited to, recycling used oils and solvents, tires, batteries, IT equipment and general mixed materials.

Green Construction

We incorporate sustainable design and construction practices across the company, based on Leadership in Energy and Environmental Design ("LEED") standards. LEED is a green building rating system administered by the U.S. Green Building Council. Following LEED standards ensures our rental and corporate locations are built in an environmentally sustainable manner, including our world headquarters in Estero, Florida, which is LEED Gold®. These standards also aim to enhance the health and comfort of building occupants, improve overall building performance and deliver cost savings.

Our Business

Ethics

We are committed to operating in compliance with all applicable laws and maintaining the highest standards of ethical conduct. Our expectations may be high, but they are clear. Integrity is essential to every aspect of our business, both in policy and practice. Our Standards of Business Conduct informs when we should ask for further direction to support a policy or procedure and provides information, guidance and references covering a range of topics.

Supplier Diversity

Our objective is to provide certified small, disadvantaged, minority, and women-owned business enterprises with the opportunity to compete to deliver products and services that support our brands. We are a member of the National Minority Supplier Development Council and many of its local affiliate councils throughout the U.S. In support of our extensive presence at airports, we are also members of the Airport Minority Advisory Council.

Data Protection

Hertz is committed to operating in compliance with all applicable privacy and data security laws. We have standards and policies in place to ensure the proper handling, use and storage of customer and employee information, including privacy protection, maintenance of data integrity and security. In addition, our employees participate in mandatory training and ongoing engagement that ensures our entire team is on the same page regarding compliance with our policies and practices.

Our most recent Corporate Responsibility Report is available on our website (www.hertz.com).

INSURANCE AND RISK MANAGEMENT

There are three types of generally insurable risks that arise in our operations:

- legal liability arising from the operation of our vehicles (i.e., vehicle liability);
ITEM 1. BUSINESS (Continued)

- legal liability to members of the public and employees from other causes (i.e., general liability/workers' compensation); and
- risk of property damage and/or business interruption and/or increased cost of operating as a consequence of property damage.

In addition, we offer optional liability insurance and other products providing insurance coverage, which create additional risk exposures for us. Our risk of property damage is also increased when we waive the provisions in our rental contracts that hold a renter responsible for damage or loss under an optional loss or damage waiver that we offer. We bear these and other risks, except to the extent the risks are transferred through insurance or contractual arrangements.

In many cases we self-insure our risks or insure risks through wholly-owned insurance subsidiaries. We mitigate our exposure to large liability losses by maintaining excess insurance coverage, subject to deductibles and caps, through unaffiliated carriers. For our international operations outside of Europe, and for our long-term vehicle leasing operations, we maintain some liability insurance coverage with unaffiliated carriers.

Third-Party Liability

In our U.S. operations, we are required by applicable financial responsibility laws to maintain insurance against legal liability for bodily injury (including death) or property damage to third parties arising from the operation of our vehicles, sometimes called “vehicle liability,” in stipulated amounts. In most jurisdictions, we satisfy those requirements by qualifying as a self-insurer, a process that typically involves governmental filings and demonstration of financial responsibility, which sometimes requires the posting of a bond or other security. In the remaining jurisdictions, we obtain an insurance policy from an unaffiliated insurance carrier and indemnify the carrier for any amounts paid under the policy. The regulatory method for protecting against such vehicle liability should be considered in the context of the Graves Amendment, as we generally bear limited economic responsibility for U.S. vehicle liability attributable to the negligence of our drivers, except to the extent that we successfully transfer such liability to others through insurance or contractual arrangements.

For our vehicle rental operations in Europe, we have established a wholly-owned insurance subsidiary, Probus Insurance Company Europe Limited (“Probus”), a direct writer of insurance domiciled in Ireland. In European countries with company-operated locations, we have purchased from Probus the vehicle liability insurance required by law, and Probus reinsures the risks under such insurance with HIRE Bermuda Limited, a wholly-owned reinsurance company domiciled in Bermuda. This coverage is purchased from unaffiliated carriers for Spain and Italy and is arranged for by a leasing company in Luxembourg. Accordingly, as with our U.S. operations, we bear economic responsibility for vehicle liability in our European vehicle rental operations, except to the extent that we transfer such liability to others through insurance or contractual arrangements. For our international operations outside of Europe, we maintain some form of vehicle liability insurance coverage with unaffiliated carriers. The nature of such coverage, and our economic responsibility for covered losses, varies considerably. Nonetheless, we believe the amounts and nature of the coverage we obtain is adequate in light of the respective potential hazards.

In our U.S. and international operations, from time to time in the course of our business, we become legally responsible to members of the public for bodily injury (including death) or property damage arising from causes other than the operation of our vehicles, sometimes known as “general liability.” As with vehicle liability, we bear economic responsibility for general liability losses, except to the extent we transfer such losses to others through insurance or contractual arrangements. In addition, to mitigate these exposures, we maintain excess liability insurance coverage with unaffiliated insurance carriers.

In our U.S. vehicle rental operations, we offer an optional liability insurance product, Liability Insurance Supplement (“LIS”) that provides vehicle liability insurance coverage substantially higher than state minimum levels to the renter and other authorized operators of a rented vehicle. LIS coverage is primarily provided under excess liability insurance policies issued by an unaffiliated insurance carrier, the risks under which are reinsured with a wholly-owned subsidiary, HIRE Bermuda Limited.
ITEM 1. BUSINESS (Continued)

In our U.S. vehicle rental operations and our company-operated international vehicle rental operations in many countries, we offer optional products providing Personal Accident Insurance / Personal Effects Coverage ("PAI/PEC") and Emergency Sickness Protection ("ESP") insurance coverage to the renter and the renter's immediate family members traveling with the renter for accidental death or accidental medical expenses arising during the rental period or for damage or loss of their property during the rental period. PAI/PEC and ESP coverages are provided under insurance policies issued by unaffiliated carriers or, in Europe, by Probus, and the risks under such policies either are reinsured with HIRE Bermuda Limited or are the subject of indemnification arrangements between us and the carriers.

Our offering of LIS, PAI/PEC and ESP coverage in our U.S. vehicle rental operations is conducted pursuant to limited licenses or exemptions under state laws governing the licensing of insurance producers.

Provisions on our books for self-insured public liability and property damage vehicle liability losses are made by charges to expense based upon evaluations of estimated ultimate liabilities on reported and unreported claims.

**Damage to Our Property**

We bear the risk of damage to our property, unless such risk is transferred through insurance or contractual arrangements.

To mitigate our risk of large, single-site property damage losses globally, we maintain property insurance with unaffiliated insurance carriers in such amounts as we deem adequate in light of the respective hazards, where such insurance is available on commercially reasonable terms.

Our rental contracts typically provide that the renter is responsible for damage to or loss (including loss through theft) of rented vehicles. We generally offer an optional rental product, known in various countries as “loss damage waiver,” “collision damage waiver” or “theft protection,” under which we waive or limit our right to make a claim for such damage or loss.

Collision damage costs and the costs of stolen or unaccounted-for vehicles, along with other damage to our property, are charged to expense as incurred, net of reimbursements.

**Other Risks**

To manage other risks associated with our businesses, or to comply with applicable law, we purchase other types of insurance carried by business organizations, such as worker's compensation and employer's liability, commercial crime and fidelity, performance bonds, directors' and officers' liability insurance, terrorism insurance and cyber security insurance from unaffiliated insurance companies in amounts deemed by us to be adequate in light of the respective hazards, where such coverage is obtainable on commercially reasonable terms.

**GOVERNMENT REGULATION AND ENVIRONMENTAL MATTERS**

We are subject to numerous types of governmental controls, including those relating to prices and advertising, privacy and data protection, currency controls, labor matters, credit and charge card operations, insurance, environmental protection, used vehicle sales and licensing.

**Dealing with Renters**

In the U.S., vehicle rental transactions are generally subject to Article 2A of the Uniform Commercial Code, which governs “leases” of tangible personal property. Vehicle rental is also specifically regulated in more than half of the states of the U.S. and many other international jurisdictions. The subjects of these regulations include the methods by which we advertise, quote and charge prices, the consequences of failing to honor reservations, the terms on which we deal with vehicle loss or damage (including the protections we provide to renters purchasing loss or damage waivers) and the terms and method of sale of the optional insurance coverage that we offer. Some states (including California, Nevada and New York) regulate the price at which we may sell loss or damage waivers, and many state insurance regulators have authority over the prices and terms of the optional insurance coverage we offer. See “Insurance and
ITEM 1. BUSINESS (Continued)

Risk Management-Damage to Our Property" above for further discussion regarding the loss or damage waivers and optional insurance coverages that we offer renters. In addition, various consumer protection laws and regulations may generally apply to our business operations. Internationally, regulatory regimes vary greatly by jurisdiction and include increasing scrutiny from consumer law regulators in Europe and a stronger focus on corporate compliance, but the regimes do not generally prevent us from dealing with customers in a manner similar to that employed in the U.S.

Both in the U.S. and internationally, we are subject to increasing regulation relating to customer privacy and data protection. In general, we are limited in the uses to which we may put data that we collect about renters, including the circumstances in which we may communicate with them. In addition, we are generally obligated to take reasonable steps to protect customer data while it is in our possession. Our failure to do so could subject us to substantial legal liability, require us to bear significant remediation costs, or seriously damage our reputation.

Changes in Regulation

Changes in government regulation of our businesses have the potential to materially alter our business practices, or our profitability. Depending on the jurisdiction, those changes may come about through new legislation, the issuance of new laws and regulations or changes in the interpretation of existing laws, regulations and treaties by a court, regulatory body or governmental official. Those changes may have prospective and/or retroactive effect, particularly when a change is made through reinterpretation of laws or regulations that have been in effect for some time. Moreover, changes in regulation that may seem neutral on their face may have a more significant effect on us than on our competitors, depending on the circumstances. Several U.S. State Attorneys General have taken the position that vehicle rental companies either may not pass through costs and fees to customers, by means of separate charges, expenses such as vehicle licensing and concession fees or may do so only in certain limited circumstances. Recent or potential changes in law or regulation that affect us relate to insurance intermediaries, customer privacy, like-kind exchange programs, data security and rate regulation and our retail vehicle sales operations.

In addition, our operations, as well as those of our competitors, could also be affected by any limitation in the fuel supply or by any imposition of mandatory allocation or rationing regulations. We are not aware of any current proposal to impose such a regime in the U.S. or internationally. Such a regime could, however, be quickly imposed if there was a serious disruption in supply for any reason, including an act of war, terrorist incident or other problem affecting petroleum supply, refining, distribution or pricing.

Environmental

We are subject to extensive federal, state, local, and foreign environmental and safety laws, regulations, directives, rules and ordinances concerning, among other things, the operation and maintenance of vehicles; the ownership and operation of tanks for the storage of petroleum products, including gasoline, diesel fuel and oil; and the generation, storage, transportation and disposal of waste materials, including oil, vehicle wash sludge and waste water.

When applicable, we estimate and accrue for costs, among other things, to study potential environmental issues at sites deemed to require investigation or clean-up activities, and for costs to implement remediation actions, including ongoing maintenance, as required. Based on information currently available, we believe that the ultimate resolution of existing environmental remediation actions and our compliance in general with environmental laws and regulations will not have a material effect on our operating results or financial condition. However, it is difficult to predict with certainty the potential impact of future compliance efforts and environmental remedial actions and thus future costs associated with such matters may exceed the amount of the estimated accrued amount.

ITEM 1A. RISK FACTORS

Our business is subject to a number of significant risks and uncertainties, some of which are described below and should be carefully considered along with all of the information in this 2019 Annual Report. These risks and uncertainties, however, are not the only risks and uncertainties that we encounter in our operations. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial may also materially and adversely affect our business, results of operations, financial condition, liquidity and cash flows. In such a case, you may lose all or part of your investment in Hertz Global's common stock or The Hertz Corporation's debt securities. You should carefully consider each of the following risks and uncertainties. Any of the following risks and uncertainties could materially and adversely affect our business, financial condition, operating results or cash flow and may make an investment in our securities speculative or risky. We believe that the following information identifies the material risks and uncertainties affecting Hertz Global and Hertz; however, the following risks and uncertainties are not the only risks and uncertainties facing us and it is possible that other risks and uncertainties might significantly affect us.

RISKS RELATED TO OUR BUSINESS AND INDUSTRY

Our vehicle rental business is particularly sensitive to reductions in the levels of business and leisure travel, and reductions in business and leisure travel could materially adversely affect our results of operations, financial condition, liquidity and cash flows.

The vehicle rental industry is particularly affected by reductions in business and leisure travel, especially with respect to levels of airline passenger traffic. Reductions in levels of air travel, whether caused by general economic conditions, airfare increases (e.g., capacity reductions or increases in fuel costs borne by commercial airlines) or other events (e.g., work stoppages, military conflicts, terrorist incidents, natural disasters, epidemic diseases, or the response of governments to any of these events) could materially adversely affect us. In particular, we derive a substantial proportion of our revenues from key leisure destinations in the U.S., including Florida, Hawaii, California, New York and Texas, and Europe and the level of travel to these destinations is dependent upon the ability and willingness of consumers to travel on vacation and the effect of economic cycles on consumers’ discretionary travel, including shortages of fuel and increases or volatility in fuel costs. To the extent levels of business and leisure travel are adversely affected, our results of operations, financial condition, liquidity and cash flows could be materially adversely affected.

We face intense competition that may lead to downward pricing or an inability to increase prices.

We believe that price is one of the primary competitive factors in the vehicle rental market and that technology has enabled cost-conscious customers, including business travelers, to compare rates available from rental companies more easily. If we try to increase our pricing, our competitors, some of whom may have greater resources and better access to capital than us, may seek to compete aggressively on the basis of pricing. In addition, our competitors may reduce prices in order to, among other things, attempt to gain a competitive advantage, capture market share or compensate for declines in rental activity. We also compete with non-traditional companies for vehicle rental market share, including auto manufacturers, ride-hailing and car sharing companies and other competitors in the mobility industry. To the extent we do not react appropriately to our competition or optimize our revenue and pricing strategies, we may experience sub-optimal pricing decisions, sub-optimal asset utilization, poor customer satisfaction, lost revenue and other unfavorable consequences which may materially adversely affect our revenues and results of operations, financial condition, liquidity and cash flows. See Item 1, “Business - U.S. and International Rental Car Segments - Markets and Competition” in this 2019 Annual Report.

Our business is highly seasonal and any occurrence that disrupts rental activity during our peak periods could materially adversely affect our results of operations, financial condition, liquidity and cash flows.

Certain significant components of our expenses are fixed in the short-term, including minimum concession fees, real estate taxes, rent, insurance, utilities, facility-related expenses, the costs of operating our information technology systems and minimum staffing costs. Seasonal changes in our revenues do not affect those fixed expenses, typically resulting in higher profitability in periods when our revenues are higher. The second and third quarters of the year have historically been the strongest quarters for our vehicle rental business due to increased levels of leisure travel. We control certain of our costs, including fleet arrangements and availability, to manage seasonal variations in demand.
ITEM 1A. RISK FACTORS (Continued)

Any circumstance, occurrence or situation that disrupts rental activity during these critical periods could have a material adverse effect on our results of operations, financial condition, liquidity and cash flows due to a significant change in revenue.

*If our management is unable to accurately estimate future levels of rental activity and adjust the number, location and mix of vehicles used in our rental operations accordingly, our results of operations, financial condition, liquidity and cash flows could suffer.*

Vehicle costs typically represent our largest expense and vehicle purchases are typically made weeks or months in advance of the expected use of the vehicle. Accordingly, our business is dependent upon the ability of our management to accurately estimate future levels of rental activity and consumer preferences with respect to the mix of vehicles used in our rental operations and the location of those vehicles. If we are unable to purchase a sufficient number of vehicles, or the right types of vehicles, to meet consumer demand, we may lose revenue or market share to our competitors. If we purchase too many vehicles, our Vehicle Utilization could be adversely affected and we may not be able to dispose of excess vehicles in a timely and cost-effective manner. Our failure to utilize a flexible and systematic process for fleet management that accurately estimates future levels of rental activity and determines the appropriate mix of vehicles used in our rental operations may result in obsolescence and excessive aging of fleet, the inability to sell fleet at adequate prices, inefficient fleet utilization, increased fleet costs, lower customer satisfaction, and other unfavorable consequences which may materially adversely affect our results of operations, financial condition, liquidity and cash flows.

*Increased vehicle cost due to declining values of our non-program vehicles in our operations could materially adversely affect our results of operations, financial condition, liquidity and cash flows.*

Manufacturers agree to repurchase program vehicles at a specified price or guarantee the depreciation rate on the vehicles during a specified time period. We sell our non-program vehicles through various sales channels in the used vehicle market, including auctions, dealer direct sales and retail lots through our car sales program, and have an increased risk that the net amount realized upon the disposition of the vehicle will be less than its estimated residual value at such time. Any decrease in residual values of our non-program vehicles could result in a substantial loss on the sale of such vehicles or accelerated depreciation while we own the vehicles, which can materially adversely affect our results of operations, financial condition, liquidity and cash flows.

While program vehicles generally cost more than comparable non-program vehicles, the use of program vehicles enables us to forecast our depreciation expense with more precision, which is useful because depreciation is a significant cost in our operations. Using program vehicles is also useful in managing our seasonal peak demand for vehicles because we may be able to sell certain program vehicles shortly after having acquired them at a higher value than what we could for a similar non-program vehicle at that time. If there were fewer program vehicles in our rental operations, these benefits would diminish and we would bear increased risk related to residual value. In addition, the related depreciation on our vehicles and our flexibility to reduce the number of vehicles used in our rental operations by returning vehicles sooner than originally expected without the risk of loss in the event of an economic downturn or to respond to changes in rental demand would be reduced.

The market for used vehicles is subject to economic factors, such as demand, consumer interests, pricing of new car models, fuel costs and other general economic conditions and may not produce stable vehicle prices in the future. A reduction in residual values for vehicles in our rental fleet could cause us to sustain a substantial loss on the sale of vehicles or require us to depreciate those vehicles at a higher rate. Our vehicle costs could increase due to any reduction in the market value of our vehicles, which could materially adversely affect our results of operations, financial condition, liquidity and cash flows.

*We may fail to respond adequately to changes in technology, customer demands and market competition.*

Our industry has recently been characterized by rapid changes in technology, customer demands and market competition. For example, industry participants have taken advantage of new technologies to improve Vehicle Utilization, decrease customer wait times and improve customer satisfaction. Our industry has also seen the entry of traditional and non-traditional competitors, including TNCS, whose businesses are based on emerging mobile platforms.
and efforts to introduce various types of autonomous vehicles and other potentially disruptive technologies. Our ability to continually improve our current processes and products in response to changes in technology is essential in maintaining our competitive position and current levels of customer satisfaction. We may experience technical or other difficulties that could delay or prevent the development, introduction or marketing of new products or enhanced product offerings. A failure to have a systematic and comprehensive process related to emerging or disruptive competitors or technology may result in loss of competitive differentiation, margin erosion, departure of key partners, declining market share, inability to achieve growth targets, and other unfavorable consequences which may materially adversely affect our results of operations, financial condition, liquidity and cash flows.

If we are unable to purchase adequate supplies of competitively priced vehicles and the cost of the vehicles we purchase increases, our results of operations, financial condition, liquidity and cash flows may be materially adversely affected.

Our vehicle purchase strategies can be affected by commercial, economic, market and other conditions. For example, certain vehicle manufacturers have occasionally utilized strategies to reduce sales to the vehicle rental industry, which can negatively affect our ability to obtain vehicles on competitive terms and conditions. Consequently, there is no guarantee that we can purchase a sufficient number of vehicles at competitive prices and on competitive terms and conditions. If we are unable to obtain a sufficient supply of vehicles, or if we obtain less favorable pricing and other terms during the acquisition of vehicles and are unable to recover from the increased costs, then our results of operations, financial condition, liquidity and cash flows may be materially adversely affected.

The recognition of previously-deferred tax gains on the disposition of revenue earning vehicles may not be fully offset by full expensing of newly-purchased revenue earning vehicles.

A material and extended reduction in vehicle purchases by our U.S. vehicle rental business and Donlen, for any reason, could require us to make material cash payments for U.S. federal and state income tax liabilities. We cannot offer assurance that allowances for the full expensing of purchased revenue earning vehicles in the future will exceed previously deferred tax gains realized upon the disposition of revenue earning vehicles maintained under the like-kind exchange ("LKE") program.

Beginning in 2018, the TCJA eliminated the deferral of tax gains on the disposition of revenue earning vehicles maintained under our LKE program. While we expect that additional deductions provided by the TCJA for 100% expensing of vehicles purchased after September 27, 2017 and placed in service before December 31, 2022 could offset the previously-deferred tax gains realized upon the disposition of revenue earning vehicles maintained under the LKE program, we can offer no assurance that these deductions will fully offset tax gains realized upon the disposition of revenue earning vehicles.

In addition, the TCJA lowers the 100% expensing by 20% per year beginning in 2023, fully eliminating the expensing by 2027. This change could result in the Company being required to make future material cash tax payments on the sales of revenue earning vehicles. We cannot predict if or when legislation would be enacted in the future to allow full or partial expensing of purchased revenue earning vehicles or to allow deferral of tax gains on the dispositions of revenue earning vehicles. If such legislation is not adopted, then our results of operations, financial condition, liquidity and cash flows may be materially adversely affected.

The failure of a manufacturer of our program vehicles to fulfill its obligations under a repurchase or guaranteed depreciation program could expose us to losses on those program vehicles.

If any manufacturer of our program vehicles does not fulfill its obligations under its repurchase or guaranteed depreciation agreement with us, whether due to default, reorganization, bankruptcy or otherwise, then we would have to dispose of those program vehicles without receiving the benefits of the associated repurchase programs. In addition, we could be left with a substantial unpaid claim against the manufacturer with respect to program vehicles that were sold and returned to the manufacturer but not paid for, or that were sold for less than their agreed repurchase price or guaranteed value.
ITEM 1A. RISK FACTORS (Continued)

The failure by a manufacturer to pay such amounts could cause a credit enhancement deficiency under our asset-backed and asset-based financing arrangements, requiring us to either reduce the outstanding principal amount of debt or provide more collateral (in the form of cash, vehicles and/or certain other contractual rights) to the creditors under any such affected arrangement.

If one or more manufacturers were to adversely modify or eliminate repurchase or guaranteed depreciation programs in the future, our access to and the terms of asset-backed and asset-based debt financing could be adversely affected, which could in turn have a material adverse effect on our results of operations, financial condition, liquidity and cash flows.

Manufacturer safety recalls could create risks to our business.

The Raechel and Jacqueline Houck Safe Rental Car Act of 2015 prohibits us from renting vehicles with open federal safety recalls and requires us to repair or address these recalls prior to renting or selling the vehicle. Any federal safety recall would require us to cease renting recalled vehicles until we can react to the recall. We cannot control the number of vehicles that may be subject to manufacturer recalls. If a large number of vehicles are the subject of a recall or if needed replacement parts are not in adequate supply, we may not be able to rent recalled vehicles for a significant period of time. These types of disruptions could jeopardize our ability to fulfill existing contractual commitments or satisfy demand for our vehicles, and could also result in the loss of business to our competitors. Depending on the severity of any recall, it could materially adversely affect, among other things, our revenues, create customer service problems, present liability claims, reduce the residual value of the recalled vehicles and harm our general reputation.

A business continuity plan is necessary for our global business.

We have a business continuity plan designed to (i) identify key assets, operations and underlying threats, (ii) define and assess relevant threats (e.g., natural disasters, pandemics, terrorism, etc.) on business operations, (iii) develop and categorize action plans to minimize the impact of the identified threats and (iv) test the adequacy of our action plans. If our business continuity plan fails to operate as intended, we may experience significant business disruptions, increased litigation and liabilities, product and service quality failures, irreparable harm to customer relationships and other unfavorable consequences which may materially adversely affect our results of operations, financial condition, liquidity and cash flows.

We rely on third-party distribution channels for a significant amount of our revenues.

Third-party distribution channels account for a significant amount of our vehicle rental reservations. These third-party distribution channels include traditional and online travel agencies, third-party internet sites, airlines and hotel companies, marketing partners such as credit card companies and membership organizations and global distribution systems that allow travel agents, travel service providers and customers to connect directly to our reservations systems. Loss of access to any of these channels, changes in pricing or commission structures or a reduction in transaction volume could have an adverse impact on our financial condition or results of operations, liquidity and cash flows, particularly if our customers are unable to access our reservation systems through alternate channels.

If our customers develop loyalty to travel intermediaries rather than our brands, our financial results may suffer.

Certain internet travel intermediaries use generic indicators of the type of vehicle (such as “standard” or “compact”) at the expense of brand identification and some intermediaries have launched their own loyalty programs to develop loyalties to their reservation system rather than to our brands. If the volume of sales made through internet travel intermediaries increases significantly and consumers develop stronger loyalties to these intermediaries rather than to our brands, our business and revenues could be affected. Additionally, if our market share suffers due to lower levels of customer loyalty, our results of operations, financial condition, liquidity and cash flows could be materially adversely affected.
ITEM 1A. RISK FACTORS (Continued)

Our foreign operations expose us to risks that may materially adversely affect our results of operations, financial condition, liquidity and cash flows.

A significant portion of our annual revenues are generated outside the U.S. Operating in many different countries exposes us to varying risks, which include: (i) multiple, and sometimes conflicting, foreign regulatory requirements and laws that are subject to change and are often much different than the domestic laws in the U.S., including laws relating to taxes, automobile-related liability, insurance rates, insurance products, consumer privacy, data security, employment matters, cost and fee recovery, and the protection of our trademarks and other intellectual property; (ii) the effect of foreign currency translation risk, as well as limitations on our ability to repatriate income; (iii) varying tax regimes, including consequences from changes in applicable tax laws and our ability to repatriate cash from non-U.S. affiliates without adverse tax consequences; (iv) local ownership or investment requirements, as well as difficulties in obtaining financing in foreign countries for local operations; and (v) political and economic instability, natural calamities, war, and terrorism. The effects of these risks may, individually or in the aggregate, materially adversely affect our results of operations, financial condition, liquidity and cash flows.

Our international operations are based in Uxbridge, England and we have significant vehicle rental operations in the United Kingdom and the Eurozone. The United Kingdom held a referendum on June 23, 2016 in which a majority voted for the United Kingdom's withdrawal from the European Union (the “Brexit”). On October 19, 2019, the European Commission and the United Kingdom government announced a negotiated withdrawal agreement, which provides for a transition period ending on December 31, 2020 (that may be extended for up to 2 years) during which, except as otherwise provided, European Union law will be applicable to and in the United Kingdom. The United Kingdom formally left the European Union on January 31, 2020. While the withdrawal agreement includes a non-binding political declaration of the framework for the future relationship between the European Union and the United Kingdom, there exists significant uncertainty as to the scope, nature and terms of such future relationship. Depending on the terms of Brexit, the United Kingdom could lose access to the single European Union market and to the global trade deals negotiated by the European Union on behalf of its members. Brexit could also lead to potentially divergent national laws and regulations as the United Kingdom determines which European Union laws to replace or replicate. The effects of Brexit and the perceptions as to the impact of the withdrawal of the United Kingdom from the European Union have and for the foreseeable future may continue to adversely affect business activity and economic and market conditions in the United Kingdom, the Eurozone and globally and contribute to instability in global financial and foreign exchange markets. In addition, Brexit could lead to additional political, legal and economic instability in the European Union. Any of the above effects of Brexit, among others, could make it more difficult for us to manage our international operations in the United Kingdom and could adversely affect our financial results.

Our global business requires a compliance program to promote organizational adherence to applicable laws and regulations.

We have a compliance program designed to (i) identify applicable anti-bribery requirements (e.g., laws limiting commercial bribery and corruption), (ii) identify applicable anti-trust requirements (e.g., laws to prevent price fixing, contract rigging, market or customer allocations, etc.), (iii) interpret the application of such requirements, (iv) educate target audiences and (v) provide independent, ongoing compliance monitoring.

Our operations in many different countries increases the risk of a violation, or alleged violation, of the United States Foreign Corrupt Practices Act, the United Kingdom Bribery Act, other applicable anti-corruption laws and regulations, the economic sanction programs administered by the U.S. Treasury Department's Office of Foreign Assets Control and the anti-boycott regulations administered by the U.S. Department of Commerce's Office of Anti-Boycott Compliance. The failure of our program to operate as designed can result in a failure to comply with applicable laws, which could result in significant penalties or otherwise harm the Company's reputation and business. There can be no assurance that all of our employees, contractors and agents will comply with the Company's policies that mandate compliance with these laws. Violations of these laws could result in legal and regulatory sanctions, increased litigation and fines and legal expense, prolonged negative publicity, diminished investor confidence, declining employee morale and other unfavorable consequences, which could have a material adverse effect on our business, results of operations, financial condition, liquidity and cash flows.
ITEM 1A. RISK FACTORS (Continued)

Our business is heavily reliant upon communications networks and centralized information technology systems and the concentration of our systems creates risks for us.

We rely heavily on communication networks and information technology systems to, among other things, accept reservations, process rental and sales transactions, manage our pricing, manage our revenue earning vehicles, manage our financing arrangements, account for our activities and otherwise conduct our business. Our reliance on these networks and systems exposes us to various risks that could cause a loss of reservations, interfere with our ability to manage our vehicles, delay or disrupt rental and sales processes, adversely affect our ability to comply with our financing arrangements and otherwise materially adversely affect our ability to manage our business effectively. Our major information technology systems, reservations and accounting functions are centralized in a few locations worldwide. Any disruption, termination or substandard provision of these services, whether as the result of localized conditions (e.g., fire, explosion or hacking), failure of our systems to function as designed, or as the result of events or circumstances of broader geographic impact (e.g., earthquake, storm, flood, epidemic, strike, act of war, civil unrest or terrorist act), could materially adversely affect our business by disrupting normal reservations, customer service, accounting and information technology functions or by eliminating access to financing arrangements. Any disruption or poor performance of our systems could lead to lower revenues, increased costs or other material adverse effects on our results of operations, financial condition, liquidity and cash flows.

Failure to maintain, upgrade and consolidate our information technology systems could adversely affect us.

We are continuously evaluating, upgrading and consolidating our systems, including making changes to legacy systems, replacing legacy systems with successor systems with new functionality and acquiring new systems with new functionality. In addition, we outsource a significant portion of our information technology services. These types of activities subject us to additional costs and inherent risks associated with outsourcing, replacing and changing these systems, including impairment of our ability to manage our business, potential disruption of our internal control structure, substantial capital expenditures, additional administration and operating expenses, retention of sufficiently skilled personnel to implement and operate the new systems, demands on management time, potential delays or disruptions from upgrading and consolidating our systems and other risks and costs of delays or difficulties in transitioning to outsourcing alternatives, new systems or integrating new systems into our current systems. Failure to have a comprehensive technology plan and effective processes may result in an inability to support business growth expectations and successfully execute priorities and strategic information technology business programs and initiatives, cost overruns and excessive write-offs, missed business objectives, program delays and business disruptions, service quality issues, regulatory violations, high rates of transaction failures and rework, detrimental impact to customers, potential litigation, loss of key talent and other unfavorable consequences. In addition, the implementation of our technology initiatives and systems may cause disruptions in our business operations by severely degrading performance or a complete loss of service and have an adverse effect on our business operations if not anticipated and appropriately mitigated and our competitive position may be adversely affected if we are unable to maintain systems that allow us to manage our business in a competitive manner.

The misuse or theft of information we possess, including as a result of cyber security breaches, could harm our brand, reputation or competitive position and give rise to material liabilities which may materially adversely affect our results of operations, financial condition, liquidity and cash flows.

We regularly possess, process and store non-public information about millions of individuals and businesses, including both credit and debit card information and other sensitive and confidential personal information in the normal course of our business. In addition, our customers regularly transmit sensitive and confidential information to us via the internet and through other electronic means. Despite the security measures and compliance programs we currently maintain and monitor, our facilities and systems and those of our third-party service providers may contain defects in design or manufacture or other problems that could unexpectedly compromise information security. Unauthorized parties may also attempt to gain access to our facilities or systems, or those of third parties with whom we do business, through fraud, misrepresentation, or other forms of deception. Many of the techniques used to obtain unauthorized access, including viruses, worms and other malicious software programs, are difficult to anticipate until launched against a target and we may be unable to implement adequate preventative measures. The failure of our information facilities and systems to perform as designed, or the failure to maintain and protect the security of data, whether as the result of our own error or the malfeasance or errors of others, could result in regulatory fines and sanctions, increased
ITEM 1A. RISK FACTORS (Continued)

litigation, prolonged negative publicity, data breaches, declining customer confidence, loss of key customers and other unfavorable consequences. For example, in recent years many companies have been subject to high-profile security breaches that involved sophisticated and targeted attacks on the company's infrastructure and the compromise of non-public sensitive and confidential information. These attacks were often not recognized or detected until after the disclosure of sensitive information notwithstanding the preventive and anticipative measures the companies had maintained. To date, cyber security attacks directed at us have not had a material impact on our operations or financial results.

**Cyber security threats in our business environment expose us to risks.**

We encounter continuous exposure to cyber-attacks and other security threats to our information networks and systems and the information stored thereon. Although we have implemented policies, procedures and controls designed to protect against, detect and mitigate these threats, at considerable cost, we face evolving and persistent attacks on our information infrastructure. The attempts by others to gain unauthorized access to our information technology assets are becoming more diverse and sophisticated. We monitor our obligations under and compliance with global laws requiring information security safeguards and notification in the event of a security breach, including the European Union's Global Data Protection Regulation (the "GDPR") and United States breach notification laws. We respond to potential security issues by utilizing procedures that provide for controls on detecting and addressing cyber security threats and communicating information to senior personnel and security representatives that we retain. We have also taken steps to address cyber security threats at third-parties that possess, process, store and handle our information to mitigate the potential risk to us. Such measures include contractually requiring the third-parties to maintain certain data security controls. However, because of the rapidly changing nature and sophistication of these security threats, which can be difficult to detect, there can be no assurance that our policies, procedures and controls have or will detect or prevent all of these threats, and we cannot predict the full impact of any such past or future incident. Any failure by us to effectively address, enforce and maintain our information technology infrastructure and cyber security framework may result in substantial harm to our business, including major disruptions to business operations, loss of intellectual property, release of confidential information, malicious corruption of data, regulatory intervention and sanctions or fines, investigation and remediation costs and possible prolonged negative publicity. Although we maintain insurance coverage to address cyber security events that we believe is adequate for our business, there can be no assurance that such insurance will cover substantially all of our potential costs and expenses related to cyber security incidents that may happen in the future. In addition, privacy laws in the U.S., including the California Consumer Privacy Act (the "CCPA"), which went into effect on January 1, 2020, increasingly provide for private rights of action, with high statutory damages in the event of certain security breaches, which could increase our potential liability in the event that our information is impacted by a cyber security incident.

**We may face particular data protection, data security and privacy risks in connection with the European Union’s Global Data Protection Regulation and other privacy regulations.**

Strict data privacy laws regulating the collection, transmission, storage and use of employee data and consumers’ personally-identifying information are evolving in the European Union, U.S. and other jurisdictions in which we operate. The GDPR, which became effective on May 25, 2018, imposes new compliance obligations for the collection, use, retention, security, processing, transfer and deletion of personally identifiable information of individuals and creates enhanced rights for individuals. In the CCPA, which grants expanded rights to access and delete personal information, and the right to opt out of the sale of personal information, among other things, became effective on January 1, 2020.

These changes in the legal and regulatory environments in the areas of customer and employee privacy, data security, and cross-border data flows could have a material adverse effect on our business, primarily through the impairment of our marketing and transaction processing activities, the limitation on the types of information that we may collect, process and retain, the resulting costs of complying with such legal and regulatory requirements and potential monetary forfeitures and penalties for noncompliance.

We actively monitor compliance with data protection and privacy-related laws, including with the GDPR and CCPA, however, these laws may be interpreted and applied differently from country to country and may create inconsistent or conflicting requirements. Such regulations may increase our compliance and administrative burden significantly and
may require us to invest resources and management attention in order to update our IT systems to meet the new requirements. It is possible that we could encounter significant liability for failing to comply with any such requirements.

**Our leases and vehicle rental concessions expose us to risks.**

We maintain a substantial network of vehicle rental locations at airports in the U.S. and internationally. Many of these locations are leased and subject to vehicle rental concessions where vehicle rental companies are typically required to bid periodically for the available locations. If we are unable to continue operating these facilities at their current locations due to the termination of leases or vehicle rental concessions at airports, which comprise a majority of our revenues, our operating results could be adversely affected. In addition, if the costs of these leases increase and we are unable to increase our prices to offset the increased costs, our financial results could suffer.

**Maintaining favorable brand recognition is essential to our success, and failure to do so could materially adversely affect our results of operations, financial condition, liquidity and cash flows.**

Our business is heavily dependent upon the favorable brand recognition that our “Hertz”, “Dollar” and “Thrifty” brand names have in the markets in which they participate. Factors affecting brand recognition are often outside our control, and our efforts to maintain or enhance favorable brand recognition, such as marketing and advertising campaigns, may not have their desired effects. In addition, although our licensing partners are subject to contractual requirements to protect our brands, it may be difficult to monitor or enforce such requirements, particularly in foreign jurisdictions and various laws may limit our ability to enforce the terms of these agreements or to terminate the agreements. Any decline in perceived favorable recognition of our brands could materially adversely affect our results of operations, financial condition, liquidity and cash flows.

**Maintaining effective employee retention and talent management is critical to our success.**

We develop and maintain a talent management strategy that defines current and future talent requirements (e.g., experience, skills, location requirements, timing, etc.) based on our strategic direction, outlines coordinated recruiting and development plans across businesses and regions and considers employee mobility, centers of excellence and shared service concepts to optimize resource plans and leverage labor arbitrage. The consequences that may result from a failure of our employee retention and talent management can include an inability to sustain growth strategies due to the lack of required talent, inadequate staffing levels, non-competitive cost structures, an inability to encourage innovation and sustain competitive differentiation, declining employee morale, increased attrition and declining product and service quality.

**We may face issues with our union employees.**

Labor contracts covering the terms of employment for the Company's union employees in the U.S. (including those in the U.S. territories) are presently in effect under active contracts with local unions, affiliated primarily with the International Brotherhood of Teamsters and the International Association of Machinists. These contracts are renegotiated periodically and we anticipate renegotiating labor contracts with approximately 55% of these employees in 2020. Failure to negotiate a new labor agreement when required could result in a work stoppage. Although we believe that our labor relations have generally been good, it is possible that we could become subject to additional work rules imposed by agreements with labor unions, or that work stoppages or other labor disturbances could occur in the future. In addition, our non-union workforce has been subject to unionization efforts in the past, and we could be subject to future unionization, which could lead to increases in our operating costs and/or constraints on our operating flexibility.
If there is a determination that any of the Spin-Off or the internal spin-off transactions completed in connection with the Spin-Off (collectively with the Spin-Off, the “Spin-Offs”) is taxable for U.S. federal income tax purposes because the facts, assumptions, representations or undertakings underlying the Internal Revenue Service (“IRS”) private letter ruling or tax opinions are incorrect or for any other reason, then Herc Holdings and its stockholders could incur significant U.S. federal income tax liabilities and Hertz Global could incur significant liabilities.

In connection with the Spin-Offs, Herc Holdings received a private letter ruling from the IRS to the effect that, subject to the accuracy of and compliance with certain representations, assumptions and covenants, (i) the Spin-Off will qualify as a tax-free transaction under Sections 355 and 368(a)(1)(D) of the Code, and (ii) the internal spin-off transactions will qualify as tax free under Section 355 of the Code. A private letter ruling from the IRS generally is binding on the IRS. However, the IRS ruling did not rule that the Spin-Offs satisfied every requirement for a tax-free spin-off, and Herc Holdings and Hertz Global relied solely on opinions of professional advisors to determine that such additional requirements were satisfied. The ruling and the opinions relied on certain facts, assumptions, representations and undertakings from Herc Holdings and Hertz Holdings regarding the past and future conduct of the companies’ respective businesses and other matters. If any of these facts, assumptions, representations or undertakings were incorrect or not otherwise satisfied, Herc Holdings and Hertz Global, and their affiliates may not be able to rely on the ruling or the opinions of tax advisors and could be subject to significant tax liabilities. Notwithstanding the private letter ruling and opinions of tax advisors, the IRS could determine on audit that the Spin-Offs and related transactions are taxable if it determines that any of these facts, assumptions, representations or undertakings were not correct or have been violated or if it disagrees with the conclusions in the opinions that are not covered by the private letter ruling, or for any other reason, including as a result of certain significant changes in the stock ownership of Herc Holdings or Hertz Global after the Spin-Off. If the Spin-Offs or related transactions are determined to be taxable for U.S. federal income tax purposes, Herc Holdings and Hertz Global and, in certain cases, their stockholders (at the time of the Spin-Off) could incur significant U.S. federal income tax liabilities, including taxation on the value of the Hertz Global stock distributed in the Spin-Off and the value of other companies distributed in the internal Spin-Off transactions, and Hertz Global could incur significant liabilities, either directly to the tax authorities or under a Tax Matters Agreement entered into with Herc Holdings.

Some or all of our deferred tax assets could expire if we experience an “ownership change” as defined in Section 382 of the Code.

An “ownership change” could limit our ability to utilize tax attributes, including net operating losses, capital loss carryovers, excess foreign tax carry forwards, and credit carryforwards, to offset future taxable income. Our ability to use such tax attributes to offset future taxable income and tax liabilities may be significantly limited if we experience an “ownership change” as defined in Section 382(g) of the Code. In general, an ownership change will occur when the percentage of Hertz Global's ownership of one or more “five-percent shareholders” (as defined in the Code) has increased by more than 50 percentage points over the lowest percentage of stock owned by such shareholders at any time during the prior three years (calculated on a rolling basis). An entity that experiences an ownership change generally should be subject to an annual limitation on its pre-ownership change tax loss carryforward equal to the equity value of the corporation immediately before the ownership change, multiplied by the long-term, tax-exempt rate posted monthly by the IRS (subject to certain adjustments). The annual limitation accumulates each year to the extent that there is any unused limitation from a prior year. The limitation on our ability to utilize tax losses and credit carryforwards arising from an ownership change under Section 382 depends on the value of our equity at the time of any ownership change. If we were to experience an “ownership change”, it is possible that a significant portion of our tax attributes could expire before we would be able to use them to offset future taxable income. Many states adopt the federal section 382 rules and therefore have similar limitations with respect to state tax attributes.

We face risks related to liabilities and insurance.

Our businesses expose us to claims for personal injury, death and property damage resulting from the use of the vehicles rented or sold by us, and for employment-related injury claims by our employees. The Company is currently a defendant in numerous actions and has received numerous claims for which actions have not yet been commenced for public liability and property damage arising from the operation of motor vehicles rented from the Company. We self-insure up to $10 million per occurrence globally and the Company has $200 million insurance coverage excess of
retentions. We cannot assure you that we will not be exposed to uninsured liability at levels in excess of our historical levels resulting from multiple payouts or otherwise, that liabilities in respect of existing or future claims will not exceed the level of our insurance or reserves, that we will have sufficient capital available to pay any uninsured claims or that insurance with unaffiliated carriers will continue to be available to us on economically reasonable terms or at all. See Item 1, “Business - Insurance and Risk Management” and Note 14, “Contingencies and Off-Balance Sheet Commitments,” to the Notes to our consolidated financial statements included in this 2019 Annual Report under the caption Item 8, “Financial Statements and Supplementary Data.”

We could face a significant withdrawal liability if we withdraw from participation in multiemployer pension plans or in the event other employers in such plans become insolvent and certain multiemployer plans in which we participate are reported to have underfunded liabilities, any of which could have a material adverse effect on our results of operations, financial condition, liquidity or cash flows.

We could face a significant withdrawal liability if we withdraw from participation in one or more multiemployer pension plans or in the event other employers in such plans become insolvent, any of which could have a material adverse effect on our results of operations, financial condition, liquidity or cash flows.

We participate in various “multiemployer” pension plans. In the event that we withdraw from participation in one of these plans, then applicable law could require us to make an additional lump-sum contribution to the plan, and we would have to reflect that as an expense in our consolidated statements of operations and as a liability on our consolidated balance sheets. Our withdrawal liability for any multiemployer plan would depend on the extent of the plan’s funding of vested benefits. Our multiemployer plans could have significant underfunded liabilities. Such underfunding may increase in the event other employers become insolvent or withdraw from the applicable plan or upon the inability or failure of withdrawing employers to pay their withdrawal liability. In addition, such underfunding may increase as a result of lower than expected returns on pension fund assets or other funding deficiencies. The occurrence of any of these events could have a material adverse effect on our consolidated financial condition, results of operations, liquidity and cash flows. See Note 7, “Employee Retirement Benefits,” to the Notes to our consolidated financial statements included in this 2019 Annual Report under the caption Item 8, “Financial Statements and Supplementary Data.”

Environmental laws and regulations and the costs of complying with them, or any liability or obligation imposed under them, could materially adversely affect our results of operations, financial condition, liquidity and cash flows.

We are subject to federal, state, local and foreign environmental laws and regulations in connection with our operations, including with respect to the ownership and operation of tanks for the storage of petroleum products, such as gasoline, diesel fuel and motor and waste oils. We cannot assure you that our tanks will at all times remain free from leaks or that the use of these tanks will not result in significant spills or leakage. If leakage or a spill occurs, it is possible that the resulting costs of cleanup, investigation and remediation, as well as any resulting fines, could be significant. We cannot assure you that compliance with existing or future environmental laws and regulations will not require material expenditures by us or otherwise have a material adverse effect on our consolidated financial condition, results of operations, liquidity or cash flows. See Item 1, “Business—Governmental Regulation and Environmental Matters” in this 2019 Annual Report.

The U.S. Congress and other legislative and regulatory authorities in the U.S. and internationally have considered, and will likely continue to consider, numerous measures related to climate change and greenhouse gas emissions. Should rules establishing limitations on greenhouse gas emissions or rules imposing fees on entities deemed to be responsible for greenhouse gas emissions become effective, demand for our services could be affected, our vehicle, and/or other, costs could increase, and our business could be adversely affected.
ITEM 1A. RISK FACTORS (Continued)

Changes in the U.S. legal and regulatory environment that affect our operations, including laws and regulations relating to accounting principles, taxes, automobile related liability, insurance rates, insurance products, consumer privacy, data security, employment matters, licensing and franchising, used-car sales (including retail sales), cost and fee recovery and the banking and financing industry could disrupt our business, increase our expenses or otherwise have a material adverse effect on our results of operations, financial condition, liquidity and cash flows.

We are subject to a wide variety of U.S. laws and regulations and changes in the level of government regulation of our business have the potential to materially alter our business practices and materially adversely affect our results of operations, financial condition, liquidity and cash flows. Those changes may occur through new laws and regulations or changes in the interpretation of existing laws and regulations.

Any new, or change in existing, U.S. law and regulation with respect to optional insurance products or policies could increase our costs of compliance or make it uneconomical to offer such products, which would lead to a reduction in revenue and profitability. For further discussion regarding how changes in the regulation of insurance intermediaries may affect us, see Item 1, “Business—Insurance and Risk Management” in this 2019 Annual Report. If customers decline to purchase supplemental liability insurance products from us as a result of any changes in these laws or otherwise, our results of operations, financial condition, liquidity and cash flows could be materially adversely affected.

We derive revenue through rental activities of our brands under franchise and license arrangements. These arrangements are subject to various international, federal and state laws and regulations that impose limitations on our interactions with counterparties. In addition, the used-vehicle sale industry, including our network of company-operated retail vehicle sales locations, is subject to a wide range of federal, state and local laws and regulations, such as those relating to motor vehicle sales, retail installment sales and related finance and insurance matters, advertising, licensing, consumer protection and consumer privacy. Changes in these laws and regulations that impact our franchising and licensing agreements or our used-vehicle sales could adversely affect our results.

In most jurisdictions where we operate, we pass-through various expenses, including the recovery of vehicle licensing costs and airport concession fees, to our rental customers as separate charges. We believe that our expense pass-throughs, where imposed, are properly disclosed and are lawful. However, in the event of incorrect calculations or disclosures with respect to expense pass-throughs, or a successful challenge to the methodology we have used for determining our expense pass-through treatment, we could be subject to fines or other liabilities. In addition, we may in the future be subject to potential legislative, regulatory or administrative changes or actions which could limit, restrict or prohibit our ability to separately state, charge and recover vehicle licensing costs and airport concession fees, which could result in a material adverse effect on our results of operations, financial condition, liquidity and cash flows.

Certain proposed or enacted laws and regulations with respect to the banking and finance industries, including the Dodd-Frank Wall Street Reform and Consumer Protection Act (including risk retention requirements) and amendments to the SEC's rules relating to asset-backed securities, could restrict our access to certain financing arrangements and increase our financing costs, which could have a material adverse effect on our results of operations, financial condition, liquidity and cash flows.

RISKS RELATED TO OUR SUBSTANTIAL INDEBTEDNESS

Our substantial level of indebtedness could materially adversely affect our results of operations, financial condition, liquidity, cash flows and ability to compete in our industry.

Our substantial indebtedness could materially adversely affect our business by, among other situations: (i) making it more difficult for us to satisfy our obligations to the holders of our outstanding debt securities and to the lenders under our various credit facilities, resulting in possible defaults on, and acceleration or early amortization of, such indebtedness; (ii) being difficult to refinance or borrow additional funds in the future; (iii) requiring us to dedicate a substantial portion of our cash flows from operations and investing activities to make payments on our debt, which would reduce our ability to fund working capital, capital expenditures or other general corporate purposes; (iv) increasing our vulnerability to general adverse economic and industry conditions (such as credit-related disruptions), including interest rate fluctuations, because a portion of our borrowings are at floating rates of interest and are not hedged against
ITEM 1A. RISK FACTORS (Continued)

rising interest rates, and the risk that one or more of the financial institutions providing commitments under our revolving credit facilities fails to fund an extension of credit under any such facility, due to insolvency or otherwise, leaving us with less liquidity than expected; (v) placing us at a competitive disadvantage to our competitors that have proportionately less debt or comparable debt at more favorable interest rates or on better terms; and (vi) limiting our ability to react to competitive pressures, or make it difficult for us to carry out capital program spending that is necessary or important to our growth strategy and our efforts to improve operating margins. While the terms of the agreements and instruments governing our outstanding indebtedness contain certain restrictions upon our ability to incur additional indebtedness, they do not fully prohibit us from incurring substantial additional indebtedness and do not prevent us from incurring obligations that do not constitute indebtedness. If new debt or other obligations are added to our current liability levels without a corresponding refinancing or redemption of our existing indebtedness and obligations, these risks would increase. For a description of the amounts we have available under certain of our debt facilities, see Note 5, “Debt,” to the Notes to our consolidated financial statements included in this 2019 Annual Report under the caption Item 8, “Financial Statements and Supplementary Data.”

Our ability to manage these risks depends on financial market conditions as well as our financial and operating performance, which, in turn, is subject to a wide range of risks, including those described under “Risks Related to Our Business and Industry.”

Our Senior Facilities, our Letter of Credit Facility and our Alternative Letter of Credit Facility contain customary events of default, subject to customary cure periods for certain defaults, that include, among others, non-payment defaults, covenant defaults, material judgment defaults, bankruptcy and insolvency defaults, cross-acceleration of certain other material indebtedness, and inaccuracy of representations and warranties. Upon an event of default thereunder, if not waived by our lenders, our lenders may declare all amounts outstanding as due and payable, which may cause further defaults and/or amortization events under our other debt obligations. The credit agreement governing our Senior Facilities and the credit agreements governing our Letter of Credit Facility and Alternative Letter of Credit Facility require us upon a change of control, as defined therein, to make an offer to repay in full all amounts outstanding thereunder and terminate the underlying commitments upon such a change of control. Our failure to make such an offer would result in an event of default thereunder. In addition, the indentures governing our Senior Notes and our Senior Second Priority Secured Notes require us upon a change of control, as defined therein, to make an offer to repurchase all of such outstanding Senior Notes and Senior Second Priority Secured Notes at a price equal to 101% of the principal amount, together with any accrued and unpaid interest. If we failed to repurchase the Senior Notes and Senior Second Priority Secured Notes, we would be in default under the related indenture. Certain of our other indebtedness also could result in defaults and/or amortization events upon the occurrence of certain change of control events, as defined therein. If our current lenders accelerate the maturity of their related indebtedness, we may not have sufficient capital available at that time to pay the amounts due to our lenders on a timely basis, and there is no guarantee that we would be able to repay, refinance, or restructure the payments on such debt.

If our capital resources (including borrowings under our revolving credit facilities and access to other refinancing indebtedness) and operating cash flows are not sufficient to pay our obligations as they mature or to fund our liquidity requirements, we may be forced to do, among other things, one or more of the following: (i) sell certain of our assets; (ii) reduce the number of our revenue earning vehicles; (iii) reduce or delay capital expenditures; (iv) obtain additional equity capital; (v) forgo business opportunities, including acquisitions and joint ventures; or (vi) restructure or refinance all or a portion of our debt on or before maturity.

We cannot assure you that we would be able to accomplish any of these alternatives on a timely basis or on satisfactory terms, if at all. Furthermore, we cannot assure you that we will maintain financing activities and cash flows sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness. If we cannot refinance or otherwise pay our obligations as they mature and fund our liquidity requirements, our business, results of operations, financial condition, liquidity, cash flows, ability to obtain financing and ability to compete in our industry could be materially adversely affected.
Our reliance on asset-backed and asset-based financing arrangements to purchase vehicles subjects us to a number of risks, many of which are beyond our control.

We rely significantly on asset-backed and asset-based financing to purchase vehicles. If we are unable to refinance or replace our existing asset-backed and asset-based financing or continue to finance new vehicle acquisitions through asset-backed or asset-based financing on favorable terms, on a timely basis, or at all, then our costs of financing could increase significantly and have a material adverse effect on our liquidity, interest costs, financial condition, cash flows and results of operations.

Our asset-backed and asset-based financing capacity could be decreased, our financing costs and interest rates could be increased, or our future access to the financial markets could be limited, as a result of risks and contingencies, many of which are beyond our control, including: (i) the acceptance by credit markets of the structures and structural risks associated with our asset-backed and asset-based financing arrangements; (ii) the credit ratings provided by credit rating agencies for our asset-backed indebtedness; (iii) third parties requiring changes in the terms and structure of our asset-backed or asset-based financing arrangements, including increased credit enhancement or required cash collateral and/or other liquid reserves; (iv) the insolvency or deterioration of the financial condition of one or more of our principal vehicle manufacturers; or (v) changes in laws or regulations, including judicial review of issues of first impression, that negatively affect any of our asset-backed or asset-based financing arrangements.

Any reduction in the value of certain revenue earning vehicles could effectively increase our vehicle costs, adversely affect our profitability and potentially lead to decreased borrowing base availability in our asset-backed and certain asset-based vehicle financing facilities due to the credit enhancement requirements for such facilities, which could increase if market values for vehicles decrease below net book values for those vehicles. In addition, if disposal of vehicles in the used vehicle marketplace were to become severely limited at a time when required collateral levels were rising and as a result we failed to meet the minimum required collateral levels, the principal under our asset-backed and certain asset-based financing arrangements may be required to be repaid sooner than anticipated with vehicle disposition proceeds and lease payments we make to our special purpose financing subsidiaries. If that were to occur, the holders of our asset-backed and certain asset-based debt may have the ability to exercise their right to direct the trustee or other secured party to foreclose on and sell vehicles to generate proceeds sufficient to repay such debt.

The occurrence of certain events, including those described above, could result in the occurrence of an amortization event pursuant to which the proceeds of sales of vehicles that collateralize the affected asset-backed financing arrangement would be required to be applied to the payment of principal and interest on the affected facility or series, rather than being reinvested in our revenue earning vehicles. In the case of our asset-backed financing arrangements, certain other events, including defaults by us and our affiliates in the performance of covenants set forth in the agreements governing certain vehicle debt, could result in the occurrence of a liquidation event with the passing of time or immediately pursuant to which the trustee or holders of the affected asset-backed financing arrangement would be permitted to require the sale of the assets collateralizing that series. Failure by us to have proper financing and debt management processes may result in cash shortfalls and liquidity problems, emergency financing at high interest rates, violations of debt covenants, an inability to execute strategic initiatives, which may affect our liquidity and our ability to maintain sufficient levels of revenue earning vehicles to meet customer demands and could trigger cross-defaults under certain of our other financing arrangements.

Substantially all of our consolidated assets secure certain of our outstanding indebtedness, which could materially adversely affect our debt and equity holders and our business.

Substantially all of our consolidated assets, including our revenue earning vehicles and Donlen’s lease portfolio, are subject to security interests or are otherwise encumbered for the lenders under our senior credit facilities, asset-backed and asset-based financing arrangements. As a result, the lenders under those facilities would have a prior claim on such assets in the event of our bankruptcy, insolvency, liquidation or reorganization, and we may not have sufficient funds to pay in full, or at all, all of our creditors or make any amount available to holders of our equity. The same is true with respect to structurally senior obligations: in general, all liabilities and other obligations of a subsidiary must be satisfied before the assets of such subsidiary can be made available to the creditors (or equity holders) of the parent entity.
Because substantially all of our assets are encumbered under financing arrangements, our ability to incur additional secured indebtedness or to sell or dispose of assets to raise capital may be impaired, which could have a material adverse effect on our financial flexibility and force us to attempt to incur additional unsecured indebtedness, which may not be available to us.

Restrictive covenants in certain of the agreements and instruments governing our indebtedness may materially adversely affect our financial flexibility or may have other material adverse effects on our business, results of operations, financial condition, liquidity and cash flows.

Certain of our credit facilities, our indentures and other asset-based and asset-backed financing arrangements contain covenants that, among other things, restrict Hertz and its subsidiaries' ability to: (i) dispose of assets; (ii) incur additional indebtedness; (iii) incur guarantee obligations; (iv) prepay other indebtedness or amend other financing arrangements; (v) pay dividends; (vi) create liens on assets; (vii) sell assets; (viii) make investments, loans, advances or capital expenditures; (ix) make acquisitions; (x) engage in mergers or consolidations; (xi) change the business conducted by us; and (xii) engage in certain transactions with affiliates.

Our Senior RCF and our Letter of Credit Facility subject us to a financial maintenance covenant. Our ability to comply with this covenant will depend on our ongoing financial and operating performance, which in turn are subject to, among other things, the risks identified in “Risks Related to Our Business.”

The agreements governing our financing arrangements contain numerous covenants. The breach of any of these covenants or restrictions could result in a default under the relevant agreement, which could, in turn, cause cross-defaults under our other financing arrangements. In such event, we may be unable to borrow under the Senior RCF and certain of our other financing arrangements and may not be able to repay the amounts due under such arrangements, which could have a material adverse effect on our business, results of operations, financial condition, liquidity and cash flows.

An increase in interest rates or in our borrowing margin would increase the cost of servicing our debt and could reduce our profitability.

A significant portion of our outstanding debt bears interest at floating rates. As a result, to the extent we have not hedged against rising interest rates, an increase in the applicable benchmark interest rates would increase our cost of servicing our debt and could materially adversely affect our results of operations, financial condition, liquidity and cash flows.

In addition, we regularly refinance our indebtedness. If interest rates or our borrowing margins increase between the time an existing financing arrangement was consummated and the time such financing arrangement is refinanced, the cost of servicing our debt would increase and our results of operations, financial condition, liquidity and cash flows could be materially adversely affected.

The interest rates of certain of our financing instruments are priced using a spread over LIBOR.

The London interbank offered rate (“LIBOR”), is the basic rate of interest used in lending between banks on the London interbank market and is widely used as a reference for setting the interest rate on loans globally. We typically use LIBOR as a reference rate in various of our financing transactions such that the interest due to the creditors pursuant to such financing transactions is calculated using LIBOR. Our term loan agreement also contains a stated minimum floor value for LIBOR.

On July 27, 2017, the United Kingdom's Financial Conduct Authority, which regulates LIBOR, announced that it intends to phase out LIBOR by the end of 2021. It is unclear if at that time whether or not LIBOR will cease to exist, or if new methods of calculating LIBOR will be established such that it continues to exist after 2021 or if replacement conventions will be developed. The U.S. Federal Reserve, in conjunction with the Alternative Reference Rates Committee, a steering committee comprised of large U.S. financial institutions, is considering replacing U.S. dollar LIBOR with a new index calculated by short-term repurchase agreements, backed by Treasury securities (“SOFR”). SOFR is observed and

backward-looking, which stands in contrast with LIBOR under the current methodology, which is an estimated forward-looking rate and relies, to some degree, on the expert judgment of submitting panel members. Given that SOFR is a secured rate backed by government securities, it will be a rate that does not take into account bank credit risk (as is the case with LIBOR). Whether or not SOFR attains market traction as a LIBOR replacement tool remains in question. As such, the future of LIBOR at this time is uncertain. At this time, due to a lack of consensus as to what rate or rates may become accepted alternatives to LIBOR, it is impossible to predict the effect of any such alternatives on our liquidity. However, if LIBOR ceases to exist, we may need to renegotiate certain of our financing agreements that utilize LIBOR as a factor in determining the interest rate to replace LIBOR with the new standard that is established. As of December 31, 2019, we had $5.7 billion in outstanding indebtedness tied to LIBOR. Additionally, these changes may have an impact on the value of or interest earned on any LIBOR-based marketable securities, fleet leases, loans and derivatives that are included in our financial assets and liabilities.

RISKS RELATING TO HERTZ GLOBAL HOLDINGS, INC. COMMON STOCK

Hertz Holdings is a holding company with no operations of its own and depends on its subsidiaries for cash.

The operations of Hertz Holdings are conducted nearly entirely through its subsidiaries and its ability to generate cash to meet its debt service obligations or to pay dividends on its common stock is dependent on the earnings and the receipt of funds from its subsidiaries via dividends or intercompany loans. However, none of the subsidiaries of Hertz Holdings are obligated to make funds available to Hertz Holdings for the payment of dividends or the service of its debt. In addition, certain states’ laws and the terms of certain of our debt agreements significantly restrict, or prohibit, the ability of Hertz and its subsidiaries to pay dividends, make loans or otherwise transfer assets to Hertz Holdings, including state laws that require dividends to be paid only from surplus. If Hertz Holdings does not receive cash from its subsidiaries, then Hertz Holdings’ financial condition could be materially adversely affected.

Hertz Holdings’ share price may decline if it issues a large number of new shares or if a holder of a substantial number of shares sells their stock.

Hertz Holdings has a significant number of authorized but unissued shares, including shares available for issuance pursuant to various equity plans. In addition, in recent years, several shareholders, most notably affiliates of Carl Icahn, have accumulated significant amounts of Hertz Holdings common stock and may have the ability to exert substantial influence over actions to be taken or approved by our stockholders, including the election of directors. A sale of a substantial number of shares or other equity-related securities in the public market pursuant to new issuances or by these significant shareholders could depress the market price of Hertz Holdings’ stock and impair its ability to raise capital through the sale of additional equity securities. Any such sale or issuance would dilute the ownership interests of the then-existing stockholders and could have a material adverse effect on the market price of Hertz Holdings’ common stock.

Hertz Holdings paid no cash dividends on its common stock in 2019 or 2018, and it does not expect to pay dividends on its common stock for the foreseeable future.

Hertz Holdings has a Board-approved share repurchase program that authorizes it to repurchase shares of its common stock through a variety of methods, including in the open market or through privately negotiated transactions, in accordance with applicable securities laws. As of December 31, 2019, there was $295 million available for use for repurchases under this program.

Since Hertz Holdings does not conduct business itself, it primarily funds dividends on, and repurchases of, its common stock using dividends from Hertz or amounts borrowed under the master loan agreement. The credit agreements governing Hertz’s Senior Facilities, Letter of Credit Facility and Alternative Letter of Credit Facility restrict Hertz’s ability to make dividends and certain payments, including payments to Hertz Holdings for dividends on Hertz Holdings’ common stock or for share repurchases.

The Russell 1000 Index is included because it is comprised of the 1,000 largest publicly traded issuers. The Morningstar Rental & Leasing Services Industry Group is a published, market capitalization-weighted index representing stocks of companies, including Hertz Holdings, that rent or lease various durable goods to the commercial and consumer market including vehicles and trucks, medical and industrial equipment, appliances, tools and other miscellaneous goods. The results are based on an assumed $100 invested on December 31, 2014, at the market close, through December 31, 2019.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Hertz Global Holdings, Inc. (together with its consolidated subsidiaries and variable interest entities, “Hertz Global”) is a holding company and its principal, wholly-owned subsidiary is The Hertz Corporation (together with its consolidated subsidiaries and variable interest entities, “Hertz”). Hertz Global consolidates Hertz for financial statement purposes, and Hertz comprises approximately the entire balance of Hertz Global’s assets, liabilities and operating cash flows. In addition, Hertz’s operating revenues and operating expenses comprise nearly 100% of Hertz Global’s revenues and operating expenses. As such, Management's Discussion and Analysis of Financial Condition and Results of Operations (“MD&A”) that follows herein is for Hertz and also applies to Hertz Global in all material respects, unless noted. Differences between the operations and results of Hertz and Hertz Global are separately disclosed and explained. We sometimes use the words “we,” “our,” “us,” and the “Company” in this MD&A for disclosures that relate to all of Hertz and Hertz Global.

The statements in this MD&A regarding industry outlook, our expectations regarding the performance of our business and the other non-historical statements are forward-looking statements. These forward-looking statements are subject to numerous risks and uncertainties, including, but not limited to, the risks and uncertainties described in Item 1A, “Risk Factors.” The following MD&A provides information that we believe to be relevant to an understanding of our consolidated financial condition and results of operations. Our actual results may differ materially from those contained in or implied by any forward-looking statements. You should read the following MD&A together with the sections entitled “Cautionary Note Regarding Forward-Looking Statements,” Item 1A, “Risk Factors,” Item 6, “Selected Financial Data” and our consolidated financial statements and related notes included in this 2019 Annual Report under the caption Item 8, “Financial Statements and Supplementary Data.”

In this MD&A we refer to the following non-GAAP measure and key metrics:

- **Adjusted Corporate EBITDA** - important non-GAAP measure to management because it allows management to assess the operational performance of our business, exclusive of certain items, and allows management to assess the performance of the entire business on the same basis as the segment measure of profitability. Management believes that it is important to investors for the same reasons it is important to management and because it allows them to assess our operational performance on the same basis that management uses internally. Adjusted EBITDA, the segment measure of profitability and accordingly a GAAP measure, is calculated exclusive of certain items which are largely consistent with those used in the calculation of Adjusted Corporate EBITDA.

- **Depreciation Per Unit Per Month** - important key metric to management and investors as depreciation of revenue earning vehicles and lease charges is one of our largest expenses for the vehicle rental business and is driven by the number of vehicles, expected residual values at the expected time of disposal and expected hold period of the vehicles. Depreciation Per Unit Per Month is reflective of how we are managing the costs of our vehicles and facilitates a comparison with other participants in the vehicle rental industry.

- **Total Revenue Per Transaction Day** (“Total RPD,” also referred to as “pricing”) - important key metric to management and investors as it represents a measurement of the changes in underlying pricing in the vehicle rental business and encompasses the elements in vehicle rental pricing that management has the ability to control.

- **Total Revenue Per Unit Per Month** (“Total RPU”) - important key metric to management and investors as it provides a measure of revenue productivity relative to the total number of vehicles in our fleet whether owned or leased (“Average Vehicles” or “fleet capacity”).

- **Transaction Days** - important key metric to management and investors as it represents the number of revenue generating days (“volume”). It is used as a component to measure Total RPD and Vehicle Utilization. Transaction Days represent the total number of 24-hour periods, with any partial period counted as one Transaction Day, that vehicles were on rent (the period between when a rental contract is opened and closed) in a given period. Thus, it is possible for a vehicle to attain more than one Transaction Day in a 24-hour period.
ITEM 7. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (Continued)

• Vehicle Utilization - important key metric to management and investors because it is the measurement of the proportion of our vehicles that are being used to generate revenues relative to fleet capacity. Higher Vehicle Utilization means more vehicles are being utilized to generate revenues.

Our non-GAAP measure should not be considered in isolation and should not be considered superior to, or a substitute for, financial measures calculated in accordance with U.S. GAAP. The above non-GAAP measure and key metrics are defined, and the non-GAAP measure is reconciled to its most comparable U.S. GAAP measure, in the “Footnotes to the Results of Operations and Selected Operating Data by Segment Tables” section of this MD&A.

OVERVIEW OF OUR BUSINESS AND OPERATING ENVIRONMENT

We are engaged principally in the business of renting vehicles primarily through our Hertz, Dollar and Thrifty brands. In addition to vehicle rental, we provide integrated vehicle leasing and fleet management solutions through our Donlen subsidiary. We have a diversified revenue base and a highly variable cost structure and are generally able to adjust fleet capacity, the most significant determinant of our costs, to meet expectations of market demand. Our profitability is primarily a function of the volume, mix and pricing of rental transactions and the utilization of vehicles, the related ownership cost of vehicles and other operating costs. Significant changes in the purchase price or residual values of vehicles or interest rates can have a significant effect on our profitability depending on our ability to adjust pricing for these changes. We continue to balance our mix of non-program and program vehicles based on market conditions, including residual values. Our business requires significant expenditures for vehicles, and as such, we require substantial liquidity to finance such expenditures. See the “Liquidity and Capital Resources” section of this MD&A.

Our strategy includes optimization of our vehicle rental operations, disciplined performance management and evaluation of all locations and the pursuit of same-store sales growth.

Our total revenues are primarily derived from rental and related charges and consist of:

• Worldwide vehicle rental revenues - revenues from all company-operated vehicle rental operations, including charges to customers for the reimbursement of costs incurred relating to airport concession fees and vehicle license fees, the fueling of vehicles and revenues associated with value-added services, including the sale of loss or collision damage waivers, theft protection, liability and personal accident/effects insurance coverage, premium emergency roadside service and other products and fees. Also included are ancillary revenues associated with retail vehicle sales and certain royalty fees from our franchisees (such fees are less than 2% of total revenues each period); and

• All other operations revenues - revenues from vehicle leasing and fleet management services by our Donlen business and other business activities.

Our expenses primarily consist of:

• Direct vehicle and operating expense (“DOE”), primarily wages and related benefits; commissions and concession fees paid to airport authorities, travel agents and others; facility, self-insurance and reservation costs; and other costs relating to the operation and rental of revenue earning vehicles, such as damage, maintenance and fuel costs;

• Depreciation expense and lease charges relating to revenue earning vehicles, including costs associated with the disposal of vehicles;

• Selling, general and administrative expense (“SG&A”), which includes costs for advertising and personnel, along with information technology and finance transformation programs; and

• Interest expense, net.

Generally, between 70% and 75% of our annual operating costs represent variable costs, while the remaining costs are fixed or semi-fixed. To accommodate increased demand, we increase our available fleet and staff. As demand
ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (Continued)

decreases, fleet and staff are decreased accordingly. A number of our other major operating costs, including airport concession fees, commissions and vehicle liability expenses, are directly related to revenues or transaction volumes. In addition, our management expects to utilize enhanced process improvements to help manage our variable costs. We also maintain a flexible workforce, with a significant number of part-time and seasonal workers. Certain operating expenses, including real estate taxes, rent, insurance, utilities, maintenance and other facility-related expenses, and minimum staffing costs, remain fixed and cannot be adjusted for demand.

In addition to our typical expenses, we have been incurring significant costs associated with our multi-year initiatives to upgrade and modernize our information technology and finance systems and processes. The information technology transformation is intended to increase the customer experience and ultimately drive efficiencies, service offerings and future productivity. The technology transformation initiative is complex and will require continued investment and as is the case for most large scale technology transformations, there can be no assurance that all the benefits we anticipate can be achieved.

Our Business Segments

We have identified three reportable segments, which are organized based on the products and services provided by our operating segments and the geographic areas in which our operating segments conduct business, as follows:

- U.S. RAC - Rental of vehicles, as well as sales of value-added services, in the U.S.;
- International RAC - Rental and leasing of vehicles, as well as sales of value-added services, internationally; and
- All Other Operations - Comprised primarily of our Donlen business, which provides vehicle leasing and fleet management services, and other business activities.

In addition to the above reportable segments, we have Corporate operations. We assess performance and allocate resources based upon the financial information for our operating segments.

Revenue Earning Vehicles

Revenue earning vehicles used in our rental and leasing operations are recorded at cost, net of related discounts and incentives from manufacturers. Holding periods typically range from six to thirty-six months. Also included in revenue earning vehicles are vehicles placed on our retail lots for sale or actively in the process of being sold through other disposition channels.

Program vehicles are purchased under repurchase or guaranteed depreciation programs with vehicle manufacturers wherein the manufacturers agree to repurchase vehicles at a specified price or guarantee the depreciation rate on the vehicles during established repurchase or auction periods, subject to, among other things, certain vehicle condition, mileage and holding period requirements. Guaranteed depreciation programs guarantee the residual value of the program vehicle upon sale, subject to, among other things, certain vehicle condition, mileage and holding period requirement. Program vehicles generally provide us with flexibility to increase or reduce the size of our fleet based on economic demand. When we increase the percentage of program vehicles, the average age of our fleet decreases since the average holding period for program vehicles is shorter than that for non-program vehicles.

When a revenue earning vehicle is acquired outside of a vehicle repurchase program, we estimate the period that we will hold the asset, primarily based on historical measures of the amount of rental activity (e.g., automobile mileage). We also estimate the residual value of the applicable revenue earning vehicles at the expected time of disposal, considering factors such as make, model and options, age, physical condition, mileage, sale location, time of the year and channel of disposition (e.g., auction, retail, dealer direct) and market conditions. The vehicle is depreciated using a rate based on these estimates. Depreciation rates are reviewed on a quarterly basis based on management's ongoing assessment of present and estimated future market conditions, their effect on residual values at the expected time of disposal and the estimated holding period of the vehicle. Differences between actual residual values and those estimated
result in an adjustment to depreciation upon disposition of the vehicle. Our depreciation of revenue earning vehicles and lease charges also includes costs associated with the disposal of vehicles and rents paid for vehicles leased.

We dispose of our non-program vehicles via auction, dealer-direct and our retail locations. Non-program vehicles disposed of through our retail locations allow us the opportunity for value-added revenue, such as warranty, financing and title fees. We periodically review and adjust the mix between program and non-program vehicles in our fleet based on contract negotiations and the economic environment pertaining to our industry in an effort to optimize the mix of vehicles. Additionally, the use of program vehicles reduces the volatility associated with residual value estimation.

Adoption of the New Lease Standard

Effective January 1, 2019, we adopted the new lease standard, Topic 842, which did not have a significant impact to our results of operations for the year ended December 31, 2019. See "Note 2, "Significant Accounting Policies" to the Notes to our consolidated financial statements included in this 2019 Annual Report under the caption Item 8, "Financial Statements and Supplementary Data." for further information.

Change in Segment Measure of Profitability

Effective during the three months ended June 30, 2019, we changed our segment measure of profitability to Adjusted EBITDA. Prior to the three months ended June 30, 2019, our segment measure of profitability was Adjusted Pre-tax Income (Loss), which included non-vehicle depreciation and amortization, non-vehicle debt interest, net and certain other items. For comparability purposes, we have adjusted retrospectively our 2018 and 2017 segment result tables in this MD&A to reflect the new segment measure of profitability.

NM - Not meaningful

Year Ended December 31, 2019 Compared with Year Ended December 31, 2018

Total revenues increased $276 million in 2019 compared to 2018 due to an increase of $459 million in our U.S. RAC segment, partially offset by a decrease of $107 million and $76 million in our International RAC and All Other Operations segments, respectively. U.S. RAC revenues increased due to a 4% increase in volume and a 2% increase in Total RPD. Excluding the impact of fx, revenues for our International RAC segment were flat. The decrease in All Other Operations is due to the impact of a change in presentation for certain leased vehicles beginning in the first quarter of 2019.

DOE increased $131 million in 2019 compared to 2018 primarily due to an increase of $132 million and $7 million in our U.S. RAC and International RAC segments, respectively, partially offset by a $9 million decrease in our All Other Operations segment. The increase in U.S. RAC DOE was driven by increased volume. Excluding the $69 million impact of fx, DOE for International RAC increased $76 million driven primarily by an increase in vehicle-related expenses.
ITEM 7. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (Continued)

Depreciation of revenue earning vehicles and lease charges decreased $125 million in 2019 compared to 2018 primarily due to a decrease of $95 million and $22 million in our All Other Operations and U.S. RAC segments, respectively. The decrease in All Other Operations is due to the impact of a change in presentation for certain leased vehicles beginning in the first quarter of 2019. The decrease in our U.S. RAC segment is primarily due to our vehicle acquisition strategy and continued strength in residual values.

SG&A decreased $47 million in 2019 compared to 2018 primarily due to a decrease in personnel-related expenses in our Corporate operations and International RAC segment and the impact from fx in our International RAC segment, partially offset by increased marketing charges in our U.S. RAC segment and increased information technology and finance transformation charges in our Corporate operations.

Vehicle interest expense, net increased $45 million in 2019 compared to 2018 primarily due to an increase in debt levels resulting from higher average fleet primarily in our U.S. RAC segment and higher market interest rates. Additionally, there was a $20 million loss on extinguishment of debt recorded in our International RAC segment in 2018 with no comparable charge in 2019.

Non-vehicle interest expense, net increased $20 million in 2019 compared to 2018 primarily due to a $43 million loss on extinguishment of debt primarily associated with the partial redemption of the Senior Second Priority Secured Notes in 2019 with no comparable charges in 2018, partially offset by lower levels of non-vehicle debt in 2019 due to net proceeds from the Rights Offering which were used to redeem the 2020 and 2021 Notes.

Other income of $59 million in 2019 was primarily comprised of a $30 million gain on marketable securities and a $39 million gain on non-vehicle capital assets. Other income of $40 million in 2018 was primarily comprised of a $20 million gain on marketable securities, $10 million of net pension benefit income and a $6 million legal settlement related to an oil spill in the Gulf of Mexico in 2010.

The effective tax rate in 2019 was 326% compared to 11% in 2018. We recorded a tax provision of $65 million in 2019 compared to a tax benefit of $28 million in 2018. The effective income tax rate and related tax provision in 2019 are greater than 2018 due to an increase in the valuation allowance relating to losses in certain U.S. and non-U.S. jurisdictions and an increase in pretax operating results.

Year Ended December 31, 2018 Compared with Year Ended December 31, 2017

Total revenues increased $701 million, or 8%, due to an increase of $486 million, $108 million and $107 million in our U.S. RAC, All Other Operations and International RAC segments, respectively. U.S. RAC revenues increased due to a 6% increase in volume and a 1% increase in Total RPD. Total revenues in our All Other Operations segment was largely driven by an increase in the number of vehicles leased under sales-type leases. International RAC revenues increased due to a 3% increase in Total RPD and a $49 million fx impact.

DOE increased $397 million, or 8%, primarily due to increases of $363 million and $33 million in our U.S. and International RAC segments, respectively. The increase in our U.S. RAC segment was primarily due to increased core rental volumes (those excluding TNC rentals) and TNC rental volumes and investments in additional personnel related to our transformation initiatives. DOE for International RAC increased due to a $31 million fx impact.

Depreciation of revenue earning vehicles and lease charges decreased $108 million, or 4%, primarily due to a $226 million decrease in our U.S. RAC segment resulting from stronger residual values and an increase in dispositions through higher-yielding dealer direct and retail sales channels. The decrease was partially offset by an increase of $86 million and $32 million in our All Other Operations and International RAC segments, respectively. The increase in All Other Operations was largely driven by an increase in the number of vehicles leased under sales-type leases. Excluding a $12 million fx impact, depreciation of revenue earning vehicles and lease charges for our International RAC segment increased $20 million driven by declining residual values on diesel vehicles in Europe and an increase in average vehicles.

SG&A increased $137 million, or 16%, in 2018 compared to 2017, due to increases of $74 million and $36 million in our U.S. RAC segment and our Corporate operations, respectively. The increase in our U.S. RAC segment was
ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (Continued)

primarily due to incremental marketing investments, additional advertising charges and increased marketing personnel, partially offset by decreased charges for labor-related matters. The increase in our Corporate operations was primarily due to information technology and finance transformation program costs, litigation charges and incentive compensation, partially offset by decreased legal fees.

Vehicle interest expense, net increased $117 million, or 35%, in 2018 compared to 2017 primarily due to higher market interest rates, an increase in margins on bank funded facilities, an increase in debt levels due to higher average fleet and an increase in loss on extinguishment of debt.

Non-vehicle interest expense, net decreased $17 million, or 6%, in 2018 compared to 2017, primarily due to decreased outstanding non-vehicle debt balances during 2018 and a decrease in loss on extinguishment of debt, partially offset by the impact of higher interest rates largely attributable to a higher LIBOR and the issuance of our Senior Second Priority Secured Notes in June 2017.

We recorded goodwill and intangible asset impairment charges of $86 million related to the Dollar Thrifty tradename in 2017 with no comparable charges recorded in 2018.

Other income of $40 million in 2018 was primarily comprised of a $20 million gain on marketable securities, $10 million of net pension benefit income and a $6 million legal settlement related to an oil spill in the Gulf of Mexico in 2010. Other expense of $19 million in 2017 was primarily comprised of a $30 million impairment of an equity method investment, partially offset by a $6 million gain on the sale of our Brazil Operations.

The effective tax rate in 2018 was 11% compared to 158% in 2017. We recorded a tax benefit of $28 million in 2018 compared to $902 million in 2017. The effective income tax rate and related tax benefit in 2018 are less than 2017 due to deferred tax liabilities being remeasured from a federal rate of 35% to 21% in 2017, and the impact in 2018 of the lower federal tax rate.

CONSOLIDATED RESULTS OF OPERATIONS - HERTZ GLOBAL

The above discussion for Hertz also applies to Hertz Global.

Hertz Global had $7 million, $7 million and $5 million of interest expense, net, during 2019, 2018 and 2017, respectively, that was incremental to the amounts shown for Hertz. These amounts represent interest associated with amounts outstanding under a master loan agreement between the companies. Hertz includes this amount as interest income in its statements of operations, but this amount is eliminated in consolidation for purposes of Hertz Global. In 2019, Hertz had $2 million of tax provision that was incremental to the amounts shown for Hertz Global. In 2018, Hertz Global had $2 million of income tax benefit that was incremental to the amounts shown for Hertz.

RESULTS OF OPERATIONS AND SELECTED OPERATING DATA BY SEGMENT

U.S. Rental Car

As of December 31, 2019, our U.S. Rental Car operations had a total of approximately 4,200 corporate and franchisee locations, comprised of 1,600 airport and 2,600 off airport locations.

U.S. Rental Car operations sold approximately 290,000, 263,000 and 280,000 non-program vehicles during the years ended December 31, 2019, 2018 and 2017, respectively. In 2018, the decrease in units sold was due to fewer non-program vehicle acquisitions during the year.

Footnotes to the table above are shown at the end of the Results of Operations and Selected Operating Data by Segment section of this MD&A.

Year Ended December 31, 2019 Compared with Year Ended December 31, 2018

Total U.S. RAC revenues increased $459 million in 2019 compared to 2018 due to higher volume and pricing. The 4% increase in Transaction Days was driven by growth in retail and TNC rentals. Volume increased in both our off airport and airport locations by 8% and 2%, respectively. Total RPD increased by 2%. Off airport revenues comprised 32% of total revenues in 2019 as compared to 31% for 2018.

Depreciation of revenue earning vehicles and lease charges for U.S. RAC decreased by $22 million in 2019 compared to 2018. Net Depreciation Per Unit Per Month decreased to $258 in 2019 compared to $276 in 2018 primarily due to our vehicle acquisition strategy and continued strength in residual values.

DOE for U.S. RAC increased $132 million in 2019 compared to 2018 driven by volume, partially offset by a decrease in other non-vehicle related charges.

SG&A for U.S. RAC increased $23 million in 2019 compared to 2018 primarily due to increased marketing charges; SG&A as a percentage of revenues was flat year over year.

Vehicle interest expense for U.S. RAC increased $54 million in 2019 compared to 2018 primarily due to higher average fleet and higher market interest rates.
ITEM 7. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (Continued)

Year Ended December 31, 2018 Compared with Year Ended December 31, 2017

Total U.S. RAC revenues increased $486 million, or 8%, from 2017 due to higher volume and pricing. Off airport revenues comprised 31% of total revenues for the segment in 2018 as compared to 29% for 2017. Off airport volume increased 14% largely driven by demand in TNC and insurance replacement rentals and airport volume was 2% higher on increased corporate demand and volume growth in our most profitable leisure rental categories. TNC and retail rentals led the 1% increase in Total RPD.

Depreciation of revenue earning vehicles and lease charges for U.S. RAC decreased by $226 million, or 12%, in 2018 compared to 2017. The decrease year over year was primarily the result of improved residual values and an increase in dispositions through higher-yielding dealer direct and retail sales channels. Net Depreciation Per Unit Per Month decreased to $276 in 2018 compared to $327 in 2017.

DOE for U.S. RAC increased $363 million, or 10%, of which $118 million was driven by core rental volume, $65 million was driven by growth in TNC rentals and $63 million was driven by incremental investments in additional personnel related to our transformation initiatives. Also contributing to the increase were the following:

- Increased transportation expense of $31 million driven by higher rates from third-party transportation providers, increased usage and additional trucking for fleet optimization.
- Increased facility expenses of $20 million primarily driven by increased rent and facility services.
- Increased other vehicle expense of $16 million primarily driven by increased licensing fees in certain states.
- Increased fuel expense of $16 million due to higher market fuel prices compared to 2017.

SG&A increased $74 million primarily due to incremental marketing investments, additional advertising charges and increased marketing personnel, partially offset by decreased charges for labor-related matters.

Vehicle interest expense increased $65 million due to higher market interest rates and an increase in debt levels due to higher average fleet.

International Rental Car

As of December 31, 2019, our international vehicle rental operations had approximately 8,200 corporate and franchisee locations, comprised of 2,000 airport and 6,200 off airport locations in approximately 160 countries and regions including Australia, Canada, New Zealand and in the regions of Africa, Asia, the Caribbean, Europe, Latin America, and the Middle East.

of the sale of our Brazil Operations, total revenues for International RAC increased $140 million, or 7%, Total RPD increased 1%, and Transaction Days increased 4%.

Depreciation of revenue earning vehicles and lease charges for International RAC increased $32 million, or 8%, in 2018 compared to 2017. Excluding a $12 million fx impact, depreciation of revenue earning vehicles and lease charges increased $20 million or 5% primarily due to declining residual values on diesel vehicles in Europe and an increase in average vehicles. Net Depreciation Per Unit Per Month for International RAC increased 3% to $209 from $202 for 2018 versus 2017.

DOE for International RAC increased $33 million in 2018 compared to 2017. Excluding a $31 million fx impact, DOE was nearly flat driven by a $35 million decrease in public liability and property damage expense due to favorable case development and fewer large claims. The decrease was partially offset by an increase of $15 million in vehicle damage charges and $13 million in field compensation, due in part to higher average vehicles in 2018 compared to 2017.

SG&A for International RAC increased $25 million primarily due to an increase in litigation charges in 2018 and the $7 million impact of fx.

Vehicle interest expense for International RAC increased $39 million primarily due to a $20 million loss on extinguishment of debt associated with the redemption of the 4.375% European Vehicle Notes.

Footnotes to the table above are shown at the end of the Results of Operations and Selected Operating Data by Segment section of this MD&A.

Donlen had favorable results in 2019 as compared to 2018. Lower year-over-year revenue and depreciation of revenue earning vehicles and lease charges were driven by the impact of a change in presentation for certain leased vehicles in 2019 versus 2018. Excluding the $79 million reduction in revenues from the change in presentation in 2019 and the $53 million benefit in 2018 of vehicles leased under sales-type leases, revenue grew 8%. The increase in overall average vehicles in 2019 as compared to 2018 is due to new customer acquisitions and growth in the existing customer portfolio.

In 2018, total revenues and depreciation of revenue earning vehicles and lease charges include a $53 million impact of vehicles leased under sales-type leases, which are presented on a gross basis. Excluding the impact of sales-type leases, revenue increased 9% and depreciation of revenue earning vehicles increased 7% in 2018 as compared to 2017 driven by a 4% growth in units and a richer mix of vehicles under operating leases. The decrease in overall

Average Vehicles in 2018 compared to 2017 was due to a reduction in non-lease units in our maintenance management programs which drive a lower Revenue Per Unit when compared to lease units under these programs.

(a) Adjusted Corporate EBITDA is calculated as net income (loss) attributable to Hertz or Hertz Global, adjusted for income taxes, non-vehicle depreciation and amortization, non-vehicle debt interest, net, vehicle debt-related charges, loss on extinguishment of vehicle debt, restructuring and restructuring related charges, goodwill, intangible and tangible asset impairments and write-downs, information technology and finance transformation costs and certain other miscellaneous items. When evaluating our operating performance, investors should not consider Adjusted Corporate EBITDA in isolation of, or as a substitute for, measures of our financial performance determined in accordance with U.S. GAAP. The reconciliations to the most comparable consolidated U.S. GAAP measure are presented below:

(1) Represents vehicle debt-related charges relating to the amortization of deferred financing costs and debt discounts and premiums.

(2) In 2018, primarily represents $20 million of early redemption premium and write-off of deferred financing costs associated with the full redemption of the 4.375% European Vehicle Senior Notes due January 2019.

(3) Represents charges incurred under restructuring actions as defined in U.S. GAAP, excluding impairments and asset write-downs. Also includes restructuring related charges such as incremental costs incurred directly supporting business transformation initiatives. In 2018 and 2017, also includes consulting costs, legal fees and other expenses related to the previously disclosed accounting review and investigation.
(4) In 2017, primarily represents an $86 million impairment of the Dollar Thrifty tradename and an impairment of $30 million related to an equity method investment.

(5) Represents costs associated with our information technology and finance transformation programs, both of which are multi-year initiatives to upgrade and modernize our systems and processes.

(6) Represents miscellaneous items, including non-cash stock-based compensation charges. In 2019, includes a $30 million gain on marketable securities and a $39 million gain on the sale of non-vehicle capital assets. In 2018, includes a $20 million gain on marketable securities and a $6 million legal settlement received related to an oil spill in the Gulf of Mexico in 2010. In 2017, includes net expenses of $16 million resulting from hurricanes, charges of $8 million associated with strategic financings and charges of $5 million relating to PLPD as a result of a terrorist event, partially offset by a $6 million gain on the sale of our Brazil Operations and a $4 million return of capital from an equity method investment.

(b) Transaction Days represent the total number of 24-hour periods, with any partial period counted as one Transaction Day, that vehicles were on rent (the period between when a rental contract is opened and closed) in a given period. Thus, it is possible for a vehicle to attain more than one Transaction Day in a 24-hour period.

(c) Average Vehicles are determined using a simple average of the number of vehicles at the beginning and end of a given period. Among other things, Average Vehicles is used to calculate our Vehicle Utilization which represents the portion of our vehicles that are being utilized to generate revenue. Vehicle Utilization is calculated by dividing total Transaction Days by Available Car Days. The calculation of Vehicle Utilization is shown in the table below:

LIQUIDITY AND CAPITAL RESOURCES

Our U.S. and international operations are funded by cash provided by operating activities and by extensive financing arrangements maintained by us in the U.S. and internationally.

As of December 31, 2019, we had $865 million of cash and cash equivalents and $495 million of restricted cash and cash equivalents. As of December 31, 2019, $286 million of cash and cash equivalents and $147 million of restricted cash and cash equivalents were held by our subsidiaries outside of the U.S. If not in the form of loan repayments, or an amount subject to our indefinite reinvestment assertion, repatriation of some of these funds under current regulatory and tax law for use in domestic operations could expose us to additional taxes.

We believe that cash and cash equivalents generated by our operations and cash received on the disposal of vehicles, together with amounts available under various liquidity facilities and refinancing options available to us in the capital markets, will be sufficient to fund operating requirements for the next twelve months.
Hertz had cash, cash equivalents, restricted cash and restricted cash equivalents of $1.4 billion as of December 31, 2019 and 2018. The following table summarizes the net change in cash, cash equivalents, restricted cash and restricted cash equivalents for the periods shown:

**Year ended December 31, 2019 compared with year ended December 31, 2018**

In 2019, cash flows from operating activities, adjusted for non-cash, non-operating items and the net impact from operating leases, decreased by $111 million year over year due to a decrease in accrued liabilities for operational expenses, partially offset by an increase in cash primarily due to the timing of value added tax receivables in our International RAC segment.

Our primary investing activities relate to the acquisition and disposal of revenue earning vehicles. There was a $228 million increase in the use of cash for investing activities year over year. Net cash outflows for revenue earning vehicles increased $187 million primarily due to a higher volume of vehicles acquired, net of disposals in our International RAC segment. Additionally, there was a $71 million increase in net cash outflows for the purchase of non-vehicle capital assets primarily in our Corporate operations for our information technology and finance transformation programs.

Net financing cash inflows were $1.5 billion in 2019 compared to $1.6 billion in 2018 driven by a reduction in net vehicle debt borrowings. Net proceeds from the Rights Offering in 2019 were used to redeem non-vehicle debt resulting in a $702 million increase in net non-vehicle debt repayments.

**Year ended December 31, 2018 compared with year ended December 31, 2017**

In 2018, there was a $169 million decrease in cash outflows from working capital accounts period over period and an increase of cash inflows of $5 million from net income (loss), excluding non-cash and non-operating items. The change from working capital accounts was due to a $231 million increase in cash primarily driven by additional accruals for operational expenses and an increase in accounts payable due to timing of payments, partially offset by a $62 million decrease in cash from additional customer receivables, resulting from increased rental volume during 2018.

Our primary investing activities relate to the acquisition and disposal of revenue earning vehicles. We expended an additional $1.9 billion on revenue earning vehicles in 2018, primarily in our U.S. RAC operations, to increase the average fleet size and enrich the fleet mix. The additional use of cash in 2018 was partially offset by a $799 million increase in proceeds from the sale of revenue earnings vehicles due primarily to an increase in U.S. RAC dispositions through higher-yielding dealer direct and retail sales channels.

Net financing cash inflows were $1.6 billion in 2018 compared to $983 million in 2017. The variance was primarily driven by an increase of $1.1 billion in net cash inflows in 2018 for vehicle debt related to our richer fleet mix and larger fleet size. Comparatively, in 2017, excluding draws and repayments under the Senior RCF, we issued non-vehicle debt of $1.25 billion and repaid $700 million of Senior Notes.
The following table summarizes the net change in cash, cash equivalents, restricted cash and restricted cash equivalents for Hertz Global for the periods shown:

Fluctuations in operating, investing and financing cash flows from period to period are due to the same factors as those disclosed for Hertz above, with the exception of any cash inflows or outflows related to the master loan agreement between Hertz and Hertz Global.

**Financing**

For complete disclosures and definitions related to our debt obligations, see Note 5, "Debt," to the Notes to our consolidated financial statements included in this 2019 Annual Report under the caption Item 8, "Financial Statements and Supplementary Data." Cash paid for interest during 2019 was $272 million for interest on non-vehicle debt and $431 million for interest on vehicle debt.

We are highly leveraged, and a substantial portion of our liquidity requirements arise from servicing our indebtedness, funding our operations, including purchases of revenue earning vehicles, and funding non-vehicle capital expenditures. For a discussion of the risks associated with our high leverage, see Item 1A, "Risk Factors" in this 2019 Annual Report.

Our practice is to maintain sufficient liquidity through cash from operations, credit facilities and other financing arrangements to mitigate any adverse effect on operations resulting from adverse financial market conditions.

Our corporate liquidity, which excludes unused commitments under our vehicle debt, was as follows:

Significant financing activities during the year ended December 31, 2019 for our non-vehicle and vehicle debt, including the issuance of equity, were as follows:

**Rights Offering**

In June 2019, Hertz Global filed a prospectus supplement to its Registration Statement on Form S-3 declared effective by the SEC on June 12, 2019 for a Rights Offering to raise gross proceeds of approximately $750 million and providing for the issuance of up to an aggregate of 57,915,055 new shares of Hertz Global common stock. Under the terms of the Rights Offering, each stockholder of Hertz Global was eligible to receive one transferable subscription right for each share of common stock held as of 5:00 p.m., Eastern Time, on June 24, 2019. Each Right entitled the holder to purchase 0.688285 shares of common stock at a price of $12.95 per whole share of common stock. The Rights Offering
also entitled rights holders who fully exercised their Basic Subscription Rights to subscribe for additional shares of Hertz Global’s common stock that remain unsubscribed as a result of any unexercised Basic Subscription Rights. The Rights Offering expired at 5:00 p.m., Eastern Time, on July 12, 2019.

Upon closing in July 2019, the Rights Offering was fully subscribed resulting in Hertz Global selling 57,915,055 shares of its common stock at the Subscription Price for gross proceeds of $750 million. Pursuant to the terms of the Rights Offering, 55,816,783 shares of common stock were purchased under the Basic Subscription Right and 2,098,272 shares of common stock were purchased under the Over-Subscription Right.

Non-vehicle Debt

During 2019, Hertz issued $500 million in aggregate principal amount of 2026 Notes. Hertz utilized the proceeds from the 2026 Notes, together with net proceeds from the Rights Offering described above, to redeem all $700 million of the outstanding 5.875% Senior Notes due 2020 and all $500 million of the 7.375% Senior Notes due 2021. Additionally, Hertz issued $900 million in aggregate principal amount of 2028 Notes and utilized the proceeds, together with available cash, to redeem $900 million aggregate principal amount of its outstanding $1.25 billion of Senior Second Priority Secured Notes.

Letters of Credit

Hertz also entered into an unsecured $250 million letter of credit facility, the Alternative Letter of Credit Facility, that will mature on December 20, 2023.

In January 2020, under the terms of the Alternative Letter of Credit Facility, Hertz increased the commitments thereunder by $100 million, such that after giving effect to such increase, there are $200 million of standby letters of credit issued under the facility.

Vehicle Debt

We organize our discussion of significant vehicle debt financing facilities below by reportable segment.

U.S. RAC

- The aggregate principal amount of medium term notes outstanding increased from $5.3 billion to $6.6 billion; and
- The remaining capacity under various U.S. RAC revolving vehicle debt financing facilities increased from $725 million to $1.5 billion.

During 2019, we extended the maturities of $3.4 billion of existing commitments under the HVF II Series 2013-A Notes from March 2020 to March 2021 and added $400 million in new commitments. Additionally, we issued $700 million of HVF II Series 2019-1 Notes, $750 million of HVF II Series 2019-2 Notes and $800 million of HVF II Series 2019-3 Notes to third parties.

In February 2020, HVF II extended the maturity of the HVF II Series 2013-A Notes from March 2021 to March 2022 and increased the commitments thereunder by $750 million. After giving effect to the transactions, the aggregate maximum principal amount of the HVF II Series 2013-A Notes was $4.9 billion, where $0.2 billion of commitments have a maturity of March 2021.

All Other Operations - Donlen

- The aggregate principal amount of HFLF medium term notes outstanding increased from $1.2 billion to $1.4 billion; and
- Remaining capacity under revolving vehicle debt facilities associated with the Donlen business increased from $180 million to $228 million.
ITEM 7. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (Continued)

During 2019, we issued $650 million of HFLF Series 2019-1 Asset Backed Notes and amended the HFLF Series 2013-2 Notes to extend the end of the revolving period from March 2020 to March 2021.

In February 2020, HFLF amended the HFLF Series 2013-2 Notes to extend the end of the revolving period from March 2021 to March 2022 and increased the commitments thereunder by $100 million, such that the aggregate maximum borrowings of the HFLF Series 2013-2 Notes increased to $600 million.

Substantially all of our revenue earning vehicles and certain related assets are owned by special purpose entities or are encumbered in favor of our lenders under our various credit facilities, other secured financings and asset-backed securities programs. None of such assets are available to satisfy the claims of our general creditors.

Approximately $20 million of non-vehicle debt and $2.3 billion of vehicle debt will mature during the twelve months following the issuance of this 2019 Annual Report (“the next twelve months”), and we will need to refinance a portion of these obligations. We have reviewed the maturing debt obligations and determined that it is probable that we will be able, and have the intent, to repay or refinance these facilities at such times as we deem appropriate prior to their maturities.

Covenants

Hertz and certain of its subsidiaries are referred to as the Hertz credit group. The indentures for the Senior Notes and the Senior Second Priority Secured Notes contain covenants that, among other things, limit or restrict the ability of the Hertz credit group to incur additional indebtedness, incur guarantee obligations, prepay certain indebtedness, make certain restricted payments (including paying dividends, redeeming stock or making other distributions to parent entities of Hertz and other persons outside of the Hertz credit group), make investments, create liens, transfer or sell assets, merge or consolidate, and enter into certain transactions with Hertz’s affiliates that are not members of the Hertz credit group.

Certain of our other debt instruments and credit facilities (including the Senior Facilities, the Letter of Credit Facility and the Alternative Letter of Credit Facility) contain a number of covenants that, among other things, limit or restrict the ability of the borrowers and the guarantors to dispose of assets, incur additional indebtedness, incur guarantee obligations, prepay certain indebtedness, make certain restricted payments (including paying dividends, share repurchases or making other distributions), create liens, make investments, make acquisitions, engage in mergers, fundamentally change the nature of their business, make capital expenditures, or engage in certain transactions with certain affiliates.

The Senior RCF, the Letter of Credit Facility and the Alternative Letter of Credit Facility contain a financial maintenance covenant applicable to such facilities. Such covenant provides that Hertz’s consolidated first lien net leverage ratio, as defined in the credit agreements governing such facilities (together, the “Senior Credit Agreement”), as of the last day of any fiscal quarter may not exceed a ratio of 3.00 to 1.00 (“the Covenant Leverage Ratio”).

As of December 31, 2019, Hertz was in compliance with the Covenant Leverage Ratio. Consolidated EBITDA, as defined in the Senior Credit Agreement, is a component of the calculation of the Covenant Leverage Ratio and is a non-GAAP financial measure that is not a measure of operating results, but instead is a measure used to determine compliance with the Covenant Leverage Ratio under the Senior Credit Agreement. Consolidated EBITDA is generally defined in the Senior Credit Agreement as consolidated net income plus the sum of income taxes, non-vehicle interest expense, non-vehicle depreciation and amortization expense, and non-cash charges or losses, as further adjusted for certain other items permitted in calculating covenant compliance under the Senior RCF, the Letter of Credit Facility, and the Alternative Letter of Credit Facility including add-backs for non-recurring, unusual or extraordinary charges, business optimization expenses or other restructuring charges or reserves.

Based on available liquidity from our expected operating results, the Senior RCF and other financing arrangements, Hertz expects to continue to be in compliance with the Covenant Leverage Ratio for at least the next twelve months.
ITEM 7. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (Continued)

Guarantees

Hertz’s obligations under the indentures for the Senior Notes and the Senior Second Priority Secured Notes are guaranteed by each of its direct and indirect U.S. subsidiaries that is a guarantor under the Senior Facilities. The guarantees of all of the subsidiary guarantors may be released to the extent such subsidiaries no longer guarantee our Senior Facilities in the United States.

Vehicle Financing Risks

Our program vehicles are subject to repurchase by vehicle manufacturers under contractual repurchase or guaranteed depreciation programs. Under these programs, vehicle manufacturers agree to repurchase vehicles at a specified price or guarantee the depreciation rate on the vehicles during a specified time period, typically subject to certain vehicle condition and mileage requirements. We use values derived from this specified price or guaranteed depreciation rate to calculate financing capacity under certain asset-backed and asset-based financing arrangements.

In the event of a bankruptcy of a vehicle manufacturer, our liquidity could be impacted by several factors including reductions in fleet residual values and the risk that we would be unable to collect outstanding receivables due to us from such bankrupt manufacturer. In addition, the program vehicles manufactured by any such company would need to be removed from our financing facilities or re-designated as non-program vehicles, which would require us to furnish additional credit enhancement associated with these program vehicles. For a discussion of the risks associated with a manufacturer’s bankruptcy or our reliance on asset-backed and asset-based financing, see Item 1A, “Risk Factors” included in this 2019 Annual Report.

We rely significantly on asset-backed and asset-based financing arrangements to purchase vehicles for our U.S. and international vehicle rental fleet. The amount of financing available to us pursuant to these programs depends on a number of factors, many of which are outside our control, including proposed and adopted SEC (and other federal agency) rules and regulations, other legislative and administrative developments, as well as rating agencies’ methodologies. In this regard, there continues to be uncertainty regarding the potential impact of various SEC rules and regulations governing asset-backed securities and additional requirements contained in the Dodd-Frank Wall Street Reform and Consumer Protection Act (including risk retention requirements) and the Basel III regulatory capital rules, a global regulatory standard on bank capital adequacy, stress testing and market liquidity risk. While we will continue to monitor these developments and their impact on our ABS program, such rules and regulations may impact our ability and/or desire to engage in asset-backed financings in the future. For further information concerning our asset-backed financing programs and our indebtedness, see Note 5, “Debt,” to the Notes to our consolidated financial statements included in this 2019 Annual Report under the caption Item 8, “Financial Statements and Supplementary Data.” For a discussion of the risks associated with our reliance on asset-backed and asset-based financing and the significant amount of indebtedness, see Item 1A, “Risk Factors” in this 2019 Annual Report.

In 2018, net expenditures on revenue earning vehicles increased by $1.1 billion, primarily in our U.S. RAC segment, to increase the average fleet size and enrich the fleet mix, partially offset by improved vehicle dispositions as we benefited from an increase in higher-yielding dealer direct and retail sales channels.

Year ended December 31, 2019 compared with year ended December 31, 2018

In 2019, net expenditures for non-vehicle capital assets increased by $36 million in our Corporate operations due to our information technology and finance transformation programs and increased by $30 million in our U.S. RAC segment due to greater proceeds received from the sale of non-vehicle capital assets in 2018 versus 2019.

Share Repurchase Program - Hertz Global

As of December 31, 2019, approximately $295 million of shares remain available for purchase under its share repurchase program. No shares were repurchased by Hertz Holdings under the program during 2019, 2018 or 2017. Hertz Holdings primarily funds repurchases of its common stock through dividends from Hertz or amounts borrowed under the master loan agreement. Credit agreements governing Hertz’s Senior Facilities, Letter of Credit Facility and Alternative Letter of Credit Facility restrict Hertz’s ability to make dividends and certain payments, including payments to Hertz Holdings for share repurchases.

OFF BALANCE SHEET COMMITMENTS AND ARRANGEMENTS

Indemnification Obligations

In the ordinary course of business, we execute contracts involving indemnification obligations customary in the relevant industry and indemnifications specific to a transaction such as the sale of a business. These indemnification obligations might include claims relating to the following: environmental matters; intellectual property rights; governmental regulations and employment-related matters; customer, supplier and other commercial contractual relationships and financial matters. Performance under these indemnification obligations would generally be triggered by a breach of terms of the contract or by a third-party claim. We regularly evaluate the probability of having to incur costs associated with these indemnification obligations and have accrued for expected losses that are probable and estimable. The types of indemnification obligations for which payments are possible include the following:

Certain former Stockholders; Directors

We have entered into indemnification agreements with each of our directors and certain of our executive officers. Hertz entered into customary indemnification agreements with Hertz Holdings pursuant to which Hertz Holdings and Hertz
ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (Continued)

will indemnify those entities and certain of our former stockholders and their affiliates and their respective affiliates, directors, officers, partners, members, employees, agents, representatives and controlling persons, against certain liabilities arising out of performance of a consulting agreement with Hertz Holdings and each of such entities and certain other claims and liabilities, including liabilities arising out of financing arrangements or securities offerings. We do not believe that these indemnifications are reasonably likely to have a material impact on us.

Environmental

We have indemnified various parties for the costs associated with remediating numerous hazardous substance storage, recycling or disposal sites in many states and, in some instances, for natural resource damages. The amount of any such expenses or related natural resource damages for which we may be held responsible could be substantial. The probable expenses that we expect to incur for such matters have been accrued, and those expenses are reflected in our consolidated financial statements within accrued liabilities. Amounts accrued represent the estimated cost to study potential environmental issues at sites deemed to require investigation or clean-up activities, and the estimated cost to implement remediation actions, including on-going maintenance, as required. Initial cost estimates are based on historical experience at similar sites and are refined over time on the basis of in-depth studies of the sites. For many sites, the remediation costs and other damages for which we ultimately may be responsible cannot be reasonably estimated because of uncertainties with respect to factors such as our connection to the site, the materials there, the involvement of other potentially responsible parties, the application of laws and other standards or regulations, site conditions, and the nature and scope of investigations, studies, and remediation to be undertaken (including the technologies to be required and the extent, duration, and success of remediation).

EMPLOYEE RETIREMENT BENEFITS

Pension

We sponsor defined benefit pension plans worldwide. Pension obligations give rise to expenses that are dependent on assumptions discussed in Note 7, "Employee Retirement Benefits," to the Notes to our consolidated financial statements included in this 2019 Annual Report under the caption Item 8, "Financial Statements and Supplementary Data."

Our 2019 worldwide net periodic pension expense included in the accompanying consolidated statement of operations for the year ended December 31, 2019 is $9 million, which represents an increase in charges of $15 million from 2018. The net periodic pension charges increased in 2019 compared to 2018 primarily due to a decrease in expected return on plan assets year over year.

The funded status (i.e., the dollar amount by which the projected benefit obligations exceeded the market value of pension plan assets) of the Hertz Retirement Plan, in which most domestic employees participate, improved in December 31, 2019, compared with December 31, 2018 primarily due to an increase in plan assets year over year. We did not contribute to the Hertz Retirement Plan during 2019, and we do not anticipate contributing to the Hertz Retirement Plan during 2020. For the international plans, we anticipate contributing $3 million during 2020. The level of 2020 and future contributions will vary, and is dependent on a number of factors including investment returns, interest rate fluctuations, plan demographics, funding regulations and the results of the final actuarial valuation.

We participate in several "multiemployer" pension plans. In the event that we withdraw from participation in one of these plans, then applicable law could require us to make an additional lump-sum contribution to the plan, payable in installments over a minimum of twenty years, which would be reflected as a liability on a discounted basis on our consolidated balance sheet. Our withdrawal liability for any multiemployer plan would depend on the extent of the plan's funding of vested benefits. Our multiemployer plans could have significant underfunded liabilities. Such underfunding may increase in the event other employers become insolvent or withdraw from the applicable plan or upon the inability or failure of withdrawing employers to pay their withdrawal liability. In addition, such underfunding may increase as a result of lower than expected returns on pension fund assets or other funding deficiencies. The occurrence of any of these events could have a material adverse effect on our consolidated financial position, results of operations or cash flows. For a discussion of the risks associated with our pension plans, see Item 1A, "Risk Factors" in this 2019 Annual Report.
ITEM 7.  MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (Continued)

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Our discussion and analysis of financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of the consolidated financial statements requires management to make estimates and judgments that affect the reported amounts in our consolidated financial statements and accompanying notes.

The following accounting policies involve a higher degree of judgment and complexity in their application, and therefore, represent the critical accounting policies used in the preparation of our consolidated financial statements. If different assumptions or conditions were to prevail, the results could be materially different from our reported results. For additional discussion of our critical accounting policies, as well as our significant accounting policies, see Note 2, “Significant Accounting Policies,” to the Notes to our consolidated financial statements included in this 2019 Annual Report under the caption Item 8, “Financial Statements and Supplementary Data.”

Revenue Earning Vehicles

Our principal assets are revenue earning vehicles, which represented approximately 56% of our total assets as of December 31, 2019. Revenue earning vehicles consists of vehicles utilized in our vehicle rental operations and our Donlen business. For the year ended December 31, 2019, 39% of the vehicles purchased for our combined U.S. and International vehicle rental fleets were vehicles purchased under repurchase or guaranteed depreciation programs with vehicle manufacturers, or program vehicles.

Under our vehicle repurchase programs, the manufacturers agree to repurchase vehicles at a specified price or guarantee the depreciation rate on the vehicles during established repurchase or auction periods, subject to, among other things, certain vehicle condition, mileage and holding period requirements. Guaranteed depreciation programs guarantee on an aggregate basis the residual value of the vehicles covered by the programs upon sale according to certain parameters which include the holding period, mileage and condition of the vehicles. We record a provision for excess mileage and vehicle condition, as necessary, during the holding period. These repurchase and guaranteed depreciation programs limit our residual risk with respect to vehicles purchased under the programs and allow us to reduce the variability of depreciation expense for such vehicles, however, typically the acquisition cost is higher. Incentives received from the manufacturers for purchases of vehicles reduce the cost.

For all other vehicles, we use historical experience, industry residual value guidebooks and the monitoring of market conditions to set depreciation rates. Generally, when revenue earning vehicles are acquired outside of a vehicle repurchase program, (i.e., non-program vehicles) we estimate the period that we will hold the asset, primarily based on historical measures of the amount of rental activity (e.g., automobile mileage) and the targeted age of vehicles at the time of disposal. We also estimate the residual value of the applicable revenue earning vehicles at the expected time of disposal. The residual values for rental vehicles are affected by many factors, including make, model and options, age, physical condition, mileage, sale location, time of the year and channel of disposition (e.g., auction, retail, dealer direct). Depreciation is recorded over the estimated holding period. Depreciation rates are reviewed on a quarterly basis based on management's ongoing assessment of present and estimated future market conditions, their effect on residual values at the expected time of disposal and the estimated holding periods. Market conditions for used vehicle sales can also be affected by external factors such as the economy, natural disasters, fuel prices, used vehicle supply levels, and incentives offered by manufacturers of new vehicles. These key factors are considered when estimating future residual values. Depreciation rates are adjusted prospectively through the remaining expected life. As a result of this ongoing assessment, we make periodic adjustments to depreciation rates of revenue earning vehicles in response to changing market conditions. Upon disposal of revenue earning vehicles, depreciation of revenue earning vehicles and lease charges in the accompanying statements of operations is adjusted for any difference between the net proceeds received and the remaining net book value and a corresponding gain or loss is recorded.

Within Donlen, revenue earning vehicles are leased under longer term agreements with our customers. These leases contain provisions whereby we have a contracted residual value guaranteed to us by the lessee, such that we rarely experience any economic gains or losses on the disposal of these vehicles. Donlen accounts for its lease contracts using the appropriate lease classifications.
Self-insured Liabilities

Self-insured liabilities on our consolidated balance sheets include public liability, property damage, general liability, liability insurance supplement, personal accident insurance, and workers compensation. These represent an estimate for both reported accident claims not yet paid, and claims incurred but not yet reported and are recorded on an undiscounted basis. Reserve requirements are based on rental volume and actuarial evaluations of historical accident claim experience and trends, as well as future projections of ultimate losses, expenses and administrative costs. The adequacy of the liability is regularly monitored based on evolving accident claim history and insurance related state legislation changes. If our estimates change or if actual results differ from these assumptions, the amount of the recorded liability is adjusted to reflect these results.

Recoverability of Goodwill and Indefinite-lived Intangible Assets

On an annual basis as of October 1, and at interim periods when circumstances require as a result of a triggering event, we test the recoverability of our goodwill and indefinite-lived intangible assets by performing an impairment analysis. An impairment is deemed to exist if the carrying value of goodwill or indefinite-lived intangible assets exceed their fair value as determined using level 3 inputs under the GAAP fair value hierarchy. The reviews of fair value involve judgment and estimates, including projected revenues, royalty rates and discount rates. We believe our valuation techniques and assumptions are reasonable for this purpose.

For goodwill, we determine the fair value using an income approach based on the discounted cash flows of each reporting unit. A reporting unit is an operating segment or a business one level below that operating segment (the component level) if discrete financial information is prepared and regularly reviewed by segment management. Components are aggregated into a single reporting unit when they have similar economic characteristics. The Company has four reporting units: U.S. Rental Car, Europe Rental Car, Other International Rental Car and Donlen. Key assumptions used in the discounted cash flow valuation model include discount rates, growth rates, cash flow projections, tax rates and terminal value rates. Discount rates are set by using the Weighted-Average Cost of Capital (“WACC”) methodology. The WACC methodology considers market and industry data as well as Company specific risk factors for each reporting unit in determining the appropriate discount rates to be used. The discount rate utilized for each reporting unit is indicative of the return an investor would expect to receive for investing in such a business. Our cash flow projections represent management's most recent planning assumptions, which are based on a combination of industry outlooks, views on general economic conditions, our expected pricing plans and expected future savings. Terminal value rates are determined using a common methodology of capturing the present value of perpetual cash flow estimates beyond the last projected period assuming a constant WACC and long-term growth rates.

Our indefinite-lived intangible assets primarily consist of the Hertz and Dollar Thrifty tradenames. For tradenames, we determine the fair value using a relief from royalty approach, which utilizes our revenue projections for each asset along with assumptions for royalty rates, tax rates and the WACC.

A significant decline in either projected revenues, projected cash flows or increased discount rates (the WACC) used to determine fair value could result in an impairment charge.

In 2017, as a result of declines in revenue and profitability of the Company and a decline in the share price of Hertz Global's common stock, the Company tested the recoverability of its goodwill and indefinite-lived intangible assets as of June 30, and concluded that there was an impairment of the Dollar Thrifty tradename in its U.S. Rental Car segment and recorded a charge of $86 million. The impairment was largely due to a decrease in long-term revenue projections coupled with an increase in the weighted-average cost of capital. Subsequent to recording the impairment charge, the carrying value of the Dollar Thrifty tradename was approximately $934 million, representing its estimated fair value. A change of one percentage point to the weighted-average cost of capital assumption used in the impairment analysis would have impacted the impairment charge by approximately $80 million.

The Company also tested the recoverability of its goodwill and indefinite-lived intangible assets as of its annual test dates of October 1, 2018 and 2019, the results of which indicated that the estimated fair value of each reporting unit
ITEM 7. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (Continued)

and tradenames was in excess of its carrying value by more than 10% in all instances, therefore, the Company concluded there was no impairment.

**Subrogation Receivables**

Subrogation receivables represent recoveries that the Company is contractually entitled to receive for vehicle damage caused while a vehicle is on rent with a customer. The amount of subrogation receivables recorded by the Company reflects our best estimate of both billed and unbilled recoveries from customers and/or third parties and represents the amount of damage the Company expects to recover. We estimate recoveries based on the relationship between historical collection data from subrogation claims and total damage expense, as well as other inputs, such as historical recovery periods, average recovery rates, average recovery dollars and other qualitative facts and circumstances.

**Income Taxes**

Our income tax expense or benefit, deferred tax assets and liabilities and liabilities for unrecognized tax benefits reflect management's best assessment of estimated current and future taxes to be paid. Deferred tax asset valuation allowances and our liabilities for unrecognized tax benefits require significant management judgment regarding applicable statutes and their related interpretation, the status of various income tax audits and our particular facts and circumstances.

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Valuation allowances are estimated and recorded to reduce deferred tax assets when it is more likely than not that a tax benefit will not be realized. In evaluating our ability to recover our deferred tax assets within the jurisdiction from which they arise, we consider all available positive and negative evidence, including scheduled reversals of deferred tax liabilities, projected future taxable income, tax planning strategies, and results of operations. In projecting future taxable income, we consider historical results and incorporate assumptions about the amount of future state, federal and foreign pretax operating income adjusted for items that do not have tax consequences. Our assumptions regarding future taxable income are consistent with the plans and estimates we use to manage our underlying businesses. Subsequent changes to enacted tax rates and changes to the global mix of operating results will result in changes to the tax rates used to calculate deferred taxes and any related valuation allowances. We record deferred tax assets for net operating loss carry forwards in various tax jurisdictions when applicable. Upon utilization of those carry forwards, the taxing authorities may examine the positions that led to the generation of those net operating losses and determine that some of those losses are disallowed, which could result in additional income tax payable to the Company.

We evaluate our exposures associated with our various tax filing positions and recognize a tax benefit only if it is more likely than not that the tax position will be sustained upon examination by the relevant taxing authorities, including resolutions of any related appeals or litigation processes, based on the technical merits of our position. For uncertain tax positions that do not meet this threshold, we record a related liability. We adjust our unrecognized tax benefit liability and income tax expense in the period in which the uncertain tax position is effectively settled, the statute of limitations expires for the relevant taxing authority to examine the tax position or when new information becomes available. There is a reasonable possibility that our unrecognized tax benefit liability will be adjusted within twelve months due to the expiration of a statute of limitations and/or resolution of examinations with taxing authorities.

We record deferred tax assets for net operating loss carry forwards in various tax jurisdictions when applicable. Upon utilization of those carry forwards, the taxing authorities may examine the positions that led to the generation of those net operating losses and determine that some of those losses are disallowed, which could result in additional income tax payable to the Company.

For a discussion of recent accounting pronouncements, see Note 2, “Significant Accounting Policies,” — “Recently Issued Accounting Pronouncements,” to the Notes to our consolidated financial statements included in this 2019 Annual Report under the caption Item 8, “Financial Statements and Supplementary Data.”

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

RISK MANAGEMENT

For a discussion of additional risks arising from our operations, including vehicle liability, general liability and property damage insurable risks, see “Item 1—Business—Risk Management” in this 2019 Annual Report.

Market Risks

We are exposed to a variety of market risks, including the effects of changes in interest rates (including credit spreads), foreign currency exchange rates and fluctuations in fuel prices. We manage our exposure to these market risks through our regular operating and financing activities and, when deemed appropriate, through the use of derivative financial instruments. Derivative financial instruments are viewed as risk management tools and have not been used for speculative or trading purposes. In addition, derivative financial instruments are entered into with a diversified group of major financial institutions in order to manage our exposure to counterparty nonperformance on such instruments.

Interest Rate Risk

We have a significant amount of debt with a mix of fixed and variable rates of interest. Floating rate debt carries interest based generally on LIBOR, Euro inter-bank offered rate (“EURIBOR”) or their equivalents for local currencies or bank conduit commercial paper rates plus an applicable margin. Increases in interest rates could therefore significantly increase the associated interest payments that we are required to make on this debt. See Note 5, "Debt," to the Notes to our consolidated financial statements included in this 2019 Annual Report under the caption Item 8, “Financial Statements and Supplementary Data.”

We have assessed our exposure to changes in interest rates by analyzing the sensitivity to our operating results assuming various changes in market interest rates. Assuming a hypothetical increase of one percentage point in interest rates on our debt portfolio and cash equivalents and investments as of December 31, 2019, our pre-tax operating results would decrease by an estimated $52 million over a twelve-month period.

From time to time, we may enter into interest rate swap agreements and/or interest rate cap/floor agreements to manage interest rate risk and our mix of fixed and floating rate debt. As of December 31, 2019, we do not have material exposures resulting from our interest rate swap agreements or interest rate cap/floor agreements. See Note 11, “Financial Instruments,” to the Notes to our consolidated financial statements included in this 2019 Annual Report under the caption Item 8, “Financial Statements and Supplementary Data.”

Consistent with the terms of certain agreements governing the respective debt obligations, we may be required to hedge a portion of the floating rate interest exposure under the various debt facilities to provide protection in respect of such exposure.

Foreign Currency Exchange Rate Risk

We have exposure to foreign currency exchange rate fluctuations worldwide and primarily with respect to the Euro, Canadian dollar, Australian dollar and British pound.

We manage our foreign currency exchange rate risk primarily by incurring, to the extent practicable, operating and financing expenses in the local currency in the countries in which we operate, including making fleet purchases and borrowing locally. Also, we have purchased foreign currency exchange rate options to manage exposure to fluctuations in foreign currency exchange rates for selected cross currency marketing programs. Our risks with respect to foreign currency exchange rate options are limited to the premium paid for the right to exercise the option and the future performance of the option's counterparty.

We also manage exposure to fluctuations in currency risk on cross currency intercompany loans we make to certain of our subsidiaries by entering into foreign currency forward contracts at the time the loans are entered which are intended to offset the impact of foreign currency movements on the underlying intercompany loan obligations. See
ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK (Continued)

Note 11, “Financial Instruments,” to the Notes to our consolidated financial statements included in this 2019 Annual Report under the caption Item 8, “Financial Statements and Supplementary Data.”

We do not hedge our operating results against currency movement as they are primarily translational in nature. Using foreign currency forward rates as of December 31, 2019, we expect revenue to be positively impacted by approximately 0.1% over a twelve-month period. Additionally, each one percentage point change in foreign currency movements is estimated to impact our Adjusted Corporate EBITDA by an estimated $1 million over a twelve-month period.

Fuel Risks

We purchase unleaded gasoline and diesel fuel at prevailing market rates. We are subject to price exposure related to the fluctuations in the price of fuel. We anticipate that fuel risk will remain a market risk for the foreseeable future. We have determined that a 10% hypothetical change in the price of fuel will not have a material impact on our operating results.

Inflation

The increased cost of vehicles is the primary inflationary factor affecting us. Many of our other operating expenses are also expected to increase with inflation, including health care costs and gasoline. Management does not expect that the effect of inflation on our overall operating costs will be greater for us than for our competitors.

Other Income Tax Related Matters

Prior to the TCJA, we operated a like-kind exchange (“LKE”) program for our U.S. vehicle rental business. The program resulted in deferral of federal and state income taxes for fiscal years 2006 through 2009 and 2013 through 2017, and part of 2010 and 2012. The TCJA repealed the LKE deferral rules as applicable to personal property, including rental vehicles. To offset the detriment of LKE repeal for personal property, we will utilize the increases to existing first-year depreciation from 50 percent to 100 percent (“bonus depreciation”) under the TCJA. Generally, the bonus depreciation percentage is increased for property acquired and placed in service after September 27, 2017, and before January 1, 2023. At that point, a progressive step-down in bonus depreciation begins, with 80 percent permitted in 2023, 60 percent in 2024, 40 percent in 2025, and 20 percent in 2026.

Given the repeal of LKE and changes to bonus depreciation, we could incur material cash tax payments in the future.

In connection with the Spin-Off in 2016, Herc Holdings received a private letter ruling from the IRS to the effect that, subject to the accuracy of and compliance with certain representations, assumptions and covenants, (i) the Spin-Off will qualify as a tax-free transaction under Sections 355 and 368(a)(1)(D) of the Code, and (ii) the internal spin-off transactions will qualify as tax-free under Section 355 of the Code. A private letter ruling from the IRS generally is binding on the IRS. However, the IRS ruling did not rule that the Spin-Offs satisfied every requirement for a tax-free spin-off, and Herc Holdings and Hertz Global relied solely on opinions of professional advisors to determine that such additional requirements were satisfied. The ruling and the opinions relied on certain facts, assumptions, representations and undertakings from Herc Holdings and Hertz Holdings regarding the past and future conduct of the companies’ respective businesses and other matters. If any of these facts, assumptions, representations or undertakings were incorrect or not otherwise satisfied, Herc Holdings and Hertz Global, and their affiliates may not be able to rely on the ruling or the opinions of tax advisors and could be subject to significant tax liabilities. Notwithstanding the private letter ruling and opinions of tax advisors, the IRS could determine on audit that the Spin-Offs and related transactions are taxable if it determines that any of these facts, assumptions, representations or undertakings are not correct or have been violated or if it disagrees with the conclusions in the opinions that are not covered by the private letter ruling, or for any other reason, including as a result of certain significant changes in the stock ownership of Herc Holdings or Hertz Global after the Spin-Off. If the Spin-Offs or related transactions are determined to be taxable for U.S. federal income tax purposes, Herc Holdings and Hertz Global and, in certain cases, their stockholders (at the time of the Spin-Off) could incur significant U.S. federal income tax liabilities, including taxation on the value of the Hertz Global stock distributed in the Spin-Off and the value of other companies distributed in the internal Spin-Off transactions, and Hertz Global could incur significant liabilities, either directly to the tax authorities or under a Tax Matters Agreement entered into with Herc Holdings.
The IRS completed its audit of our 2007 to 2009 tax returns and surveyed 2010 and 2011 tax returns and had no changes to the previously-filed tax returns. Currently, our 2014 through 2016 tax years are under audit by the IRS.

To the Stockholders and the Board of Directors of Hertz Global Holdings, Inc.

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheet of Hertz Global Holdings, Inc. and its subsidiaries (the Company) as of December 31, 2019, the related consolidated statements of operations, comprehensive income (loss), changes in equity and cash flows for the year then ended, and the related notes and financial statement schedules listed in the Index at Item 15(a) (collectively referred to as the “consolidated financial statements”). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company at December 31, 2019, and the results of its operations and its cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company's internal control over financial reporting as of December 31, 2019, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) and our report dated February 25, 2020 expressed an unqualified opinion thereon.

Adoption of New Accounting Standard

As discussed in Note 2 to the consolidated financial statements, the Company changed its method of accounting for leases as a result of the adoption of Accounting Standards Update (ASU) No. 2016-02, Leases (Topic 842), and the related amendments effective January 1, 2019. See below for discussion of our related critical audit matter.

Basis for Opinion

These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's consolidated financial statements based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audit provides a reasonable basis for our opinion.

Critical Audit Matters

The critical audit matters communicated below are matters arising from the current period audit of the consolidated financial statements that were communicated or required to be communicated to the audit committee and that: (1) relate to accounts or disclosures that are material to the consolidated financial statements and (2) involved our especially challenging, subjective or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matters below, providing separate opinions on the critical audit matters or on the accounts or disclosures to which they relate.
Adoption of New Lease Standard

As more fully described above and in Note 2 to the consolidated financial statements, the Company changed its method of accounting for leases upon its adoption of the new lease standard, ASC 842 - Leases ("ASC 842"), on January 1, 2019, which included recognizing a right-of-use asset and corresponding lease liability based on the present value of future lease payments. Upon adoption, the Company recorded $1.585 billion of operating lease right-of-use assets and $1.588 billion of operating lease liabilities on the consolidated balance sheet.

Auditing the adoption of ASC 842 was challenging due to the volume and variety of lease contracts the Company is a party to in the normal course of business. Specifically, the calculation of the Company's operating lease right-of-use asset and operating lease liability involved subjective auditor judgment due to the complexity of evaluating the varying lease payments and other terms within the lease agreements. For example, certain leases include guaranteed minimum lease payments which required evaluation for inclusion in the right-of-use asset and lease liability calculations.

How We Addressed the Matter in Our Audit

We obtained an understanding, evaluated the design and tested the operating effectiveness of internal controls over the Company's ASC 842 adoption process. For example, we tested controls over the Company's process for evaluating the completeness of their lease population, assessing the terms of their lease agreements and reviewing their right-of-use asset and lease liability calculations.

To test the right-of-use asset and related lease liabilities recognized in connection with the Company's adoption of ASC 842, our audit procedures included, among others, assessing the Company's accounting policy under the new standard, evaluating the terms of the Company's lease agreements, and evaluating management's application of the standard to their lease agreements. For example, we inspected a sample of lease agreements and assessed the lease payment terms within those agreements to determine whether the payment amounts were required to be included in the right-of-use asset and lease liability calculations. We also performed procedures to evaluate the completeness of the population of leases used to determine and record the right-of-use asset and lease liability and tested that the right-of-use asset and lease liability recorded upon adoption of the standard was complete and accurate.

Calculation of Non-Program Depreciation on Revenue Earning Vehicles

For the year ended December 31, 2019, depreciation of revenue earning vehicles and lease charges was $2.565 billion, including gains and losses on disposals. As discussed in Note 2 to the consolidated financial statements, depreciation rates are reviewed on a quarterly basis based on management's ongoing assessment of present and estimated future market conditions, the effect of these conditions on residual values at the expected time of disposal and the estimated holding period for the revenue earning vehicles. The Company's fleet is comprised of vehicles that are subject to vehicle repurchase programs ("program vehicles") and ("non-program vehicles"). For program vehicles, the manufacturers guarantee a specified price or depreciation rate upon disposal, versus non-program vehicles where the Company estimates the residual value of the vehicle at the expected time of disposal.

Auditing the Company's calculation of depreciation for non-program vehicles was complex due to the significant estimation uncertainty and management judgment to determine the estimated residual values at the expected time of disposal. The significant estimation uncertainty was primarily due to management's assumptions of future consumer demand for vehicles within their current fleet, the disposal channel of those vehicles and other external market conditions. Additionally, auditing the calculation of depreciation was challenging due to the volume of data inputs utilized in management's calculation, including historical sales data from multiple sources at varying levels of disaggregation along with additional data specific to the Company's current fleet.
We obtained an understanding, evaluated the design and tested the operating effectiveness of internal controls over the Company's measurement of depreciation expense for non-program vehicles. For example, we tested controls over management's quarterly review of the depreciation rates, which included their procedures to validate the completeness and accuracy of the data used in the calculation and their assessment of significant assumptions, specifically the estimated residual values of non-program vehicles.

To test the depreciation calculation for non-program vehicles, our audit procedures included, among others, testing the completeness and accuracy of the underlying data by comparing historical sales data and vehicle information used in the calculation (e.g., make, model, trim) to external sources and the Company's records. We tested the base depreciation rate calculations performed within the IT application and evaluated the reasonableness of other significant assumptions such as resale market conditions, including consumer demand for specific vehicles, and disposition channels to assess the reasonableness of the residual value estimates made by management. Additionally, we performed analytical procedures to evaluate historical gains and losses recognized upon disposal in order to retrospectively review the reasonableness of management's estimates.

Valuation of Self-insurance Liabilities

As disclosed in Notes 2 and 14 to the consolidated financial statements, the Company is self-insured for public liability, property damage, general liability, liability insurance supplement, and worker's compensation, with the Company's public liability and property damage reserve representing the largest balance at $399 million as of December 31, 2019. The Company records liabilities for these matters based on actuarial analyses of historical claim activity and estimates of both reported accident claims not yet paid, and claims incurred but not yet reported. The actuarial analyses that determine the claims incurred but not yet reported portion of the liability balances considers a variety of factors, including the frequency and severity of losses, changes in claim reporting and resolution patterns, insurance industry practices, the regulatory environment and legal precedent.

Auditing the self-insurance liabilities is complex and required the involvement of actuarial specialists due to the significant measurement uncertainty associated with the estimate, management's application of complex judgments, and the use of actuarial methods. In addition, the self-insurance reserve estimate is sensitive to management's assumptions, including claim frequency, actuarial evaluations of historical claim experience, and future projections of ultimate losses, expenses and administrative costs used in the computation of self-insurance liabilities.

We obtained an understanding, evaluated the design and tested the operating effectiveness of internal controls over the Company's self-insurance liability process. For example, we tested controls over management's review of the assumptions outlined above that are used in the self-insurance liability calculation and the completeness and accuracy of the data underlying the self-insurance liability.

To test the valuation of the self-insurance liabilities, we performed audit procedures that included, among others, testing the completeness and accuracy of the underlying claims data used to develop the related reserves. Furthermore, we involved our actuarial specialists to assist us in evaluating the models used by management and the reasonableness of assumptions used in those models (e.g., actuarial evaluations of historical claim experience and future projections of ultimate losses, expenses and administrative costs). We compared the Company's reserve to a range developed by our actuarial specialists based on the underlying claims data and independently selected assumptions.

To the Stockholders and the Board of Directors of Hertz Global Holdings, Inc.

Opinion on Internal Control Over Financial Reporting

We have audited Hertz Global Holdings, Inc. and subsidiaries' internal control over financial reporting as of December 31, 2019, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) (the COSO criteria). In our opinion, Hertz Global Holdings, Inc. and its subsidiaries (the Company) maintained, in all material respects, effective internal control over financial reporting as of December 31, 2019, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated balance sheet of the Company as of December 31, 2019, the related consolidated statements of operations, comprehensive income (loss), changes in equity and cash flows for the year then ended, and the related notes and consolidated financial statement schedules listed in the Index at Item 15(a) and our report dated February 25, 2020 expressed an unqualified opinion thereon.

Basis for Opinion

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control over Financial Reporting appearing under Item 9A. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects.

Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control Over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.
Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Note 1—Background

Hertz Global Holdings, Inc. ("Hertz Global" when including its subsidiaries and VIEs and "Hertz Holdings" excluding its subsidiaries and VIEs) was incorporated in Delaware in 2015 to serve as the top-level holding company for Rental Car Intermediate Holdings, LLC, which wholly owns The Hertz Corporation ("Hertz" and interchangeably with Hertz Global, the "Company"), Hertz Global's primary operating company. Hertz was incorporated in Delaware in 1967 and is a successor to corporations that have been engaged in the vehicle rental and leasing business since 1918. Hertz operates its vehicle rental business globally primarily through the Hertz, Dollar and Thrifty brands from company-owned, licensee and franchisee locations in the U.S., Africa, Asia, Australia, Canada, the Caribbean, Europe, Latin America, the Middle East and New Zealand. Through its Donlen subsidiary, Hertz provides vehicle leasing and fleet management services.

Note 2—Significant Accounting Policies

Accounting Principles

The Company's consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Reclassifications

Certain prior period amounts have been reclassified to conform with current period presentation.

Principles of Consolidation

The consolidated financial statements of Hertz Global include the accounts of Hertz Global, its wholly owned and majority owned U.S. and international subsidiaries, and its VIEs, as applicable. The consolidated financial statements of Hertz include the accounts of Hertz, its wholly owned and majority owned U.S. and international subsidiaries, and its VIEs, as applicable. The Company consolidates a VIE when it is deemed the primary beneficiary. The Company accounts for its investment in joint ventures using the equity method when it has significant influence but not control and is not the primary beneficiary. All significant intercompany transactions have been eliminated in consolidation.

Out of Period Adjustments

The Company identified a misstatement in its prior period consolidated financial statements related to the income tax provision that it corrected during the fourth quarter of 2019. This error was the result of an incorrect apportionment factor applied in the valuation allowance calculation during 2017; the cumulative impact of the adjustment was an increase in net loss of approximately $27 million. The Company considered both quantitative and qualitative factors in assessing the materiality of the item and determined that the misstatement was not material to any prior period and not material to the year ended December 31, 2019.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and footnotes. Actual results could differ materially from those estimates.

Significant estimates inherent in the preparation of the consolidated financial statements include depreciation of revenue earning vehicles, reserves for litigation and other contingencies, accounting for income taxes and related uncertain tax positions, pension and postretirement benefit costs, the recoverability of long-lived assets, useful lives and impairment of long-lived tangible and intangible assets including goodwill, valuation of stock-based compensation, public liability and property damage reserves, allowance for doubtful accounts, the retail value of loyalty points, and fair value of financial instruments, among others.

94
Revenue Earning Vehicles

Revenue earning vehicles are stated at cost, net of related discounts and incentives from manufacturers. Holding periods typically range from six to thirty-six months. Generally, when revenue earning vehicles are acquired outside of a vehicle repurchase program, the Company estimates the period that the Company will hold the asset, primarily based on historical measures of the amount of rental activity (e.g., automobile mileage). The Company also estimates the residual value of the applicable revenue earning vehicles at the expected time of disposal, taking into consideration factors such as make, model and options, age, physical condition, mileage, sale location, time of the year and channel of disposition (e.g., auction, retail, dealer direct) and market conditions. Depreciation is recorded over the estimated holding period. Depreciation rates are reviewed on a quarterly basis based on management's ongoing assessment of present and estimated future market conditions, their effect on residual values at the expected time of disposal and the estimated holding periods. Gains and losses on the sale of vehicles, including the costs associated with disposals, are included in depreciation of revenue earning vehicles and lease charges in the accompanying consolidated statements of operations.

For vehicles acquired under the Company's vehicle repurchase programs ("program vehicles"), the manufacturers agree to repurchase program vehicles at a specified price or guarantee the depreciation rate on the vehicles during established repurchase or auction periods, subject to, among other things, certain vehicle condition, mileage and holding period requirements. Guaranteed depreciation programs guarantee on an aggregate basis the residual value of the program vehicle upon sale according to certain parameters which include the holding period, mileage and condition of the vehicles. The Company records a provision in accumulated depreciation for excess mileage and vehicle condition, as necessary, during the holding period.

Donlen's revenue earning vehicles are leased under long term agreements with its customers. These leases contain provisions whereby Donlen has a contracted residual value guaranteed by the lessee, such that it does not bear the risk of any gains or losses on the disposal of these vehicles. Donlen accounts for its lease contracts using the appropriate lease classifications.

The Company continually evaluates revenue earning vehicles to determine whether events or changes in circumstances have occurred that may warrant revision of the residual value or holding period.

Self-insured Liabilities

Self-insured liabilities in the accompanying consolidated balance sheets include public liability, property damage, general liability, liability insurance supplement, personal accident insurance, and worker's compensation. These represent an estimate for both reported accident claims not yet paid, and claims incurred but not yet reported and are recorded on an undiscounted basis. Reserve requirements are based on rental volume and actuarial evaluations of historical accident claim experience and trends, as well as future projections of ultimate losses, expenses and administrative costs. The adequacy of the liability is regularly monitored based on evolving accident claim history and insurance related state legislation changes. If the Company's estimates change or if actual results differ from these assumptions, the amount of the recorded liability is adjusted to reflect these results.

Recoverability of Goodwill and Indefinite-lived Intangible Assets

The Company tests the recoverability of its goodwill and indefinite-lived intangible assets by performing an impairment analysis on an annual basis, as of October 1, and at interim periods when circumstances require as a result of a triggering event.

A goodwill impairment charge is calculated as the amount by which a reporting unit's carrying amount exceeds its fair value. For goodwill, fair value is determined using an income approach based on the discounted cash flows of each reporting unit. A reporting unit is an operating segment or a business one level below that operating segment (the component level) if discrete financial information is prepared and regularly reviewed by segment management. Components are aggregated into a single reporting unit when they have similar economic characteristics. The Company has four reporting units: U.S. Rental Car, Europe Rental Car, Other International Rental Car and Donlen. The fair
values of the reporting units are estimated using the net present value of discounted cash flows generated by each reporting unit and incorporate various assumptions related to discount rates, growth rates, cash flow projections, tax rates and terminal value rates specific to the reporting unit to which they are applied. Discount rates are set by using the Weighted-Average Cost of Capital ("WACC") methodology. The Company's discounted cash flows are based upon reasonable and appropriate assumptions about the underlying business activities of the Company's reporting units.

In the impairment analysis for an indefinite-lived intangible asset, the Company compares the carrying value of the asset to its estimated fair value and recognizes an impairment charge whenever the carrying amount of the asset exceeds its estimated fair value. The estimated fair value for a tradename utilizes a relief from royalty approach, which includes the Company's revenue projections for each asset, along with assumptions for royalty rates, tax rates and WACC.

**Subrogation Receivables**

The Company records receivables for vehicle damage caused while a vehicle is on rent with a customer based on billed and unbilled recoveries and represents the amount of damage the Company expects to recover. Amounts recorded are estimated using a combination of actual historical data with respect to damage expense and collections and other facts and circumstances. Subrogation receivables are recorded as a contra-expense (i.e. a credit to direct vehicle and operating expense in the accompanying consolidated statements of operations) in the period in which the expense was incurred. The Company had net subrogation receivables of $109 million and $84 million which are included in non-vehicle receivables, net in the accompanying consolidated balance sheets as of December 31, 2019 and 2018, respectively.

**Income Taxes**

The Company recognized the effects of income tax reform, the TCJA, when enacted in its 2017 financial statements in accordance with Staff Accounting Bulletin No. 118 ("SAB 118"), which provides SEC staff guidance for the application of Topic 740, Income Taxes, in the reporting period in which the TCJA was signed into law. As of December 31, 2018, the Company completed its accounting for and recorded the tax effects of the TCJA and elected to account for taxes on Global Intangible Low-Taxed Income ("GILTI") as incurred. In 2018 and 2019, the Company asserted indefinite reinvestment on certain of its foreign earnings.

**Revenue Recognition**

In February 2016, the Financial Accounting Standards Board (the “FASB”) issued guidance that replaced the existing lease guidance in U.S. GAAP and in 2018 and 2019 issued amendments and updates to the new lease standard (collectively “Topic 842”). The impact of the adoption of Topic 842 is disclosed below in “Recently Issued Accounting Pronouncements.” Upon adoption of Topic 842, on January 1, 2019, the Company accounts for revenue earned from vehicle rentals and rental related activities wherein an identified asset is transferred to the customer and the customer has the ability to control that asset under Topic 842. Prior to the adoption of Topic 842, the Company accounted for such revenue under Revenue from Contracts with Customers ("Topic 606"), and prior to the adoption of Topic 606 the Company recognized revenue under existing guidance under U.S. GAAP ("Topic 605"). As such, vehicle rental and rental related revenue is recognized under Topic 842 for the year ended December 31, 2019, under Topic 606 for the year ended December 31, 2018 and under Topic 605 for the year ended December 31, 2017. The policy that follows herein is applicable under Topics 842, 606 and 605 unless otherwise noted.

The Company recognizes two types of revenue: (i) lease revenue; and (ii) revenue from contracts with customers.

The Company reports revenues for taxes or non-concession fees collected from customers on behalf of governmental authorities on a net basis.

**Vehicle Rental and Rental Related Revenues**

The Company recognizes revenue from its vehicle rental operations when persuasive evidence of a contract exists, the performance obligations have been satisfied, the transaction price is fixed or determinable and collection is
reasonably assured. Performance obligations associated with vehicle rental transactions are satisfied over the rental period, except for the portion associated with loyalty points, as further described below. Rental periods are short term in nature. Performance obligations associated with rental related activities, such as charges to the customer for the fueling of vehicles and value-added services such as loss damage waivers, insurance products, navigation units, supplemental equipment and other consumables, are also satisfied over the rental period. Revenue from charges that are charged to the customer, such as gasoline, vehicle licensing and airport concession fees, is recorded on a gross basis with a corresponding charge to direct vehicle and operating expense. Sales commissions paid to third parties are generally expensed when incurred due to the short-term nature of the related transaction on which the commission was earned and are recorded within selling, general and administrative expense. Payments are due from customers at the completion of the rental, except for customers with negotiated payment terms, generally net 30 days or less, which are invoiced and remain as accounts receivable until collected.

Loyalty Programs - The Company offers loyalty programs, primarily Hertz Gold Plus Rewards, wherein customers are eligible to earn loyalty points that are redeemable for free rental days or can be converted to loyalty points for redemption of products and services under loyalty programs of other companies. Upon adoption of Topic 606, each transaction that generates loyalty points results in the deferral of revenue equivalent to the retail value at the date the points are earned. The associated revenue is recognized when the customer redeems the loyalty points at some point in the future. The retail value of loyalty points is estimated based on the current retail value measured as of the date the loyalty points are earned, less an estimated amount representing loyalty points that are not expected to be redeemed (“breakage”). Breakage is reviewed on a quarterly basis and includes significant assumptions such as historical breakage trends and internal Company forecasts. Under Topic 605, for each transaction that generated loyalty points, the Company would accrue an expense associated with the incremental cost of providing the rental when the reward points were earned.

Customer Rebates - The Company has business customers that rent vehicles based on terms that have been negotiated through contracts with their employers, or other entities with which they are associated (“commercial contracts”), which can differ substantially from the terms on which the Company rents vehicles to the general public. Some of the commercial contracts contain provisions which allow for rebates to the entity based on achieving a specific rental volume threshold. Rebates are treated as lease incentives under Topic 842 and variable consideration under Topic 606, and are recognized as a reduction of revenue at the time of the rental based on the rebate expected to be earned by the entity.

Licensee Revenue

The Company has franchise agreements which allow an independent entity to rent their vehicles under the Company’s brands, primarily Hertz, Dollar or Thrifty, for a fee (“franchise fee”). Franchise fees are earned over time for the duration of the franchise agreement and are typically based on the larger of a minimum payment or an amount representing a percentage of net sales of the franchised business. Under Topic 606, franchise fees are recognized as earned and when collectability is reasonably assured. Franchise fees that relate to a future contract term, such as initial fees or renewal fees, are deferred and recognized over the term of the franchise agreement. Under Topic 605, initial franchise fees were recorded as deferred income when received and were recognized as revenue when all material services and conditions related to the franchise fee had been substantially performed. Renewal franchise fees were recognized as revenue when the license agreements were effective and collectability was reasonably assured.

Ancillary Retail Vehicle Sales Revenue

Ancillary retail vehicle sales represent revenues generated from the sale of warranty contracts, financing and title fees, and other ancillary services associated with vehicles disposed of at the Company’s retail outlets. These revenues are recorded at the point in time when the Company sells the product or provides the service to the customer. These revenues exclude the sale price of the vehicle which is a component of the gain or loss on the disposition and is included in depreciation of revenue earning vehicles and lease charges in the accompanying consolidated statements of operations.
Fleet Management Revenue

The Company's Donlen subsidiary generates revenue from various fleet leasing and fleet management services. Donlen's operating leases for fleets have lease periods that are typically for twelve months, after which the lease converts to a month-to-month lease, allowing the vehicle to be surrendered any time thereafter. The Company's fleet leases contain a terminal rental adjustment clause ("TRAC") where, upon sale of the vehicle following the termination of the lease, a TRAC adjustment may result through which the lessee is credited or charged with the gain or loss on the vehicle's disposal. Such TRAC adjustments are considered variable charges. Fleet management services are comprised of fuel purchasing and management, preventive vehicle maintenance, repair consultation, toll management and accident management. Fleet management revenue is recognized net of any fees collected from customers on behalf of third-party service providers, as services are rendered.

Contract Balances

The Company recognizes receivables and liabilities resulting from its contracts with customers. Contract receivables primarily consist of receivables from customers for vehicle rentals. Contract liabilities primarily consist of obligations to customers for prepaid vehicle rentals and related to the Company's points-based loyalty programs.

Cash, Cash Equivalents, Restricted Cash and Restricted Cash Equivalents

Cash and cash equivalents include cash on hand and highly liquid investments with an original maturity of three months or less. The Company's cash and cash equivalents are invested in various investment grade institutional money market accounts and bank term deposits. Restricted cash and restricted cash equivalents includes cash and cash equivalents that are not readily available for use in the Company's operating activities. Restricted cash and restricted cash equivalents are primarily comprised of proceeds from the disposition of vehicles pledged under the terms of vehicle debt financing arrangements and is restricted for the purchase of revenue earning vehicles and other specified uses under the vehicle debt facilities and the LKE program, cash utilized as credit enhancement under those arrangements, and certain cash accounts supporting regulatory reserve requirements related to the Company's self-insurance. These funds are primarily held in demand deposit accounts or in highly rated money market funds with investments primarily in government and corporate obligations.

Deposits held at financial institutions may exceed the amount of insurance provided on such deposits. Generally, these deposits may be redeemed upon demand and are maintained with financial institutions with reputable credit and therefore bear minimal credit risk. The Company limits exposure relating to financial instruments by diversifying the financial instruments among various counterparties, which consist of major financial institutions.

Receivables, Net of Allowance

Receivables are stated net of allowances and primarily represent credit extended to vehicle manufacturers, customers that satisfy defined credit criteria, and amounts due from customers resulting from damage to rental vehicles. The estimate of the allowance for doubtful accounts is based on the Company's historical experience and its judgment as to the likelihood of ultimate payment. Actual receivables are written-off against the allowance for doubtful accounts when the Company determines the balance will not be collected. Estimates for future credit memos are based on historical experience and are reflected as reductions to revenue, while bad debt expense is reflected as a component of direct vehicle and operating expense in the accompanying consolidated statements of operations.
Property and Equipment, Net

The Company's property and equipment, net consists of the following:

Land is stated at cost and reviewed annually for impairment as further disclosed above in "Long-lived Assets, Including Finite-lived Intangible Assets."

Property and equipment are stated at cost and are depreciated utilizing the straight-line method over the estimated useful lives of the related assets. Useful lives are as follows:

- **Buildings**: 1 to 50 years
- **Furniture and fixtures**: 1 to 5 years
- **Service vehicles and equipment**: 1 to 25 years
- **Leasehold improvements**: The lesser of the economic life or the lease term

Depreciation expense for property and equipment, net for the years ended December 31, 2019, 2018 and 2017 was $122 million, $129 million and $143 million, respectively.

The Company follows the practice of charging maintenance and repair costs for service vehicles, furniture and fixtures, and equipment, including the cost of minor replacements, to maintenance expense.

Long-lived Assets, Including Finite-lived Intangible Assets

Finite-lived intangible assets include concession agreements, technology, customer relationships and other intangibles. Long-lived assets and intangible assets with finite lives, including technology-related intangibles, are amortized using the straight-line method over the estimated economic lives of the assets, which range from one to fifty years and two to twenty years, respectively. Long-lived assets and intangible assets with finite lives are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value of such assets may not be recoverable. Determination of recoverability is based on an estimate of undiscounted future cash flows resulting from the use of the asset and its eventual disposition. Measurement of an impairment loss for long-lived assets that management expects to hold and use is based on the estimated fair value of the asset. Long-lived assets to be disposed of are reported at the lower of carrying value or estimated fair value less costs to sell.

Stock-Based Compensation

The Company measures the cost of employee services received in exchange for an award of equity instruments based on the grant date fair value of the award. That cost is to be recognized over the period during which the employee is required to provide service in exchange for the award. Forfeitures are accounted for when they occur. The Company has estimated the fair value of options issued at the date of grant using a Black-Scholes option-pricing model, which includes assumptions related to volatility, expected term, dividend yield and risk-free interest rate.

The Company accounts for restricted stock unit and performance stock unit awards as equity classified awards. For restricted stock units ("RSUs") the expense is based on the grant-date fair value of the stock and the number of shares that vest, recognized over the service period. For performance stock units ("PSUs") and performance stock awards ("PSAs"), the expense is based on the grant-date fair value of the stock, recognized over a two to four year service.
period depending upon the applicable performance condition. For PSUs and PSAs, the Company re-assesses the probability of achieving the applicable performance condition quarterly and adjusts the recognition of expense accordingly. The Company includes the excess tax benefit within income tax expense in the accompanying consolidated statements of operations when realized.

**Fair Value Measurements**

Generally accepted accounting principles define fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the principal market or, if none exists, the most advantageous market, for the specific asset or liability at the measurement date (referred to as the “exit price”). Fair value is a market-based measurement that is determined based upon assumptions that market participants would use in pricing an asset or liability, including consideration of nonperformance risk.

The Company assesses the inputs used to measure fair value using the three-tier hierarchy promulgated under U.S. GAAP. This hierarchy indicates the extent to which inputs used in measuring fair value are observable in the market.

- **Level 1**: Inputs that reflect quoted prices for identical assets or liabilities in active markets that are observable.
- **Level 2**: Inputs other than quoted prices included in Level 1 that are observable either directly or indirectly, including quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.
- **Level 3**: Inputs that are unobservable to the extent that observable inputs are not available for the asset or liability at the measurement date and include management’s judgment about assumptions market participants would use in pricing the asset or liability.

**Financial Instruments**

The Company is exposed to a variety of market risks, including the effects of changes in interest rates, gasoline and diesel fuel prices and foreign currency exchange rates. The Company manages exposure to these market risks through regular operating and financing activities and, when deemed appropriate, through the use of financial instruments. Financial instruments are viewed as risk management tools and have not been used for speculative or trading purposes. In addition, financial instruments are entered into with a diversified group of major financial institutions in order to manage the Company's exposure to counterparty nonperformance on such instruments. The Company measures all financial instruments at their fair value and does not offset the derivative assets and liabilities in its accompanying consolidated balance sheets. As the Company does not have financial instruments that are designated and qualify as hedging instruments, the changes in their fair value are recognized currently in the Company’s operating results.

**Foreign Currency Translation and Transactions**

Assets and liabilities of international subsidiaries whose functional currency is the local currency are translated at the rate of exchange in effect on the balance sheet date; income and expenses are translated at the average exchange rates throughout the year. The related translation adjustments are reflected in accumulated other comprehensive income (loss) in the accompanying consolidated balance sheets. Foreign currency exchange rate gains and losses resulting from transactions are included in selling, general and administrative expense in the accompanying consolidated statements of operations.

**Advertising**

Advertising and sales promotion costs are expensed the first time the advertising or sales promotion takes place. Advertising costs are reflected as a component of selling, general and administrative expenses in the accompanying consolidated statements of operations and for the years ended December 31, 2019, 2018 and 2017 were $318 million, $238 million and $191 million, respectively.

Divestitures

The Company classifies long-lived assets and liabilities to be disposed of as held for sale in the period in which they are available for immediate sale in their present condition and the sale is probable and expected to be completed within one year. The Company initially measures assets and liabilities held for sale at the lower of their carrying value or fair value less costs to sell and assesses their fair value quarterly until disposed. When the divestiture represents a strategic shift that has (or will have) a major effect on the Company's operations and financial results, the disposal is presented as a discontinued operation.

Recently Issued Accounting Pronouncements

Adopted

Leases

In February 2016, the Financial Accounting Standards Board (the “FASB”) issued guidance that replaced the existing lease guidance in U.S. GAAP and in 2018 and 2019 issued amendments and updates to the new lease standard (collectively “Topic 842”). Topic 842 established a right-of-use (“ROU”) model that requires a lessee to record on the balance sheet a ROU asset and corresponding lease liability based on the present value of future lease payments. Leases are classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. Topic 842 also expanded the requirements for lessees to record leases embedded in other arrangements. Additionally, enhanced quantitative and qualitative disclosures surrounding leases are required which provide financial statement users the ability to assess the amount, timing and uncertainty of cash flows arising from leases.

The Company adopted this guidance effective January 1, 2019 using a simplified transition approach for both lessees and lessors. Prior periods have not been retrospectively adjusted and are in conformance with the then existing guidance under U.S. GAAP for the Company as a lessee (“Topic 840”). Then existing guidance for the Company as a lessor is disclosed above in “Revenue Recognition”. The Company utilized the package of practical expedients for existing or expired contracts and did not reassess whether such contracts contain leases, the lease classification or the initial direct costs. Additionally, the Company utilized the historical lease term and did not utilize the practical expedient allowing the use of hindsight in determining the lease term and in assessing impairment of its ROU assets. To determine the present value of its lease payments as of January 1, 2019, the Company utilized the interest rate implicit in the lease agreement. If the Company was unable to determine the implicit interest rate, the collateralized incremental borrowing rate as of January 1, 2019 was utilized. Also, with respect to the Company's real estate leases, vehicle leases and fleet leases, the Company availed itself of the practical expedient for lessees and lessors and elected an accounting policy by class of underlying asset to combine lease and non-lease components, where permissible.

As of January 1, 2019, the Company accounts for revenue earned from vehicle rentals and rental related activities wherein an identified asset is transferred to the customer and the customer has the ability to control that asset under Topic 842. Prior to the adoption of Topic 842, the Company accounted for such revenue under Topic 606, as disclosed above in “Revenue Recognition”.

101
The cumulative effect of applying the new guidance to all leases as of January 1, 2019 that were not completed and with lease terms in excess of twelve months has been recorded as of the adoption date as follows:

Adoption of Topic 842 did not impact the Company's results of operations or cash flows. See Note 9, “Leases,” for information regarding the Company's accounting policies for leases, as well as other required disclosures under Topic 842.

#### Changes to Disclosure Requirements for Defined Benefit Plans

In August 2018, the FASB issued guidance that modifies disclosure requirements for employers that sponsor defined benefit pension or other postretirement plans to remove disclosures no longer considered cost beneficial, add disclosures identified as relevant and clarify certain disclosure requirements. The guidance is effective for annual periods beginning after December 15, 2020 using a retrospective transition method. The Company adopted this guidance early, as permitted, on December 31, 2019, using a retrospective basis. The adoption of this guidance did not impact the Company's financial position, results of operations or cash flows. See Note 7, Employee Retirement Benefits for revised disclosures in accordance with this guidance.

#### Not Yet Adopted as of December 31, 2019

#### Measurement of Credit Losses on Financial Instruments

In June 2016, the FASB issued guidance that sets forth a current expected credit loss impairment model for financial assets, which replaces the current incurred loss model, and in 2018 and 2019 issued amendments and updates to the new standard. This model requires a financial asset (or group of financial assets), including trade receivables, measured at amortized cost to be presented at the net amount expected to be collected with an allowance for credit losses deducted from the amortized cost basis. The allowance for credit losses should reflect management’s current estimate of credit losses that are expected to occur over the remaining life of a financial asset. This guidance is effective for annual periods beginning after December 15, 2019 and interim periods within those annual periods using a modified retrospective transition method. The Company completed its analysis and adoption of this guidance is not expected to have a material impact on the Company's financial position, results of operations or cash flows.
Customer's Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement

In August 2018, the FASB issued guidance on a customer’s accounting for implementation fees paid in a cloud computing service contract arrangement that addresses which implementation costs to capitalize as an asset and which costs to expense. Capitalized implementation fees are to be expensed over the term of the cloud computing arrangement, and the expense is required to be recognized in the same line item in the income statement as the associated hosting service expenses. The entity is also required to present the capitalized implementation fees on the balance sheet in the same line item as the prepayment for hosting service fees associated with the cloud computing arrangement.

The guidance is effective for annual periods beginning after December 15, 2019, and interim periods within those annual periods using a retrospective or prospective transition method. Early adoption is permitted, including adoption in any interim period. The Company intends to adopt this guidance when effective, on January 1, 2020, using a prospective transition method. The Company completed its analysis and adoption of this guidance is not expected to have a material impact on the Company’s financial position, results of operations or cash flows.

Simplifying the Accounting for Income Taxes

In December 2019, the FASB issued guidance that simplifies the accounting for income taxes by removing certain exceptions in existing guidance and improves consistency in application by clarifying and amending existing guidance. This guidance is effective for annual periods beginning after December 15, 2020, and interim periods within those annual periods, where the transition method varies depending upon the specific amendment. Early adoption is permitted, including adoption in any interim period. An entity that elects to early adopt the amendments in an interim period should reflect any adjustments as of the beginning of the annual period that includes that interim period, and all amendments must be adopted in the same period. The Company is in the process of assessing the overall impact of adopting this guidance on its financial position, results of operations and cash flows.

Note 3—Divestitures

Investment in Additional Equity

In March 2017, the Company determined it had an other than temporary loss in value of an equity method investment and recorded an impairment charge of $30 million based on the fair value of the investment determined using level 3 inputs under the fair value hierarchy. In September 2017, the investee was dissolved which resulted in a return of capital to the Company and a pre-tax gain of $4 million. The net amount of the fair value adjustments of $26 million is included in other (income) expense, net in the accompanying consolidated statement of operations for the year ended December 31, 2017 and is attributable to the Company’s Corporate operations.

Brazil Operations

In August 2017, the Company completed the sale of Car Rental Systems do Brasil Locação de Veículos Ltd., a wholly owned subsidiary of the Company located in Brazil ("Brazil Operations"), to Localiza Fleet S.A. ("Localiza"), a corporation headquartered in Brazil, and received proceeds of $115 million, of which $13 million was placed into escrow to secure certain indemnification obligations. As a result of the sale, the Company recorded a $6 million gain, net of the impact of foreign currency adjustments, which is included in other (income) expense, net in the accompanying consolidated statement of operations for the year ended December 31, 2017. As part of the sale, both companies entered into referral and brand cooperation agreements to govern their ongoing relationship which have an initial term of twenty years with an option to extend for another twenty years. The alliance will also involve the exchange of knowledge in areas of technology, customer service and operational excellence.

Sale of Non-vehicle Capital Assets

In 2019, the Company completed the sale of certain non-vehicle capital assets in its U.S. Rental Car Segment and recognized a $39 million pre-tax gain on the sale which is included in other (income) expense, net in the accompanying consolidated statement of operations for the year ended December 31, 2019.
Note 4—Goodwill and Intangible Assets, Net

Goodwill

At October 1, 2018 and 2019, the Company performed its annual goodwill impairment test, and the results of which indicated that the estimated fair value of each reporting unit was in excess of its carrying value. Therefore the Company determined that its goodwill was not impaired for the years ended December 31, 2018 and 2019.

The Company performed these impairment analyses using the income approach, a measurement using level 3 inputs under the GAAP fair value hierarchy. In performing the impairment analyses, the Company leveraged long-term strategic plans, which are based on strategic initiatives for future profitability growth. The weighted-average cost of capital used in the discounted cash flow model was calculated based upon the fair value of the Company's debt and stock price with a debt to equity ratio comparable to the vehicle rental car industry.

The following summarizes the changes in the Company's goodwill, by segment:

Intangible Assets, Net

The Company's indefinite-lived intangible assets primarily consist of the Hertz and Dollar Thrifty tradenames. In 2017, as a result of declines in revenues and profitability of the Company and a decline in the share price of Hertz Global's
common stock, the Company tested the recoverability of its indefinite-lived intangible assets as of June 30, 2017 and concluded that there was an impairment of the Dollar Thrifty tradename in its U.S. Rental Car segment and recorded a charge of $86 million. The Company concluded there was no impairment of the Hertz tradename. The Company also tested the recoverability of its indefinite-lived intangible assets as of its annual test date of October 1, 2017 and concluded there was no impairment of either tradename. Additionally, the Company tested the recoverability of its indefinite-lived intangible assets as of its annual test dates of October 1, 2018 and 2019 and concluded there was no impairment of either tradename.

The Company performed these impairment analyses using the relief from royalty method, a measurement using level 3 inputs under the GAAP fair value hierarchy. The impairment in 2017 was largely due to a decrease in long-term revenue projections coupled with an increase in the weighted-average cost of capital.

(2) Maturity reference is to the earlier "expected final maturity date" as opposed to the subsequent "legal final maturity date." The expected final maturity date is the date by which Hertz and investors in the relevant indebtedness expect the outstanding principal of the relevant indebtedness to be repaid in full. The legal final maturity date is the date on which the outstanding principal of the relevant indebtedness is legally due and payable in full.

(3) In the case of the Hertz Fleet Lease Funding LP ("HFLF") Medium Term Notes, such notes are repayable from cash flows derived from third-party leases comprising the underlying HFLF collateral pool. The initial maturity date referenced for each series of HFLF Medium Term Notes represents the end of the revolving period for such series, at which time the related notes begin to amortize monthly by an amount equal to the lease collections payable to that series. To the extent the revolving period already has ended, the initial maturity date reflected is January 2020. The second maturity date referenced for each series of HFLF Medium Term Notes represents the date by which Hertz and the investors in the related series expect such series of notes to be repaid in full, which is based upon various assumptions made at the time of pricing of such notes, including the contractual amortization of the underlying leases as well as the assumed rate of prepayments of such leases. Such maturity reference is to the "expected final maturity date" as opposed to the subsequent "legal final maturity date." The legal final maturity date is the date on which the relevant indebtedness is legally due and payable. Although the underlying lease cash flows that support the repayment of the HFLF Medium Term Notes may vary, the cash flows generally are expected to approximate a straight line amortization of the related notes from the initial maturity date through the expected final maturity date.

(4) References to the "European Vehicle Notes" include the series of Hertz Holdings Netherlands B.V.'s, an indirect wholly-owned subsidiary of Hertz organized under the laws of the Netherlands ("HHN BV"), unsecured senior notes (converted from Euros to U.S. dollars at a rate of 1.12 to 1 and 1.14 to 1 as of December 31, 2019 and 2018, respectively) set forth in the table below. ### Non-Vehicle Debt

#### Senior Facilities

In June 2016, Hertz entered into a credit agreement with respect to a senior secured term loan facility (the “Senior Term Loan”) with a $700 million initial principal balance and a $1.7 billion Senior RCF and, together with the Senior Term Loan, the “Senior Facilities”) with a portion of the Senior RCF available for the issuance of letters of credit and the issuance of swing line loans.

The interest rate applicable to the Senior Term Loan is based on a floating rate (subject to a LIBOR floor of 0.75%) that varies depending on Hertz's consolidated total net corporate leverage ratio. The interest rates applicable to the Senior RCF are based on a floating rate that varies depending on Hertz's consolidated total net corporate leverage ratio and corporate ratings.

During 2018, Hertz terminated letters of credit issued under the Senior RCF with a stated amount of $305 million and reissued such letters of credit under a standalone $400 million letter of credit facility (the “Letter of Credit Facility”). As a result, the commitments under the Senior RCF were permanently reduced on a dollar-for-dollar basis, such that after giving effect to such reductions, the Senior RCF consists of a $862 million senior secured revolving credit facility.
Senior Notes and Senior Second Priority Secured Notes

In August 2019, Hertz issued $500 million in aggregate principal amount of 7.125% Senior Notes due August 2026 (the "2026 Notes"). Hertz utilized proceeds from the issuance of the 2026 Notes, together with net proceeds from the Rights Offering, as described in Note 16, "Equity and Earnings (Loss) Per Share - Hertz Global," to redeem all $700 million of the outstanding 5.875% Senior Notes due 2020 and all $500 million of the outstanding 7.375% Senior Notes due 2021.

In November 2019, Hertz issued $900 million in aggregate principal amount of 6.000% Senior Notes due January 2028 (the "2028 Notes"). Hertz utilized proceeds from the issuance of the 2028 Notes, together with available cash, to redeem $900 million in aggregate principal amount of its outstanding 7.625% Senior Second Priority Secured Notes due 2022 (the "Senior Second Priority Secured Notes").

Hertz's obligations under the indentures for the Senior Notes and the Senior Second Priority Secured Notes are guaranteed by each of its direct and indirect U.S. subsidiaries that are guarantors under the Senior Facilities. The guarantees of such subsidiary guarantors may be released to the extent such subsidiaries no longer guarantee the Company's Senior Facilities in the U.S.

Vehicle Debt

The governing documents of certain of the vehicle debt financing arrangements specified below contain covenants that, among other things, significantly limit or restrict (or upon certain circumstances may significantly restrict or prohibit) the ability of the borrowers/issuers, and the guarantors if applicable, to make certain restricted payments (including paying dividends, redeeming stock, making other distributions, loans or advances) to Hertz Holdings and Hertz, whether directly or indirectly. To the extent applicable, aggregate maximum borrowings are subject to borrowing base availability. There is subordination within certain series of vehicle debt based on class. Proceeds from the issuance of vehicle debt is typically used to acquire or refinance vehicles or to repay portions of outstanding principal amounts of vehicle debt with an earlier maturity.

HVF II U.S. ABS Program

Hertz Vehicle Financing II LP, a bankruptcy remote, indirect, wholly-owned, special purpose subsidiary of Hertz ("HVF II") is the issuer of variable funding notes and medium term notes under the HVF II U.S. ABS Program. Hertz utilizes the HVF II U.S. ABS Program to facilitate its financing activities relating to the vehicles used by the Company in the U.S. daily vehicle rental operations. HVF II has entered into a base indenture that permits it to issue term and revolving rental vehicle asset-backed securities, secured by one or more shared or segregated collateral pools consisting primarily of portions of the rental vehicles used in its U.S. vehicle rental operations and contractual rights related to such vehicles that have been allocated as the ultimate indirect collateral for HVF II's financings. Within each series of HVF II U.S. Vehicle Medium Term Notes there is subordination based on class.

The assets of HVF II and HVF II GP Corp. are owned by HVF II and HVF II GP Corp., respectively, and are not available to satisfy the claims of Hertz's general creditors.

References to the "HVF II U.S. ABS Program" include HVF II's U.S. Vehicle Variable Funding Notes and HVF II's U.S. Vehicle Medium Term Notes.

HVF II U.S. Vehicle Variable Funding Notes

HVF II Series 2013 Notes: In April 2018, HVF II increased the maximum commitments under the HVF II Series 2013 Notes by $250 million, such that after giving effect to such increase, the aggregate maximum principal amount of the HVF II Series 2013-A Notes and HVF II Series 2013-B Notes was approximately $3.4 billion and $300 million, respectively.

Following the expiration of the seasonal commitment period, aggregate maximum borrowings available under the Funding LP Series 2015-A Notes reverted to CAD$350 million (subject to borrowing base availability). The Company is highly leveraged and a substantial portion of its liquidity requirements arise from servicing its indebtedness and from funding its operations, including purchases of revenue earning vehicles, and funding non-vehicle capital expenditures. The Company's practice is to maintain sufficient liquidity through cash from operations, credit facilities and other financing arrangements to mitigate any adverse impact on its operations resulting from adverse financial market conditions.

As of December 31, 2019, $2.4 billion of vehicle debt and $20 million of non-vehicle debt was due to mature in 2020. The Company has reviewed its debt facilities and determined that it is probable that the Company will be able, and has the intent, to refinance these facilities at such times as the Company determines appropriate prior to their respective...
maturities. Also, as of December 31, 2019, the Company was in compliance with its financial maintenance covenant under the Senior RCF and the Letter of Credit Facility, see “Covenant Compliance” below.

Borrowing Capacity and Availability

Borrowing capacity and availability comes from the Company’s “revolving credit facilities,” which are a combination of variable funding asset-backed securitization facilities, cash-flow-based revolving credit facilities, asset-based revolving credit facilities, the Letter of Credit Facility and the Alternative Letter of Credit Facility. Creditors under each such asset-backed securitization facility and asset-based revolving credit facility have a claim on a specific pool of assets as collateral. The Company’s ability to borrow under each such asset-backed securitization facility and asset-based revolving credit facility is a function of, among other things, the value of the assets in the relevant collateral pool. With respect to each such asset-backed securitization facility and asset-based revolving credit facility, the Company refers to the amount of debt it can borrow given a certain pool of assets as the borrowing base.

The Company refers to “Remaining Capacity” as the maximum principal amount of debt permitted to be outstanding under the respective facility (i.e., with respect to a variable funding asset-backed securitization facility or asset-based revolving credit facility, the amount of debt the Company could borrow assuming it possessed sufficient assets as collateral) less the principal amount of debt then-outstanding under such facility. With respect to a variable funding asset-backed securitization facility or asset-based revolving credit facility, the Company refers to “Availability Under Borrowing Base Limitation” as the lower of Remaining Capacity or the borrowing base less the principal amount of debt then-outstanding under such facility (i.e., the amount of debt that can be borrowed given the collateral possessed at such time). With respect to the Senior RCF, the Letter of Credit Facility and the Alternative Letter of Credit Facility, “Availability Under Borrowing Base Limitation” is the same as “Remaining Capacity” since borrowings under these issuances are not subject to a borrowing base.

The following facilities were available to the Company as of December 31, 2019 and are presented net of any outstanding letters of credit:

**Letters of Credit**

In November 2017, Hertz entered into a credit agreement with respect to the Letter of Credit Facility. At Hertz’s option and subject to certain conditions, Hertz may request the issuing banks party to the Letter of Credit Facility to issue
letters of credit for itself and on behalf of certain of Hertz's domestic subsidiaries up to the committed amount of the facility. The Letter of Credit Facility consists of $400 million of commitments from the issuing banks party thereto. Incremental availability under the Letter of Credit Facility is established by reissuing letters of credit currently issued under the RCF and terminating the underlying commitments thereunder. The Letter of Credit Facility will mature on June 30, 2021.

In December 2019, Hertz entered into a separate, unsecured $250 million letter of credit facility, the Alternative Letter of Credit Facility. Under the Alternative Letter of Credit Facility, Hertz may request the issuing bank party to the Alternative Letter of Credit Facility to issue letters of credit for itself and on behalf of certain of Hertz's domestic subsidiaries up to the committed amount of the facility. The Alternative Letter of Credit Facility will mature on December 20, 2023.

As of December 31, 2019, there were outstanding standby letters of credit totaling $743 million. Such letters of credit have been issued primarily to support the Company’s insurance programs, vehicle rental concessions and leaseholds as well as to provide credit enhancement for its asset-backed securitization facilities. Of this amount, $336 million were issued under the Senior RCF, $301 million were issued under the Letter of Credit Facility and $100 million were issued under the Alternative Letter of Credit Facility. As of December 31, 2019, none of the issued letters of credit have been drawn upon.

Special Purpose Entities

Substantially all of the Company’s revenue earning vehicles and certain related assets are owned by special purpose entities or are encumbered in favor of the lenders under the various credit facilities, other secured financings and asset-backed securities programs. None of such assets (including the assets owned by Hertz Vehicle Financing II LP, HVF II GP Corp., Hertz Vehicle Financing LLC, Rental Car Finance LLC, DNRS II LLC, HFLF, Donlen Trust and various international subsidiaries that facilitate the Company's international securitizations) are available to satisfy the claims of general creditors.

The Company has a 25% ownership interest in IFF No. 2, whose sole purpose is to provide commitments to lend in various currencies subject to borrowing bases comprised of revenue earning vehicles and related assets of certain of Hertz International, Ltd.’s subsidiaries. IFF No. 2 is a VIE and the Company is the primary beneficiary, therefore, the assets, liabilities and results of operations of IFF No. 2 are included in the Company's consolidated financial statements. As of December 31, 2019 and 2018, IFF No. 2 had total assets of $1.1 billion and $946 million, respectively, primarily comprised of loans receivable, and total liabilities of $1.1 billion and $946 million, respectively, primarily comprised of debt.

Covenant Compliance

Hertz and certain of its subsidiaries are referred to as the Hertz credit group. The indentures for the Senior Notes and the Senior Second Priority Secured Notes contain covenants that, among other things, limit or restrict the ability of the Hertz credit group to incur additional indebtedness, incur guarantee obligations, prepay certain indebtedness, make certain restricted payments (including paying dividends, redeeming stock or making other distributions to parent entities of Hertz and other persons outside of the Hertz credit group), make investments, create liens, transfer or sell assets, merge or consolidate and enter into certain transactions with Hertz's affiliates that are not members of the Hertz credit group.

Certain of the Company’s other debt instruments and credit facilities (including the Senior Facilities, the Letter of Credit Facility and the Alternative Letter of Credit Facility) contain a number of covenants that, among other things, limit or restrict the ability of the borrowers and the guarantors to dispose of assets, incur additional indebtedness, incur guarantee obligations, prepay certain indebtedness, make certain restricted payments (including paying dividends, share repurchases or making other distributions), create liens, make investments, make acquisitions, engage in mergers, fundamentally change the nature of their business, make capital expenditures or engage in certain transactions with certain affiliates. The Senior RCF, the Letter of Credit Facility and the Alternative Letter of Credit Facility contain a financial maintenance covenant that is only applicable to such facilities. This financial covenant and related components of its computation are defined in the credit agreements related to such facilities.
The credit agreements governing the Company's Senior Facilities, the Letter of Credit Facility and the Alternative Letter of Credit Facility require Hertz upon a change of control, as defined therein, to make an offer to repay in full all amounts outstanding thereunder and terminate the underlying commitments upon such a change of control. The Company's failure to make such an offer would result in an event of default thereunder. In addition, the indentures governing the Company's Senior Notes and Senior Second Priority Secured Notes require Hertz upon a change of control, as defined therein, to make an offer to repurchase all of such outstanding Senior Notes and Senior Second Priority Secured Notes at a price equal to 101% of the principal amount, together with any accrued and unpaid interest. If Hertz failed to repurchase the Senior Notes and Senior Second Priority Secured Notes, Hertz would be in default under the related indenture. Certain of the Company's other indebtedness also could result in defaults and/or amortization events upon the occurrence of certain change of control events, as defined therein.

The financial covenant provides that Hertz's consolidated first lien net leverage ratio, as defined in the credit agreements governing the Senior RCF, the Letter of Credit Facility and the Alternative Letter of Credit, as of the last day of any fiscal quarter may not exceed a ratio of 3.00 to 1.00 (the "Covenant Leverage Ratio"). As of December 31, 2019, Hertz was in compliance with the Covenant Leverage Ratio.

Accrued Interest

As of December 31, 2019 and 2018, accrued interest was $61 million and $73 million, respectively, which is included within the accompanying consolidated balance sheets in accrued liabilities.

Restricted Net Assets

As a result of the contractual restrictions on Hertz's or its subsidiaries' ability to pay dividends (directly or indirectly) under various terms of its debt, as of December 31, 2019, the restricted net assets of the subsidiaries of Hertz and Hertz Global exceed 25% of their total consolidated net assets, respectively.

Note 6—Revenue from Contracts with Customers

In the Leases section of Note 2, “Significant Accounting Policies” ("Note 2"), the Company discloses that revenue earned from vehicle rentals, and from other forms of rental related activities wherein an identified asset is transferred to the customer and the customer has the ability to control that asset, are accounted for under Topic 842, which the Company adopted in accordance with the effective date on January 1, 2019. Prior to the adoption of Topic 842, the Company accounted for such revenue under Topic 606 for the year ended December 31, 2018 and under Topic 605 for the year ended December 31, 2017.

The following disclosures are in accordance with Topic 606 for the year ended December 31, 2018. See Note 9, "Leases" for disclosures in accordance with Topic 842 for the year ended December 31, 2019.

The Company operates at airport rental locations in the U.S. and internationally ("airport") and at off airport locations also in the U.S. and internationally ("off airport"). The Company's airport rental customers are primarily airline travelers; whereas the Company's off airport rental customers include people who prefer to rent vehicles closer to their home or place of work for business or leisure purposes, as well as those needing to travel to or from airports. The Company's off airport customers also include people who have been referred by, or whose rental costs are being wholly or partially reimbursed by, insurance companies following accidents in which their vehicles were damaged, those expecting to lease vehicles that are not yet available from their leasing companies and replacement renters. In addition, the Company's off airport customers include TNC drivers.
The following table presents revenues from contracts with customers by reportable segment and disaggregated by product/service and type of location and customer for the year ended December 31, 2018:

The Company recognizes receivables and liabilities resulting from its contracts with customers. Contract receivables primarily consist of receivables from customers for vehicle rentals. Contract liabilities primarily consist of obligations to customers for prepaid vehicle rentals and related to the Company’s points-based loyalty programs.

The contract liability balance as of December 31, 2018 is $341 million and is included in accrued liabilities in the accompanying consolidated balance sheet. The revenue recognized during the year ended December 31, 2018 for such contract liabilities is $127 million. Additionally, the Company elected to apply the practical expedient where the value of unsatisfied performance obligations for sales-based royalty fees from franchisees is not disclosed.

During the year ended December 31, 2018, based on the net impact of loyalty points earned and redeemed by customers, the Company recorded a net revenue deferral of $7 million. As of December 31, 2018, the value of unredeemed loyalty points is $272 million, which is recorded as a contract liability in accrued liabilities in the accompanying consolidated balance sheet.

Note 7—Employee Retirement Benefits

As disclosed in the Recently Issued Accounting Pronouncements section of Note 2, “Significant Accounting Policies”, the Company adopted “Changes to Disclosure Requirements for Defined Benefit Plans” on December 31, 2019, and the following disclosures are in accordance with this guidance.

The Company sponsors multiple domestic and international employee retirement benefit plans. Benefits are based upon years of service and compensation. The Hertz Corporation Account Balance Defined Benefit Pension Plan (the “Hertz Retirement Plan”) is a U.S. cash balance plan which was amended in 2014 to permanently discontinue future benefit accruals and participation under the plan for non-union employees. Some of the Company’s international subsidiaries have defined benefit retirement plans or participate in various insured or multiemployer plans. In certain countries, when the subsidiaries make the required funding payments, they have no further obligations under such plans. The Company’s benefit plans are generally funded, except for certain nonqualified U.S. defined benefit plans and in Germany and France, where unfunded liabilities are recorded. The Company also sponsors defined contribution plans for certain eligible U.S. and non-U.S. employees, where contributions are matched based on specific guidelines in the plans.

The Company also sponsors postretirement health care and life insurance benefits for a limited number of employees with hire dates prior to January 1, 1990.
Management makes certain assumptions relating to discount rates, salary growth, long-term return on plan assets, retirement rates, mortality rates and other factors when determining amounts to be recognized. These assumptions are reviewed annually by management, assisted by the enrolled actuary, and updated as warranted. The Company uses a December 31 measurement date for all of the plans and utilizes fair value to calculate the market-related value of pension assets for purposes of determining the expected return on plan assets and accounting for asset gains and losses.

Actual results that differ from the Company’s assumptions are accumulated and amortized over future periods and, therefore, significant differences in actual experience or significant changes in assumptions would affect the Company’s pension costs and obligations. The Company recognizes an asset for each overfunded plan and a liability for each underfunded plan in the consolidated balance sheets. Pension plan liabilities are revalued annually based on updated assumptions and information about the individuals covered by the plan. For pension plans, if accumulated actuarial gains and losses are in excess of a 10 percent corridor, the excess is amortized on a straight-line basis over the average remaining service period of active participants. Prior service cost is amortized on a straight-line basis from the date recognized over the average remaining service period of active participants, when applicable.

The following tables set forth the funded status and the net periodic pension cost of the Hertz Retirement Plan and other U.S. based retirement plans, other postretirement benefit plans including health care and life insurance plans covering domestic (i.e. U.S.) employees and the retirement plans for international operations ("Non-U.S."), together with amounts included in the accompanying consolidated balance sheets and statements of operations:

The discount rate used to determine the December 31, 2019 and 2018 benefit obligations for U.S. pension plans is based on the rate from the Mercer Pension Discount Curve-Above Mean Yield that is appropriate for the duration of the Company's plan liabilities. For its plans outside the U.S., the discount rate reflects the market rates for an optimized subset of high-quality corporate bonds currently available. The discount rate in a country was determined based on a yield curve constructed from high quality corporate bonds in that country. The rate selected from the yield curve has a duration that matches its plan.

The expected return on plan assets for each funded plan is based on expected future investment returns considering the target investment mix of plan assets.
The following table sets forth the net periodic pension and postretirement (including health care, life insurance and auto) expense charged to net income (loss). The components of net periodic pension expense (benefit), other than service cost, are included in other (income) expense, net in the accompanying consolidated statements of operations for the years ended December 31, 2019 and 2018 and in selling, general and administrative expense for the year ended December 31, 2017.

Plan Assets

The Company has a long-term investment outlook for the assets held in the Company sponsored plans, which is consistent with the long-term nature of each plan’s respective liabilities. The Company has two major plans which reside in the U.S. and the United Kingdom.

The U.S. Plan

In 2019, the Company changed its investment strategy for the U.S. Plan (the “Plan”) by decreasing equities and increasing fixed income securities, and it currently has a target asset allocation mix of 65% in investments intended to hedge the impact of capital market movements (“Immunizing Portfolio Investments”), comprised primarily of fixed income securities, and 35% in investments intended to earn more than the pension liability growth over the long-term (“Growth Portfolio Investments”). The Growth Portfolio Investments are primarily invested in passively managed equity funds, international and emerging market funds that are actively managed and non-investment grade fixed income funds. The overall strategy and the Immunizing Portfolio Investments are managed by professional investment managers. The investments within these asset classes are diversified in order to minimize the risk of large losses to the Trust. The Plan assumes a 4.8% expected long-term annual weighted-average rate of return on assets.

The fair value measurements of the Company’s U.S. pension plan assets are based upon inputs that reflect quoted prices for identical assets or liabilities in active markets that are observable (Level 1) and significant observable inputs (Level 2) that reflect quoted prices for similar assets or liabilities in active markets. The fair value measurements of the U.S. pension plan assets relate to common collective trusts and other pooled investment vehicles consisting of the following asset categories:

The U.K. Plan

The Company's United Kingdom defined benefit pension plan (the "U.K. Plan") has a target allocation of 30.0% actively managed diversified growth and multi-asset credit funds, 10.0% passive equity funds and 60% protection portfolio that consists of liability driven investments, Sterling liquidity fund and United Kingdom corporate bonds. The actively managed diversified growth and multi-asset credit funds are intended to deliver a long-term equity-like return but with reduced levels of volatility. The protection portfolio is designed to partially hedge the interest rate and inflation expectation exposure of the liabilities which are measured on a local regulatory basis. The amount that is required to be invested in each fund to maintain target hedge ratios will vary over time as the value of the liabilities changes and the allocations within the protection portfolio will be allowed to vary accordingly. All of the invested assets of the U.K. Plan are held via pooled funds managed by professional investment managers. The U.K. Plan assumes a 3.2% expected long-term weighted-average rate of return on assets for the Plan in total.

The Company's U.K. Plan accounts for $221 million of the $228 million in fair value of Non-U.S. plan assets as of December 31, 2019 and accounts for $186 million of the $192 million in fair value of Non-U.S. plan assets as of December 31, 2018. The fair value measurements of the Company's U.K. Plan assets are based upon inputs that reflect quoted prices for identical assets or liabilities in active markets that are observable (Level 1) and significant observable inputs that reflect quoted prices for similar assets or liabilities in active markets (Level 2).

The fair value measurements of the U.K. Plan assets relate to common collective trusts and other pooled investment vehicles consisting of the following asset categories:

Contributions

The Company's policy for funded plans is to contribute annually, at a minimum, amounts required by applicable laws, regulations and union agreements. From time to time, the Company makes contributions beyond those legally required. In 2019 and 2018, the Company did not make any cash contributions to its U.S. qualified pension plan.

In 2019 and 2018, the Company made contributions to its U.S. non-qualified pension plans of $4 million and $5 million, respectively. The Company made discretionary contributions of $3 million and $2 million to its U.K. Plan during the years ended December 31, 2019 and 2018, respectively.

The Company does not anticipate contributing to the U.S. qualified pension plan during 2020. For the U.K. Plan the Company anticipates contributing $3 million during 2020 and does not anticipate contributing any significant amounts to its other international plans. The level of 2020 and future contributions will vary, and is dependent on a number of
factors including investment returns, interest rate fluctuations, plan demographics, funding regulations and the results of the final actuarial valuation.

**Multiemployer Pension Plans**

The Company contributes to several multiemployer defined benefit pension plans under collective bargaining agreements that cover certain of its union-represented employees. The risks of participating in such plans are different from the risks of single-employer plans, in the following respects:

- **a)** Assets contributed to a multiemployer plan by one employer may be used to provide benefits to employees of other participating employers.
- **b)** If a participating employer ceases to contribute to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers.
- **c)** If the Company ceases to have an obligation to contribute to the multiemployer plan in which the Company had been a contributing employer, the Company may be required to pay to the plan an amount based on the underfunded status of the plan and on the history of its participation in the plan prior to the cessation of its obligation to contribute. The amount that an employer that has ceased to have an obligation to contribute to a multiemployer plan is required to pay to the plan is referred to as a withdrawal liability.

The Company's participation in multiemployer plans is outlined in the table below. For plans that are not individually significant to the Company, the total amount of contributions is presented in the aggregate.

Note 8—Stock-Based Compensation

The stock-based compensation expense associated with the Hertz Holdings stock-based compensation plans is pushed down from Hertz Global and recorded on the books at the Hertz level.

Plans

In May 2016, Old Hertz Holdings board of directors adopted the Hertz Global Holdings, Inc. 2016 Omnibus Incentive Plan (the “Omnibus Plan”), which was amended by its stockholders at the annual meeting of stockholders held on May 24, 2019 to increase the number of shares which can be granted under the plan by 2,490,000 shares. As amended, the Omnibus Plan contains 11,767,723 shares which can be granted pursuant to the terms and conditions of the Omnibus Plan. In connection with the Rights Offering, as disclosed in Note 16, “Equity and Earnings (Loss) Per Share - Hertz Global”, and pursuant to the Omnibus Plan, the number of shares which can be granted under the plan was increased by an additional 453,741 shares. The Omnibus Plan provides for grants of both equity and cash awards, including non-qualified stock options, incentive stock options, stock appreciation rights, performance awards (shares and units), restricted stock, restricted stock units and deferred stock units to key executives, employees and non-management directors. The shares of common stock to be delivered under the Omnibus Plan may consist, in whole or in part, of common stock held in treasury or authorized but unissued shares of common stock, not reserved for any other purpose.

Effective January 1, 2017, the Company's board of directors adopted the 2017 Executive Incentive Compensation Plan ("2017 EICP"), pursuant to which any awards granted were to be from shares available under the Omnibus Plan. The provisions of the plan provided for the pay out of any bonus earned in either cash or PSUs for certain groups of employees. The Company accumulated these charges as a liability until the grant date, March 2, 2018, at which time the liability was reclassified to equity and 324,000 shares were granted in connection with this program based on Hertz Global's stock price as of the grant date. During the year ended December 31, 2017, the Company recognized approximately $6 million of stock-based compensation expense associated with the 2017 EICP based on Hertz Global's stock price as of December 31, 2017. There are no outstanding awards under the 2017 EICP as of December 31, 2018 and 2019.

As of December 31, 2019, the Company had 5,110,247 shares underlying awards outstanding under the Omnibus Plan.

Shares subject to any award (other than distribution awards) granted under the Omnibus Plan that for any reason are canceled, terminated, forfeited, settled in cash or otherwise settled without the issuance of common stock after the effective date of the Omnibus Plan will generally be available for future grants under the Omnibus Plan.

A summary of the total compensation expense and associated income tax benefits recognized, including the cost of stock options, RSUs, PSUs, and PSAs is as follows:

As of December 31, 2019, there was approximately $30 million of total unrecognized compensation cost related to non-vested stock options, RSUs, PSUs and PSAs granted. The total unrecognized compensation cost is expected to be recognized over the remaining 1.3 years, on a weighted average basis, of the requisite service period that began on the grant dates.
Stock Options and Stock Appreciation Rights

All stock options and stock appreciation rights granted under the Omnibus Plan will have a per-share exercise price of not less than the fair market value of one share of Hertz Global's common stock on the grant date. Stock options and stock appreciation rights will vest based on a minimum period of service or the occurrence of events (such as a change in control, as defined in the Omnibus Plan) specified by the Compensation Committee of the Company's board of directors. No stock options or stock appreciation rights will be exercisable after a maximum of ten years from the grant date.

The Company accounts for options as equity-classified awards and recognizes compensation cost on a straight-line basis over the vesting period. The value of each option award is estimated on the grant date using a Black-Scholes option valuation model that incorporates the assumptions noted in the following table.

The Company calculates the expected volatility based on the historical movement of its stock price.

**Performance Stock Awards, Performance Stock Units, Restricted Stock and Restricted Stock Units**

PSAs and PSUs granted under the Omnibus Plan will vest based on the achievement of pre-determined performance goals over performance periods determined by the Compensation Committee. Each of the units granted represent the right to receive one share of Hertz Global’s common stock on a specified future date. In the event of an employee's death or disability, a pro rata portion of the employee's PSAs and PSUs will vest to the extent performance goals are achieved at the end of the performance period. Restricted stock and RSUs granted under the Omnibus Plan will vest based on a minimum period of service or the occurrence of events (such as a change in control, as defined in the Omnibus Plan) specified by the Compensation Committee.

Compensation expense for PSUs, PSAs and RSUs is based on the grant date fair value, and is recognized ratably over the vesting period. For grants in 2019, 2018 and 2017, the vesting period is three years. In addition to the service vesting condition, the PSUs and PSAs had an additional vesting condition which called for the number of units that will be awarded being based on achievement of a certain level of Adjusted Corporate EBITDA or other performance measures over the applicable measurement period.

Note 9—Leases

As disclosed in the Leases section of Note 2, the Company adopted Topic 842 in accordance with the effective date on January 1, 2019. Note 2 includes disclosures regarding the Company’s method of adoption and the impact upon adoption to its financial position, results of operations and cash flows. In the Revenue Recognition section of Note 2, the Company discloses that revenue earned from vehicle rentals, and from other forms of rental related activities wherein an identified asset is transferred to the customer and the customer has the ability to control that asset, is accounted for under Topic 842 upon adoption. Prior to the adoption of Topic 842, the Company accounted for such revenue under Topic 606 for the year ended December 31, 2018 and under Topic 605 for the year ended December 31, 2017.

The Company enters into certain agreements as a lessor under which it rents vehicles and leases fleets to customers. The Company enters into certain agreements as a lessee to rent real estate, vehicles and other equipment and to conduct its vehicle rental operations under concession agreements. If any of the following criteria are met, the Company classifies the lease as a financing lease (as a lessee) or as a direct financing or sales-type lease (both as a lessor):

- The lease transfers ownership of the underlying asset to the lessee by the end of the lease term;
- The lease grants the lessee an option to purchase the underlying asset that the Company is reasonably certain to exercise;
- The lease term is for 75% or more of the remaining economic life of the underlying asset, unless the commencement date falls within the last 25% of the economic life of the underlying asset;
- The present value of the sum of the lease payments equals or exceeds 90% of the fair value of the underlying asset; or
- The underlying asset is of such a specialized nature that it is expected to have no alternative use to the lessor at the end of the lease term.

Leases that do not meet any of the above criteria are accounted for as operating leases.

The Company combines lease and non-lease components in its contracts under Topic 842, when permissible.

The following further describes the Company’s leasing transactions.

Lessor

The Company’s operating leases for vehicle rentals have rental periods that are typically short term (e.g., daily or weekly) and can generally be extended for up to one month or terminated at the customer’s discretion. Rental charges are computed on a limited or unlimited mileage rate, or on a time rate plus a mileage charge. In connection with the vehicle rental, the Company offers supplemental equipment rentals (e.g., child seats and ski racks) which are deemed lease components. The Company also offers value-added services in connection with the vehicle rental, which are deemed non-lease components, such as loss or collision damage waiver, theft protection, liability and personal accident/
effects insurance coverage, premium emergency roadside service and satellite radio. Additionally, the Company charges for variable services primarily consisting of tolls and refueling charges incurred during the rental period, and for fees associated with the early or late termination of the vehicle lease. The Company mitigates residual value risk of its revenue earning vehicles by utilizing manufacturer repurchase and guaranteed depreciation programs, using sophisticated vehicle diagnostic and repair equipment to maintain the condition of its vehicles, and through periodic reviews of vehicle depreciation rates based on management's ongoing assessment of present and estimated future market conditions.

The Company's operating leases for fleets have lease periods that are typically for twelve months, after which the lease converts to a month-to-month lease, allowing the vehicle to be surrendered any time thereafter. The Company's fleet leases contain a terminal rental adjustment clause which are considered variable charges.

The following table summarizes the amount of operating lease income and other income included in total revenues in the accompanying consolidated statements of operations for the year ended December 31, 2019:

**Lessee**

As a lessee, the Company has the following types of operating leases:

- Concession agreements which grant the Company the right to conduct its vehicle rental operations at airports, hotels and train stations and to use building space such as terminal counters and parking garages;
- Real estate leases for its off airport vehicle rental locations and other premises;
- Revenue earning vehicle leases; and
- Other equipment leases.

The Company's lease terms generally range from one month to thirty-five years and a number of agreements contain escalation clauses, which increase the payment obligation based on a fixed or variable rate, and renewal options. The length of renewals vary and may result in different payment terms. Payment terms are based on fixed rates explicit in the lease, including guaranteed minimums, and/or variable rates based on:

- Operating expenses, such as common area charges, real estate taxes and insurance;
- A percentage of revenues or sales arising at the relevant premises; and/or
- Periodic inflation adjustments.

The Company recognizes a ROU asset and lease liability in its accompanying consolidated balance sheets for leases with a term greater than twelve months. Options to extend or terminate a lease are included in the Company's ROU asset and lease liability when it is reasonably certain that such options will be exercised. The Company does not recognize ROU assets or lease liabilities for short-term leases (i.e., those with a term of twelve months or less) and recognizes lease expense on a straight-line basis over the lease term, as applicable.

To determine the present value of its lease payments, the Company utilizes the interest rate implicit in the lease agreement. If the implicit interest rate was not provided in the lease agreement, the Company utilizes the Company's
collateralized incremental borrowing rate as of the date of adoption, January 1, 2019, or the commencement date of the lease, whichever is later.

The following table summarizes the amount of lease costs incurred by the Company:

**Note 10—Income Tax (Provision) Benefit**

On December 22, 2017, the U.S. enacted the TCJA, which made substantial changes to corporate income tax laws. Among the key provisions were a U.S. corporate tax rate reduction from 35% to 21% effective for tax years beginning January 1, 2018; an acceleration of expensing for certain business assets; a repeal of the LKE deferral rules as applicable to personal property, including rental vehicles; a one-time transition tax on the deemed repatriation of cumulative earnings from foreign subsidiaries; and changes to U.S. taxation of foreign earnings from a worldwide to a territorial tax system effective for tax years beginning January 1, 2018. The Company has reflected the adoption and impact of TCJA in its financial results for the years ended December 31, 2017, 2018 and 2019.

Under TCJA, Alternative Minimum Tax ("AMT") credits are fully refundable in tax returns through the year 2021. As of December 31, 2019, the Company recovered AMT refunds of $20 million and estimates it will recover an additional
$10 million, $5 million and $5 million for tax years ending 2019, 2020 and 2021, respectively. These tax returns will be filed in 2020, 2021 and 2022, respectively.

**Hertz Global and Hertz**

In determining valuation allowances, an assessment of positive and negative evidence was performed regarding realization of the net deferred tax assets. This assessment included the evaluation of cumulative earnings and losses in recent years, scheduled reversals of net deferred tax liabilities, the availability of carry forwards and the remaining period of the respective carry forward, future taxable income and any applicable tax-planning strategies that are available.

As of December 31, 2019, the Company had U.S. federal net operating loss carry forwards ("Federal NOLs") of approximately $9.0 billion, which generated a deferred tax asset of $1.9 billion. Such Federal NOLs are primarily related to accelerated depreciation of the Company's U.S. vehicles and will begin to expire in 2029, except for those losses incurred after 2017 which have an indefinite utilization period and which may offset 80% of taxable income. Currently, the Company does not record valuation allowances on its U.S. federal tax loss carry forwards as there are adequate deferred tax liabilities that could be realized within the carry forward period. As of December 31, 2019, the Company had state net operating loss carry forwards ("State NOLs") of approximately $5.3 billion of which $326 million have an indefinite utilization period with remaining State NOLs beginning to expire in 2020. The State NOLs generated a deferred tax asset of $293 million. The Company has recorded a valuation allowance against its state net deferred tax assets of $194 million. As of December 31, 2019, the Company had foreign net operating loss carry forwards ("Foreign NOLs") of approximately $989 million, of which $828 million have an indefinite utilization period with the remaining Foreign NOLs beginning to expire in 2024. The Foreign NOLs generated a deferred tax asset of $244 million. The Company has recorded a valuation allowance against its foreign net deferred tax assets of $218 million.

As of December 31, 2019, deferred tax assets of $46 million were recorded for various U.S. federal and state credits. The Company recorded $22 million and $24 million of U.S. federal and state credits, respectively, of which state credits are fully offset by a valuation allowance of $24 million. The state tax credits expire over various years beginning in...
2020 depending upon when they were generated and the particular jurisdiction. The federal tax credits begin expiring in 2035.

The significant items in the reconciliation of the statutory and effective income tax rates consisted of the following in the table below. Percentages are calculated from the underlying numbers in thousands, and as a result, may not agree to the amount when calculated in millions.

The Company recorded a tax provision in 2019 versus a tax benefit in 2018. The change is primarily due to an increase in the valuation allowance relating to losses in certain U.S. and non-U.S. jurisdictions and an increase in pretax operating results.

The decrease in the tax benefit in 2018 versus 2017 is due to the one-time remeasurement of net deferred tax liabilities as a result of TCJA in 2017, the reduction in the statutory federal tax rate from 35% to 21% and an increase in pretax operating results.
As of December 31, 2019, total unrecognized tax benefits were $48 million, of which $5 million, if settled, would positively impact the effective tax rate in future periods because of correlative adjustments associated with these liabilities. A reconciliation of the beginning and ending amount of unrecognized tax benefits is as follows:

The Company conducts business globally and, as a result, files tax returns in the U.S. and non-U.S. jurisdictions. In the normal course of business, the Company is subject to examination by taxing authorities throughout the world. The open tax years for these jurisdictions span from 2003 to 2019. Currently, the Company's 2014, 2015 and 2016 tax years are under audit by the Internal Revenue Service. Several U.S. states and other non-U.S. jurisdictions are under audit, and it is reasonably possible that the amount of unrecognized tax benefits may change as the result of the completion of ongoing examinations, the expiration of the statute of limitations or other unforeseen circumstances. At this time, an estimate of the range of the reasonably possible changes cannot be made. The Company entered the competent authority process for certain audits and projects this process will conclude within the next two years. It is reasonable that approximately $4 million of unrecognized tax benefits may reverse within the next twelve months due to settlement with the relevant U.S. and non-U.S. taxing authorities.

Net, after-tax interest and penalties related to tax liabilities are classified as a component of income tax in the accompanying consolidated statements of operations. Income tax expense of $0.4 million and $1 million was recognized for such interest and penalties during the years ended December 31, 2019 and 2018, respectively, and during the year ended December 31, 2017, a benefit of $1 million was recognized for such interest and penalties. Net, after-tax interest and penalties accrued in the Company's consolidated balance sheets within accrued taxes, net were $8 million as of December 31, 2019 and 2018, respectively.

The Company asserts its intent to reinvest its foreign earnings in jurisdictions for which significant taxes would be incurred if the earnings were distributed.

**Note 11—Financial Instruments**

The Company employs established risk management policies and procedures which seek to reduce the Company's commercial risk exposure to fluctuations in interest rates and currency exchange rates. However, there can be no assurance that these policies and procedures will be successful. Although the instruments utilized involve varying degrees of credit, market and interest risk, the counterparties to the agreements are expected to perform fully under the terms of the agreements. The Company monitors counterparty credit risk, including lenders, on a regular basis, but cannot be certain that all risks will be discerned or that its risk management policies and procedures will always be effective. Additionally, in the event of default under the Company's master derivative agreements, the non-defaulting party generally has the option to set-off any amounts owed with regard to open derivative positions.

The Company has the following risk exposures that it has historically used financial instruments to manage. None of the instruments have been designated in a hedging relationship as of December 31, 2019 and 2018.
Interest Rate Risk

The Company’s objective in managing exposure to interest rate changes is to minimize the impact of interest rate changes on operating results and cash flows and to lower overall borrowing costs. To achieve these objectives, the Company uses interest rate caps and other instruments to manage the mix of floating and fixed-rate debt.

Currency Exchange Rate Risk

The Company’s objective in managing exposure to currency fluctuations is to limit the exposure of certain cash flows and operating results from changes associated with currency exchange rate changes through the use of various derivative contracts. The Company experiences currency risks in its global operations as a result of various factors including intercompany local currency denominated loans, rental operations in various currencies and purchasing vehicles in various currencies.

The Company’s foreign currency forward contracts and certain interest rate instruments are subject to enforceable master netting agreements with their counterparties. The Company does not offset such derivative assets and liabilities in its consolidated balance sheets, and the potential effect of the Company's use of the master netting arrangements is not material.

Note 12—Fair Value Measurements

Under U.S. GAAP, entities are allowed to measure certain financial instruments and other items at fair value. The Company has not elected the fair value measurement option for any of its assets or liabilities that meet the criteria for this option. Irrespective of the fair value option previously described, U.S. GAAP requires certain financial and non-financial assets and liabilities of the Company to be measured on either a recurring basis or on a nonrecurring basis.
Assets and Liabilities Measured at Fair Value on a Recurring Basis

The fair value of cash, restricted cash, accounts receivable, accounts payable and accrued liabilities, to the extent the underlying liability will be settled in cash, approximates the carrying values because of the short-term nature of these instruments. The Company's assessment of goodwill and other intangible assets for impairment includes an assessment using various Level 2 inputs (earnings before interest, taxes, depreciation and amortization ("EBITDA") multiples and royalty rates) and Level 3 inputs (forecasted cash flows and discount rates). See Note 2, “Significant Accounting Policies — Recoverability of Goodwill and Intangible Assets,” for more information on the application of the use of fair value methodology in the Company's assessment.

Cash Equivalents, Restricted Cash Equivalents and Investments

The Company's cash equivalents and restricted cash equivalents primarily consist of investments in money market funds and time deposits. The Company determines the fair value of cash equivalents using a market approach based on quoted prices in active markets (i.e., Level 1 inputs).

Investments in equity securities that are measured at fair value on a recurring basis consist of marketable securities.

The following table summarizes the ending balances of the Company's cash equivalents, restricted cash equivalents and investments:

Debt Obligations

The fair value of debt is estimated based on quoted market rates as well as borrowing rates currently available to the Company for loans with similar terms and average maturities (i.e., Level 2 inputs).

Financial Instruments

The fair value of the Company's financial instruments as of December 31, 2019 and 2018 are disclosed in Note 11, “Financial Instruments.” The Company's financial instruments are classified as Level 2 assets and liabilities and are priced using quoted market prices for similar assets or liabilities in active markets.

Note 14—Contingencies and Off-Balance Sheet Commitments

Legal Proceedings

Public Liability and Property Damage

The Company is currently a defendant in numerous actions and has received numerous claims on which actions have not yet commenced for public liability and property damage arising from the operation of motor vehicles rented from the Company. The obligation for public liability and property damage on self-insured U.S. and international vehicles, as stated in the accompanying consolidated balance sheets, represents an estimate for both reported accident claims not yet paid and claims incurred but not yet reported. The related liabilities are recorded on an undiscounted basis and are based on rental volume and actuarial evaluations of historical accident claim experience and trends, as well as future projections of ultimate losses, expenses, premiums and administrative costs. As of December 31, 2019 and 2018, the Company's liability recorded for public liability and property damage matters is $399 million and $418 million, respectively. The Company believes that its analysis is based on the most relevant information available, combined with reasonable assumptions. The liability is subject to significant uncertainties. The adequacy of the liability is regularly monitored based on evolving accident claim history and insurance related state legislation changes. If the Company's estimates change or if actual results differ from these assumptions, the amount of the recorded liability is adjusted to reflect these results.
Loss Contingencies

From time to time the Company is a party to various legal proceedings, typically involving operational issues common to the vehicle rental business, including claims by employees and former employees and governmental investigations. The Company has summarized below the most significant legal proceedings to which the Company was and/or is a party during 2019 or the period after December 31, 2019, but before the filing of this 2019 Annual Report.

**Governmental Investigations** - The Company previously identified certain activities in Brazil that raised issues under the Foreign Corrupt Practices Act (the “FCPA”) and other federal and local laws, which the Company self-reported to appropriate government entities. The matters associated with the FCPA and other federal matters have been resolved without further action by the applicable U.S. government entities. The Company is continuing its cooperation with respect to matters under local Brazilian laws. The Company has accrued a loss contingency with respect to the ongoing Brazil-related matters that is not material.

**In re Hertz Global Holdings, Inc. Securities Litigation** - In November 2013, a purported shareholder class action, Pedro Ramirez, Jr. v. Hertz Global Holdings, Inc., et al., was commenced in the U.S. District Court for the District of New Jersey naming Old Hertz Holdings and certain of its officers as defendants and alleging violations of the federal securities laws. The complaint alleged that Old Hertz Holdings made material misrepresentations and/or omissions of material fact in certain of its public disclosures in violation of Section 10(b) and 20(a) of the Securities Exchange Act of 1934, as amended, and Rule 10b-5 promulgated thereunder. The complaint sought an unspecified amount of monetary damages on behalf of the purported class and an award of costs and expenses, including counsel fees and expert fees. The complaint, as amended, was dismissed with prejudice on April 27, 2017 and on September 20, 2018, the Third Circuit affirmed the dismissal of the complaint with prejudice. On February 5, 2019, the plaintiffs filed a motion asking the federal district court to exercise its discretion and allow the plaintiffs to reinstate their claims to include additional allegations from the administrative order agreed to by the SEC and the Company in December 2018, which was supplemented by reference to the Company’s subsequently filed litigation against former executives (discussed below). On September 30, 2019, the federal district court of New Jersey denied the plaintiffs’ motion for relief from the April 27, 2017 judgment and motion to allow the filing of a proposed fifth amended complaint. On October 30, 2019, the plaintiffs filed a motion to appeal the order issued on September 30, 2019 by the federal district court of New Jersey. The initial brief of the plaintiffs was filed in January 2020. The response brief of the Company is to be filed in February 2020 and it is expected that the plaintiffs will then file a reply brief in March 2020.

In addition to the matters described above, the Company maintains an internal compliance program through which it from time to time identifies other potential violations of laws and regulations applicable to the Company. When the Company identifies such matters, the Company conducts an internal investigation and otherwise cooperates with governmental authorities, as appropriate.

The Company has established reserves for matters where the Company believes that losses are probable and can be reasonably estimated. Other than the aggregate reserve established for claims for public liability and property damage, none of those reserves are material. For matters, including certain of those described above, where the Company has not established a reserve, the ultimate outcome or resolution cannot be predicted at this time, or the amount of ultimate loss, if any, cannot be reasonably estimated. These matters are subject to many uncertainties and the outcome of the individual litigated matters is not predictable with assurance. It is possible that certain of the actions, claims, inquiries or proceedings, including those discussed above, could be decided unfavorably to the Company or any of its subsidiaries involved. Accordingly, it is possible that an adverse outcome from such a proceeding could exceed the amount accrued in an amount that could be material to the accompanying consolidated financial condition, results of operations or cash flows in any particular reporting period.

**Other Proceedings**

**Litigation Against Former Executives** - The Company filed litigation in federal court in New Jersey against Mark Frissora, Elyse Douglas and John Jefferey Zimmerman on March 25, 2019, and in state court in Florida against Scott Sider on March 28, 2019, all of whom were former executive officers of Old Hertz Holdings. The complaints predominantly allege breach of contract and seek repayment of incentive-based compensation received by the defendants in connection
with restatements included in the Old Hertz Holdings Form 10-K for the year ended December 31, 2014 and related accounting for prior periods. The Company is also seeking recovery for the costs of the SEC investigation that resulted in an administrative order on December 31, 2018 with respect to events generally involving the restatements included in Old Hertz Holdings Form 10-K for the year ended December 31, 2014 and other damages resulting from the necessity of the restatements. The Company is pursuing these legal proceedings in accordance with its clawback policy and contractual rights. The parties are currently involved in motion practice in New Jersey and discovery has commenced in Florida and New Jersey. In October 2019, the Company entered into a confidential Settlement Agreement with Elyse Douglas. Pursuant to the agreements governing the separation of Herc Holdings from Hertz Global that occurred on June 30, 2016, Herc Holdings is entitled to 15% of the net proceeds of any repayment or recovery.

Indemnification Obligations

In the ordinary course of business, the Company has executed contracts involving indemnification obligations customary in the relevant industry and indemnifications specific to a transaction such as the sale of a business. These indemnification obligations might include claims relating to the following: environmental matters; intellectual property rights; governmental regulations and employment-related matters; customer, supplier and other commercial contractual relationships and financial matters. Specifically, the Company has indemnified various parties for the costs associated with remediating numerous hazardous substance storage, recycling or disposal sites in many states and, in some instances, for natural resource damages. The amount of any such expenses or related natural resource damages for which the Company may be held responsible could be substantial. In addition, Hertz entered into customary indemnification agreements with Herc Holdings and certain of the Company's stockholders and their affiliates pursuant to which Hertz Holdings and Hertz will indemnify those entities and their respective affiliates, directors, officers, partners, members, employees, agents, representatives and controlling persons, against certain liabilities arising out of performance of a consulting agreement with Hertz Holdings and each of such entities and certain other claims and liabilities, including liabilities arising out of financing arrangements or securities offerings. The Company has entered into customary indemnification agreements with each of its directors and certain of its officers. Performance under these indemnification obligations would generally be triggered by a breach of terms of the contract or by a third-party claim. In connection with the Spin-Off, the Company executed an agreement with Herc Holdings that contains mutual indemnification clauses and a customary indemnification provision with respect to liability arising out of or resulting from assumed legal matters. The Company regularly evaluates the probability of having to incur costs associated with these indemnification obligations and has accrued for expected losses that are probable and estimable.

Note 15—Related Party Transactions

Agreements with the Icahn Group

In June 2016, Hertz Global entered into a confidentiality agreement (the “Confidentiality Agreement”) with Carl C. Icahn, High River Limited Partnership, Hopper Investments LLC, Barberry Corp., Icahn Partners LP, Icahn Partners Master Fund LP, Icahn Enterprises G.P. Inc., Icahn Enterprises Holdings L.P., IPH GP LLC, Icahn Capital LP, Icahn Onshore LP, Icahn Offshore LP, Beckton Corp., Vincent J. Intrieri, Samuel J. Merksamer and Daniel A. Ninivaggi (collectively, the “Icahn Group”). Pursuant to the Confidentiality Agreement, Vincent J. Intrieri, Daniel A. Ninivaggi and SungHwan Cho, each of whom was appointed as a director of Hertz Global, are permitted to disclose confidential information to representatives of the Icahn Group. Until the date that the Icahn Group no longer has a designee on the Hertz Global board of directors, the Icahn Group agrees to vote all of its shares of common stock of Hertz Global in favor of the election of all of Hertz Global’s director nominees at each annual or special meeting of Hertz Global.

In addition, Hertz Global, High River Limited Partnership, Icahn Partners LP and Icahn Partners Master Fund LP entered into a registration rights agreement, dated June 30, 2016 (the “Registration Rights Agreement”). Pursuant to the Registration Rights Agreement, among other things, and subject to certain exceptions, Hertz Global agreed to effect up to two demand registrations with respect to shares of Hertz Global common stock held by members of the Icahn Group. Hertz Global also agreed to provide, with certain exceptions, certain piggyback registration rights with respect to common stock held by members of the Icahn Group.

In the normal course of business, the Company purchases goods and services and leases property from entities controlled by Carl C. Icahn and his affiliates, including The Pep Boys - Manny, Moe & Jack (collectively, the "Icahn

138
Group”). During the years ended December 31, 2019, 2018 and 2017, the Company purchased approximately $57 million, $39 million and $13 million, respectively worth of goods and services from these related parties.

In May 2018, the Company sold approximately $36 million of marketable securities to the Icahn Group at the then current market price of such securities.

**Transactions and Agreements between Hertz Holdings and Hertz**

In June 2017, Hertz entered into a master loan agreement with Hertz Holdings for a facility size of up to $425 million at an interest rate based on the U.S. Dollar LIBOR rate plus a margin (the “2017 Master Loan”). In June 2018, upon expiration of the 2017 Master Loan, Hertz entered into a master loan agreement with Hertz Holdings for a facility size of $425 million with an expiration in June 2019 (the “2018 Master Loan”) where amounts outstanding under the 2017 Master Loan were transferred to the 2018 Master Loan.

In June 2019, upon expiration of the 2018 Master Loan, Hertz entered into a new master loan agreement with Hertz Holdings for a facility size of $425 million with an expiration in June 2020 (the “2019 Master Loan”) where amounts outstanding under the 2018 Master Loan were transferred to the 2019 Master Loan. The interest rate is based on the U.S. Dollar LIBOR rate plus a margin. As of December 31, 2019 and 2018, there was $129 million and $117 million outstanding under the 2019 Master Loan and 2018 Master Loan, respectively, representing advances and any accrued but unpaid interest. Additionally, Hertz has a due to an affiliate in the amount of $65 million as of December 31, 2019 and 2018, respectively which represents a tax-related liability to Hertz Holdings.

The net impact of the above amounts are included in stockholder's equity in the accompanying consolidated balance sheets of Hertz.

**Other Relationships**

In connection with its vehicle rental businesses, the Company enters into millions of rental transactions every year involving millions of customers. In order to conduct those businesses, the Company also procures goods and services from thousands of vendors. Some of those customers and vendors may be affiliated with members of the Company's board of directors. The Company believes that all such rental and procurement transactions involved terms no less favorable to the Company than those that it believes would have been obtained in the absence of such affiliation. The Company's Nominating and Governance Committee oversees compliance through our Standards of Business Conduct, reviews conflicts of interest involving directors and determines whether to approve each transaction that involves the Company or any of its affiliates, on one hand, and (directly or indirectly) a director or member of his or her family or any entity managed by any such person, on the other hand.

**767 Auto Leasing LLC**

In January 2018, Hertz entered into a Master Motor Vehicle Lease and Management Agreement (the “767 Lease Agreement”) pursuant to which Hertz granted 767 Auto Leasing LLC (“767”), an entity affiliated with the Icahn Group, the option to acquire certain vehicles from Hertz at rates aligned with the rates at which Hertz sells vehicles to third parties. Hertz leases the vehicles purchased by 767 under the 767 Lease Agreement or from third parties, under a mutually developed fleet plan and Hertz manages, services, repairs, sells and maintains those leased vehicles on behalf of 767. Hertz currently rents the leased vehicles to drivers of TNCs from rental counters within locations leased or owned by affiliates of 767 (“Icahn Locations”), including locations operated under a master lease agreement with The Pep Boys - Manny, Joe & Jack. The 767 Lease Agreement had an initial term, as extended, of approximately 22 months, and is subject to automatic six month renewals thereafter, unless terminated by either party (with or without cause) prior to the start of any such six month renewal.

767's payment obligations under the 767 Lease Agreement are guaranteed by American Entertainment Properties Corp. (“AEPC”), an entity affiliated with the Icahn Group. During 2019 and 2018, AEPC contributed $49 million and $60 million, respectively to 767 along with certain services.
The Company is entitled to 25% of the profit from the rental of the leased vehicles, as specified in the 767 Lease Agreement, which is variable and based primarily on the rental revenue, less certain vehicle-related costs, such as depreciation, licensing and maintenance expenses. The Company has determined that it is the primary beneficiary of 767 due to its power to direct the activities of 767 that most significantly impact 767's economic performance and the Company's obligation to absorb 25% of 767's gains/losses. Accordingly, 767 is consolidated by the Company as a VIE.

In October 2019, the 767 Lease Agreement was amended such that, among other changes, 767 vehicles will be available for rent from Hertz locations that are opened in replacement of closed Icahn Locations, and the 767 vehicles may be available for rent to traditional off-airport customers in addition to TNC drivers, when certain conditions apply.

Note 16—Equity and Earnings (Loss) Per Share - Hertz Global

Equity of Hertz Global Holdings, Inc.

As of December 31, 2019 and 2018, there were 40 million shares of Hertz Holdings preferred stock authorized, par value $0.01 per share, 400 million shares of Hertz Holdings common stock authorized, par value $0.01 per share, and two million shares of treasury stock.

Share Repurchase Program

Hertz Holdings has a Board-approved share repurchase program that authorizes it to repurchase shares of its common stock through a variety of methods, including in the open market or through privately negotiated transactions, in accordance with applicable securities laws. It does not obligate Hertz Holdings to make any repurchases at any specific time or situation. There were no shares repurchased under this program in 2019 or 2018. As of December 31, 2019, Hertz Holdings has repurchased two million shares for $100 million under this program. This amount is included in treasury stock in the accompanying Hertz Global consolidated balance sheets as of December 31, 2019 and 2018, respectively. The timing and extent to which Hertz Holdings repurchases its shares will depend upon, among other things, market conditions, share price, liquidity targets and other factors. Share repurchases may be commenced or suspended at any time or from time to time without prior notice. Since Hertz Holdings does not conduct business itself, it primarily funds repurchases of its common stock using dividends from Hertz or amounts borrowed under the master loan agreement. The credit agreements governing Hertz' Senior Facilities, Letter of Credit Facility and Alternative Letter of Credit Facility restrict its ability to make dividends and certain payments, including payments to Hertz Holdings for share repurchases.

Earnings (Loss) Per Share

Basic earnings (loss) per share has been computed based upon the weighted-average number of common shares outstanding. Diluted earnings (loss) per share has been computed based upon the weighted-average number of common shares outstanding plus the effect of all potentially dilutive common stock equivalents, except when the effect would be anti-dilutive.

Rights Offering

In June 2019, Hertz Global filed a prospectus supplement to its Registration Statement on Form S-3 declared effective by the SEC on June 12, 2019 for a rights offering to raise gross proceeds of approximately $750 million and providing for the issuance of up to an aggregate of 57,915,055 new shares of Hertz Global common stock. Under the terms of the Rights Offering, each stockholder of Hertz Global was eligible to receive one transferable subscription right (a "Right") for each share of common stock held as of 5:00 p.m., Eastern Time, on June 24, 2019 (the "Record Date"). Each Right entitled the holder to purchase 0.688285 shares of common stock (the "Basic Subscription Right") at a price of $12.95 per whole share of common stock (the "Subscription Price"). The Rights Offering also entitled rights holders who fully exercised their Basic Subscription Rights to subscribe for additional shares of Hertz Global's common stock that remain unsubscribed as a result of any unexercised Basic Subscription Rights (the “Over-Subscription Right”). The Rights Offering expired at 5:00 p.m., Eastern Time, on July 12, 2019.
Upon closing in July 2019, the Rights Offering was fully subscribed resulting in Hertz Global selling 57,915,055 shares of its common stock at the Subscription Price for gross proceeds of $750 million. Pursuant to the terms of the Rights Offering, 55,816,783 shares of common stock were purchased under the Basic Subscription Right and 2,098,272 shares of common stock were purchased under the Over-Subscription Right.

Basic weighted-average shares outstanding and weighted-average shares used to calculate diluted earnings (loss) per share for 2018 and 2017 have been adjusted retrospectively to give effect to the Rights Offering.

Note 17—Segment Information

The Company's chief operating decision maker assesses performance and allocates resources based upon the financial information for the Company's operating segments. The Company aggregates certain of its operating segments into its reportable segments. The Company has identified three reportable segments, which are organized based on the products and services provided by its operating segments and the geographic areas in which its operating segments conduct business, as follows:

- U.S. Rental Car ("U.S. RAC") - rental of vehicles (cars, crossovers and light trucks), as well as sales of value-added services, in the U.S. and consists of the Company's U.S. operating segment;
- International Rental Car ("International RAC") - rental and leasing of vehicles (cars, vans, crossovers and light trucks), as well as sales of value-added services, internationally and consists of the Company's Europe and Other International operating segments, which are aggregated into a reportable segment based primarily upon similar economic characteristics, products and services, customers, delivery methods and general regulatory environments;
- All Other Operations - primarily consists of the Company's Donlen business, which provides vehicle leasing and fleet management services, together with other business activities which represent less than 1% of revenues and expenses of the segment.

Effective during the three months ended June 30, 2019, the Company changed its segment measure of profitability for its reportable segments to Adjusted EBITDA, as shown in the Adjusted EBITDA reconciliation tables below. This
measure better aligns with the way the Company reviews its overall vehicle rental and leasing business and determines management incentive compensation. Prior to the three months ended June 30, 2019, the Company's segment measure of profitability was Adjusted Pre-tax Income (Loss) which included non-vehicle depreciation and amortization, non-vehicle debt interest, net, and certain other items. For comparability purposes, the Company has adjusted retrospectively the 2018 and 2017 segment results to reflect the new segment measure of profitability.

In addition to the above reportable segments, the Company has Corporate operations which includes general corporate assets and expenses and certain interest expense (including net interest on non-vehicle debt). Corporate includes other items necessary to reconcile the reportable segments to the Company's total amounts.

The following tables provide significant statements of operations, balance sheets and statements of cash flow information by reportable segment for each of Hertz Global and Hertz, as well as Adjusted EBITDA, the measure used to determine segment profitability.

### Note 19—Guarantor and Non-Guarantor Annual Condensed Consolidating Financial Information - Hertz

The following tables present the Condensed Consolidating Balance Sheets as of December 31, 2019 and 2018 and the Condensed Consolidating Statements of Operations and Comprehensive Income (Loss) and Statements of Cash Flows for the years ended December 31, 2019, 2018 and 2017, of (a) The Hertz Corporation ("Parent"); (b) the Parent's subsidiaries that guarantee the Senior Notes issued by the Parent ("Guarantor Subsidiaries"); (c) the Parent's subsidiaries that do not guarantee the Senior Notes issued by the Parent ("Non-Guarantor Subsidiaries"); (d) elimination entries necessary to consolidate the Parent with the Guarantor Subsidiaries and Non-Guarantor Subsidiaries ("Eliminations"); and of (e) Hertz on a consolidated basis.

Investments in subsidiaries are accounted for using the equity method for purposes of the consolidating presentation. The principal elimination entries relate to investments in subsidiaries and intercompany balances and transactions. The Guarantor Subsidiaries are 100% owned by the Parent and all guarantees are full and unconditional and joint and several. Additionally, substantially all of the assets of the Guarantor Subsidiaries are pledged under the Senior Facilities and Senior Second Priority Secured Notes, and consequently will not be available to satisfy the claims of Hertz general creditors. In lieu of providing separate unaudited financial statements for the Guarantor Subsidiaries, Hertz has included the accompanying condensed consolidated financial statements based on Rule 3-10 of the SEC's Regulation S-X. Management of Hertz does not believe that separate financial statements of the Guarantor Subsidiaries are material to Hertz’s investors; therefore, separate financial statements and other disclosures concerning the Guarantor Subsidiaries are not presented.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

HERTZ GLOBAL HOLDINGS, INC.

Evaluation of Disclosure Controls and Procedures

Our senior management has evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined under Exchange Act Rules 13a-15(e) and 15d-15(e)) as of the end of the period covered by this 2019 Annual Report. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that as of December 31, 2019, the Company's disclosure controls and procedures were effective to provide reasonable assurance that the information required to be disclosed by us in the reports that we file or submit under the Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to management as appropriate to allow timely decisions regarding required disclosure.

Management's Report on Internal Control over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Exchange Act Rules 13a-15(f) and 15d-15(f).

Internal control over financial reporting has inherent limitations. Internal control over financial reporting is a process that involves human diligence and compliance and is subject to lapses in judgment and breakdowns resulting from human failures. Internal control over financial reporting can also be circumvented by collusion or improper management override. Because of such limitations, there is a risk that material misstatements will not be prevented or detected on a timely basis by internal control over financial reporting. Therefore, it is possible to design into the process safeguards to reduce, though not eliminate, this risk.

Management, including our Chief Executive Officer and our Chief Financial Officer, assessed the effectiveness of our internal control over financial reporting as of December 31, 2019. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (“COSO”) in Internal Control - Integrated Framework (2013). Based on this assessment, management has concluded that we maintained effective internal control over financial reporting as of December 31, 2019.

The effectiveness of our internal control over financial reporting as of December 31, 2019 has been audited by Ernst & Young LLP, an independent registered public accounting firm, as stated in their report, which appears in this 2019 Annual Report.

Changes in Internal Control over Financial Reporting

In August 2019, we consolidated our Enterprise Resource Planning (“ERP”) systems into a single global platform and upgraded our technology for accounting, budgeting and forecasting to improve our financial and operational information.

There were no other changes in our internal control over financial reporting that occurred during 2019 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**Furnished herewith

As of December 31, 2019, we had various additional obligations which could be considered long-term debt, none of which exceeded 10% of our total assets on a consolidated basis. We agree to furnish to the SEC upon request a copy of any such instrument defining the rights of the holders of such long-term debt.

Schedules and exhibits not included above have been omitted because the information required has been included in the financial statements or notes thereto or are not applicable or not required.
DESCRIPTION OF COMMON STOCK

The following is a description of the common stock, par value $0.01 per share, of Hertz Global Holdings, Inc. (the “Company,” “we” or “us”) registered under Section 12 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The common stock, par value $0.01 per share, of The Hertz Corporation is not registered under Section 12 of the Exchange Act, and, as a result, is not described in this exhibit. This description is a summary and is qualified in its entirety by reference to our amended and restated certificate of incorporation and amended and restated by-laws, copies of which are filed as Exhibit 3.1.1 and 3.2.1, respectively, to the Annual Report on Form 10-K of the Company and The Hertz Corporation.

Overview

As of December 31, 2019, our amended and restated certificate of incorporation authorizes 400,000,000 shares of common stock, par value $0.01 per share. In addition, our amended and restated certificate of incorporation authorizes 40,000,000 shares of preferred stock, par value $0.01 per share, issuable in one or more series. Our common stock is listed on the New York Stock Exchange under the ticker symbol “HTZ.”

As of December 31, 2019, 142,124,512 shares of our common stock were outstanding and no shares of preferred stock were outstanding.

Common Stock

Voting Rights. Each holder of our common stock is entitled to one vote per share on all matters to be voted on by stockholders. At any meeting of stockholders for the election of directors at which a quorum is present, the election will be determined by a majority of the votes cast by the stockholders entitled to vote in the election, with directors not receiving a majority of the votes cast required to tender their resignations for consideration by the board, except that in the case of a contested election, the election will be determined by a plurality of the votes cast by the stockholders entitled to vote in the election. For other matters, except as otherwise required by law, the rules of the New York Stock Exchange or any other rule or regulation applicable to us, action shall be taken by a vote of a majority of the shares entitled to vote at a meeting of stockholders on the subject matter in question represented in person or by proxy, assuming a quorum is present.

Dividend Rights and Liquidation Rights. The holders of our common stock are entitled to receive any dividends and other distributions that may be declared by our board of directors, subject to any preferential dividend rights of outstanding preferred stock. In the event of our liquidation, dissolution or winding up, holders of common stock will be entitled to receive proportionately any of our assets remaining after the payment of liabilities and subject to the prior rights of any outstanding preferred stock. Our ability to pay dividends on our common stock is subject to our subsidiaries’ ability to pay dividends to us, which is in turn subject to the restrictions set forth in the instruments governing our indebtedness.

Other Rights and Preferences. Holders of our common stock have no preemptive, subscription, redemption or conversion rights. The outstanding shares of our common stock are fully paid and non-assessable. The rights and privileges of holders of our common stock are subject to any series of preferred stock that we may issue, as described below.

Preferred Stock

Under our amended and restated certificate of incorporation, our board of directors has the authority, without further vote or action by the stockholders, to issue up to 40,000,000 shares of preferred stock in one or more series and to fix the number of shares of any class or series of preferred stock and to determine its voting powers, designations, preferences or other rights and restrictions. The issuance of preferred stock could adversely affect the rights of holders of common stock or impede the completion of a merger, tender offer or other takeover attempt.
Exclusive Forum

Our amended and restated certificate of incorporation provides that, unless we consent in writing to the selection of an alternative forum, the sole and exclusive forum for (i) any derivative action or proceeding brought on behalf of us, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director or officer or other employee to us or our stockholders, (iii) any action asserting a claim against us or any director or officer or other employee arising pursuant to any provision of the Delaware General Corporation Law (the “DGCL”) or the amended and restated certificate of incorporation or bylaws (as either may be amended from time to time), or (iv) any action asserting a claim against us or any director or officer or other employee governed by the internal affairs doctrine, in each case, shall be a state court located within the State of Delaware (or, if no state court located within the State of Delaware has jurisdiction, the federal district court for the District of Delaware).

Special Stockholder Meetings

The amended and restated certificate of incorporation provides that special meetings of the stockholders may be called by (i) the board of directors pursuant to a resolution adopted by a majority of the total number of authorized directors, (ii) the chairman of the board, (iii) the chief executive officer, or (iv) subject to certain procedures and conditions set forth therein, by the corporate secretary at the request of one or more stockholders who have held beneficial ownership of at least a thirty-five percent (35%) “net long position” of the outstanding common stock for at least thirty (30) days prior to the delivery of such request.

Rights Plan Limitations

The amended and restated certificate of incorporation provides that any rights plan adopted by our board of directors shall have a triggering “acquiring person” ownership threshold of 20% or higher. If our board of directors adopts a rights plan, such rights plan will be put to a vote of stockholders within 135 days of the date of adoption of such rights plan. If we fail to hold a stockholder vote on or prior to the 135th day deadline, then the rights plan shall automatically terminate on the 135th day deadline. If a stockholder vote is held on the rights plan and it is not approved by the holders of a majority of shares voted, then the rights plan shall expire on a date not later than the 135th day deadline.

Change of Control Related Provisions of Our Certificate of Incorporation and Bylaws and Delaware Law

A number of provisions in our amended and restated certificate of incorporation and amended and restated by-laws and under the DGCL may make it more difficult to acquire control of us. These provisions may have the effect of discouraging a future takeover attempt not approved by our board of directors but which individual stockholders may deem to be in their best interests or in which stockholders may receive a substantial premium for their shares over then current market prices. As a result, stockholders who might desire to participate in such a transaction may not have an opportunity to do so. In addition, these provisions may adversely affect the prevailing market price of our common stock. These provisions are intended to:

- enhance the likelihood of continuity and stability in the composition of our board of directors;
- discourage some types of transactions that may involve an actual or threatened change in control of us;
- discourage certain tactics that may be used in proxy fights;
- ensure that our board of directors will have sufficient time to act in what the board believes to be in the best interests of us and our stockholders; and
- encourage persons seeking to acquire control of us to consult first with our board to negotiate the terms of any proposed business combination or offer.
Unissued Shares of Capital Stock

Common Stock

The remaining shares of our authorized and unissued common stock will be available for future issuance without additional stockholder approval, subject to the rules of the New York Stock Exchange. While the additional shares are not designated to deter or prevent a change of control, under some circumstances we could use the additional shares to create voting impediments or to frustrate persons seeking to effect a takeover or otherwise gain control by, for example, issuing those shares in private placements to purchasers who might side with our board of directors in opposing an unsolicited takeover bid.

Preferred Stock

Our amended and restated certificate of incorporation provides our board of directors with the authority, without any further vote or action by our stockholders, to issue preferred stock in one or more series and to fix the number of shares constituting any such series and the preferences, limitations and relative rights, including dividend rights, dividend rate, voting rights, terms of redemption, redemption price or prices, conversion rights and liquidation preferences of the shares constituting any series. The existence of authorized but unissued preferred stock could reduce our attractiveness as a target for an unsolicited takeover bid since we could, for example, issue shares of preferred stock to parties who might oppose such a takeover bid or shares that contain terms the potential acquirer may find unattractive. This may have the effect of delaying or preventing a change of control, may discourage bids for the common stock at a premium over the market price of the common stock, and may adversely affect the market price of, and the voting and other rights of the holders of, common stock.

Vacancies

Vacancies in our board of directors will only be able to be filled by our board of directors (even if less than a quorum, or by a sole remaining director), except that a vacancy that results from the removal of a director by the stockholders may be filled by the stockholders at a special meeting of the stockholders. Any director elected to fill a vacancy will hold office until such director’s successor shall have been duly elected and qualified or until his or her earlier death, resignation or removal. No decrease in the number of directors will shorten the term of any incumbent director. Our amended and restated by-laws provides that the number of directors shall be fixed and increased or decreased from time to time by resolution of the board of directors.

Advance Notice Requirements for Nomination of Directors and Presentation of New Business at Meetings of Stockholders; Stockholder Action by Written Consent

Our amended and restated by-laws require advance notice for stockholder proposals and nominations for director. To be timely, notice must be delivered to our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary date of the annual meeting for the preceding year. However, if the date of the annual meeting is more than 30 days before or more than 70 days after such anniversary date of the preceding year’s annual meeting, the notice must be delivered not earlier than 120 days prior to the date of such annual meeting and not later than the close of business on the later of the ninetieth day prior to the date of such annual meeting or the tenth day following the day on which public announcement of the date of such meeting is first made by the Company. If we call a special meeting for the purpose of electing one or more directors, stockholder nominations must be delivered to our principal executive offices (i) not less than 90 days prior to the date of such special meeting or 10 days after the date on which public announcement of the date of such meeting and of the nominees proposed by us is first made or (ii) not more than 120 days prior to the date of such meeting. All nominations must contain the applicable information set forth in our amended and restated by-laws.

In addition, our amended and restated certificate of incorporation and amended and restated by-laws provide that action may not be taken by written consent of stockholders. Thus, any action taken by the stockholders will have to be effected at a duly called annual or special meeting.
These and other provisions will make it procedurally more difficult for a stockholder to place a proposal or nomination on the meeting agenda or to take action without a meeting, and therefore may reduce the likelihood that a stockholder will seek to take independent action to replace directors or seek a stockholder vote with respect to other matters that are not supported by management.

No Cumulative Voting

The DGCL provides that stockholders are denied the right to cumulate votes in the election of directors unless the company’s certificate of incorporation provides otherwise. Our amended and restated certificate of incorporation does not provide for cumulative voting.

Each such notice shall be irrevocable and shall in each case refer to this Series 2013-A Supplement and specify the aggregate amount of the requested Class A Advance to be made on such date; provided, however, if HVF II receives a Class A Delayed Funding Notice in accordance with Section 2.2(a)(v) by 6:00 p.m. (New York time) on the second Business Day prior to the date of any proposed Class A Advance, HVF II shall have the right to revoke the Class A/B/C Advance Request with respect to the requested Class A Advance by providing the Administrative Agent and each Class A Funding Agent (with a copy to the Trustee and each Class A Committed Note Purchaser) written notice, by telecopy or electronic mail, of such revocation no later than 10:00 a.m. (New York time) on the Business Day prior to the proposed date of such Class A Advance.

B. Each Class A Funding Agent shall promptly advise its related Class A Conduit Investor, or if there is no Class A Conduit Investor with respect to any Class A Investor Group, its related Class A Committed Note Purchaser, of any notice given pursuant to Section 2.2(a)(i) and, if there is a Class A Conduit Investor with respect to any Class A Investor Group, shall promptly thereafter (but
in no event later than 11:00 a.m. (New York City time) on the proposed date of the Class A Advance), notify HVF II and the related Class A Committed Note Purchaser(s), whether such Class A Conduit Investor has determined to make such Class A Advance.

(ii) **Party Obligated to Fund Class A Advances.** Upon HVF II’s request in accordance with Section 2.2(a)

(i):

A. each Class A Conduit Investor, if any, may fund Class A Advances (whether as a Class A Non-Delayed Amount or a Class A Delayed Amount) from time to time during the Series 2013-A Revolving Period;

B. if any Class A Conduit Investor determines that it will not make a Class A Advance (whether as a Class A Non-Delayed Amount or a Class A Delayed Amount) or any portion of a Class A Advance (whether as a Class A Non-Delayed Amount or a Class A Delayed Amount), then such Class A Conduit Investor shall notify the Administrative Agent and the Class A Funding Agent with respect to such Class A Conduit Investor, and each Class A Committed Note Purchaser with respect to such Class A Conduit Investor, subject to Section 2.2(a)(v), shall fund its pro rata portion (by Class A Committed Note Purchaser Percentage) of the Class A Commitment Percentage with respect to such Class A Investor Group of such Class A Advance (whether as a Class A Non-Delayed Amount or a Class A Delayed Amount) not funded by such Class A Conduit Investor; and

C. if there is no Class A Conduit Investor with respect any Class A Investor Group, then the Class A Committed Note Purchaser(s) with respect to such Class A Investor Group, subject to Section 2.2(a)(v), shall fund Class A Advances (whether as a Class A Non-Delayed Amount or a Class A Delayed Amount) from time to time.

(iii) **Class A Conduit Investor Funding.** Each Class A Conduit Investor hereby agrees with respect to itself that it will use commercially reasonable efforts to fund Class A Advances made by its Class A Investor Group through the issuance of Class A Commercial Paper; provided that, (i) no Class A Conduit Investor will have any obligation to use commercially reasonable efforts to fund Class A Advances made by its Class A Investor Group through the issuance of Class A Commercial Paper at any time that the funding of such Class A Advance through the issuance of Class A Commercial Paper would be prohibited by the program documents governing such Class A Conduit Investor’s commercial paper program, (ii) nothing herein is (or shall be construed) as a commitment by any Class A Conduit Investor to fund any Class A Advance through the issuance of Class A Commercial Paper; provided further that, the Class A Conduit Investors shall not, and shall not be obligated to, fund or pay any amount pursuant to this Series 2013-A Supplement unless (i) the respective Class A Conduit Investor has received funds that may be used to make such funding or other payment and
which funds are not required to repay any of the commercial paper notes ("Class A CP Notes") issued by such Class A Conduit Investor when due and (ii) after giving effect to such funding or payment, either (x) such Class A Conduit Investor could issue Class A CP Notes to refinance all of its outstanding Class A CP Notes (assuming such outstanding Class A CP Notes matured at such time) in accordance with the program documents governing its commercial paper program or (y) all of the Class A CP Notes are paid in full. Any amount that a Class A Conduit Investor does not pay pursuant to the operation of the second proviso of the preceding sentence shall not constitute a claim (as defined in Section 101 of the Bankruptcy Code) against or obligation of such Class A Conduit Investor for any such insufficiency.

(iv) **Class A Advance Allocations.** HVF II shall allocate the proposed Class A Advance among the Class A Investor Groups ratably by their respective Class A Commitment Percentages; provided that, in the event that one or more Class A Investor Groups become party to this Series 2013-A Supplement on the Sixth Restatement Effective Date that were not party to the Fifth Series 2013-A Supplement, one or more Class A Additional Investor Groups become party to this Series 2013-A Supplement in accordance with Section 2.1(b)(i) or one or more Class A Investor Group Maximum Principal Increases are effected in accordance with Section 2.1(c)(i), any Class A Additional Investor Group Initial Principal Amount in connection with the addition of each such Class A additional Investor Group, any Class A Investor Group Maximum Principal Increase Amount in connection with each such Class A Investor Group Maximum Principal Increase, and each Class A Advance subsequent to any of the foregoing shall be allocated solely to such Class A Additional Investor Groups and/or such Class A Investor Groups, as applicable, until (and only until) the Class A Principal Amount is allocated ratably among all Class A Investor Groups (based upon each such Class A Investor Group’s Class A Commitment Percentage after giving effect to each such Class A Investor Group or Class A Additional Investor Group becoming party hereto and/or each such Class A Investor Group Maximum Principal Increase, as applicable); provided further that on or prior to the Payment Date (or, if such Class A Investor Group or Class A Additional Investor Group becomes party hereto or such Class A Investor Group Maximum Principal Increase occurs, in either case, after the Determination Date with respect to such Payment Date, the second Payment Date) immediately following the date on which any such Class A Investor Group or Class A Additional Investor Group becomes party hereto or a Class A Investor Group Maximum Principal Increase occurs, HVF II shall use commercially reasonable efforts to request Class A Advances and/or effect Class A Voluntary Decreases to the extent necessary to cause (after giving effect to such Class A Advances and Class A Voluntary Decreases) the Class A Principal Amount to be allocated ratably among all Class A Investor Groups (based upon each such Class A Investor Group’s Class A Commitment Percentage after giving effect to such Class A Investor Group or Class A Additional Investor.
Group becoming party hereto or such Class A Investor Group Maximum Principal Increase, as applicable).

(v) Class A Delayed Funding Procedures.

A. A Class A Delayed Funding Purchaser, upon receipt of any notice of a Class A Advance pursuant to Section 2.2(a)(i), promptly (but in no event later than 6:00 p.m. (New York time) on the second Business Day prior to the proposed date of such Class A Advance) may notify HVF II in writing (a “Class A Delayed Funding Notice”) of its election to designate such Class A Advance as a delayed Class A Advance (such Class A Advance, a “Class A Designated Delayed Advance”). If such Class A Delayed Funding Purchaser’s ratable portion of such Class A Advance exceeds its Class A Required Non-Delayed Amount (such excess amount, the “Class A Permitted Delayed Amount”), then the Class A Delayed Funding Purchaser also shall include in the Class A Delayed Funding Notice the portion of such Class A Advance (such amount as specified in the Class A Delayed Funding Notice, not to exceed such Class A Delayed Funding Purchaser’s Class A Permitted Delayed Amount, the “Class A Delayed Amount”) that the Class A Delayed Funding Purchaser has elected to fund on a Business Day that is on or prior to the thirty-fifth (35th) day following the proposed date of such Class A Advance (such date as specified in the Class A Delayed Funding Notice, the “Class A Delayed Funding Date”) rather than on the date for such Class A Advance specified in the related Class A/B/C Advance Request.

B. If (A) one or more Class A Delayed Funding Purchasers provide a Class A Delayed Funding Notice to HVF II specifying a Class A Delayed Amount in respect of any Class A Advance and (B) HVF II shall not have revoked the notice of the Class A Advance by 10:00 a.m. (New York time) on the Business Day preceding the proposed date of such Class A Advance, then HVF II, by no later than 11:30 a.m. (New York time) on the Business Day preceding the date of such proposed Class A Advance, may (but shall have no obligation to) direct each Class A Available Delayed Amount Committed Note Purchaser to fund an additional portion of such Class A Advance on the proposed date of such Class A Advance equal to such Class A Available Delayed Amount Committed Note Purchaser’s proportionate share (based upon the relative Class A Committed Note Purchaser Percentage of such Class A Available Delayed Amount Committed Note Purchasers) of the aggregate Class A Delayed Amount with respect to the proposed Class A Advance; provided that, (i) no Class A Available Delayed Amount Committed Note Purchaser shall be required to fund any portion of its proportionate share of such aggregate Class A Delayed Amount that would cause its Class A Investor Group Principal Amount to exceed its Class A Maximum Investor Group Principal Amount and (ii) any Class A Conduit Investor, if any, in the Class A Available Delayed Amount Committed Note Purchaser’s Class A Investor Group may, in its sole discretion, agree to fund such proportionate share of such aggregate Class A Delayed Amount.
C. Upon receipt of any notice of a Class A Delayed Amount in respect of a Class A Advance pursuant to Section 2.2(a)(v)(B), a Class A Available Delayed Amount Committed Note Purchaser, promptly (but in no event later than 6:00 p.m. (New York time) on the Business Day prior to the proposed date of such Class A Advance) may notify HVF II in writing (a “Class A Second Delayed Funding Notice”) of its election to decline to fund a portion of its proportionate share of such Class A Delayed Amount (such portion, the “Class A Second Delayed Funding Notice Amount”); provided that, the Class A Second Delayed Funding Notice Amount shall not exceed the excess, if any, of (A) such Class A Available Delayed Amount Committed Note Purchaser’s proportionate share of such Class A Delayed Amount over (B) such Class A Available Delayed Amount Committed Note Purchaser’s Class A Required Non-Delayed Amount (after giving effect to the funding of any amount in respect of such Class A Advance to be made by such Class A Available Delayed Amount Committed Note Purchaser or the Class A Conduit Investor in such Class A Available Delayed Amount Committed Note Purchaser’s Class A Investor Group) (such excess amount, the “Class A Second Permitted Delayed Amount”), and upon any such election, such Class A Available Delayed Amount Committed Note Purchaser shall include in the Class A Second Delayed Funding Notice the Class A Second Delayed Funding Notice Amount.

(vi) Funding Class A Advances.

A. Subject to the other conditions set forth in this Section 2.2(a), on the date of each Class A Advance, each Class A Conduit Investor and Class A Committed Note Purchaser(s) funding such Class A Advance shall make available to HVF II its portion of the amount of such Class A Advance (other than any Class A Delayed Amount) by wire transfer in U.S. dollars in same day funds to the Series 2013-A Principal Collection Account no later than 2:00 p.m. (New York City time) on the date of such Class A Advance. Proceeds from any Class A Advance shall be deposited into the Series 2013-A Principal Collection Account.

B. A Class A Delayed Funding Purchaser that delivered a Class A Delayed Funding Notice in respect of a Class A Delayed Amount shall be obligated to fund such Class A Delayed Amount on the related Class A Delayed Funding Date in the manner set forth in the next succeeding sentence, irrespective of whether the Series 2013-A Commitment Termination Date shall have occurred on or prior to such Class A Delayed Funding Date or HVF II would be able to satisfy the Class A Funding Conditions on such Class A Delayed Funding Date. Such Class A Delayed Funding Purchaser shall (i) pay the sum of the Class A Second Delayed Funding Notice Amount related to such Class A Delayed Amount, if any, to HVF II no later than 2:00 p.m. (New York time) on the related Class A Delayed Funding Date by wire transfer in U.S. dollars in same day funds to the Series 2013-A Principal Collection Account, and (ii) pay the Class A Delayed Funding Reimbursement Amount related to such Class A Delayed
Amount, if any, on such related Class A Delayed Funding Date to each applicable Class A Funding Agent in immediately available funds for the ratable benefit of the related Class A Available Delayed Amount Purchasers that funded the Class A Delayed Amount on the date of the Advance related to such Class A Delayed Amount in accordance with Section 2.2(a)(v)(B), based on the relative amount of such Class A Delayed Amount funded by such Class A Available Delayed Amount Purchaser on the date of such Class A Advance pursuant to Section 2.2(a)(v)(B).

(vii) Class A Funding Defaults. If, by 2:00 p.m. (New York City time) on the date of any Class A Advance, one or more Class A Committed Note Purchasers in a Class A Investor Group (each, a “Class A Defaulting Committed Note Purchaser,” and each Class A Committed Note Purchaser in the related Class A Investor Group that is not a Class A Defaulting Committed Note Purchaser, a “Class A Non-Defaulting Committed Note Purchaser”) fails to make its portion of such Class A Advance, available to HVF II pursuant to Section 2.2(a)(vii) (the aggregate amount unavailable to HVF II as a result of any such failure being herein called a “Class A Advance Deficit”), then the Class A Funding Agent for such Class A Investor Group, by no later than 2:30 p.m. (New York City time) on the applicable date of such Class A Advance, shall instruct each Class A Non-Defaulting Committed Note Purchaser in the same Class A Investor Group as the Class A Defaulting Committed Note Purchaser to pay, by no later than 3:00 p.m. (New York City time), in immediately available funds, to the Series 2013-A Principal Collection Account, an amount equal to the lesser of (i) such Class A Non-Defaulting Committed Note Purchaser’s pro rata portion (based upon the relative Class A Committed Note Purchaser Percentage of such Class A Non-Defaulting Committed Note Purchasers) of the Class A Advance Deficit and (ii) the amount by which such Class A Non-Defaulting Committed Note Purchaser’s pro rata portion (by Class A Committed Note Purchaser Percentage) of the Class A Maximum Investor Group Principal Amount for such Class A Investor Group exceeds the portion of the Class A Investor Group Principal Amount for such Class A Investor Group funded by such Class A Non-Defaulting Committed Note Purchaser (determined after giving effect to all Class A Advances already made by such Class A Investor Group on such date). Subject to Section 1.3, a Class A Defaulting Committed Note Purchaser shall forthwith, upon demand, pay to the applicable Class A Funding Agent for the ratable benefit of the Class A Non-Defaulting Committed Note Purchasers all amounts paid by each such Class A Non-Defaulting Committed Note Purchaser on behalf of such Class A Defaulting Committed Note Purchaser, together with interest thereon, for each day from the date a payment was made by a Class A Non-Defaulting Committed Note Purchaser until the date such Class A Non-Defaulting Committed Note Purchaser has been paid such amounts in full, at a rate per annum equal to the sum of the Base Rate plus 0.50% per annum. For the avoidance of doubt, no Class A Delayed Funding Purchaser that has provided a Class A Delayed Funding Notice in respect of a Class A Advance shall be considered to be in default of its obligation to fund its Class A Delayed Amount or be treated as a Class A

26
Defaulting Committed Note Purchaser hereunder unless and until it has failed to fund the Class A Delayed Funding Reimbursement Amount or the Class A Second Delayed Funding Notice Amount on the related Class A Delayed Funding Date in accordance with Section 2.2(a)(vi)(B).

(b) **Class B Advances.**

   (i) **Class B Advance Requests.** Subject to the terms of this Series 2013-A Supplement, including satisfaction of the Class B Funding Conditions, the aggregate outstanding principal amount of the Class B Notes may be increased from time to time. On any Business Day during the Series 2013-A Revolving Period, HVF II, subject to this Section 2.2(b), may increase the Class B Principal Amount (such increase, including any increase resulting from a Class B Investor Group Maximum Principal Increase Amount or a Class B Additional Investor Group Initial Principal Amount, is referred to as a “Class B Advance”), which increase shall be allocated among the Class B Investor Groups in accordance with Section 2.2(b)(iv).

   A. Whenever HVF II wishes a Class B Conduit Investor, or if there is no Class B Conduit Investor with respect to any Class B Investor Group, the Class B Committed Note Purchaser with respect to such Class B Investor Group, to make a Class B Advance, HVF II shall notify the Administrative Agent, the related Class B Funding Agent and the Trustee by providing written notice delivered to the Administrative Agent, the Trustee and such Class B Funding Agent (with a copy of such notice delivered to the Class B Committed Note Purchasers) no later than 11:30 a.m. (New York City time) on the second Business Day prior to the proposed Class B Advance (which notice may be combined with the notice delivered pursuant to Section 2.1(b)(ii), in the case of a Class B Advance in connection with a Class B Additional Investor Group Initial Principal Amount, or pursuant to Section 2.1(c)(ii), in the case of a Class B Advance in connection with a Class B Investor Group Maximum Principal Increase Amount). Each such notice shall be irrevocable and shall in each case refer to this Series 2013-A Supplement and specify the aggregate amount of the requested Class B Advance to be made on such date; provided, however, if HVF II receives a Class B Delayed Funding Notice in accordance with Section 2.2(b)(v) by 6:00 p.m. (New York time) on the second Business Day prior to the date of any proposed Class B Advance, HVF II shall have the right to revoke the Class A/B/C Advance Request with respect to the requested Class B Advance by providing the Administrative Agent and each Class B Funding Agent (with a copy to the Trustee and each Class B Committed Note Purchaser) written notice, by telecopy or electronic mail, of such revocation no later than 10:00 a.m. (New York time) on the Business Day prior to the proposed date of such Class B Advance.

   B. Each Class B Funding Agent shall promptly advise its related Class B Conduit Investor, or if there is no Class B Conduit Investor with respect to any
Class B Investor Group, its related Class B Committed Note Purchaser, of any notice given pursuant to Section 2.2(b)(i) and, if there is a Class B Conduit Investor with respect to any Class B Investor Group, shall promptly thereafter (but in no event later than 11:00 a.m. (New York City time) on the proposed date of the Class B Advance), notify HVF II and the related Class B Committed Note Purchaser(s), whether such Class B Conduit Investor has determined to make such Class B Advance.

(ii) **Party Obligated to Fund Class B Advances.** Upon HVF II’s request in accordance with Section 2.2(b)(i):

A. each Class B Conduit Investor, if any, may fund Class B Advances (whether as a Class B Non-Delayed Amount or a Class B Delayed Amount) from time to time during the Series 2013-A Revolving Period;

B. if any Class B Conduit Investor determines that it will not make a Class B Advance (whether as a Class B Non-Delayed Amount or a Class B Delayed Amount) or any portion of a Class B Advance (whether as a Class B Non-Delayed Amount or a Class B Delayed Amount), then such Class B Conduit Investor shall notify the Administrative Agent and the Class B Funding Agent with respect to such Class B Conduit Investor, and each Class B Committed Note Purchaser with respect to such Class B Conduit Investor, subject to Section 2.2(b)(v), shall fund its pro rata portion (by Class B Committed Note Purchaser Percentage) of the Class B Commitment Percentage with respect to such Class B Investor Group of such Class B Advance (whether as a Class B Non-Delayed Amount or a Class B Delayed Amount) not funded by such Class B Conduit Investor; and

C. if there is no Class B Conduit Investor with respect to any Class B Investor Group, then the Class B Committed Note Purchaser(s) with respect to such Class B Investor Group, subject to Section 2.2(b)(v), shall fund Class B Advances (whether as a Class B Non-Delayed Amount or a Class B Delayed Amount) from time to time.

(iii) **Class B Conduit Investor Funding.** Each Class B Conduit Investor hereby agrees with respect to itself that it will use commercially reasonable efforts to fund Class B Advances made by its Class B Investor Group through the issuance of Class B Commercial Paper; provided that, (i) no Class B Conduit Investor will have any obligation to use commercially reasonable efforts to fund Class B Advances made by its Class B Investor Group through the issuance of Class B Commercial Paper at any time that the funding of such Class B Advance through the issuance of Class B Commercial Paper would be prohibited by the program documents governing such Class B Conduit Investor’s commercial paper program, (ii) nothing herein is (or shall be construed) as a commitment by any Class B Conduit Investor to fund any Class B Advance through the issuance of Class B Commercial Paper; provided further that, the Class B Conduit Investors
shall not, and shall not be obligated to, fund or pay any amount pursuant to this Series 2013-A Supplement unless (i) the respective Class B Conduit Investor has received funds that may be used to make such funding or other payment and which funds are not required to repay any of the commercial paper notes ("Class B CP Notes") issued by such Class B Conduit Investor when due and (ii) after giving effect to such funding or payment, either (x) such Class B Conduit Investor could issue Class B CP Notes to refinance all of its outstanding Class B CP Notes (assuming such outstanding Class B CP Notes matured at such time) in accordance with the program documents governing its commercial paper program or (y) all of the Class B CP Notes are paid in full. Any amount that a Class B Conduit Investor does not pay pursuant to the operation of the second proviso of the preceding sentence shall not constitute a claim (as defined in Section 101 of the Bankruptcy Code) against or obligation of such Class B Conduit Investor for any such insufficiency.

(iv) Class B Advance Allocations. HVF II shall allocate the proposed Class B Advance among the Class B Investor Groups ratably by their respective Class B Commitment Percentages; provided that, in the event that one or more Class B Investor Groups become party to this Series 2013-A Supplement on the Sixth Restatement Effective Date that were not party to the Fifth Series 2013-A Supplement, one or more Class B Additional Investor Groups become party to this Series 2013-A Supplement in accordance with Section 2.1(b)(ii) or one or more Class B Investor Group Maximum Principal Increases are effected in accordance with Section 2.1(c)(ii), any Class B Additional Investor Group Initial Principal Amount in connection with the addition of each such Class B Additional Investor Group, any Class B Investor Group Maximum Principal Increase Amount in connection with each such Class B Investor Group Maximum Principal Increase, and each Class B Advance subsequent to any of the foregoing shall be allocated solely to such Class B Additional Investor Groups and/or such Class B Investor Groups, as applicable, until (and only until) the Class B Principal Amount is allocated ratably among all Class B Investor Groups (based upon each such Class B Investor Group’s Class B Commitment Percentage after giving effect to each such Class B Investor Group or Class B Additional Investor Group becoming party hereto and/or each such Class B Investor Group Maximum Principal Increase, as applicable); provided further that on or prior to the Payment Date (or, if such Class B Investor Group or Class B Additional Investor Group becomes party hereto or such Class B Investor Group Maximum Principal Increase occurs, in either case, after the Determination Date with respect to such Payment Date, the second Payment Date) immediately following the date on which any such Class B Investor Group or Class B Additional Investor Group becomes party hereto or a Class B Investor Group Maximum Principal Increase occurs, HVF II shall use commercially reasonable efforts to request Class B Advances and/or effect Class B Voluntary Decreases to the extent necessary to cause (after giving effect to such Class B Advances and Class B Voluntary Decreases) the Class B Principal Amount to be allocated ratably among all Class
B Investor Groups (based upon each such Class B Investor Group’s Class B Commitment Percentage after giving effect to such Class B Investor Group or Class B Additional Investor Group becoming party hereto or such Class B Investor Group Maximum Principal Increase, as applicable).

(v) Class B Delayed Funding Procedures.

A. A Class B Delayed Funding Purchaser, upon receipt of any notice of a Class B Advance pursuant to Section 2.2(b)(i), promptly (but in no event later than 6:00 p.m. (New York time) on the second Business Day prior to the proposed date of such Class B Advance) may notify HVF II in writing (a “Class B Delayed Funding Notice”) of its election to designate such Class B Advance as a delayed Class B Advance (such Class B Advance, a “Class B Designated Delayed Advance”). If such Class B Delayed Funding Purchaser’s ratable portion of such Class B Advance exceeds its Class B Required Non-Delayed Amount (such excess amount, the “Class B Permitted Delayed Amount”), then the Class B Delayed Funding Purchaser also shall include in the Class B Delayed Funding Notice the portion of such Class B Advance (such amount as specified in the Class B Delayed Funding Notice, not to exceed such Class B Delayed Funding Purchaser’s Class B Permitted Delayed Amount, the “Class B Delayed Amount”) that the Class B Delayed Funding Purchaser has elected to fund on a Business Day that is on or prior to the thirty-fifth (35th) day following the proposed date of such Class B Advance (such date as specified in the Class B Delayed Funding Notice, the “Class B Delayed Funding Date”) rather than on the date for such Class B Advance specified in the related Class A/B/C Advance Request.

B. If (A) one or more Class B Delayed Funding Purchasers provide a Class B Delayed Funding Notice to HVF II specifying a Class B Delayed Amount in respect of any Class B Advance and (B) HVF II shall not have revoked the notice of the Class B Advance by 10:00 a.m. (New York time) on the Business Day preceding the proposed date of such Class B Advance, then HVF II, by no later than 11:30 a.m. (New York time) on the Business Day preceding the date of such proposed Class B Advance, may (but shall have no obligation to) direct each Class B Available Delayed Amount Committed Note Purchaser to fund an additional portion of such Class B Advance on the proposed date of such Class B Advance equal to such Class B Available Delayed Amount Committed Note Purchaser’s proportionate share (based upon the relative Class B Committed Note Purchaser Percentage of such Class B Available Delayed Amount Committed Note Purchasers) of the aggregate Class B Delayed Amount with respect to the proposed Class B Advance; provided that, (i) no Class B Available Delayed Amount Committed Note Purchaser shall be required to fund any portion of its proportionate share of such aggregate Class B Delayed Amount that would cause its Class B Investor Group Principal Amount to exceed its Class B Maximum Investor Group Principal Amount and (ii) any Class B Conduit Investor, if any, in the Class B Available Delayed Amount Committed Note Purchaser’s Class B
Investor Group may, in its sole discretion, agree to fund such proportionate share of such aggregate Class B Delayed Amount.

C. Upon receipt of any notice of a Class B Delayed Amount in respect of a Class B Advance pursuant to Section 2.2(b)(v)(B), a Class B Available Delayed Amount Committed Note Purchaser, promptly (but in no event later than 6:00 p.m. (New York time) prior to the proposed date of such Class B Advance) may notify HVF II in writing (a “Class B Second Delayed Funding Notice”) of its election to decline to fund a portion of its proportionate share of such Class B Delayed Amount (such portion, the “Class B Second Delayed Funding Notice Amount”); provided that, the Class B Second Delayed Funding Notice Amount shall not exceed the excess, if any, of (A) such Class B Available Delayed Amount Committed Note Purchaser’s proportionate share of such Class B Delayed Amount over (B) such Class B Available Delayed Amount Committed Note Purchaser’s Class B Required Non-Delayed Amount (after giving effect to the funding of any amount in respect of such Class B Advance to be made by such Class B Available Delayed Amount Committed Note Purchaser or the Class B Conduit Investor in such Class B Available Delayed Amount Committed Note Purchaser’s Class B Investor Group) (such excess amount, the “Class B Second Permitted Delayed Amount”), and upon any such election, such Class B Available Delayed Amount Committed Note Purchaser shall include in the Class B Second Delayed Funding Notice the Class B Second Delayed Funding Notice Amount.

(vi) Funding Class B Advances.

A. Subject to the other conditions set forth in this Section 2.2(b), on the date of each Class B Advance, each Class B Conduit Investor and Class B Committed Note Purchaser(s) funding such Class B Advance shall make available to HVF II its portion of the amount of such Class B Advance (other than any Class B Delayed Amount) by wire transfer in U.S. dollars in same day funds to the Series 2013-A Principal Collection Account no later than 2:00 p.m. (New York City time) on the date of such Class B Advance. Proceeds from any Class B Advance shall be deposited into the Series 2013-A Principal Collection Account.

B. A Class B Delayed Funding Purchaser that delivered a Class B Delayed Funding Notice in respect of a Class B Delayed Amount shall be obligated to fund such Class B Delayed Amount on the related Class B Delayed Funding Date in the manner set forth in the next succeeding sentence, irrespective of whether the Series 2013-A Commitment Termination Date shall have occurred on or prior to such Class B Delayed Funding Date or HVF II would be able to satisfy the Class B Funding Conditions on such Class B Delayed Funding Date. Such Class B Delayed Funding Purchaser shall (i) pay the sum of the Class B Second Delayed Funding Notice Amount related to such Class B Delayed Amount, if any, to HVF II no later than 2:00 p.m. (New York time) on the related
Class B Delayed Funding Date by wire transfer in U.S. dollars in same day funds to the Series 2013-A Principal Collection Account, and (ii) pay the Class B Delayed Funding Reimbursement Amount related to such Class B Delayed Amount, if any, on such related Class B Delayed Funding Date to each applicable Class B Funding Agent in immediately available funds for the ratable benefit of the related Class B Available Delayed Amount Purchasers that funded the Class B Delayed Amount on the date of the Advance related to such Class B Delayed Amount in accordance with Section 2.2(b)(v)(B), based on the relative amount of such Class B Delayed Amount funded by such Class B Available Delayed Amount Purchaser on the date of such Class B Advance pursuant to Section 2.2(b)(v)(B).

(vii) Class B Funding Defaults. If, by 2:00 p.m. (New York City time) on the date of any Class B Advance, one or more Class B Committed Note Purchasers in a Class B Investor Group (each, a “Class B Defaulting Committed Note Purchaser,” and each Class B Committed Note Purchaser in the related Class B Investor Group that is not a Class B Defaulting Committed Note Purchaser, a “Class B Non-Defaulting Committed Note Purchaser”) fails to make its portion of such Class B Advance, available to HVF II pursuant to Section 2.2(b)(vi) (the aggregate amount unavailable to HVF II as a result of any such failure being herein called a “Class B Advance Deficit”), then the Class B Funding Agent for such Class B Investor Group, by no later than 2:30 p.m. (New York City time) on the applicable date of such Class B Advance, shall instruct each Class B Non-Defaulting Committed Note Purchaser in the same Class B Investor Group as the Class B Defaulting Committed Note Purchaser to pay, by no later than 3:00 p.m. (New York City time), in immediately available funds, to the Series 2013-A Principal Collection Account, an amount equal to the lesser of (i) such Class B Non-Defaulting Committed Note Purchaser’s pro rata portion (based upon the relative Class B Committed Note Purchaser Percentage of such Class B Non-Defaulting Committed Note Purchasers) of the Class B Advance Deficit and (ii) the amount by which such Class B Non-Defaulting Committed Note Purchaser’s pro rata portion (by Class B Committed Note Purchaser Percentage) of the Class B Maximum Investor Group Principal Amount for such Class B Investor Group exceeds the portion of the Class B Investor Group Principal Amount for such Class B Investor Group funded by such Class B Non-Defaulting Committed Note Purchaser (determined after giving effect to all Class B Advances already made by such Class B Investor Group on such date). Subject to Section 1.3, a Class B Defaulting Committed Note Purchaser shall forthwith, upon demand, pay to the applicable Class B Funding Agent for the ratable benefit of the Class B Non-Defaulting Committed Note Purchasers all amounts paid by each such Class B Non-Defaulting Committed Note Purchaser on behalf of such Class B Defaulting Committed Note Purchaser, together with interest thereon, for each day from the date a payment was made by a Class B Non-Defaulting Committed Note Purchaser until the date such Class B Non-Defaulting Committed Note Purchaser has been paid such amounts in full, at a rate per annum equal to the sum of the Base Rate plus 0.50% per annum. For the avoidance of doubt, no Class B
Delayed Funding Purchaser that has provided a Class B Delayed Funding Notice in respect of a Class B Advance shall be considered to be in default of its obligation to fund its Class B Delayed Amount or be treated as a Class B Defaulting Committed Note Purchaser hereunder unless and until it has failed to fund the Class B Delayed Funding Reimbursement Amount or the Class B Second Delayed Funding Notice Amount on the related Class B Delayed Funding Date in accordance with Section 2.2(b)(vi)(B).

c) Class C Advances.

(i) Class C Advance Requests. Subject to the terms of this Series 2013-A Supplement, including satisfaction of the Class C Funding Conditions, the aggregate outstanding principal amount of the Class C Notes may be increased from time to time. On any Business Day during the Series 2013-A Revolving Period, HVF II, subject to this Section 2.2(c), may increase the Class C Principal Amount (such increase, including any increase resulting from a Class C Investor Group Maximum Principal Increase Amount or a Class C Additional Investor Group Initial Principal Amount, is referred to as a “Class C Advance”), which increase shall be allocated among the Class C Investor Groups in accordance with Section 2.2(c)(iv).

A. Whenever HVF II wishes a Class C Conduit Investor, or if there is no Class C Conduit Investor with respect to any Class C Investor Group, the Class C Committed Note Purchaser with respect to such Class C Investor Group, to make a Class C Advance, HVF II shall notify the Administrative Agent, the related Class C Funding Agent and the Trustee by providing written notice delivered to the Administrative Agent, the Trustee and such Class C Funding Agent (with a copy of such notice delivered to the Class C Committed Note Purchasers) no later than 11:30 a.m. (New York City time) on the second Business Day prior to the proposed Class C Advance (which notice may be combined with the notice delivered pursuant to Section 2.1(b)(iii), in the case of a Class C Advance in connection with a Class C Additional Investor Group Initial Principal Amount, or pursuant to Section 2.1(c)(iii), in the case of a Class C Advance in connection with a Class C Investor Group Maximum Principal Increase Amount). Each such notice shall be irrevocable and shall in each case refer to this Series 2013-A Supplement and specify the aggregate amount of the requested Class C Advance to be made on such date; provided, however, if HVF II receives a Class C Delayed Funding Notice in accordance with Section 2.2(c)(v) by 6:00 p.m. (New York time) on the second Business Day prior to the date of any proposed Class C Advance, HVF II shall have the right to revoke the Class A/B/C Advance Request with respect to the requested Class C Advance by providing the Administrative Agent and each Class C Funding Agent (with a copy to the Trustee and each Class C Committed Note Purchaser) written notice, by telecopy or electronic mail, of such revocation no later than 10:00 a.m. (New York time) on the Business Day prior to the proposed date of such Class C Advance.
B. Each Class C Funding Agent shall promptly advise its related Class C Conduit Investor, or if there is no Class C Conduit Investor with respect to any Class C Investor Group, its related Class C Committed Note Purchaser, of any notice given pursuant to Section 2.2(c)(i) and, if there is a Class C Conduit Investor with respect to any Class C Investor Group, shall promptly thereafter (but in no event later than 11:00 a.m. (New York City time) on the proposed date of the Class C Advance), notify HVF II and the related Class C Committed Note Purchaser(s), whether such Class C Conduit Investor has determined to make such Class C Advance.

(ii) Party Obligated to Fund Class C Advances. Upon HVF II’s request in accordance with Section 2.2(c)(i):

A. each Class C Conduit Investor, if any, may fund Class C Advances (whether as a Class C Non-Delayed Amount or a Class C Delayed Amount) from time to time during the Series 2013-A Revolving Period;

B. if any Class C Conduit Investor determines that it will not make a Class C Advance (whether as a Class C Non-Delayed Amount or a Class C Delayed Amount) or any portion of a Class C Advance (whether as a Class C Non-Delayed Amount or a Class C Delayed Amount), then such Class C Conduit Investor shall notify the Administrative Agent and the Class C Funding Agent with respect to such Class C Conduit Investor, and each Class C Committed Note Purchaser with respect to such Class C Conduit Investor, subject to Section 2.2(c)(v), shall fund its pro rata portion (by Class C Committed Note Purchaser Percentage) of the Class C Commitment Percentage with respect to such Class C Investor Group of such Class C Advance (whether as a Class C Non-Delayed Amount or a Class C Delayed Amount) not funded by such Class C Conduit Investor; and

C. if there is no Class C Conduit Investor with respect any Class C Investor Group, then the Class C Committed Note Purchaser(s) with respect to such Class C Investor Group, subject to Section 2.2(c)(v), shall fund Class C Advances (whether as a Class C Non-Delayed Amount or a Class C Delayed Amount) from time to time.

(iii) Class C Conduit Investor Funding. Each Class C Conduit Investor hereby agrees with respect to itself that it will use commercially reasonable efforts to fund Class C Advances made by its Class C Investor Group through the issuance of Class C Commercial Paper; provided that, (i) no Class C Conduit Investor will have any obligation to use commercially reasonable efforts to fund Class C Advances made by its Class C Investor Group through the issuance of Class C Commercial Paper at any time that the funding of such Class C Advance through the issuance of Class C Commercial Paper would be prohibited by the program documents governing such Class C Conduit Investor’s commercial paper program, (ii) nothing herein is (or shall be construed) as a commitment by any
Class C Conduit Investor to fund any Class C Advance through the issuance of Class C Commercial Paper; provided further that, the Class C Conduit Investors shall not, and shall not be obligated to, fund or pay any amount pursuant to this Series 2013-A Supplement unless (i) the respective Class C Conduit Investor has received funds that may be used to make such funding or other payment and which funds are not required to repay any of the commercial paper notes (“Class C CP Notes”) issued by such Class C Conduit Investor when due and (ii) after giving effect to such funding or payment, either (x) such Class C Conduit Investor could issue Class C CP Notes to refinance all of its outstanding Class C CP Notes (assuming such outstanding Class C CP Notes matured at such time) in accordance with the program documents governing its commercial paper program or (y) all of the Class C CP Notes are paid in full. Any amount that a Class C Conduit Investor does not pay pursuant to the operation of the second proviso of the preceding sentence shall not constitute a claim (as defined in Section 101 of the Bankruptcy Code) against or obligation of such Class C Conduit Investor for any such insufficiency.

(iv) Class C Advance Allocations. HVF II shall allocate the proposed Class C Advance among the Class C Investor Groups ratably by their respective Class C Commitment Percentages; provided that, in the event that one or more Class C Investor Groups become party to this Series 2013-A Supplement on the Sixth Restatement Effective Date that were not party to the Fifth Series 2013-A Supplement, one or more Class C Additional Investor Groups become party to this Series 2013-A Supplement in accordance with Section 2.1(b)(iii) or one or more Class C Investor Group Maximum Principal Increases are effected in accordance with Section 2.1(c)(iii), any Class C Additional Investor Group Initial Principal Amount in connection with the addition of each such Class C Additional Investor Group, any Class C Investor Group Maximum Principal Increase Amount in connection with each such Class C Investor Group Maximum Principal Increase, and each Class C Advance subsequent to any of the foregoing shall be allocated solely to such Class C Additional Investor Groups and/or such Class C Investor Groups, as applicable, until (and only until) the Class C Principal Amount is allocated ratably among all Class C Investor Groups (based upon each such Class C Investor Group’s Class C Commitment Percentage after giving effect to each such Class C Investor Group or Class C Additional Investor Group becoming party hereto and/or each such Class C Investor Group Maximum Principal Increase, as applicable); provided further that on or prior to the Payment Date (or, if such Class C Investor Group or Class C Additional Investor Group becomes party hereto or such Class C Investor Group Maximum Principal Increase occurs, in either case, after the Determination Date with respect to such Payment Date, the second Payment Date) immediately following the date on which any such Class C Investor Group or Class C Additional Investor Group becomes party hereto or a Class C Investor Group Maximum Principal Increase occurs, HVF II shall use commercially reasonable efforts to request Class C Advances and/or effect Class C Voluntary Decreases to the extent necessary to
cause (after giving effect to such Class C Advances and Class C Voluntary Decreases) the Class C Principal Amount to be allocated ratably among all Class C Investor Groups (based upon each such Class C Investor Group’s Class C Commitment Percentage after giving effect to such Class C Investor Group or Class C Additional Investor Group becoming party hereto or such Class C Investor Group Maximum Principal Increase, as applicable).

(v) **Class C Delayed Funding Procedures.**

A. A Class C Delayed Funding Purchaser, upon receipt of any notice of a Class C Advance pursuant to **Section 2.2(c)(i)**, promptly (but in no event later than 6:00 p.m. (New York time) on the second Business Day prior to the proposed date of such Class C Advance) may notify HVF II in writing (a “Class C Delayed Funding Notice”) of its election to designate such Class C Advance as a delayed Class C Advance (such Class C Advance, a “Class C Designated Delayed Advance”). If such Class C Delayed Funding Purchaser’s ratable portion of such Class C Advance exceeds its Class C Required Non-Delayed Amount (such excess amount, the “Class C Permitted Delayed Amount”), then the Class C Delayed Funding Purchaser also shall include in the Class C Delayed Funding Notice the portion of such Class C Advance (such amount as specified in the Class C Delayed Funding Notice, not to exceed such Class C Delayed Funding Purchaser’s Class C Permitted Delayed Amount, the “Class C Delayed Amount”) that the Class C Delayed Funding Purchaser has elected to fund on a Business Day that is on or prior to the thirty-fifth (35th) day following the proposed date of such Class C Advance (such date as specified in the Class C Delayed Funding Notice, the “Class C Delayed Funding Date”) rather than on the date for such Class C Advance specified in the related Class A/B/C Advance Request.

B. If (A) one or more Class C Delayed Funding Purchasers provide a Class C Delayed Funding Notice to HVF II specifying a Class C Delayed Amount in respect of any Class C Advance and (B) HVF II shall not have revoked the notice of the Class C Advance by 10:00 a.m. (New York time) on the Business Day preceding the proposed date of such Class C Advance, then HVF II, by no later than 11:30 a.m. (New York time) on the Business Day preceding the date of such proposed Class C Advance, may (but shall have no obligation to) direct each Class C Available Delayed Amount Committed Note Purchaser to fund an additional portion of such Class C Advance on the proposed date of such Class C Advance equal to such Class C Available Delayed Amount Committed Note Purchaser’s proportionate share (based upon the relative Class C Committed Note Purchaser Percentage of such Class C Available Delayed Amount Committed Note Purchasers) of the aggregate Class C Delayed Amount with respect to the proposed Class C Advance; provided that, (i) no Class C Available Delayed Amount Committed Note Purchaser shall be required to fund any portion of its proportionate share of such aggregate Class C Delayed Amount that would cause its Class C Investor Group Principal Amount to exceed its Class C Maximum Principal Amount.
Investor Group Principal Amount and (ii) any Class C Conduit Investor, if any, in the Class C Available Delayed Amount Committed Note Purchaser’s Class C Investor Group may, in its sole discretion, agree to fund such proportionate share of such aggregate Class C Delayed Amount.

C. Upon receipt of any notice of a Class C Delayed Amount in respect of a Class C Advance pursuant to Section 2.2(c)(v)(B), a Class C Available Delayed Amount Committed Note Purchaser, promptly (but in no event later than 6:00 p.m. (New York time) on the Business Day prior to the proposed date of such Class C Advance) may notify HVF II in writing (a “Class C Second Delayed Funding Notice”) of its election to decline to fund a portion of its proportionate share of such Class C Delayed Amount (such portion, the “Class C Second Delayed Funding Notice Amount”); provided that, the Class C Second Delayed Funding Notice Amount shall not exceed the excess, if any, of (A) such Class C Available Delayed Amount Committed Note Purchaser’s proportionate share of such Class C Delayed Amount over (B) such Class C Available Delayed Amount Committed Note Purchaser’s Class C Required Non-Delayed Amount (after giving effect to the funding of any amount in respect of such Class C Advance to be made by such Class C Available Delayed Amount Committed Note Purchaser or the Class C Conduit Investor in such Class C Available Delayed Amount Committed Note Purchaser’s Class C Investor Group) (such excess amount, the “Class C Second Permitted Delayed Amount”), and upon any such election, such Class C Available Delayed Amount Committed Note Purchaser shall include in the Class C Second Delayed Funding Notice the Class C Second Delayed Funding Notice Amount.

(vi) Funding Class C Advances.

A. Subject to the other conditions set forth in this Section 2.2(c), on the date of each Class C Advance, each Class C Conduit Investor and Class C Committed Note Purchaser(s) funding such Class C Advance shall make available to HVF II its portion of the amount of such Class C Advance (other than any Class C Delayed Amount) by wire transfer in U.S. dollars in same day funds to the Series 2013-A Principal Collection Account no later than 2:00 p.m. (New York City time) on the date of such Class C Advance. Proceeds from any Class C Advance shall be deposited into the Series 2013-A Principal Collection Account.

B. A Class C Delayed Funding Purchaser that delivered a Class C Delayed Funding Notice in respect of a Class C Delayed Amount shall be obligated to fund such Class C Delayed Amount on the related Class C Delayed Funding Date in the manner set forth in the next succeeding sentence, irrespective of whether the Series 2013-A Commitment Termination Date shall have occurred on or prior to such Class C Delayed Funding Date or HVF II would be able to satisfy the Class C Funding Conditions on such Class C Delayed Funding Date. Such Class C Delayed Funding Purchaser shall (i) pay the sum of the Class C

37
Second Deferred Funding Notice Amount related to such Class C Deferred Amount, if any, to HVF II no later than 2:00 p.m. (New York time) on the related Class C Deferred Funding Date by wire transfer in U.S. dollars in same day funds to the Series 2013-A Principal Collection Account, and (ii) pay the Class C Deferred Funding Reimbursement Amount related to such Class C Deferred Amount, if any, on such related Class C Deferred Funding Date to each applicable Class C Funding Agent in immediately available funds for the ratable benefit of the related Class C Available Deferred Amount Purchasers that funded the Class C Deferred Amount on the date of the Advance related to such Class C Deferred Amount in accordance with Section 2.2(c)(v)(B), based on the relative amount of such Class C Deferred Amount funded by each Class C Available Deferred Amount Purchaser on the date of such Class C Advance pursuant to Section 2.2(c)(v)(B).

(vii) Class C Funding Defaults. If, by 2:00 p.m. (New York City time) on the date of any Class C Advance, one or more Class C Committed Note Purchasers in a Class C Investor Group (each, a “Class C Defaulting Committed Note Purchaser,” and each Class C Committed Note Purchaser in the related Class C Investor Group that is not a Class C Defaulting Committed Note Purchaser, a “Class C Non-Defaulting Committed Note Purchaser”) fails to make its portion of such Class C Advance, available to HVF II pursuant to Section 2.2(c)(vi) (the aggregate amount unavailable to HVF II as a result of any such failure being herein called a “Class C Advance Deficit”), then the Class C Funding Agent for such Class C Investor Group, by no later than 2:30 p.m. (New York City time) on the applicable date of such Class C Advance, shall instruct each Class C Non-Defaulting Committed Note Purchaser in the same Class C Investor Group as the Class C Defaulting Committed Note Purchaser to pay, by no later than 3:00 p.m. (New York City time), in immediately available funds, to the Series 2013-A Principal Collection Account, an amount equal to the lesser of (i) such Class C Non-Defaulting Committed Note Purchaser’s pro rata portion (based upon the relative Class C Committed Note Purchaser Percentage of such Class C Non-Defaulting Committed Note Purchasers) of the Class C Advance Deficit and (ii) the amount by which such Class C Non-Defaulting Committed Note Purchaser’s pro rata portion (by Class C Committed Note Purchaser Percentage) of the Class C Maximum Investor Group Principal Amount for such Class C Investor Group exceeds the portion of the Class C Investor Group Principal Amount funded by such Class C Non-Defaulting Committed Note Purchaser (determined after giving effect to all Class C Advances already made by such Class C Investor Group on such date). Subject to Section 1.3, a Class C Defaulting Committed Note Purchaser shall forthwith, upon demand, pay to the applicable Class C Funding Agent for the ratable benefit of the Class C Non-Defaulting Committed Note Purchasers all amounts paid by each such Class C Non-Defaulting Committed Note Purchaser on behalf of such Class C Defaulting Committed Note Purchaser, together with interest thereon, for each day from the date a payment was made by a Class C Non-Defaulting Committed Note Purchaser until the date such Class C Non-Defaulting Committed Note Purchaser
has been paid such amounts in full, at a rate per annum equal to the sum of the Base Rate plus 0.50% per annum. For the avoidance of doubt, no Class C Delayed Funding Purchaser that has provided a Class C Delayed Funding Notice in respect of a Class C Advance shall be considered to be in default of its obligation to fund its Class C Delayed Amount or be treated as a Class C Defaulting Commitment Note Purchaser hereunder unless and until it has failed to fund the Class C Delayed Funding Reimbursement Amount or the Class C Second Delayed Funding Notice Amount on the related Class C Delayed Funding Date in accordance with Section 2.2(c)(vi)(B).

(d) Class D Advances.

(i) Class D Advance Requests. Subject to the terms of this Series 2013-A Supplement, including satisfaction of the Class D Funding Conditions, the aggregate outstanding principal amount of the Class D Notes may be increased from time to time. On any Business Day during the Series 2013-A Revolving Period, HVF II, subject to this Section 2.2(d), may increase the Class D Principal Amount (such increase, including any increase resulting from a Class D Investor Group Maximum Principal Increase Amount or a Class D Additional Investor Group Initial Principal Amount, is referred to as a “Class D Advance”), which increase shall be allocated among the Class D Investor Groups in accordance with Section 2.2(d)(iv).

A. Whenever HVF II wishes a Class D Conduit Investor, or if there is no Class D Conduit Investor with respect to any Class D Investor Group, the Class D Committed Note Purchaser with respect to such Class D Investor Group, to make a Class D Advance, HVF II shall notify the Administrative Agent, the related Class D Funding Agent and the Trustee by providing written notice delivered to the Administrative Agent, the Trustee and such Class D Funding Agent (with a copy of such notice delivered to the Class D Committed Note Purchasers) no later than 11:30 a.m. (New York City time) on the second Business Day prior to the proposed Class D Advance (which notice may be combined with the notice delivered pursuant to Section 2.1(b)(iv), in the case of a Class D Advance in connection with a Class D Additional Investor Group Initial Principal Amount, or pursuant to Section 2.1(c)(iv), in the case of a Class D Advance in connection with a Class D Investor Group Maximum Principal Increase Amount). Each such notice shall be irrevocable and shall in each case refer to this Series 2013-A Supplement and specify the aggregate amount of the requested Class D Advance to be made on such date; provided, however, if HVF II receives a Class D Delayed Funding Notice in accordance with Section 2.2(d)(v) by 6:00 p.m. (New York time) on the second Business Day prior to the date of any proposed Class D Advance, HVF II shall have the right to revoke the Class D Advance Request by providing the Administrative Agent and each Class D Funding Agent (with a copy to the Trustee and each Class D Committed Note Purchaser) written notice, by telecopy or electronic mail, of such revocation no later than 10:00 a.m.

39
(New York time) on the Business Day prior to the proposed date of such Class D Advance.

B. Each Class D Funding Agent shall promptly advise its related Class D Conduit Investor, or if there is no Class D Conduit Investor with respect to any Class D Investor Group, its related Class D Committed Note Purchaser, of any notice given pursuant to Section 2.2(d)(i) and, if there is a Class D Conduit Investor with respect to any Class D Investor Group, shall promptly thereafter (but in no event later than 11:00 a.m. (New York City time) on the proposed date of the Class D Advance), notify HVF II and the related Class D Committed Note Purchaser(s), whether such Class D Conduit Investor has determined to make such Class D Advance.

(ii) Party Obligated to Fund Class D Advances. Upon HVF II’s request in accordance with Section 2.2(d)(i):

A. each Class D Conduit Investor, if any, may fund Class D Advances (whether as a Class D Non-Delayed Amount or a Class D Delayed Amount) from time to time during the Series 2013-A Revolving Period;

B. if any Class D Conduit Investor determines that it will not make a Class D Advance (whether as a Class D Non-Delayed Amount or a Class D Delayed Amount) or any portion of a Class D Advance (whether as a Class D Non-Delayed Amount or a Class D Delayed Amount), then such Class D Conduit Investor shall notify the Administrative Agent and the Class D Funding Agent with respect to such Class D Conduit Investor, and each Class D Committed Note Purchaser with respect to such Class D Conduit Investor, subject to Section 2.2(d)(v), shall fund its pro rata portion (by Class D Committed Note Purchaser Percentage) of the Class D Commitment Percentage with respect to such Class D Investor Group of such Class D Advance (whether as a Class D Non-Delayed Amount or a Class D Delayed Amount) not funded by such Class D Conduit Investor; and

C. if there is no Class D Conduit Investor with respect any Class D Investor Group, then the Class D Committed Note Purchaser(s) with respect to such Class D Investor Group, subject to Section 2.2(d)(v), shall fund Class D Advances (whether as a Class D Non-Delayed Amount or a Class D Delayed Amount) from time to time.

(iii) Class D Conduit Investor Funding. Each Class D Conduit Investor hereby agrees with respect to itself that it will use commercially reasonable efforts to fund Class D Advances made by its Class D Investor Group through the issuance of Class D Commercial Paper; provided that, (i) no Class D Conduit Investor will have any obligation to use commercially reasonable efforts to fund Class D Advances made by its Class D Investor Group through the issuance of Class D Commercial Paper at any time that the funding of such Class D Advance
through the issuance of Class D Commercial Paper would be prohibited by the program documents governing such Class D Conduit Investor’s commercial paper program, (ii) nothing herein is (or shall be construed) as a commitment by any Class D Conduit Investor to fund any Class D Advance through the issuance of Class D Commercial Paper; provided further that, the Class D Conduit Investors shall not, and shall not be obligated to, fund or pay any amount pursuant to this Series 2013-A Supplement unless (i) the respective Class D Conduit Investor has received funds that may be used to make such funding or other payment and which funds are not required to repay any of the commercial paper notes (“Class D CP Notes”) issued by such Class D Conduit Investor when due and (ii) after giving effect to such funding or payment, either (x) such Class D Conduit Investor could issue Class D CP Notes to refinance all of its outstanding Class D CP Notes (assuming such outstanding Class D CP Notes matured at such time) in accordance with the program documents governing its commercial paper program or (y) all of the Class D CP Notes are paid in full. Any amount that a Class D Conduit Investor does not pay pursuant to the operation of the second proviso of the preceding sentence shall not constitute a claim (as defined in Section 101 of the Bankruptcy Code) against or obligation of such Class D Conduit Investor for any such insufficiency.

(iv) **Class D Advance Allocations.** HVF II shall allocate the proposed Class D Advance among the Class D Investor Groups ratably by their respective Class D Commitment Percentages; provided that, in the event that one or more Class D Investor Groups become party to this Series 2013-A Supplement on the Sixth Restatement Effective Date that were not party to the Fifth Series 2013-A Supplement, one or more Class D Additional Investor Groups become party to this Series 2013-A Supplement in accordance with Section 2.1(b)(iv) or one or more Class D Investor Group Maximum Principal Increases are effected in accordance with Section 2.1(c)(iv), any Class D Additional Investor Group Initial Principal Amount in connection with the addition of each such Class D Additional Investor Group, any Class D Investor Group Maximum Principal Increase Amount in connection with each such Class D Investor Group Maximum Principal Increase, and each Class D Advance subsequent to any of the foregoing shall be allocated solely to such Class D Additional Investor Groups and/or such Class D Investor Groups, as applicable, until (and only until) the Class D Principal Amount is allocated ratably among all Class D Investor Groups (based upon each such Class D Investor Group’s Class D Commitment Percentage after giving effect to each such Class D Investor Group or Class D Additional Investor Group becoming party hereto and/or each such Class D Investor Group Maximum Principal Increase, as applicable); provided further that on or prior to the Payment Date (or, if such Class D Investor Group or Class D Additional Investor Group becomes party hereto or such Class D Investor Group Maximum Principal Increase occurs, in either case, after the Determination Date with respect to such Payment Date, the second Payment Date) immediately following the date on which any such Class D Investor Group or Class D Additional Investor Group
(v) Class D Delayed Funding Procedures.

A. A Class D Delayed Funding Purchaser, upon receipt of any notice of a Class D Advance pursuant to Section 2.2(d)(i), promptly (but in no event later than 6:00 p.m. (New York time) on the second Business Day prior to the proposed date of such Class D Advance) may notify HVF II in writing (a “Class D Delayed Funding Notice”) of its election to designate such Class D Advance as a delayed Class D Advance (such Class D Advance, a “Class D Designated Delayed Advance”). If such Class D Delayed Funding Purchaser’s ratable portion of such Class D Advance exceeds its Class D Required Non-Delayed Amount (such excess amount, the “Class D Permitted Delayed Amount”), then the Class D Delayed Funding Purchaser also shall include in the Class D Delayed Funding Notice the portion of such Class D Advance (such amount as specified in the Class D Delayed Funding Notice, not to exceed such Class D Delayed Funding Purchaser’s Class D Permitted Delayed Amount, the “Class D Delayed Amount”) that the Class D Delayed Funding Purchaser has elected to fund on a Business Day that is on or prior to the thirty-fifth (35th) day following the proposed date of such Class D Advance (such date as specified in the Class D Delayed Funding Notice, the “Class D Delayed Funding Date”) rather than on the date for such Class D Advance specified in the related Class D Advance Request.

B. If (A) one or more Class D Delayed Funding Purchasers provide a Class D Delayed Funding Notice to HVF II specifying a Class D Delayed Amount in respect of any Class D Advance and (B) HVF II shall not have revoked the notice of the Class D Advance by 10:00 a.m. (New York time) on the Business Day preceding the proposed date of such Class D Advance, then HVF II, by no later than 11:30 a.m. (New York time) on the Business Day preceding the date of such proposed Class D Advance, may (but shall have no obligation to) direct each Class D Available Delayed Amount Committed Note Purchaser to fund an additional portion of such Class D Advance on the proposed date of such Class D Advance equal to such Class D Available Delayed Amount Committed Note Purchaser’s proportionate share (based upon the relative Class D Committed Note Purchaser Percentage of such Class D Available Delayed Amount Committed Note Purchasers) of the aggregate Class D Delayed Amount with respect to the proposed Class D Advance; provided that, (i) no Class D Available Delayed
Amount Committed Note Purchaser shall be required to fund any portion of its proportionate share of such aggregate Class D Delayed Amount that would cause its Class D Investor Group Principal Amount to exceed its Class D Maximum Investor Group Principal Amount and (ii) any Class D Conduit Investor, if any, in the Class D Available Delayed Amount Committed Note Purchaser’s Class D Investor Group may, in its sole discretion, agree to fund such proportionate share of such aggregate Class D Delayed Amount.

C. Upon receipt of any notice of a Class D Delayed Amount in respect of a Class D Advance pursuant to Section 2.2(d)(v)(B), a Class D Available Delayed Amount Committed Note Purchaser, promptly (but in no event later than 6:00 p.m. (New York time) on the Business Day prior to the proposed date of such Class D Advance) may notify HVF II in writing (a “Class D Second Delayed Funding Notice”) of its election to decline to fund a portion of its proportionate share of such Class D Delayed Amount (such portion, the “Class D Second Delayed Funding Notice Amount”); provided that, the Class D Second Delayed Funding Notice Amount shall not exceed the excess, if any, of (A) such Class D Available Delayed Amount Committed Note Purchaser’s proportionate share of such Class D Delayed Amount over (B) such Class D Available Delayed Amount Committed Note Purchaser’s Class D Required Non-Delayed Amount (after giving effect to the funding of any amount in respect of such Class D Advance to be made by such Class D Available Delayed Amount Committed Note Purchaser or the Class D Conduit Investor in such Class D Available Delayed Amount Committed Note Purchaser’s Class D Investor Group) (such excess amount, the “Class D Second Permitted Delayed Amount”), and upon any such election, such Class D Available Delayed Amount Committed Note Purchaser shall include in the Class D Second Delayed Funding Notice the Class D Second Delayed Funding Notice Amount.

(vi) Funding Class D Advances.

A. Subject to the other conditions set forth in this Section 2.2(d), on the date of each Class D Advance, each Class D Conduit Investor and Class D Committed Note Purchaser(s) funding such Class D Advance shall make available to HVF II its portion of the amount of such Class D Advance (other than any Class D Delayed Amount) by wire transfer in U.S. dollars in same day funds to the Series 2013-A Principal Collection Account no later than 2:00 p.m. (New York City time) on the date of such Class D Advance. Proceeds from any Class D Advance shall be deposited into the Series 2013-A Principal Collection Account.

B. A Class D Delayed Funding Purchaser that delivered a Class D Delayed Funding Notice in respect of a Class D Delayed Amount shall be obligated to fund such Class D Delayed Amount on the related Class D Delayed Funding Date in the manner set forth in the next succeeding sentence, irrespective of whether the Series 2013-A Commitment Termination Date shall have occurred
on or prior to such Class D Delayed Funding Date or HVF II would be able to satisfy the Class D Funding Conditions on such Class D Delayed Funding Date. Such Class D Delayed Funding Purchaser shall (i) pay the sum of the Class D Second Delayed Funding Notice Amount related to such Class D Delayed Amount, if any, to HVF II no later than 2:00 p.m. (New York time) on the related Class D Delayed Funding Date by wire transfer in U.S. dollars in same day funds to the Series 2013-A Principal Collection Account, and (ii) pay the Class D Delayed Funding Reimbursement Amount related to such Class D Delayed Amount, if any, on such related Class D Delayed Funding Date to each applicable Class D Funding Agent in immediately available funds for the ratable benefit of the related Class D Available Delayed Amount Purchasers that funded the Class D Delayed Amount on the date of the Advance related to such Class D Delayed Amount in accordance with Section 2.2(d)(v)(B), based on the relative amount of such Class D Delayed Amount funded by such Class D Available Delayed Amount Purchaser on the date of such Class D Advance pursuant to Section 2.2(d)(v)(B).

(vii) Class D Funding Defaults. If, by 2:00 p.m. (New York City time) on the date of any Class D Advance, one or more Class D Committed Note Purchasers in a Class D Investor Group (each, a “Class D Defaulting Committed Note Purchaser,” and each Class D Committed Note Purchaser in the related Class D Investor Group that is not a Class D Defaulting Committed Note Purchaser, a “Class D Non-Defaulting Committed Note Purchaser”) fails to make its portion of such Class D Advance, available to HVF II pursuant to Section 2.2(d)(vi) (the aggregate amount unavailable to HVF II as a result of any such failure being herein called a “Class D Advance Deficit”), then the Class D Funding Agent for such Class D Investor Group, by no later than 2:30 p.m. (New York City time) on the applicable date of such Class D Advance, shall instruct each Class D Non-Defaulting Committed Note Purchaser in the same Class D Investor Group as the Class D Defaulting Committed Note Purchaser to pay, by no later than 3:00 p.m. (New York City time), in immediately available funds, to the Series 2013-A Principal Collection Account, an amount equal to the lesser of (i) such Class D Non-Defaulting Committed Note Purchaser’s pro rata portion (based upon the relative Class D Committed Note Purchaser Percentage of such Class D Non-Defaulting Committed Note Purchasers) of the Class D Advance Deficit and (ii) the amount by which such Class D Non-Defaulting Committed Note Purchaser’s pro rata portion (by Class D Committed Note Purchaser Percentage) of the Class D Maximum Investor Group Principal Amount for such Class D Investor Group exceeds the portion of the Class D Investor Group Principal Amount for such Class D Investor Group funded by such Class D Non-Defaulting Committed Note Purchaser (determined after giving effect to all Class D Advances already made by such Class D Investor Group on such date). Subject to Section 1.3, a Class D Defaulting Committed Note Purchaser shall forthwith, upon demand, pay to the applicable Class D Funding Agent for the ratable benefit of the Class D Non-Defaulting Committed Note Purchasers all amounts paid by each such Class D

44
Non-Defaulting Committed Note Purchaser on behalf of such Class D Defaulting Committed Note Purchaser, together with interest thereon, for each day from the date a payment was made by a Class D Non-Defaulting Committed Note Purchaser until the date such Class D Non-Defaulting Committed Note Purchaser has been paid such amounts in full, at a rate per annum equal to the sum of the Base Rate plus 0.50% per annum. For the avoidance of doubt, no Class D Delayed Funding Purchaser that has provided a Class D Delayed Funding Notice in respect of a Class D Advance shall be considered to be in default of its obligation to fund its Class D Delayed Amount or be treated as a Class D Defaulting Committed Note Purchaser hereunder unless and until it has failed to fund the Class D Delayed Funding Reimbursement Amount or the Class D Second Delayed Funding Notice Amount on the related Class D Delayed Funding Date in accordance with Section 2.2(d)(vi)(B).

(e) Class RR Advance Requests.

Section 3.6. **Funding Losses.** In the event any Affected Person shall incur any loss or expense (including, for the avoidance of doubt, any loss or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by such Affected Person to make, continue or maintain any portion of the principal amount of any Class A CP Tranche, Class A Eurodollar Tranche, Class B CP Tranche, Class B Eurodollar Tranche, Class C CP Tranche, Class C Eurodollar Tranche, Class D CP Tranche or Class D Eurodollar Tranche, to convert any portion of the principal amount of any Class A Advance not in the Class A CP Tranche into the Class A CP Tranche or not in the Class A Eurodollar Tranche into the Class A Eurodollar Tranche, to convert any portion of the principal amount of any Class B Advance not in the Class B CP Tranche into the Class B CP Tranche or not in the Class B Eurodollar Tranche into the Class B Eurodollar Tranche, to convert any portion of the principal amount of any Class C Advance not in the Class C CP Tranche into the Class C CP Tranche or not in the Class C Eurodollar Tranche into the Class C Eurodollar Tranche, or to convert any portion of the principal amount of any Class D Advance not in the Class D CP Tranche into the Class D CP Tranche or not in the Class D Eurodollar Tranche into the Class D Eurodollar Tranche) as a result of:
(i) any conversion or repayment or prepayment (for any reason, including as a result of the acceleration of the maturity of any portion of the Class A CP Tranche, Class A Eurodollar Tranche, Class B CP Tranche, Class B Eurodollar Tranche, Class C CP Tranche, Class C Eurodollar Tranche, Class D CP Tranche or Class D Eurodollar Tranche in connection with any Class A Decrease, Class B Decrease, Class C Decrease or Class D Decrease, as applicable, pursuant to Section 2.3 or any optional repurchase of the Class A Notes, the Class B Notes, the Class C Notes or the Class D Notes, as applicable, pursuant to Section 10.1 or otherwise, or the assignment thereof in accordance with the requirements of the applicable Class A Program Support Agreement, Class B Program Support Agreement, Class C Program Support Agreement or Class D Program Support Agreement) of the principal amount of any portion of the Class A CP Tranche, Class A Eurodollar Tranche, Class B CP Tranche, Class B Eurodollar Tranche, Class C CP Tranche, Class C Eurodollar Tranche, Class D CP Tranche or Class D Eurodollar Tranche, as applicable, on a date other than a Payment Date;

(ii) any Class A Advance, Class B Advance, Class C Advance or Class D Advance not being made as part of the Class A CP Tranche, Class A Eurodollar Tranche, Class B CP Tranche, Class B Eurodollar Tranche, Class C CP Tranche, Class C Eurodollar Tranche, Class D CP Tranche or Class D Eurodollar Tranche, as applicable after a request for such a Class A Advance, Class B Advance, Class C Advance or Class D Advance, as applicable, has been made in accordance with the terms contained herein;

(iii) any Class A Advance, Class B Advance, Class C Advance or Class D Advance not being continued as part of the Class A CP Tranche, Class A Eurodollar Tranche, Class B CP Tranche, Class B Eurodollar Tranche, Class C CP Tranche, Class C Eurodollar Tranche, Class D CP Tranche or Class D Eurodollar Tranche, as applicable, or converted into a Class A Advance under the Class A Eurodollar Tranche, Class B Advance under the Class B Eurodollar Tranche, Class C Advance under the Class C Eurodollar Tranche or Class D Advance under the Class D Eurodollar Tranche, as applicable, after a request for such a Class A Advance, Class B Advance, Class C Advance or Class D Advance, as applicable, has been made in accordance with the terms contained herein;

(iv) any failure of HVF II to make a Class A Decrease, Class B Decrease, Class C Decrease or Class D Decrease after giving notice thereof pursuant to Section 2.3(b) or Section 2.3(c), then, upon the written notice (which shall include calculations in reasonable detail) by any Affected Person to the related Funding Agent and HVF II, which written notice shall be conclusive and binding on HVF II (in the absence of manifest error), HVF II shall pay to such Funding Agent and such Funding Agent shall, on the next succeeding Payment Date, pay directly to such Affected Person such amount as will (in the reasonable determination of such Affected Person) reimburse such Affected Person for such loss or expense; provided that, the maximum

79
amount payable by HVF II to any Affected Person in respect of any losses or expenses that result from any conversion, repayment or prepayment described in clause (i) above shall be the amount HVF II would be obligated to pay pursuant to clause (i) above if such conversion, repayment or prepayment were scheduled to have been paid on the next succeeding Payment Date; provided further that, in no event shall any amount be payable by HVF II to any Affected Person pursuant to this Section 3.6 as a result of any conversion, repayment, prepayment or non-payment with respect to any Class A CP Tranche, Class B CP Tranche, Class C CP Tranche or Class D CP Tranche unless (i) the amount of such conversion, repayment, prepayment or non-payment exceeds $100,000,000 with respect to such Affected Person and (ii) such Affected Person shall have received less than five (5) Business Days’ written notice from HVF II of such conversion, repayment, prepayment or non-payment, as the case may be.

Section 3.7. **Increased Capital Costs.** If any Change in Law affects or would affect the amount of capital required or reasonably expected to be maintained by any Affected Person or any Person controlling such Affected Person and such Affected Person reasonably determines that the rate of return on its or such controlling Person’s capital as a consequence of its commitment or the Class A Advances, Class B Advances, Class C Advances, Class D Advances and/or Class RR Advances, as the case may be, made by such Affected Person hereunder is reduced to a level below that which such Affected Person or such controlling Person would have achieved but for the occurrence of any such Change in Law, then, in any such case after notice from time to time by such Affected Person to the related Funding Agent and HVF II, HVF II shall pay to such Funding Agent and such Funding Agent shall pay to such Affected Person an incremental commitment fee, payable on each Payment Date, sufficient to compensate such Affected Person or such controlling Person for such reduction in rate of return to the extent that the increased costs for which such Affected Person is being compensated are allocable to the existence of such Affected Person’s Class A Advances, Class B Advances, Class C Advances, Class D Advances or Class RR Advances, as applicable, or Class A Commitment, Class B Commitment, Class C Commitment, Class D Commitment or Class RR Commitment, as applicable, hereunder. A statement of such Affected Person as to any such additional amount or amounts (including calculations thereof in reasonable detail), in the absence of manifest error, shall be conclusive and binding on HVF II; provided that, the initial payment of such increased commitment fee shall include a payment for accrued amounts due under this Section 3.7 prior to such initial payment.

Section 3.8. **Taxes.**

(a) All payments by HVF II of principal of, and interest on, the Class A Advances, the Class B Advances, the Class C Advances, the Class D Advances, the Class RR Advances and all other amounts payable hereunder (including fees) shall be made free and clear of and without deduction for any present or future income, excise, documentary, property, stamp or franchise taxes and other taxes, fees, duties, withholdings or other charges of any nature whatsoever imposed by any taxing authority, but excluding in the case of any Affected Person (x) net income, franchise or similar taxes (including branch profits taxes or alternative minimum tax) imposed or levied on the Affected Person as a result of a connection between the Affected Person and the jurisdiction of the Governmental Authority imposing such tax or any political
subdivision or taxing authority thereof or therein (other than any such connection arising from such Affected Person having executed, delivered or performed its obligations or received a payment under, or enforced by, this Series 2013-A Supplement), (y) with respect to any Affected Person organized under the laws of the jurisdiction other than the United States (“Foreign Affected Person”), any withholding tax that is imposed on amounts payable to the Foreign Affected Person at the time the Foreign Affected Person becomes a party to (or acquires a Participation in) this Series 2013-A Supplement (or designates a new lending office), except to the extent that such Foreign Affected Person (or its assignor, if any) was already entitled, at the time of the designation of the new lending office (or assignment), to receive additional amounts from HVF II with respect to withholding tax and (z) United States federal withholding taxes that would not have been imposed but for a failure by an Affected Person (or any financial institution through which any payment is made to such Affected Person) to comply with the requirements of current Sections 1471-1474 of the Code, any current or future regulations or official interpretations thereof, any agreements entered into pursuant to Section 1471(b)(1) of the Code, any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement or treaty among Governmental Authorities and published administrative guidance, in each case implementing such Sections of the Code (such non-excluded items being called “Taxes”).

(b) Moreover, if any Taxes are directly asserted against any Affected Person with respect to any payment received by such Affected Person or its agent from HVF II, such Affected Person or its agent may pay such Taxes and HVF II will promptly upon receipt of written notice stating the amount of such Taxes pay such additional amounts (including any penalties, interest or expenses) as is necessary in order that the net amount received by such person after the payment of such Taxes (including any Taxes on such additional amount) shall equal the amount such person would have received had no such Taxes been asserted.

(c) If HVF II fails to pay any Taxes when due to the appropriate taxing authority or fails to remit to the Affected Person or its agent the required receipts or other required documentary evidence, HVF II shall indemnify the Affected Person and their agent for any incremental Taxes, interest or penalties that may become payable by any such Affected Person or its agent as a result of any such failure. For purposes of this Section 3.8, a distribution hereunder by the agent for the relevant Affected Person shall be deemed a payment by HVF II.

(d) Each Foreign Affected Person shall execute and deliver to HVF II, prior to the initial due date of any payments hereunder and to the extent permissible under then current law, and on or about the first scheduled payment date in each calendar year thereafter, one or more (as HVF II may reasonably request) United States Internal Revenue Service Forms W-8BEN, Forms W-8BEN-E, Forms W-8ECI or Forms W 9, or successor applicable forms, or such other forms or documents (or successor forms or documents), appropriately completed, as may be applicable to establish the extent, if any, to which a payment to such Affected Person is exempt from withholding or deduction of Taxes. HVF II shall not, however, be required to pay any increased amount under this Section 3.8 to any Affected Person that is organized under the laws of a jurisdiction other than the United States if such Affected Person fails to comply with the requirements set forth in this paragraph.
(e) If the Affected Person determines, in its sole discretion, that it has received a refund of any Taxes as to which it has been indemnified pursuant to this Section 3.8, it shall pay over such refund to HVF II (but only to the extent of amounts paid under this Section 3.8 with respect to the Taxes giving rise to such refund), net of all out-of-pocket expenses of the Affected Person and without interest (other than any interest paid by the relevant governmental authority with respect to such refund), provided that HVF II, upon the request of the Affected Person, agrees to repay the amount paid over to HVF II (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) to the Affected Person in the event the Affected Person is required to repay such refund to such governmental authority. This Section 3.8 shall not be construed to require the Affected Person to make available its tax returns (or any other information relating to its taxes that it deems confidential) to HVF II or any other Person.

Section 3.9. Series 2013-A Carrying Charges; Survival. Any amounts payable by HVF II under the Specified Cost Sections shall constitute Series 2013-A Carrying Charges. The agreements in the Specified Cost Sections and Section 3.10 shall survive the termination of this Series 2013-A Supplement and the Group I Indenture and the payment of all amounts payable hereunder and thereunder.

Section 3.10. Minimizing Costs and Expenses and Equivalent Treatment.

(a) Each Affected Person shall be deemed to have agreed that it shall, as promptly as practicable after it becomes aware of any circumstance referred to in any Specified Cost Section, use commercially reasonable efforts (to the extent not inconsistent with its internal policies of general application) to minimize the costs, expenses, taxes or other liabilities incurred by it and payable to it by HVF II pursuant to such Specified Cost Section.

(b) In determining any amounts payable to it by HVF II pursuant to any Specified Cost Section, each Affected Person shall treat HVF II the same as or better than all similarly situated Persons (as determined by such Affected Person in its reasonable discretion) and such Affected Person may use any method of averaging and attribution that it (in its reasonable discretion) shall deem applicable so long as it applies such method to other similar transactions, such that HVF II is treated the same as, or better than, all such other similarly situated Persons with respect to such other similar transactions.

Section 3.11. Timing Threshold for Specified Cost Sections. Notwithstanding anything in this Series 2013-A Supplement to the contrary, HVF II shall not be under any obligation to compensate any Affected Person pursuant to any Specified Cost Section in respect of any amount otherwise owing pursuant to any Specified Cost Section that arose during any period prior to the date that is 180 days prior to such Affected Person’s obtaining knowledge thereof, except that the foregoing limitation shall not apply to any increased costs arising out of the retroactive application of any Change in Law within such 180-day period. If, after the payment of any amounts by HVF II pursuant to any Specified Cost Section, any applicable law, rule or regulation in respect of which a payment was made is thereafter determined to be invalid or inapplicable to such Affected Person, then such Affected Person, within sixty (60) days after such determination, shall repay any amounts paid to it by HVF II hereunder in respect of such Change in Law.

(h) all certificates and instruments, if any, representing or evidencing each Series 2013-A Demand Note;

(i) each Series 2013-A Interest Rate Cap; and

(j) all Proceeds of any and all of the foregoing.
Section 4.2. **Series 2013-A Accounts.** With respect to the Series 2013-A Notes only, the following shall apply:

(a) **Establishment of Series 2013-A Accounts.**

   (i) HVF II has established and maintained, and shall continue to maintain, in the name of, and under the control of, the Trustee for the benefit of the Series 2013-A Noteholders three securities accounts: the Series 2013-A Principal Collection Account (such account, the “Series 2013-A Principal Collection Account”), the Series 2013-A Interest Collection Account (such account, the “Series 2013-A Interest Collection Account”), and the Series 2013-A Reserve Account (such account, the “Series 2013-A Reserve Account”).

   (ii) On or prior to the date of any drawing under a Series 2013-A Letter of Credit pursuant to Section 5.5 or Section 5.7, HVF II shall establish and maintain in the name of, and under the control of, the Trustee for the benefit of the Series 2013-A Noteholders the Series 2013-A L/C Cash Collateral Account (the “Series 2013-A L/C Cash Collateral Account”).

   (iii) The Trustee has established and maintained, and shall continue to maintain, in the name of, and under the control of, the Trustee for the benefit of the Series 2013-A Noteholders the Series 2013-A Distribution Account (the “Series 2013-A Distribution Account”, and together with the Series 2013-A Principal Collection Account, the Series 2013-A Interest Collection Account, the Series 2013-A Reserve Account and the Series 2013-A L/C Cash Collateral Account, the “Series 2013-A Accounts”).

(b) **Series 2013-A Account Criteria.**

   (i) Each Series 2013-A Account shall bear a designation clearly indicating that the funds deposited therein are held for the benefit of the Series 2013-A Noteholders.

   (ii) Each Series 2013-A Account shall be an Eligible Account. If any Series 2013-A Account is at any time no longer an Eligible Account, HVF II shall, within ten (10) Business Days of an Authorized Officer of HVF II obtaining actual knowledge that such Series 2013-A Account is no longer an Eligible Account, establish a new Series 2013-A Account for such non-qualifying Series 2013-A Account that is an Eligible Account, and if a new Series 2013-A Account is so established, HVF II shall instruct the Trustee in writing to transfer all cash and investments from such non-qualifying Series 2013-A Account into such new Series 2013-A Account. Initially, each of the Series 2013-A Accounts will be established with The Bank of New York Mellon.
(c) **Administration of the Series 2013-A Accounts.**

(i) HVF II may instruct (by standing instructions or otherwise) any institution maintaining any Series 2013-A Accounts to invest funds on deposit in such Series 2013-A Account from time to time in Permitted Investments in the name of the Trustee or the Securities Intermediary and Permitted Investments shall be credited to the applicable Series 2013-A Account; provided, however, that:

A. any such investment in the Series 2013-A Reserve Account or the Series 2013-A Distribution Account shall mature not later than the first Payment Date following the date on which such investment was made; and

B. any such investment in the Series 2013-A Principal Collection Account, the Series 2013-A Interest Collection Account or the Series 2013-A L/C Cash Collateral Account shall mature not later than the Business Day prior to the first Payment Date following the date on which such investment was made, unless in any such case any such Permitted Investment is held with the Trustee, then such investment may mature on such Payment Date so long as such funds shall be available for withdrawal on such Payment Date.

(ii) HVF II shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the initial purchase price of such Permitted Investment.

(iii) In the absence of written investment instructions hereunder, funds on deposit in the Series 2013-A Accounts shall remain uninvested.

(d) **Earnings from Series 2013-A Accounts.** With respect to each Series 2013-A Account, all interest and earnings (net of losses and investment expenses) paid on funds on deposit in or on any security entitlement with respect to Financial Assets credited to such Series 2013-A Account shall be deemed to be on deposit therein and available for distribution unless previously distributed pursuant to the terms hereof.

(e) **Termination of Series 2013-A Accounts.**

(i) On or after the date on which the Series 2013-A Notes are fully paid, the Trustee, acting in accordance with the written instructions of HVF II, shall withdraw from each Series 2013-A Account (other than the Series 2013-A L/C Cash Collateral Account) all remaining amounts on deposit therein and pay such amounts to HVF II.

(ii) Upon the termination of this Series 2013-A Supplement in accordance with its terms, the Trustee, acting in accordance with the written instructions of HVF II, after the prior payment of all amounts due and owing to
the Series 2013-A Noteholders and payable from the Series 2013-A L/C Cash Collateral Account as provided herein, shall withdraw from the Series 2013-A L/C Cash Collateral Account all amounts on deposit therein and shall pay such amounts:

**first, pro rata** to the Series 2013-A Letter of Credit Providers, to the extent that there are unreimbursed Series 2013-A Disbursements due and owing to such Series 2013-A Letter of Credit Providers, for application in accordance with the provisions of the respective Series 2013-A Letters of Credit, and

**second**, to HVF II any remaining amounts.

**Section 4.3. Trustee as Securities Intermediary.**

(a) With respect to each Series 2013-A Account, the Trustee or other Person maintaining such Series 2013-A Account shall be the “securities intermediary” (as defined in Section 8-102(a)(14) of the New York UCC and a “bank” (as defined in Section 9-102(a)(8) of the New York UCC), in such capacities, the “Securities Intermediary”) with respect to such Series 2013-A Account. If the Securities Intermediary in respect of any Series 2013-A Account is not the Trustee, HVF II shall obtain the express agreement of such Person to the obligations of the Securities Intermediary set forth in this Section 4.3.

(b) The Securities Intermediary agrees that:

(i) The Series 2013-A Accounts are accounts to which Financial Assets will be credited;

(ii) All securities or other property underlying any Financial Assets credited to any Series 2013-A Account shall be registered in the name of the Securities Intermediary, indorsed to the Securities Intermediary or in blank or credited to another securities account maintained in the name of the Securities Intermediary and in no case will any Financial Asset credited to any Series 2013-A Account be registered in the name of HVF II, payable to the order of HVF II or specially endorsed to HVF II;

(iii) All property delivered to the Securities Intermediary pursuant to this Series 2013-A Supplement and all Permitted Investments thereof will be promptly credited to the appropriate Series 2013-A Account;

(iv) Each item of property (whether investment property, security, instrument or cash) credited to a Series 2013-A Account shall be treated as a Financial Asset;

(v) If at any time the Securities Intermediary shall receive any order or instructions from the Trustee directing transfer or redemption of any Financial Asset relating to the Series 2013-A Accounts or any instruction with respect to the
disposition of funds therein, the Securities Intermediary shall comply with such entitlement order or instruction
without further consent by HVF II or the Group I Administrator;

(vi) The Series 2013-A Accounts shall be governed by the laws of the State of New York, regardless of any
provision of any other agreement. For purposes of the New York UCC, New York shall be deemed to be the
Securities Intermediary’s jurisdiction (within the meaning of Section 9-304 and Section 8-110 of the New York
UCC) and the Series 2013-A Accounts (as well as the Securities Entitlements related thereto) shall be governed by
the laws of the State of New York;

(vii) The Securities Intermediary has not entered into, and until termination of this Series 2013-A
Supplement, will not enter into, any agreement with any other Person relating to the Series 2013-A Accounts and/or
any Financial Assets credited thereto pursuant to which it has agreed to comply with Entitlement Orders or
instructions (within the meaning of Section 9-104 of the New York UCC) of such other Person and the Securities
Intermediary has not entered into, and until the termination of this Series 2013-A Supplement will not enter into, any
agreement with HVF II purporting to limit or condition the obligation of the Securities Intermediary to comply with
Entitlement Orders or instructions (within the meaning of Section 9-104 of the New York UCC) as set forth in
Section 4.3(b)(v); and

(viii) Except for the claims and interest of the Trustee and HVF II in the Series 2013-A Accounts, the
Securities Intermediary knows of no claim to, or interest in, the Series 2013-A Accounts or in any Financial Asset
credited thereto. If the Securities Intermediary has actual knowledge of the assertion by any other person of any lien,
encumbrance, or adverse claim (including any writ, garnishment, judgment, warrant of attachment, execution or
similar process) against any Series 2013-A Account or in any Financial Asset carried therein, the Securities
Intermediary will promptly notify the Trustee, the Group I Administrator and HVF II thereof.

(c) The Trustee shall possess all right, title and interest in all funds on deposit from time to time in the Series 2013-
A Accounts and in all Proceeds thereof, and shall be the only person authorized to originate Entitlement Orders in respect of the
Series 2013-A Accounts.

(d) Notwithstanding anything in Section 4.1, Section 4.2 or this Section 4.3 to the contrary, the parties hereto agree
that as permitted by Section 8-504(c)(1) of the New York UCC, with respect to any Series 2013-A Account, the Securities
Intermediary may satisfy the duty in Section 8-504(a) of the New York UCC with respect to any cash credited to such Series 2013-
A Account by crediting such Series 2013-A Account a general unsecured claim against the Securities Intermediary, as a bank,
payable on demand, for the amount of such cash.
(e) Notwithstanding anything in Section 4.1, Section 4.2 or this Section 4.3 to the contrary, with respect to any Series 2013-A Account and any credit balances not constituting Financial Assets credited thereto, the Securities Intermediary shall be acting as a bank (as defined in Section 9-102(a)(8) of the New York UCC) if such Series 2013-A Account is deemed not to constitute a securities account.

(f) As permitted by Article 4 of the Hague Convention on the Law Applicable to Certain Rights in Respect of Securities Held with an Intermediary (the “Hague Convention”), the parties hereto agree that the law of the State of New York shall govern the issues specified in Article 2 of the Hague Convention. The provisions of the immediately preceding sentence shall be construed as an amendment to any other account agreement governing the Series 2013-A Accounts.

Section 4.4. Series 2013-A Interest Rate Caps.

(a) Requirement to Obtain Series 2013-A Interest Rate Caps.

(i) On or prior to the date hereof, HVF II shall acquire one or more Series 2013-A Interest Rate Caps from Eligible Interest Rate Cap Providers with an aggregate notional amount at least equal to the Class A/B/C/D Maximum Principal Amount as of such date. The Series 2013-A Interest Rate Caps shall provide, in the aggregate, that the aggregate notional amount of all Series 2013-A Interest Rate Caps, as of any date of determination, shall be equal to or greater than the product of (a) the Class A/B/C/D Maximum Principal Amount as of the earlier of such date and the Expected Final Payment Date and (b) the percentage set forth on Schedule III corresponding to such date, and HVF II shall maintain, and, if necessary, amend existing Series 2013-A Interest Rate Caps (including in connection with a Class A Investor Group Maximum Principal Increase or a Class B Investor Group MaximumPrincipal Increase or the addition of a Class A Additional Investor Group or a Class B Additional Investor Group) or acquire one or more additional Series 2013-A Interest Rate Caps, such that the Series 2013-A Interest Rate Caps, in the aggregate, shall provide that the notional amount of all Series 2013-A Interest Rate Caps shall amortize such that the aggregate notional amount of all Series 2013-A Interest Rate Caps, as of any date of determination, shall be equal to or greater than the product of (a) the Class A/B/C/D Maximum Principal Amount as of the earlier of such date and the Expected Final Payment Date and (b) the percentage set forth on Schedule III corresponding to such date. The strike rate of each Series 2013-A Interest Rate Cap shall not be greater than 3.75%.

(ii) HVF II shall acquire each Series 2013-A Interest Rate Cap from an Eligible Interest Rate Cap Provider that satisfies the Initial Counterparty Required Ratings as of the date HVF II acquires such Series 2013-A Interest Rate Cap.
(b) **Failure to Remain an Eligible Interest Rate Cap Provider.** Each Series 2013-A Interest Rate Cap shall provide that, if as of any date of determination the Interest Rate Cap Provider (or if the present and future obligations of such Interest Rate Cap Provider are guaranteed pursuant to a guarantee (in form and in substance satisfactory to the Rating Agencies and satisfying the other requirements set forth in such Series 2013-A Interest Rate Cap), the related guarantor) with respect thereto is not an Eligible Interest Rate Cap Provider as of such date of determination, then such Interest Rate Cap Provider will be required, at such Interest Rate Cap Provider’s expense, to obtain a replacement interest rate cap on the same terms as such Series 2013-A Interest Rate Cap (or with such modifications as are acceptable to the Rating Agencies) from an Eligible Interest Rate Cap Provider within the time period specified in the related Series 2013-A Interest Rate Cap and, simultaneously with such replacement, HVF II shall terminate the Series 2013-A Interest Rate Cap being replaced or such Interest Rate Cap Provider shall obtain a guarantee (in form and in substance satisfactory to the Rating Agencies) from a replacement guarantor that satisfies the Initial Counterparty Required Ratings with respect to the present and future obligations of such Interest Rate Cap Provider under such Series 2013-A Interest Rate Cap; provided that, no termination of the Series 2013-A Interest Rate Cap shall occur until HVF II has entered into a replacement Series 2013-A Interest Rate Cap or obtained a guarantee pursuant to this Section 4.4(b).

(c) **Collateral Posting for Ineligible Interest Rate Cap Providers.** Each Series 2013-A Interest Rate Cap shall provide that, if the Interest Rate Cap Provider with respect thereto is required to obtain a replacement as described in Section 4.4(b) and such replacement is not obtained within the period specified in the Series 2013-A Interest Rate Cap, then such Interest Rate Cap Provider must, until such replacement is obtained or such Interest Rate Cap Provider again becomes an Eligible Interest Rate Cap Provider, post and maintain collateral in order to meet its obligations under such Series 2013-A Interest Rate Cap in an amount determined pursuant to the credit support annex entered into in connection with such Series 2013-A Interest Rate Cap (a “Credit Support Annex”).

(d) **Interest Rate Cap Provider Replacement.** Each Series 2013-A Interest Rate Cap shall provide that, if HVF II is unable to cause such Interest Rate Cap Provider to take any of the required actions described in Sections 4.4(b) and (c) after making commercially reasonable efforts, then HVF II will obtain a replacement Series 2013-A Interest Rate Cap from an Eligible Interest Rate Cap Provider at the expense of the replaced Interest Rate Cap Provider or, if the replaced Interest Rate Cap Provider fails to make such payment, at the expense of HVF II (in which event, such expense shall be considered Series 2013-A Carrying Charges and shall be paid from Group I Interest Collections available pursuant to Section 5.3 or, at the option of HVF II, from any other source available to it).

(e) **Treatment of Collateral Posted.** Each Series 2013-A Noteholder by its acceptance of a Series 2013-A Note hereby acknowledges and agrees, and directs the Trustee to acknowledge and agree, and the Trustee, at such direction, hereby acknowledges and agrees, that any collateral posted by an Interest Rate Cap Provider pursuant to clause (b) or (c) above (A) is collateral solely for the obligations of such Interest Rate Cap Provider under its Series 2013-A Interest Rate Cap, (B) does not constitute collateral for the Series 2013-A Notes (provided that in

over the amount to be deposited into the Series 2013-A Distribution Account (other than as a result of this Section 5.5(b) and Section 5.5(c)) on the Legal Final Payment Date for payment of principal of the Series 2013-A Notes.

Upon receipt of a notice by the Trustee from HVF II in respect of a Series 2013-A Lease Principal Payment Deficit on or prior to 10:30 a.m. (New York City time) on a Payment Date, the Trustee shall, by 12:00 p.m. (New York City time) on such Payment Date draw an amount as set forth in such notice equal to the applicable amount set forth above on the Series 2013-A Letters of Credit by presenting to each Series 2013-A Letter of Credit Provider a draft accompanied by a Series 2013-A Certificate of Credit Demand; provided however, that if the Series 2013-A L/C Cash Collateral Account has been established and funded, the Trustee shall withdraw from the Series 2013-A L/C Cash Collateral an amount equal to the lesser of (x) the Series 2013-A L/C Cash Collateral Percentage on such Payment Date of the amount set forth in the notice provided to the Trustee by HVF II and (y) the Series 2013-A Available L/C Cash Collateral Account Amount on such Payment Date (after giving effect to any withdrawals therefrom on such Payment Date pursuant to Section 5.5(g)), and the Trustee shall draw an amount equal to the remainder of such amount on the Series 2013-A Letters of Credit. The Trustee shall deposit, or cause the deposit of, the proceeds of any such draw on the Series 2013-A Letters of Credit and the proceeds of any such withdrawal from the Series 2013-A L/C Cash Collateral Account into the Series 2013-A Principal Collection Account on such Payment Date.

(c) **Principal Deficit Amount – Draws on Series 2013-A Demand Note.** If (A) on any Determination Date, HVF II determines that the Principal Deficit Amount on the next succeeding Payment Date (after giving effect to any draws on the Series 2013-A Letters of Credit on such Payment Date pursuant to Section 5.5(b)) will be greater than zero or (B) on the Determination Date related to the Legal Final Payment Date, HVF II determines that the Series 2013-A Principal Amount exceeds the amount to be deposited into the Series 2013-A Distribution Account (other than as a result of this Section 5.5(c)) on the Legal Final Payment Date for payment of principal of the Series 2013-A Notes, then, prior to 10:00 a.m. (New York City time) on the second Business Day prior to such Payment Date, HVF II shall instruct the Trustee in writing (and provide the requisite information to the Trustee) to deliver a demand notice substantially in the form of Exhibit B-2 (each a “Demand Notice”) on Hertz for payment under the Series 2013-A Demand Note in an amount equal to the lesser of (i) (x) on any such Determination Date related to a Payment Date other than the Legal Final Payment Date, the Principal Deficit Amount less the amount to be deposited into the Series 2013-A Principal Collection Account in accordance with Sections 5.4(b) and Section 5.5(b) and (y) on the Determination Date related to the Legal Final Payment Date, the excess, if any, of the Series 2013-A Principal Amount over the amount to be deposited into the Series 2013-A Distribution Account (together with any amounts to be deposited therein pursuant to the terms of this Series 2013-A Supplement (other than this Section 5.5(c))) on the Legal Final Payment Date for payment of principal of the Series 2013-A Notes, and (ii) the principal amount of the Series 2013-A Demand Note. The Trustee shall, prior to 12:00 noon (New York City time) on the second Business Day preceding such Payment Date, deliver such Demand Notice to Hertz; provided however, that if an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereto, without the lapse of a period of sixty (60) consecutive days)
with respect to Hertz shall have occurred and be continuing, the Trustee shall not be required to deliver such Demand Notice to Hertz. The Trustee shall cause the proceeds of any demand on the Series 2013-A Demand Note to be deposited into the Series 2013-A Principal Collection Account.

(d) **Principal Deficit Amount – Draws on Series 2013-A Letters of Credit.** If (i) the Trustee shall have delivered a Demand Notice as provided in Section 5.5(c) and Hertz shall have failed to pay to the Trustee or deposit into the Series 2013-A Distribution Account the amount specified in such Demand Notice in whole or in part by 12:00 noon (New York City time) on the Business Day following the making of the Demand Notice, (ii) due to the occurrence of an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of sixty (60) consecutive days) with respect to Hertz, the Trustee shall not have delivered such Demand Notice to Hertz, or (iii) there is a Preference Amount, then the Trustee shall draw on the Series 2013-A Letters of Credit, if any, by 12:00 p.m. (New York City time) on such Business Day in an amount equal to the lesser of:

(i) the amount that Hertz failed to pay under the Series 2013-A Demand Note, or the amount that the Trustee failed to demand for payment thereunder, or the Preference Amount, as the case may be, and

(ii) the Series 2013-A Letter of Credit Amount on such Business Day,

in each case by presenting to each Series 2013-A Letter of Credit Provider a draft accompanied by a Series 2013-A Certificate of Unpaid Demand Note Demand or, in the case of a Preference Amount, a Series 2013-A Certificate of Preference Payment Demand; provided however, that if the Series 2013-A L/C Cash Collateral Account has been established and funded, the Trustee shall withdraw from the Series 2013-A L/C Cash Collateral Account an amount equal to the lesser of (x) the Series 2013-A L/C Cash Collateral Percentage on such Business Day of the lesser of the amounts set forth in clauses (i) and (ii) immediately above and (y) the Series 2013-A Available L/C Cash Collateral Account Amount on such Business Day (after giving effect to any withdrawals therefrom on such Payment Date pursuant to Section 5.5(g) and Section 5.5(b)), and the Trustee shall draw an amount equal to the remainder of such amount on the Series 2013-A Letters of Credit. The Trustee shall deposit, or cause the deposit of, the proceeds of any such draw on the Series 2013-A Letters of Credit and the proceeds of any such withdrawal from the Series 2013-A L/C Cash Collateral Account into the Series 2013-A Principal Collection Account on such date.

(e) **Draws on the Series 2013-A Letters of Credit.** If there is more than one Series 2013-A Letter of Credit on the date of any draw on the Series 2013-A Letters of Credit pursuant to the terms of this Series 2013-A Supplement (other than pursuant to Section 5.7(b)), then HVF II shall instruct the Trustee, in writing, to draw on each Series 2013-A Letter of Credit an amount equal to the Pro Rata Share for such Series 2013-A Letter of Credit of such draw on such Series 2013-A Letter of Credit.

Section 5.6. **Past Due Rental Payments.** On each Series 2013-A Deposit Date, HVF II will direct the Trustee in writing, prior to 1:00 p.m. (New York City time) on such date, to, and
the Trustee shall, withdraw from the Group I Collection Account all Group I Collections then on deposit representing Series 2013-A Past Due Rent Payments and deposit such amount into the Series 2013-A Interest Collection Account, and immediately thereafter, the Trustee shall withdraw such amount from the Series 2013-A Interest Collection Account and apply the Series 2013-A Past Due Rent Payment in the following order:

(i) if the occurrence of the related Series 2013-A Lease Payment Deficit resulted in one or more Series 2013-A L/C Credit Disbursements being made under any Series 2013-A Letters of Credit, then pay to or at the direction of Hertz for reimbursement to each Series 2013-A Letter of Credit Provider who made such a Series 2013-A L/C Credit Disbursement an amount equal to the lesser of (x) the unreimbursed amount of such Series 2013-A Letter of Credit Provider’s Series 2013-A L/C Credit Disbursement and (y) such Series 2013-A Letter of Credit Provider’s pro rata portion, calculated on the basis of the unreimbursed amount of each such Series 2013-A Letter of Credit Provider’s Series 2013-A L/C Credit Disbursement, of the amount of the Series 2013-A Past Due Rent Payment;

(ii) if the occurrence of such Series 2013-A Lease Payment Deficit resulted in a withdrawal being made from the Series 2013-A L/C Cash Collateral Account, then deposit in the Series 2013-A L/C Cash Collateral Account an amount equal to the lesser of (x) the amount of the Series 2013-A Past Due Rent Payment remaining after any payments pursuant to clause (i) above and (y) the amount withdrawn from the Series 2013-A L/C Cash Collateral Account on account of such Series 2013-A Lease Payment Deficit;

(iii) if the occurrence of such Series 2013-A Lease Payment Deficit resulted in a withdrawal being made from the Series 2013-A Reserve Account pursuant to Section 5.4(a), then deposit in the Series 2013-A Reserve Account an amount equal to the lesser of (x) the amount of the Series 2013-A Past Due Rent Payment remaining after any payments pursuant to clauses (i) and (ii) above and (y) the Series 2013-A Reserve Account Deficiency Amount, if any, as of such day; and

No assignment by any Class A Conduit Investor to a Class A Conduit Assignee of all or any portion of the Class A Investor Group Principal Amount with respect to such Class A Conduit Investor shall in any way diminish the obligation of the Class A Committed Note Purchasers in the same Class A Investor Group as such Class A Conduit Investor under Section 2.2 to fund any Class A Advance not funded by such Class A Conduit Investor or such Class A Conduit Assignee.

(iii) Any Class A Conduit Investor and the Class A Committed Note Purchaser with respect to such Class A Conduit Investor (or, with respect to any Class A Investor Group without a Class A Conduit Investor, the related Class A Committed Note Purchaser) at any time may sell all or any part of their respective (or, with respect to a Class A Investor Group without a Class A Conduit Investor, its) rights and obligations under this Series 2013-A Supplement and the Class A Notes, with the prior written consent of HVF II, which consent shall not be unreasonably withheld, to a Class A Investor Group with respect to which each acquiring Class A Conduit Investor is a multi-seller commercial paper conduit, whose commercial paper has ratings of at least “A-2” from S&P and “P2” from Moody’s and that includes one or more financial institutions providing support to such multi-seller commercial paper conduit (a “Class A Acquiring Investor Group”) pursuant to a transfer supplement, substantially in the form of Exhibit H-1 (the “Class A Investor Group Supplement”), executed by such Class A Acquiring Investor Group, the Class A Funding Agent with respect to such Class A Acquiring Investor Group (including each Class A Conduit Investor (if any) and the Class A Committed Note Purchasers with respect to such Class A Investor Group), such assigning Class A Conduit Investor and the Class A Committed Note Purchasers with respect to such Class A Conduit Investor, the Class A Funding Agent with respect to such assigning Class A Conduit Investor and Class A Committed Note Purchasers and HVF II and delivered to the Administrative Agent; provided that, the consent of HVF II to any such assignment shall not be required after the occurrence and during the continuance of an Amortization Event with respect to the Series 2013-A Notes; provided further that HVF II may withhold its consent in its sole and absolute discretion (and such withholding shall be deemed reasonable) to an assignment to a potential Class A Acquiring Investor Group that (a) has ratings of at least “A-2” from S&P and “P2” by Moody’s, but does not have ratings of at least “A-1” from S&P or “P1” by Moody’s if such assignment will result in a material increase in HVF II’s costs of financing with respect to the applicable Class A Notes or (b) is a Disqualified Party.

(iv) Any Class A Committed Note Purchaser may, in the ordinary course of its business and in accordance with applicable law, at any time sell to one or more financial institutions or other entities (“Class A Participants”) participations in its Class A Committed Note Purchaser Percentage of the Class A Maximum Investor Group Principal Amount with respect to it and the other Class A Committed Note Purchasers included in the related Class A Investor Group, its Class A Note and its rights hereunder (or, in each case, a portion thereof) pursuant
to documentation in form and substance satisfactory to such Class A Committed Note Purchaser and the Class A Participant; provided, however, that (i) in the event of any such sale by a Class A Committed Note Purchaser to a Class A Participant, (A) such Class A Committed Note Purchaser’s obligations under this Series 2013-A Supplement shall remain unchanged, (B) such Class A Committed Note Purchaser shall remain solely responsible for the performance thereof and (C) HVF II and the Administrative Agent shall continue to deal solely and directly with such Class A Committed Note Purchaser in connection with its rights and obligations under this Series 2013-A Supplement, (ii) no Class A Committed Note Purchaser shall sell any participating interest under which the Class A Participant shall have any right to approve, veto, consent, waive or otherwise influence any approval, consent or waiver of such Class A Committed Note Purchaser with respect to any amendment, consent or waiver with respect to this Series 2013-A Supplement or any other Series 2013-A Related Document, except to the extent that the approval of such amendment, consent or waiver otherwise would require the unanimous consent of all Class A Committed Note Purchasers hereunder, and (iii) no Class A Committed Note Purchaser shall sell any participating interest to any Disqualified Party. A Class A Participant shall have the right to receive reimbursement for amounts due pursuant to each Specified Cost Section but only to the extent that the related selling Class A Committed Note Purchaser would have had such right absent the sale of the related participation and, with respect to amounts due pursuant to Section 3.8, only to the extent such Class A Participant shall have complied with the provisions of Section 3.8 as if such Class A Participant were a Class A Committed Note Purchaser. Each such Class A Participant shall be deemed to have agreed to the provisions set forth in Section 3.10 as if such Class A Participant were a Class A Committed Note Purchaser.

(v) HVF II authorizes each Class A Committed Note Purchaser to disclose to any Class A Participant or Class A Acquiring Committed Note Purchaser (each, a “Class A Transferee”) and any prospective Class A Transferee any and all financial information in such Class A Committed Note Purchaser’s possession concerning HVF II, the Series 2013-A Collateral, the Group I Administrator and the Series 2013-A Related Documents that has been delivered to such Class A Committed Note Purchaser by HVF II in connection with such Class A Committed Note Purchaser’s credit evaluation of HVF II, the Series 2013-A Collateral and the Group I Administrator. For the avoidance of doubt, no Class A Committed Note Purchaser may disclose any of the foregoing information to any Class A Transferee who is a Disqualified Party without the prior written consent of an Authorized Officer of HVF II, which consent may be withheld for any reason in HVF II’s sole and absolute discretion.

(vi) Notwithstanding any other provision set forth in this Series 2013-A Supplement, each Class A Conduit Investor or, if there is no Class A Conduit Investor with respect to any Class A Investor Group, the Class A Committed Note Purchaser with respect to such Class A Investor Group may at any time grant to
one or more Class A Program Support Providers (or, in the case of a Class A Conduit Investor, to its related Class A Committed Note Purchaser) a participating interest in or lien on, or otherwise transfer and assign to one or more Class A Program Support Providers (or, in the case of a Class A Conduit Investor, to its related Class A Committed Note Purchaser), such Class A Conduit Investor’s or, if there is no Class A Conduit Investor with respect to any Class A Investor Group, the related Class A Committed Note Purchaser’s interests in the Class A Advances made hereunder and such Class A Program Support Provider (or such Class A Committed Note Purchaser, as the case may be), with respect to its participating or assigned interest, shall be entitled to the benefits granted to such Class A Conduit Investor or Class A Committed Note Purchaser, as applicable, under this Series 2013-A Supplement.

(vii) Notwithstanding any other provision set forth in this Series 2013-A Supplement, each Class A Conduit Investor may at any time, without the consent of HVF II, transfer and assign all or a portion of its rights in the Class A Notes (and its rights hereunder and under other Series 2013-A Related Documents) to its related Class A Committed Note Purchaser. Furthermore, each Class A Conduit Investor may at any time grant a security interest in and lien on, all or any portion of its interests under this Series 2013-A Supplement, its Class A Note and each other Series 2013-A Related Document to (i) its related Class A Committed Note Purchaser, (ii) its Class A Funding Agent, (iii) any Class A Program Support Provider who, at any time now or in the future, provides program liquidity or credit enhancement, including an insurance policy for such Class A Conduit Investor relating to the Class A Commercial Paper or the Class A Notes, (iv) any other Person who, at any time now or in the future, provides liquidity or credit enhancement for the Class A Conduit Investors, including an insurance policy relating to the Class A Commercial Paper or the Class A Notes or (v) any collateral trustee or collateral agent for any of the foregoing; provided, however, any such security interest or lien shall be released upon assignment of its Class A Note to its related Class A Committed Note Purchaser. Each Class A Committed Note Purchaser may assign its Class A Commitment, or all or any portion of its interest under its Class A Note, this Series 2013-A Supplement and each other Series 2013-A Related Document to any Person with the prior written consent of HVF II, such consent not to be unreasonably withheld; provided that, HVF II may withhold its consent in its sole and absolute discretion (and such withholding shall be deemed reasonable) to an assignment to any Person that is a Disqualified Party. Notwithstanding any other provisions set forth in this Series 2013-A Supplement, each Class A Committed Note Purchaser may at any time create a security interest in all or any portion of its rights under this Series 2013-A Supplement, its Class A Note and the Series 2013-A Related Document in favor of any Federal Reserve Bank in accordance with Regulation A of the Board of Governors of the Federal Reserve System or any similar foreign entity.

(b) Class B Assignments.
Any Class B Committed Note Purchaser may at any time sell all or any part of its rights and obligations under this Series 2013-A Supplement and the Class B Notes, with the prior written consent of HVF II, which consent shall not be unreasonably withheld, to one or more financial institutions (a “Class B Acquiring Committed Note Purchaser”) pursuant to an assignment and assumption agreement, substantially in the form of Exhibit G-2 (the “Class B Assignment and Assumption Agreement”), executed by such Class B Acquiring Committed Note Purchaser, such assigning Class B Committed Note Purchaser, the Class B Funding Agent with respect to such Class B Committed Note Purchaser and HVF II and delivered to the Administrative Agent; provided that, the consent of HVF II to any such assignment shall not be required (A) after the occurrence and during the continuance of an Amortization Event with respect to the Series 2013-A Notes or (B) if such Class B Acquiring Committed Note Purchaser is an Affiliate of such assigning Class B Committed Note Purchaser; provided further, that HVF II may withhold its consent in its sole and absolute discretion (and such withholding shall be deemed reasonable) to an assignment to a potential Class B Acquiring Committed Note Purchaser that is a Disqualified Party. An assignment by a Class B Committed Note Purchaser that is part of a Class B Investor Group that includes a Class B Conduit Investor to a Class B Conduit Assignee of a Class B Conduit Investor to another Class B Investor Group that includes a Class B Conduit Investor may be made pursuant to this Section 9.3(b)(i); provided that, immediately prior to such assignment each Class B Conduit Investor that is part of the assigning Class B Investor Group shall be deemed to have assigned all of its rights and obligations in the Class B Notes (and its rights and obligations hereunder and under each other Series 2013-A Related Document) in respect of such assigned interest to its related Class B Committed Note Purchaser pursuant to Section 9.3(b)(vii). Notwithstanding anything to the contrary herein, any assignment by a Class B Committed Note Purchaser to a different Class B Investor Group that includes a Class B Conduit Investor shall be made pursuant to Section 9.3(b)(iii), and not this Section 9.3(b)(i).

Without limiting Section 9.3(b)(i), each Class B Conduit Investor may assign all or a portion of the Class B Conduit Investor Group Principal Amount with respect to such Class B Conduit Investor and its rights and obligations under this Series 2013-A Supplement and each other Series 2013-A Related Document to which it is a party (or otherwise to which it has rights) to a Class B Conduit Assignee with respect to such Class B Conduit Investor without the prior written consent of HVF II. Upon such assignment by a Class B Conduit Investor to a Class B Conduit Assignee:

A. such Class B Conduit Assignee shall be the owner of the Class B Investor Group Principal Amount or such portion thereof with respect to such Class B Conduit Investor,
B. the related administrative or managing agent for such Class B Conduit Assignee will act as the Class B Funding Agent for such Class B Conduit Assignee hereunder, with all corresponding rights and powers, express or implied, granted to the Class B Funding Agent hereunder or under each other Series 2013-A Related Document,

C. such Class B Conduit Assignee and its liquidity support provider(s) and credit support provider(s) and other related parties, in each case relating to the Class B Commercial Paper and/or the Class B Notes, shall have the benefit of all the rights and protections provided to such Class B Conduit Investor herein and in each other Series 2013-A Related Document (including any limitation on recourse against such Class B Conduit Assignee as provided in this paragraph),

D. such Class B Conduit Assignee shall assume all of such Class B Conduit Investor’s obligations, if any, hereunder and under each other Series 2013-A Related Document with respect to such portion of the Class B Investor Group Principal Amount and such Class B Conduit Investor shall be released from such obligations,

E. all distributions in respect of the Class B Investor Group Principal Amount or such portion thereof with respect to such Class B Conduit Investor shall be made to the applicable Class B Funding Agent on behalf of such Class B Conduit Assignee,

F. the definition of the term “Class B CP Rate” with respect to the portion of the Class B Investor Group Principal Amount with respect to such Class B Conduit Investor, as applicable funded with commercial paper issued by such Class B Conduit Assignee from time to time shall be determined in the manner set forth in the definition of “Class B CP Rate” applicable to such Class B Conduit Assignee on the basis of the interest rate or discount applicable to commercial paper issued by such Class B Conduit Assignee (rather than any other Class B Conduit Investor),

G. the defined terms and other terms and provisions of this Series 2013-A Supplement and each other Series 2013-A Related Documents shall be interpreted in accordance with the foregoing, and

H. if reasonably requested by the Class B Funding Agent with respect to such Class B Conduit Assignee, the parties will execute and deliver such further agreements and documents and take such other actions as the Class B Funding Agent may reasonably request to evidence and give effect to the foregoing.

No assignment by any Class B Conduit Investor to a Class B Conduit Assignee of all or any portion of the Class B Investor Group Principal Amount with respect to such Class B Conduit Investor shall in any way diminish the obligation of the
Class B Committed Note Purchasers in the same Class B Investor Group as such Class B Conduit Investor under Section 2.2 to fund any Class B Advance not funded by such Class B Conduit Investor or such Class B Conduit Assignee.

(iii) Any Class B Conduit Investor and the Class B Committed Note Purchaser with respect to such Class B Conduit Investor (or, with respect to any Class B Investor Group without a Class B Conduit Investor, the related Class B Committed Note Purchaser) at any time may sell all or any part of their respective (or, with respect to a Class B Investor Group without a Class B Conduit Investor, its) rights and obligations under this Series 2013-A Supplement and the Class B Notes, with the prior written consent of HVF II, which consent shall not be unreasonably withheld, to a Class B Investor Group with respect to which each acquiring Class B Conduit Investor is a multi-seller commercial paper conduit, whose commercial paper has ratings of at least “A-2” from S&P and “P2” from Moody’s and that includes one or more financial institutions providing support to such multi-seller commercial paper conduit (a “Class B Acquiring Investor Group”) pursuant to a transfer supplement, substantially in the form of Exhibit H-2 (the “Class B Investor Group Supplement”), executed by such Class B Acquiring Investor Group, the Class B Funding Agent with respect to such Class B Acquiring Investor Group (including each Class B Conduit Investor (if any) and the Class B Committed Note Purchasers with respect to such Class B Investor Group), such assigning Class B Conduit Investor and the Class B Committed Note Purchasers with respect to such Class B Conduit Investor, the Class B Funding Agent with respect to such assigning Class B Conduit Investor and Class B Committed Note Purchasers and HVF II and delivered to the Administrative Agent; provided that, the consent of HVF II to any such assignment shall not be required after the occurrence and during the continuance of an Amortization Event with respect to the Series 2013-A Notes; provided further that HVF II may withhold its consent in its sole and absolute discretion (and such withholding shall be deemed reasonable) to an assignment to a potential Class B Acquiring Investor Group that (a) has ratings of at least “A-2” from S&P and “P2” by Moody’s, but does not have ratings of at least “A-1” from S&P or “P1” by Moody’s if such assignment will result in a material increase in HVF II’s costs of financing with respect to the applicable Class B Notes or (b) is a Disqualified Party.

(iv) Any Class B Committed Note Purchaser may, in the ordinary course of its business and in accordance with applicable law, at any time sell to one or more financial institutions or other entities (“Class B Participants”) participations in its Class B Committed Note Purchaser Percentage of the Class B Maximum Investor Group Principal Amount with respect to it and the other Class B Committed Note Purchasers included in the related Class B Investor Group, its Class B Note and its rights hereunder (or, in each case, a portion thereof) pursuant to documentation in form and substance satisfactory to such Class B Committed Note Purchaser and the Class B Participant; provided, however, that (i) in the event of any such sale by a Class B Committed Note Purchaser to a Class B
Participant, (A) such Class B Committed Note Purchaser’s obligations under this Series 2013-A Supplement shall remain unchanged, (B) such Class B Committed Note Purchaser shall remain solely responsible for the performance thereof and (C) HVF II and the Administrative Agent shall continue to deal solely and directly with such Class B Committed Note Purchaser in connection with its rights and obligations under this Series 2013-A Supplement, (ii) no Class B Committed Note Purchaser shall sell any participating interest under which the Class B Participant shall have any right to approve, veto, consent, waive or otherwise influence any approval, consent or waiver of such Class B Committed Note Purchaser with respect to any amendment, consent or waiver with respect to this Series 2013-A Supplement or any other Series 2013-A Related Document, except to the extent that the approval of such amendment, consent or waiver otherwise would require the unanimous consent of all Class B Committed Note Purchasers hereunder, and (iii) no Class B Committed Note Purchaser shall sell any participating interest to any Disqualified Party. A Class B Participant shall have the right to receive reimbursement for amounts due pursuant to each Specified Cost Section but only to the extent that the related selling Class B Committed Note Purchaser would have had such right absent the sale of the related participation and, with respect to amounts due pursuant to Section 3.8, only to the extent such Class B Participant shall have complied with the provisions of Section 3.8 as if such Class B Participant were a Class B Committed Note Purchaser. Each such Class B Participant shall be deemed to have agreed to the provisions set forth in Section 3.10 as if such Class B Participant were a Class B Committed Note Purchaser.

(v) HVF II authorizes each Class B Committed Note Purchaser to disclose to any Class B Participant or Class B Acquiring Committed Note Purchaser (each, a “Class B Transferee”) and any prospective Class B Transferee any and all financial information in such Class B Committed Note Purchaser’s possession concerning HVF II, the Series 2013-A Collateral, the Group I Administrator and the Series 2013-A Related Documents that has been delivered to such Class B Committed Note Purchaser by HVF II in connection with such Class B Committed Note Purchaser’s credit evaluation of HVF II, the Series 2013-A Collateral and the Group I Administrator. For the avoidance of doubt, no Class B Committed Note Purchaser may disclose any of the foregoing information to any Class B Transferee who is a Disqualified Party without the prior written consent of an Authorized Officer of HVF II, which consent may be withheld for any reason in HVF II’s sole and absolute discretion.

(vi) Notwithstanding any other provision set forth in this Series 2013-A Supplement, each Class B Conduit Investor or, if there is no Class B Conduit Investor with respect to any Class B Investor Group, the Class B Committed Note Purchaser with respect to such Class B Investor Group may at any time grant to one or more Class B Program Support Providers (or, in the case of a Class B Conduit Investor, to its related Class B Committed Note Purchaser) a participating interest in or lien on, or otherwise transfer and assign to one or more Class B
Program Support Providers (or, in the case of a Class B Conduit Investor, to its related Class B Committed Note Purchaser), such Class B Conduit Investor’s or, if there is no Class B Conduit Investor with respect to any Class B Investor Group, the related Class B Committed Note Purchaser’s interests in the Class B Advances made hereunder and such Class B Program Support Provider (or such Class B Committed Note Purchaser, as the case may be), with respect to its participating or assigned interest, shall be entitled to the benefits granted to such Class B Conduit Investor or Class B Committed Note Purchaser, as applicable, under this Series 2013-A Supplement.

(vii) Notwithstanding any other provision set forth in this Series 2013-A Supplement, each Class B Conduit Investor may at any time, without the consent of HVF II, transfer and assign all or a portion of its rights in the Class B Notes (and its rights hereunder and under other Series 2013-A Related Documents) to its related Class B Committed Note Purchaser. Furthermore, each Class B Conduit Investor may at any time grant a security interest in and lien on, all or any portion of its interests under this Series 2013-A Supplement, its Class B Note and each other Series 2013-A Related Document to (i) its related Class B Committed Note Purchaser, (ii) its Class B Funding Agent, (iii) any Class B Program Support Provider who, at any time now or in the future, provides program liquidity or credit enhancement, including an insurance policy for such Class B Conduit Investor relating to the Class B Commercial Paper or the Class B Notes, (iv) any other Person who, at any time now or in the future, provides liquidity or credit enhancement for the Class B Conduit Investors, including an insurance policy relating to the Class B Commercial Paper or the Class B Notes or (v) any collateral trustee or collateral agent for any of the foregoing; provided, however, any such security interest or lien shall be released upon assignment of its Class B Note to its related Class B Committed Note Purchaser. Each Class B Committed Note Purchaser may assign its Class B Commitment, or all or any portion of its interest under its Class B Note, this Series 2013-A Supplement and each other Series 2013-A Related Document to any Person with the prior written consent of HVF II, such consent not to be unreasonably withheld; provided that, HVF II may withhold its consent in its sole and absolute discretion (and such withholding shall be deemed reasonable) to an assignment to any Person that is a Disqualified Party. Notwithstanding any other provisions set forth in this Series 2013-A Supplement, each Class B Committed Note Purchaser may at any time create a security interest in all or any portion of its rights under this Series 2013-A Supplement, its Class B Note and the Series 2013-A Related Document in favor of any Federal Reserve Bank in accordance with Regulation A of the Board of Governors of the Federal Reserve System or any similar foreign entity.

(c) **Class C Assignments.**

(i) Any Class C Committed Note Purchaser may at any time sell all or any part of its rights and obligations under this Series 2013-A Supplement and the
Class C Notes, with the prior written consent of HVF II, which consent shall not be unreasonably withheld, to one or more financial institutions (a “Class C Acquiring Committed Note Purchaser”) pursuant to an assignment and assumption agreement, substantially in the form of Exhibit G-3 (the “Class C Assignment and Assumption Agreement”), executed by such Class C Acquiring Committed Note Purchaser, such assigning Class C Committed Note Purchaser, the Class C Funding Agent with respect to such Class C Committed Note Purchaser and HVF II and delivered to the Administrative Agent; provided that, the consent of HVF II to any such assignment shall not be required (A) after the occurrence and during the continuance of an Amortization Event with respect to the Series 2013-A Notes or (B) if such Class C Acquiring Committed Note Purchaser is an Affiliate of such assigning Class C Committed Note Purchaser; provided further, that HVF II may withhold its consent in its sole and absolute discretion (and such withholding shall be deemed reasonable) to an assignment to a potential Class C Acquiring Committed Note Purchaser that is a Disqualified Party. An assignment by a Class C Committed Note Purchaser that is part of a Class C Investor Group that includes a Class C Conduit Investor to a Class C Investor Group that does not include a Class C Conduit Investor may be made pursuant to this Section 9.3(c)(i); provided that, immediately prior to such assignment each Class C Conduit Investor that is part of the assigning Class C Investor Group shall be deemed to have assigned all of its rights and obligations in the Class C Notes (and its rights and obligations hereunder and under each other Series 2013-A Related Document) in respect of such assigned interest to its related Class C Committed Note Purchaser pursuant to Section 9.3(c)(vii). Notwithstanding anything to the contrary herein, any assignment by a Class C Committed Note Purchaser to a different Class C Investor Group that includes a Class C Conduit Investor shall be made pursuant to Section 9.3(c)(iii), and not this Section 9.3(c)(i).

(ii) Without limiting Section 9.3(c)(i), each Class C Conduit Investor may assign all or a portion of the Class C Investor Group Principal Amount with respect to such Class C Conduit Investor and its rights and obligations under this Series 2013-A Supplement and each other Series 2013-A Related Document to which it is a party (or otherwise to which it has rights) to a Class C Conduit Assignee with respect to such Class C Conduit Investor without the prior written consent of HVF II. Upon such assignment by a Class C Conduit Investor to a Class C Conduit Assignee:

A. such Class C Conduit Assignee shall be the owner of the Class C Investor Group Principal Amount or such portion thereof with respect to such Class C Conduit Investor,

B. the related administrative or managing agent for such Class C Conduit Assignee will act as the Class C Funding Agent for such Class C Conduit Assignee hereunder, with all corresponding rights and powers, express or implied,
C. such Class C Conduit Assignee and its liquidity support provider(s) and credit support provider(s) and other related parties, in each case relating to the Class C Commercial Paper and/or the Class C Notes, shall have the benefit of all the rights and protections provided to such Class C Conduit Investor herein and in each other Series 2013-A Related Document (including any limitation on recourse against such Class C Conduit Assignee as provided in this paragraph),

D. such Class C Conduit Assignee shall assume all of such Class C Conduit Investor’s obligations, if any, hereunder and under each other Series 2013-A Related Document with respect to such portion of the Class C Investor Group Principal Amount and such Class C Conduit Investor shall be released from such obligations,

E. all distributions in respect of the Class C Investor Group Principal Amount or such portion thereof with respect to such Class C Conduit Investor shall be made to the applicable Class C Funding Agent on behalf of such Class C Conduit Assignee,

F. the definition of the term “Class C CP Rate” with respect to the portion of the Class C Investor Group Principal Amount with respect to such Class C Conduit Investor, as applicable funded with commercial paper issued by such Class C Conduit Assignee from time to time shall be determined in the manner set forth in the definition of “Class C CP Rate” applicable to such Class C Conduit Assignee on the basis of the interest rate or discount applicable to commercial paper issued by such Class C Conduit Assignee (rather than any other Class C Conduit Investor),

G. the defined terms and other terms and provisions of this Series 2013-A Supplement and each other Series 2013-A Related Documents shall be interpreted in accordance with the foregoing, and

H. if reasonably requested by the Class C Funding Agent with respect to such Class C Conduit Assignee, the parties will execute and deliver such further agreements and documents and take such other actions as the Class C Funding Agent may reasonably request to evidence and give effect to the foregoing.

No assignment by any Class C Conduit Investor to a Class C Conduit Assignee of all or any portion of the Class C Investor Group Principal Amount with respect to such Class C Conduit Investor shall in any way diminish the obligation of the Class C Committed Note Purchasers in the same Class C Investor Group as such Class C Conduit Investor under Section 2.2 to fund any Class C Advance not funded by such Class C Conduit Investor or such Class C Conduit Assignee.
Any Class C Conduit Investor and the Class C Committed Note Purchaser with respect to such Class C Conduit Investor (or, with respect to any Class C Investor Group without a Class C Conduit Investor, the related Class C Committed Note Purchaser) at any time may sell all or any part of their respective (or, with respect to a Class C Investor Group without a Class C Conduit Investor, its) rights and obligations under this Series 2013-A Supplement and the Class C Notes, with the prior written consent of HVF II, which consent shall not be unreasonably withheld, to a Class C Investor Group with respect to which each acquiring Class C Conduit Investor is a multi-seller commercial paper conduit, whose commercial paper has ratings of at least “A-2” from S&P and “P2” from Moody’s and that includes one or more financial institutions providing support to such multi-seller commercial paper conduit (a “Class C Acquiring Investor Group”) pursuant to a transfer supplement, substantially in the form of Exhibit H-3 (the “Class C Investor Group Supplement”), executed by such Class C Acquiring Investor Group, the Class C Funding Agent with respect to such Class C Acquiring Investor Group (including each Class C Conduit Investor (if any) and the Class C Committed Note Purchasers with respect to such Class C Investor Group), such assigning Class C Conduit Investor and the Class C Committed Note Purchasers with respect to such Class C Conduit Investor, the Class C Funding Agent with respect to such assigning Class C Conduit Investor and Class C Committed Note Purchasers and HVF II and delivered to the Administrative Agent; provided, however, that the consent of HVF II to any such assignment shall not be required after the occurrence and during the continuance of an Amortization Event with respect to the Series 2013-A Notes; provided further that HVF II may withhold its consent in its sole and absolute discretion (and such withholding shall be deemed reasonable) to an assignment to a potential Class C Acquiring Investor Group that (a) has ratings of at least “A-2” from S&P and “P2” by Moody’s, but does not have ratings of at least “A-1” from S&P or “P1” by Moody’s if such assignment will result in a material increase in HVF II’s costs of financing with respect to the applicable Class C Notes or (b) is a Disqualified Party.

Any Class C Committed Note Purchaser may, in the ordinary course of its business and in accordance with applicable law, at any time sell to one or more financial institutions or other entities (“Class C Participants”) participations in its Class C Committed Note Purchaser Percentage of the Class C Maximum Investor Group Principal Amount with respect to it and the other Class C Committed Note Purchasers included in the related Class C Investor Group, its Class C Note and its rights hereunder (or, in each case, a portion thereof) pursuant to documentation in form and substance satisfactory to such Class C Committed Note Purchaser and the Class C Participant; provided, however, that (i) in the event of any such sale by a Class C Committed Note Purchaser to a Class C Participant, (A) such Class C Committed Note Purchaser’s obligations under this Series 2013-A Supplement shall remain unchanged, (B) such Class C Committed Note Purchaser shall remain solely responsible for the performance thereof and (C) HVF II and the Administrative Agent shall continue to deal solely and directly
with such Class C Committed Note Purchaser in connection with its rights and obligations under this Series 2013-A Supplement, (ii) no Class C Committed Note Purchaser shall sell any participating interest under which the Class C Participant shall have any right to approve, veto, consent, waive or otherwise influence any approval, consent or waiver of such Class C Committed Note Purchaser with respect to any amendment, consent or waiver with respect to this Series 2013-A Supplement or any other Series 2013-A Related Document, except to the extent that the approval of such amendment, consent or waiver otherwise would require the unanimous consent of all Class C Committed Note Purchasers hereunder, and (iii) no Class C Committed Note Purchaser shall sell any participating interest to any Disqualified Party. A Class C Participant shall have the right to receive reimbursement for amounts due pursuant to each Specified Cost Section but only to the extent that the related selling Class C Committed Note Purchaser would have had such right absent the sale of the related participation and, with respect to amounts due pursuant to Section 3.8, only to the extent such Class C Participant shall have complied with the provisions of Section 3.8 as if such Class C Participant were a Class C Committed Note Purchaser. Each such Class C Participant shall be deemed to have agreed to the provisions set forth in Section 3.10 as if such Class C Participant were a Class C Committed Note Purchaser.

(v) HVF II authorizes each Class C Committed Note Purchaser to disclose to any Class C Participant or Class C Acquiring Committed Note Purchaser (each, a “Class C Transferee”) and any prospective Class C Transferee any and all financial information in such Class C Committed Note Purchaser’s possession concerning HVF II, the Series 2013-A Collateral, the Group I Administrator and the Series 2013-A Related Documents that has been delivered to such Class C Committed Note Purchaser by HVF II in connection with such Class C Committed Note Purchaser’s credit evaluation of HVF II, the Series 2013-A Collateral and the Group I Administrator. For the avoidance of doubt, no Class C Committed Note Purchaser may disclose any of the foregoing information to any Class C Transferee who is a Disqualified Party without the prior written consent of an Authorized Officer of HVF II, which consent may be withheld for any reason in HVF II’s sole and absolute discretion.

(vi) Notwithstanding any other provision set forth in this Series 2013-A Supplement, each Class C Conduit Investor or, if there is no Class C Conduit Investor with respect to any Class C Investor Group, the Class C Committed Note Purchaser with respect to such Class C Investor Group may at any time grant to one or more Class C Program Support Providers (or, in the case of a Class C Conduit Investor, to its related Class C Committed Note Purchaser) a participating interest in or lien on, or otherwise transfer and assign to one or more Class C Program Support Providers (or, in the case of a Class C Conduit Investor, to its related Class C Committed Note Purchaser), such Class C Conduit Investor’s or, if there is no Class C Conduit Investor with respect to any Class C Investor Group, the related Class C Committed Note Purchaser’s interests in the Class C 141

Notwithstanding anything to the contrary herein, any assignment by a Class D Committed Note Purchaser to a different Class D Investor Group that includes a Class D Conduit Investor shall be made pursuant to Section 9.3(d)(iii), and not this Section 9.3(d)(i).

(ii) Without limiting Section 9.3(d)(i), each Class D Conduit Investor may assign all or a portion of the Class D Investor Group Principal Amount with respect to such Class D Conduit Investor and its rights and obligations under this Series 2013-A Supplement and each other Series 2013-A Related Document to which it is a party (or otherwise to which it has rights) to a Class D Conduit Assignee with respect to such Class D Conduit Investor without the prior written consent of HVF II. Upon such assignment by a Class D Conduit Investor to a Class D Conduit Assignee:

A. such Class D Conduit Assignee shall be the owner of the Class D Investor Group Principal Amount or such portion thereof with respect to such Class D Conduit Investor,

B. the related administrative or managing agent for such Class D Conduit Assignee will act as the Class D Funding Agent for such Class D Conduit Assignee hereunder, with all corresponding rights and powers, express or implied, granted to the Class D Funding Agent hereunder or under each other Series 2013-A Related Document,

D. such Class D Conduit Assignee shall assume all of such Class D Conduit Investor’s obligations, if any, hereunder and under each other Series 2013-A Related Document with respect to such portion of the Class D Investor Group Principal Amount and such Class D Conduit Investor shall be released from such obligations,

H. if reasonably requested by the Class D Funding Agent with respect to such Class D Conduit Assignee, the parties will execute and deliver such further agreements and documents and take such other actions as the Class D Funding Agent may reasonably request to evidence and give effect to the foregoing.

No assignment by any Class D Conduit Investor to a Class D Conduit Assignee of all or any portion of the Class D Investor Group Principal Amount with respect to such Class D Conduit Investor shall in any way diminish the obligation of the Class D Committed Note Purchasers in the same Class D Investor Group as such Class D Conduit Investor under Section 2.2 to fund any Class D Advance not funded by such Class D Conduit Investor or such Class D Conduit Assignee.

144
Any Class D Conduit Investor and the Class D Committed Note Purchaser with respect to such Class D Conduit Investor (or, with respect to any Class D Investor Group without a Class D Conduit Investor, the related Class D Committed Note Purchaser) at any time may sell all or any part of their respective (or, with respect to a Class D Investor Group without a Class D Conduit Investor, its) rights and obligations under this Series 2013-A Supplement and the Class D Notes, with the prior written consent of HVF II, which consent shall not be unreasonably withheld, to a Class D Investor Group with respect to which each acquiring Class D Conduit Investor is a multi-seller commercial paper conduit, whose commercial paper has ratings of at least “A-2” from S&P and “P2” from Moody’s and that includes one or more financial institutions providing support to such multi-seller commercial paper conduit (a “Class D Acquiring Investor Group”) pursuant to a transfer supplement, substantially in the form of Exhibit H-4 (the “Class D Investor Group Supplement”), executed by such Class D Acquiring Investor Group, the Class D Funding Agent with respect to such Class D Acquiring Investor Group (including each Class D Conduit Investor (if any) and the Class D Committed Note Purchasers with respect to such Class D Investor Group), such assigning Class D Conduit Investor and the Class D Committed Note Purchasers with respect to such Class D Conduit Investor, the Class D Funding Agent with respect to such assigning Class D Conduit Investor and Class D Committed Note Purchasers and HVF II and delivered to the Administrative Agent; provided that, the consent of HVF II to any such assignment shall not be required after the occurrence and during the continuance of an Amortization Event with respect to the Series 2013-A Notes; provided further that HVF II may withhold its consent in its sole and absolute discretion (and such withholding shall be deemed reasonable) to an assignment to a potential Class D Acquiring Investor Group that (a) has ratings of at least “A-2” from S&P and “P2” by Moody’s, but does not have ratings of at least “A-1” from S&P or “P1” by Moody’s if such assignment will result in a material increase in HVF II’s costs of financing with respect to the applicable Class D Notes or (b) is a Disqualified Party.

A Class D Participant shall have the right to receive reimbursement for amounts due pursuant to each Specified Cost Section but only to the extent that the related selling Class D Committed Note Purchaser would have had such right absent the sale of the related participation and, with respect to amounts due pursuant to Section 3.8, only to the extent such Class D Participant shall have complied with the provisions of Section 3.8 as if such Class D Participant were a Class D Committed Note Purchaser. Each such Class D Participant shall be deemed to have agreed to the provisions set forth in Section 3.10 as if such Class D Participant were a Class D Committed Note Purchaser.

(v) HVF II authorizes each Class D Committed Note Purchaser to disclose to any Class D Participant or Class D Acquiring Committed Note Purchaser (each, a “Class D Transferee”) and any prospective Class D Transferee any and all financial information in such Class D Committed Note Purchaser’s possession concerning HVF II, the Series 2013-A Collateral, the Group I Administrator and the Series 2013-A Related Documents that has been delivered to such Class D Committed Note Purchaser by HVF II in connection with such Class D Committed Note Purchaser’s credit evaluation of HVF II, the Series 2013-A Collateral and the Group I Administrator. The Trustee shall sign any Series 2013-A Supplemental Indenture authorized or permitted pursuant to this Section 11.10 if the Series 2013-A Supplemental Indenture does not adversely affect the rights, duties, liabilities or immunities of the Trustee. If it does, the Trustee may, but need not, sign it. In signing such Series 2013-A Supplemental Indenture, the Trustee shall be entitled to receive, if requested, and, subject to Section 7.2 of the Base Indenture, shall be fully protected in relying upon, an Officer’s Certificate of HVF II and an Opinion of Counsel (which may be based on an Officer’s Certificate) as conclusive evidence that such Series 2013-A Supplemental Indenture is authorized or permitted by this Series 2013-A Supplement and that all conditions precedent have been satisfied, and that it will be valid and binding upon HVF II in accordance with its terms.

Group I Administrator to Act on Behalf of HVF II. Pursuant to the Group I Administration Agreement, the Group I Administrator has agreed to provide certain services to HVF II and to take certain actions on behalf of HVF II, including performing or otherwise satisfying any action, determination, calculation, direction, instruction, notice, delivery or other performance obligation, in each case, permitted or required by HVF II pursuant to this Series 2013-A Supplement. Each Group I Noteholder by its acceptance of a Group I Note and each of the parties hereto, hereby consents to the provision of such services and the taking of such action by the Group I Administrator in lieu of HVF II and hereby agrees that HVF II’s obligations hereunder with respect to any such services performed or action taken shall be deemed satisfied to the extent performed or taken by the Group I Administrator and to the extent so performed or taken by the Group I Administrator shall be deemed for all purposes hereunder to have been so performed or taken by HVF II; provided that, for the avoidance of doubt, none of the foregoing shall create any payment obligation of the Group I Administrator or relieve HVF II of any payment obligation hereunder.

Successors. All agreements of HVF II in this Series 2013-A Supplement and the Series 2013-A Notes shall bind its successor; provided, however, except as provided in Section 11.10, HVF II may not assign its obligations or rights under this Series 2013-A Supplement or any Series 2013-A Note. All agreements of the Trustee in this Series 2013-A Supplement shall bind its successor.

Termination of Series Supplement.

This Series 2013-A Supplement shall cease to be of further effect when (i) all Outstanding Series 2013-A Notes theretofore authenticated and issued have been delivered (other than destroyed, lost, or stolen Series 2013-A Notes that have been replaced or paid) to the Trustee for cancellation, (ii) HVF II has paid all sums payable hereunder and (iii) the Series

Section 11.15. **Electronic Execution.** This Series 2013-A Supplement may be transmitted and/or signed by facsimile or other electronic means (i.e., a “pdf” or “tiff”). The effectiveness of any such documents and signatures shall, subject to applicable law, have the same force and effect as manually signed originals and shall be binding on each party hereto. The words “execution,” “signed,” “signature,” and words of like import in this Series 2013-A Supplement or in any amendment or other modification hereof (including, without limitation, waivers and consents) shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be.

Section 11.16. **Additional UCC Representations.** Without limiting any other representation or warranty given by HVF II in the Group I Indenture, HVF II hereby makes the representations and warranties set forth in Exhibit L hereto for the benefit of the Trustee and the Series 2013-A Noteholders, in each case, as of the date hereof.

Section 11.17. **Notices.** Unless otherwise specified herein, all notices, requests, instructions and demands to or upon any party hereto to be effective shall be given (i) in the case of HVF II and the Trustee, in the manner set forth in Section 10.1 of the Base Indenture, (ii) in the case of the Administrative Agent, the Committed Note Purchasers, the Conduit Investors, and the Funding Agents, in writing, and, unless otherwise expressly provided herein, delivered by hand, mail (postage prepaid), facsimile notice or overnight air courier, in each case to or at the address set forth for such Person on Exhibit O hereto or in the Class A Assignment and Assumption Agreement, Class A Addendum, Class A Investor Group Supplement, Class B Assignment and Assumption Agreement, Class B Addendum, Class B Investor Group Supplement, Class C Assignment and Assumption Agreement, Class C Addendum, Class C Investor Group Supplement, Class D Assignment and Assumption Agreement, Class D Addendum, Class D Investor Group Supplement or Class RR Assignment and Assumption Agreement, as the case may be, pursuant to which such Person became a party to this Series 2013-A Supplement, or to such other address as may be hereafter notified by the respective parties hereto, and (iii) in the case of the Group I Administrator, unless otherwise specified by the Group I Administrator by notice to the respective parties hereto, to:

Each of the parties hereto hereby irrevocably and unconditionally (i) submits, for itself and its property, to the nonexclusive jurisdiction of any New York State court in New York County or federal court of the United States of America for the Southern District of New York, and any appellate court from any thereof, in any action or proceeding arising out of or relating to the Base Indenture, the Group I Supplement, this Series 2013-A Supplement, the Series 2013-A Notes or the transactions contemplated hereby, or for recognition or enforcement of any judgment arising out of or relating to the Base Indenture, the Group I Supplement, this Series 2013-A Supplement, the Series 2013-A Notes or the transactions contemplated hereby; (ii) agrees that all claims in respect of any such action or proceeding may be heard and determined in such New York State court or, to the extent permitted by law, federal court; (iii) agrees that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law; (iv) consents that any such action or proceeding may be brought in such courts and waives any objection it may now or hereafter have to the laying of venue of any such action or proceeding in any such court and any objection it may now or hereafter have that such action or proceeding was brought in an inconvenient court, and agrees not to plead or claim the same; and (v) consents to service of process in the manner provided for notices in Section 11.17 (provided that, nothing in this Series 2013-A Supplement shall affect the right of any such party to serve process in any other manner permitted by law).

Section 11.22. Alternate Rate of Interest. Notwithstanding any provision to the contrary set forth in this Agreement, in the event the Administrative Agent determines that reasonable means do not exist for ascertaining the applicable Eurodollar Rate, including without limitation due to the occurrence of a Benchmark Transition Event, and the Administrative Agent and the Issuer mutually determine that the syndicated loan market has broadly accepted a replacement standard for the Eurodollar Rate, then the Administrative Agent and Issuer may, without the consent of any Committed Note Purchaser, any Conduit Investor, or any Funding Agent, amend this Agreement to adopt such new broadly accepted market standard and to make such other changes as shall be necessary or appropriate in the good faith determination of the Administrative Agent and the Issuer in order to implement such new market standard herein and in the other Transaction Documents, provided that any such new market standard shall be administratively feasible, as determined by the Administrative Agent in its sole discretion; provided, further, that no such amendment shall be so effected unless (a) at least five (5) Business Days prior to the date of such amendment, the Administrative Agent or the Issuer shall have notified each Committed Note Purchaser, each Conduit Investor and each Funding Agent of the new market standard for the Eurodollar Rate proposed to be adopted by the Administrative Agent and the Issuer, and (b) the Series 2013-A Required Noteholders shall not have objected in writing to the new market standard for the Eurodollar Rate proposed to be adopted by the second (2nd) Business Day preceding the date of such proposed amendment.

Each Class A Noteholder, by acceptance of a Class A Note, covenants and agrees that by accepting the benefits of the Indenture that such Class A Noteholder will not, for a period of one year and one day following payment in full of the Class A Notes and each other Series of Notes issued under the Base Indenture, institute against the Company, or join with any other Person in instituting against the Company, any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings, or other proceedings, under any United States Federal or state bankruptcy or similar law in connection with any obligations relating to the Notes, the Indenture or the Master Related Documents.

Prior to the due presentment for registration of transfer of this Class A Note, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Class A Note (as of the day of determination or as of such other date as may be
specified in the Indenture) is registered as the owner hereof for all purposes, whether or not this Class A Note shall be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

It is the intent of the Company and each Class A Noteholder that, for Federal, state and local income and franchise tax purposes and any other tax imposed on or measured by income, the Class A Note will evidence indebtedness secured by the Series 2013-A Collateral. Each Class A Noteholder, by the acceptance of this Class A Note, agrees to treat this Class A Note for purposes of Federal, state and local income or franchise taxes and any other tax imposed on or measured by income, as indebtedness.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holder of the Class A Notes under the Indenture at any time by the Company with the consent of the applicable Person(s) specified therein. The Indenture also contains provisions permitting the applicable Person(s) specified therein to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences with respect to the Class A Notes. Any such consent or waiver by such Person(s) shall be conclusive and binding upon the Class A Noteholders and upon all future Holders of this Class A Note and of any Class A Note issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof whether or not notation of such consent or waiver is made upon this Class A Note. The Indenture also permits the Company and the Trustee to amend or waive certain terms and conditions set forth in the Indenture without the consent of any other Person.

The term “Company” as used in this Class A Note includes any successor to the Company under the Indenture.

The Class A Note is issuable only in registered form in denominations as provided in the Indenture, subject to certain limitations set forth therein.

This Class A Note and the Indenture, and all matters arising out of or relating to this Class A Note or Indenture, shall be governed by, and construed and interpreted in accordance with, the internal law of the State of New York, and the obligations, rights and remedies of the parties hereto shall be determined in accordance with such law.

No reference herein to the Indenture and no provision of this Class A Note or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and interest on this Class A Note at the times, place and rate, and in the coin or currency herein prescribed, subject to any duty of the Company to deduct or withhold any amounts as required by law, including any applicable U.S. withholding taxes; provided that, notwithstanding anything to the contrary herein or in the Indenture, the Class A Noteholders shall only have recourse to the Series 2013-A Collateral.

Except as set forth in the Series 2013-A Supplement and the Group I Supplement, the Class B Note is subject to all of the terms of the Base Indenture. All terms used in this Class B Note that are defined in the Series 2013-A Supplement shall have the meanings assigned to them in or pursuant to the Series 2013-A Supplement.

Upon the issuance of transferred Class B Notes, the Trustee shall recognize the Holders of such Class B Notes as Class B Noteholders.

Each Class B Noteholder, by acceptance of a Class B Note, covenants and agrees that no recourse may be taken, directly or indirectly, with respect to the obligations of the Trustee or the Company on the Class B Note or under the Indenture or any certificate or other writing delivered in connection therewith, against the Trustee in its individual capacity, or against any stockholder, member, employee, officer, director or incorporator of the Company; provided, however, that nothing contained herein shall be taken to prevent recourse to, and enforcement against, the assets of the Company constituting Series 2013-A Collateral for any and all liabilities, obligations and undertakings contained in the Indenture or in this Class B Note, to the extent provided for in the Indenture.

Each Class B Noteholder, by acceptance of a Class B Note, covenants and agrees that by accepting the benefits of the Indenture that such Class B Noteholder will not, for a period of one year and one day following payment in full of the Class B Notes and each other Series of Notes issued under the Base Indenture, institute against the Company, or join with any other Person in instituting against the Company, any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings, or other proceedings, under any United States Federal or state bankruptcy or similar law in connection with any obligations relating to the Notes, the Indenture or the Master Related Documents.

Prior to the due presentment for registration of transfer of this Class B Note, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Class B Note (as of the day of determination or as of such other date as may be A-2-7

The Indenture also contains provisions permitting the applicable Person(s) specified therein to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences with respect to the Class B Notes. Any such consent or waiver by such Person(s) shall be conclusive and binding upon the Class B Noteholders and upon all future Holders of this Class B Note and of any Class B Note issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof whether or not notation of such consent or waiver is made upon this Class B Note. The Indenture also permits the Company and the Trustee to amend or waive certain terms and conditions set forth in the Indenture without the consent of any other Person.

The term “Company” as used in this Class B Note includes any successor to the Company under the Indenture.

The Class B Note is issuable only in registered form in denominations as provided in the Indenture, subject to certain limitations set forth therein.

Except as set forth in the Series 2013-A Supplement, the Class C Note is subject to all terms of the Base Indenture and Group I Supplement. Except as set forth in the Series 2013-A Supplement and the Group I Supplement, the Class C Note is subject to all of the terms of the Base Indenture. All terms used in this Class C Note that are defined in the Series 2013-A Supplement shall have the meanings assigned to them in or pursuant to the Series 2013-A Supplement.

The Class C Note is and will be secured as provided in the Indenture.

“Payment Date” means the 25th day of each calendar month, or, if any such date is not a Business Day, the next succeeding Business Day, commencing February 25, 2020.

As described above, the entire unpaid principal amount of this Class C Note shall be due and payable on the Legal Final Payment Date, in accordance with Section 2.8 of the Series 2013-A Supplement. Notwithstanding the foregoing, if an Amortization Event with respect to the Class C Notes shall have occurred and be continuing then, in certain circumstances, principal of the Class C Note may be paid earlier, as described in the Indenture. All principal payments of the Class C Note shall be made to the Class C Noteholders.

Payments of interest on this Class C Note are due and payable on each Payment Date or such other date as may be specified in the Series 2013-A Supplement, together with the installment of principal then due, if any, and any payments of principal made on any Business Day in respect of any Decreases, to the extent not in full payment of this Class C Note, shall be made by wire transfer to the Holder of record of this Class C Note (or one or more predecessor Class C Notes) on the Note Register as of the close of business on each Record Date. Any reduction in the principal amount of this Class C Note (or one or more predecessor Class C Notes) effected by any payments made on any Payment Date shall be binding upon all future Holders of this Class C Note and of any Class C Note issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof, whether or not noted thereon.

A-3-6
The Company shall pay interest on overdue installments of interest at the Class C Note Rate to the extent lawful.

Subject to the terms of the Indenture, the holder of any Class C Note may transfer the same in whole or in part, in an amount equivalent to an authorized denomination, by surrendering such Class C Note at the office maintained by the Registrar for such purpose pursuant to Section 2.5 of the Base Indenture, with the form of transfer endorsed on it duly completed and executed by, or accompanied by a written instrument of transfer in form satisfactory to the Company and the Registrar by, the holder thereof and accompanied by a certificate substantially in the form of Exhibit E-3 to the Series 2013-A Supplement. In exchange for any Class C Note properly presented for transfer, the Company shall execute and the Trustee shall promptly authenticate and deliver or cause to be authenticated and delivered in compliance with applicable law, to the transferee at such office, or send by mail (at the risk of the transferee) to such address as the transferee may request, Class C Notes for the same aggregate principal amount as was transferred. In the case of the transfer of any Class C Note in part, the Company shall execute and the Trustee shall promptly authenticate and deliver or cause to be authenticated and delivered to the transferor at such office, or send by mail (at the risk of the transferor) to such address as the transferor may request, Class C Notes for the aggregate principal amount that was not transferred. No transfer of any Class C Note shall be made unless the request for such transfer is made by each Class C Noteholder at such office. Upon the issuance of transferred Class C Notes, the Trustee shall recognize the Holders of such Class C Notes as Class C Noteholders.

Each Class C Noteholder, by acceptance of a Class C Note, covenants and agrees that no recourse may be taken, directly or indirectly, with respect to the obligations of the Trustee or the Company on the Class C Note or under the Indenture or any certificate or other writing delivered in connection therewith, against the Trustee in its individual capacity, or against any stockholder, member, employee, officer, director or incorporator of the Company; provided, however, that nothing contained herein shall be taken to prevent recourse to, and enforcement against, the assets of the Company constituting Series 2013-A Collateral for any and all liabilities, obligations and undertakings contained in the Indenture or in this Class C Note, to the extent provided for in the Indenture.

Each Class C Noteholder, by acceptance of a Class C Note, covenants and agrees that by accepting the benefits of the Indenture that such Class C Noteholder will not, for a period of one year and one day following payment in full of the Class C Notes and each other Series of Notes issued under the Base Indenture, institute against the Company, or join with any other Person in instituting against the Company, any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings, or other proceedings, under any United States Federal or state bankruptcy or similar law in connection with any obligations relating to the Notes, the Indenture or the Master Related Documents.

Prior to the due presentment for registration of transfer of this Class C Note, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Class C Note (as of the day of determination or as of such other date as may be
specified in the Indenture) is registered as the owner hereof for all purposes, whether or not this Class C Note shall be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

It is the intent of the Company and each Class C Noteholder that, for Federal, state and local income and franchise tax purposes and any other tax imposed on or measured by income, the Class C Note will evidence indebtedness secured by the Series 2013-A Collateral. Each Class C Noteholder, by the acceptance of this Class C Note, agrees to treat this Class C Note for purposes of Federal, state and local income or franchise taxes and any other tax imposed on or measured by income, as indebtedness.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holder of the Class C Notes under the Indenture at any time by the Company with the consent of the applicable Person(s) specified therein. The Indenture also contains provisions permitting the applicable Person(s) specified therein to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences with respect to the Class C Notes. Any such consent or waiver by such Person(s) shall be conclusive and binding upon the Class C Noteholders and upon all future Holders of this Class C Note and of any Class C Note issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof whether or not notation of such consent or waiver is made upon this Class C Note. The Indenture also permits the Company and the Trustee to amend or waive certain terms and conditions set forth in the Indenture without the consent of any other Person.

The term “Company” as used in this Class C Note includes any successor to the Company under the Indenture.

The Class C Note is issuable only in registered form in denominations as provided in the Indenture, subject to certain limitations set forth therein.

This Class C Note and the Indenture, and all matters arising out of or relating to this Class C Note or Indenture, shall be governed by, and construed and interpreted in accordance with, the internal law of the State of New York, and the obligations, rights and remedies of the parties hereto shall be determined in accordance with such law.

No reference herein to the Indenture and no provision of this Class C Note or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and interest on this Class C Note at the times, place and rate, and in the coin or currency herein prescribed, subject to any duty of the Company to deduct or withhold any amounts as required by law, including any applicable U.S. withholding taxes; provided that, notwithstanding anything to the contrary herein or in the Indenture, the Class C Noteholders shall only have recourse to the Series 2013-A Collateral.

Except as set forth in the Series 2013-A Supplement and the Group I Supplement, the Class D Note is subject to all of the terms of the Base Indenture. All terms used in this Class D Note that are defined in the Series 2013-A Supplement shall have the meanings assigned to them in or pursuant to the Series 2013-A Supplement.

The Class D Note is and will be secured as provided in the Indenture.

“Payment Date” means the 25th day of each calendar month, or, if any such date is not a Business Day, the next succeeding Business Day, commencing February 25, 2020.

As described above, the entire unpaid principal amount of this Class D Note shall be due and payable on the Legal Final Payment Date, in accordance with Section 2.8 of the Series 2013-A Supplement. All principal payments of the Class D Note shall be made to the Class D Noteholders.

Payments of interest on this Class D Note are due and payable on each Payment Date or such other date as may be specified in the Series 2013-A Supplement, together with the installment of principal then due, if any, and any payments of principal made on any Business Day in respect of any Decreases, to the extent not in full payment of this Class D Note, shall be made by wire transfer to the Holder of record of this Class D Note (or one or more predecessor Class D Notes) on the Note Register as of the close of business on each Record Date. Any reduction in the principal amount of this Class D
Note (or one or more predecessor Class D Notes) effected by any payments made on any Payment Date shall be binding upon all future Holders of this Class D Note and of any Class D Note issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof, whether or not noted thereon.

Upon the issuance of transferred Class D Notes, the Trustee shall recognize the Holders of such Class D Notes as Class D Noteholders.

Each Class D Noteholder, by acceptance of a Class D Note, covenants and agrees that no recourse may be taken, directly or indirectly, with respect to the obligations of the Trustee or the Company on the Class D Note or under the Indenture or any certificate or other writing delivered in connection therewith, against the Trustee in its individual capacity, or against any stockholder, member, employee, officer, director or incorporator of the Company; provided, however, that nothing contained herein shall be taken to prevent recourse to, and enforcement against, the assets of the Company constituting Series 2013-A Collateral for any and all liabilities, obligations and undertakings contained in the Indenture or in this Class D Note, to the extent provided for in the Indenture.

Prior to the due presentment for registration of transfer of this Class D Note, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Class D Note (as of the day of determination or as of such other date as may be specified in the Indenture) is registered as the owner hereof for all purposes, whether or not this Class D Note shall be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

Any such consent or waiver by such Person(s) shall be conclusive and binding upon the Class D Noteholders and upon all future Holders of this Class D Note and of any Class D Note issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof whether or not notation of such consent or waiver is made upon this Class D Note. The Indenture also permits the Company and the Trustee to amend or waive certain terms and conditions set forth in the Indenture without the consent of any other Person.

The term “Company” as used in this Class D Note includes any successor to the Company under the Indenture.

The Class D Note is issuable only in registered form in denominations as provided in the Indenture, subject to certain limitations set forth therein.
