PROXY STATEMENT ANNUAL GENERAL MEETING OF SHAREHOLDERS June 21, 2002

INTRODUCTION

This proxy statement is furnished in connection with the solicitation by the Board of Directors of Marvell Technology Group Ltd., a Bermuda corporation (“Marvell” or the “Company”), of proxies for use at the 2002 Annual General Meeting of Shareholders of the Company scheduled to be held at the offices of the Company’s subsidiary, Marvell Semiconductor, Inc., 700 First Avenue, Sunnyvale, California 94089, on Friday, June 21, 2002 at 2:00 p.m. local time, and at any and all postponements and adjournments thereof.

INFORMATION REGARDING VOTING AT THE ANNUAL GENERAL MEETING

General

At the Annual General Meeting, the shareholders of the Company are being asked to consider and to vote upon (1) the election of the three directors constituting Class 2 of the Board of Directors nominated by the Company’s Board of Directors to serve until the Annual General Meeting of Shareholders to be held in calendar year 2005 (see “Election of Directors” at page 4 of this proxy statement) and (2) the appointment of PricewaterhouseCoopers LLP as the Company’s independent accountants for its 2003 fiscal year and to authorize the Board of Directors to fix the accountant’s remuneration (see “Appointment of Independent Accountants” at page 7 of this proxy statement). Shares represented by properly executed proxies received by the Company will be voted at the Annual General Meeting in the manner specified therein or, if no instructions are marked on the proxy card, FOR each of the director nominees identified on such card and FOR the appointment of PricewaterhouseCoopers LLP as the Company’s independent accountants for the Company’s 2003 fiscal year and to authorize the Board of Directors to fix the accountant’s remuneration. Although management does not know of any other matter to be acted upon at the Annual General Meeting, unless contrary instructions are given, shares represented by valid proxies will be voted by the persons named on the accompanying proxy card in accordance with their respective best judgment with respect to any other matters that may properly come before the Annual General Meeting.

The approximate date on which this proxy statement and the enclosed proxy card are first being sent to shareholders is May 21, 2002.

Principal Executive Office

The mailing address of the principal executive offices of the Company is 4th Floor, Windsor Place, 22 Queen Street, P.O. Box HM 1179, Hamilton HM EX, Bermuda, and our telephone number there is (441) 296-6395.

Record Date and Voting

May 3, 2002 has been set as the record date for the Annual General Meeting. Only shareholders of record on Friday, May 3, 2002, will be entitled to notice of and to vote at the Annual General Meeting. On the record

[Table of Contents](#)

date, 119,377,196 shares of the Company's common stock, par value \$0.002 per share, were outstanding. Each share of outstanding common stock is entitled to one vote on each matter to be voted on at the Annual General Meeting.

The presence, in person or by proxy, of the holders of at least a majority of the voting power of the stock issued and outstanding and entitled to vote is necessary to constitute a quorum at the Annual General Meeting. In the event there are not sufficient votes for a quorum at the time of the Annual General Meeting, the Annual General Meeting may be adjourned in order to permit the further solicitation of proxies.

Abstentions and broker non-votes are counted for the purpose of determining the presence or absence of a quorum for the transaction of business. With regard to the election of directors, votes may be cast in favor or withheld. Directors are elected by plurality, and therefore votes that are withheld and broker non-votes will be excluded entirely from the vote and will have no effect. Abstentions are counted in tabulations of the votes cast on proposals presented to shareholders other than the election of directors, thus having the effect of a negative vote, whereas broker non-votes are not counted for purposes of determining whether a proposal has been approved and therefore will have no effect on the outcome of such matter, subject to limited exceptions. Any shareholder proposals that properly come before the Annual General Meeting require, in general, the affirmative vote of a majority of the voting power of the shares of common stock present, in person or represented by proxy, at the Annual General Meeting and entitled to vote on the subject matter.

Shareholders should complete and return the proxy card as soon as possible. To be valid, the proxy card must be completed in accordance with the instructions on it and received at the address set forth below by 1:00 p.m., local time, on June 21, 2002:

Marvell Technology Group Ltd.
c/o First Union National Bank
Attn: Proxy Tabulation NC-1153
P.O. Box 217950
Charlotte, NC 28254-3555
U.S.A.

No postage is required if the proxy is mailed in the enclosed envelope within the United States to the United States address set forth above.

Revocation of Proxies

Execution of a proxy will not in any way affect a shareholder's right to attend the Annual General Meeting and vote in person, and any person giving a proxy has the right to revoke it at any time before it is exercised. A proxy may be revoked by either:

- delivering to the Secretary of the Company, prior to the commencement of the Annual General Meeting, either a written notice of revocation or a duly executed proxy bearing a later date at the address set forth above; or
- voting in person at the Annual General Meeting.

Solicitation

The Company is making this solicitation, and the cost of preparing, assembling and mailing the Notice of Annual General Meeting of Shareholders, this Proxy Statement and the enclosed proxy card will be paid by the Company. Following the mailing of this proxy statement, directors, officers and other employees of the Company may solicit proxies by mail, telephone, e-mail or in person. Such persons will receive no additional compensation for such services. Brokerage houses and other nominees, fiduciaries and custodians nominally holding shares of common stock of record will be requested to forward proxy soliciting material to the beneficial owners of such shares, and will be reimbursed by the Company for their reasonable charges and expenses in connection therewith.

PRESENTATION OF FINANCIAL STATEMENTS

In accordance with Section 84 of the Companies Act 1981 of Bermuda and Bye-Law 73 of the Company, the Company's audited consolidated financial statements for the fiscal year ended February 2, 2002 will be presented at the Annual General Meeting. These statements have been approved by the Company's directors. There is no requirement under Bermuda law that such statements be approved by shareholders, and no such approval will be sought at the meeting.

PROPOSAL NO. 1**ELECTION OF DIRECTORS**

The Company's Amended and Restated Bye-Laws provide for two or more directors. As of May 3, 2002, the number of directors of the Company was changed from ten to nine, upon the Board's acceptance of Avigdor Willenz's retirement from its ranks. The Board of Directors remains divided into three classes with each class having three members. One class of the Board of Directors is elected each year. At the Annual General Meeting, shareholders of the Company will be asked to vote on the election of three directors as Class 2 directors. All directors elected at the Annual General Meeting will be elected to three-year terms and will serve until their successors have been duly elected and qualified.

REPORT OF THE COMPENSATION COMMITTEE

To: The Board of Directors:

As members of the Compensation Committee we are responsible for reviewing and recommending compensation levels of persons designated as executive officers by the Board of Directors and reviewing and recommending stock option grants and other related compensation matters pertaining to the executive officers.

Overall Executive Compensation Philosophy

It is the duty of the Compensation Committee to review and determine the salaries, stock option grants and bonuses of executive officers of the Company and to establish the general compensation policies for such individuals. The Compensation Committee believes that the compensation programs for executive officers should reflect the Company’s performance and the value created for our shareholders. In addition, the compensation programs should support the short-term and long-term strategic goals and values of the Company, should reward individual contributions to the Company’s success, and reflect comparable market salaries for similar officers within the Company’s industry.

The Compensation Committee’s policy is to provide these officers with compensation opportunities that are based upon their personal performance, the financial performance of the Company and their contribution to that performance, and that are competitive enough to attract and retain highly skilled individuals. With the exception of our three founders, Dr. Sehat Sutardja, Ms. Weili Dai and Dr. Pantas Sutardja, each officer’s compensation package is comprised of two elements: (i) a base salary and (ii) long-term incentives through the award of stock options under the Company’s stock option plans.

The compensation package of Dr. Sehat Sutardja, Ms. Dai and Dr. Pantas Sutardja is comprised solely of base salary. At present for these officers, no long-term, stock-based incentive awards have been made available to these three officers, as the Compensation Committee believes that their share holdings in the Company are sizable enough to ensure these officers’ financial interests are aligned with those of the other shareholders of the Company.

The Company and the Compensation Committee currently do not endorse employment contracts and, therefore, none of the current executive officers of the Company is a party to an employment contract.

Annual Salary and Incentive Compensation Program

The principal factors that we took into account in establishing the officers’ compensation packages for the 2001 fiscal year are described below. The Compensation Committee may, however, in its discretion apply entirely different factors, such as different measures of financial performance, or create different compensation elements, in future fiscal years.

Base Salaries The base salary for each executive officer was generally established on the basis of relative parity with other executive officers of the Company’s industry.

Stock Option Grants The Company does not offer a long-term cash incentive plan. To reward executives on a long-term basis, stock options have been granted to provide the equity link to shareholders. Stock options may be granted to executive officers and other employees under the Company’s Amended and Restated 1995 Stock Option Plan. Because of the direct relationship between the value of an option and the stock price, the Compensation Committee believes that options motivate those executive officers granted

options to manage the Company in a manner that is consistent with shareholder interests. Stock option grants are intended to focus the attention of the recipient on the Company's long-term performance, which the Company believes results in improved shareholder value, and to retain the services of the executive officers in a competitive job market by providing significant long-term earnings potential. To this end, stock options generally vest and become fully exercisable over a five-year period. Initial option grants typically vest as follows: 20% of the total shares underlying the option on the first anniversary of the vesting commencement date and 1/60 of the total shares on the monthly anniversary of the vesting commencement date thereafter. The principal factors considered in granting stock options to executive officers of the Company are the executive officer's equity interest in the Company, and the executive officer's prior performance, level of responsibility, other compensation and the executive officer's ability to influence the Company's long-term growth and profitability. The Stock Option Committee, [which reports to the Compensation Committee] determines the grants of stock options to executive officers.

Compensation of the President and CEO

The Compensation Committee has set the base salary of Dr. Sehat Sutardja at a level that it believes is substantially at the median of base salary level of chief executive officers of those companies with which the Company competes for executive talent. Because Dr. Sehat Sutardja holds a significant equity stake in the Company, the Compensation Committee believes that he has a significant incentive to continue contributing to the Company's financial success because he will benefit from any appreciation in the value of the Company's common stock.

It is the opinion of the Compensation Committee that its compensation policies and plans provide the necessary total remuneration program to properly align the interests of each of the foregoing executive officers and the interests of the Company's shareholders through the use of competitive and equitable executive compensation in a balanced and reasonable manner, for both the short and long-term.

To: The Board of Directors

As members of the Audit Committee for the 2002 fiscal year, we are responsible for representing the Board of Directors in discharging its responsibilities relating to the accounting, reporting, and financial practices of the Company and its subsidiaries, and have general responsibility for overseeing the system of internal controls and accounting and audit activities of the Company and its subsidiaries. The Board of Directors has determined that each member of the Audit Committee is an independent director as defined under the rules of National Association of Securities Dealers.

A copy of the amended Audit Committee Charter was attached as Appendix C to the Company's proxy statement filed in connection with the Company's 2001 Annual General Meeting of Shareholders.

The Audit Committee has reviewed and discussed with management and the independent accountants the audited financial statements of the Company. Management has the primary responsibility for the financial statements and the reporting process of the Company. PricewaterhouseCoopers LLP, the Company's

independent accountants, are responsible for expressing an opinion on the conformity of the Company's audited financial statements to generally accepted accounting principles.

The Audit Committee has discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statements on Auditing Standards No. 61 (Communication with Audit Committees). In addition, PricewaterhouseCoopers LLP has provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the committee discussed with PricewaterhouseCoopers LLP their independence from the Company and its management. The Audit Committee also considered PricewaterhouseCoopers LLP's provision of non-audit services to the Company and determined that such provision of such services was compatible with maintaining the independence of PricewaterhouseCoopers LLP.

Based on the review and discussions referred to above, the Audit Committee recommended, and the Board of Directors approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended February 2, 2002, for filing with the Securities and Exchange Commission and that PricewaterhouseCoopers LLP be appointed independent accountants for the Company for fiscal 2003.

Representatives of PricewaterhouseCoopers LLP will be present at the 2002 Annual General Meeting, and they will be given an opportunity to make a statement if they desire to do so and will be available to respond to any appropriate questions from shareholders.

In addition to retaining PricewaterhouseCoopers LLP to audit the consolidated financial statements for fiscal 2002, the Company and its subsidiaries retained PricewaterhouseCoopers LLP to provide various consulting services in fiscal 2002. The aggregate fees billed for professional services by PricewaterhouseCoopers LLP in fiscal 2002 for these various services were:

Audit Fees: Aggregate fees for the fiscal year ended February 2, 2002, for the audit of our annual financial statements and review of our quarterly financial statements included in our quarterly reports on Form 10-Q were approximately \$431,000 of which \$335,000 had been billed through February 2, 2002.

Financial Information Systems Design and Implementation Fees: No services were rendered by PricewaterhouseCoopers LLP in connection with financial information systems design and implementation, and as a result no fees were billed with respect to such matters.

All Other Fees: Fees of \$185,000 were billed for other services, including tax services and services related to mergers and acquisitions.

As noted in the report of the Audit Committee at page 18 of this proxy statement, the Audit Committee considered the provision by PricewaterhouseCoopers LLP of non-audit services to the Company and determined that the provision of such services was compatible with maintaining the independence of PricewaterhouseCoopers LLP.
